## ***Points of Self-Respect and Soul Study:***

### ***Respect:***

We, the loving and co-operative souls, are the most elevated servers respectful to all, who do service through our words, through our connections, through different facilities and instruments, and who donate every virtue and make others virtuous, and colour others with our company...

We finish the defects in others with the power of our own virtues, make the weak ones powerful, give respect to hopeless cases, and look at the young or the old, the maharathis or infantry, with respect...we are those who give regard and respect to all... we give respect to those who do not give us respect, we give destination to those who constantly reject others, and make those who defame others into ones who praise others...we are virtuous souls who garland those who defame us with garlands of virtues...

by attaining the high destination of a yogi life, we transform defamation into admiration, insult into praise, rejection into regard, humiliation into self-respect, harm into upliftment, and are constantly victorious like the father... we are one of the eight, most elevated special deities...

We have the switch of our awareness turned on...we are the constant embodiments of experience, remaining constantly in the sweetness of One, having all experiences through the One, and remaining lost in experience every second, thereby being last so fast, and fast so first... we are the instruments, the lamps of the world showing the path to many, who are constantly respected by the world, and who are constantly benevolent towards the world....

Our every thought is filled with service for world benefit, our every word is constructive, filled with humility and greatness. In our awareness, we have intoxication of being the unlimited masters of the world on one hand, and on the other hand we are world servers...on one hand we have intoxication of all rights, and on the other hand, we are respectful to all, and like the Father, bestowers and bestowers of blessings...

ॐ शान्ति दिव्य फरिश्ते !!!

In the daily murlis, Bapdada gives vardaana to the entire Brahmin family spread all over the world. Baba also remarked in the murli, dated 7-1-2012 that serviceable children will make cartoons after listening to the murli. Visualization makes remembrance of the blessing throughout the day easier and thus makes it more fruitful.

06-07-2013:

**Essence:** Sweet children, in order to claim your inheritance of liberation-in-life from the Father, become free from all the bondages of Maya. Only those who are liberated in life here can claim the status of liberation-in-life there.

**Question:** How is the seed of this knowledge imperishable?

**Answer:** The sun and moon dynasty kingdoms are established through this knowledge. The kingdom is very big. Even though souls who have taken knowledge might leave the path of knowledge in the middle, they still come back at the end because they too have to come into the kingdom. Those who have had even the slightest seed of knowledge sown in them will come; they cannot go anywhere else. This aspect proves knowledge to be imperishable.

**Song:** Bholenath se niralā koi aur nahi... भोलेनाथ से निराला...No one is unique like the Innocent Lord ...

**Essence for dharna:**

1. In order to become true heirs, you have to become sensible. Imbibe the study very well and become knowledge-full. Become praiseworthy like the Father.
2. In order to become the most elevated in the rosary of victory, continue to cut away the bondage of Maya. Become very, very brave and courageous and definitely become pure.

**Blessing:** May you be worthy to be worshipped by all by constantly staying in an elevated stage instead of asking for regard.

Some children think that they are moving forward and that others are not giving them the regard of moving forward. However, instead of asking for regard, have regard for your own self and others will automatically have regard. To have regard for your own self means to experience yourself being a constantly great and elevated soul. When an idol is in its position, it is worthy to be worshipped. Similarly, when you remain constantly stable in your elevated position, you will become worthy to be worshipped. Everyone will give regard to you by themselves.

**Slogan:** Only those who reject Maya are respected by all.
