

Today's Thoughts: December 24, 2020: Life will bring obstacles and difficulties

**Life will bring obstacles and difficulties**

They do not come to stop you. They come to strengthen you and help you progress with more experience.

Keep advancing.

One day is not the same as another.

Sometimes you do not have to find a solution, it is enough to keep moving forward, leaving the obstacle behind.

### **Wearing The Crown Of Servant Leadership Gracefully (Part 3)**

Very often in a group or team, while moving towards a common goal or objective or purpose, the leader of the group or gathering is required to give his opinion to make the objective of the team possible. **Servant leaders are extremely active, positive and authoritative in giving their ideas, when they are required to do so, but are able to keep a relationship of detachment with their ideas.** They maintain a right balance of **authority** (while giving the idea) and **humility** (while accepting the result of the idea, the result could be rejection or even acceptance of the idea). Also servant leaders are detached when accepting or receiving or listening to ideas from team members. The more the attachment to one's own ideas, the more will be the tendency to resist or reject the others' ideas, which they do not do.

**Also, when a leader starts misusing his leadership for his own good and greed, and becomes egoistic, his team members start staying away. Servant leaders, through their humility, become an inspiration for others.** Experiencing power and autonomy is healthy, but when a false sense of ownership sets up in leadership and the leader starts taking his role for granted, it is the time when a leader will experience great downfall in his role as a leader.

**Altogether, a good leader is one who uses his mind or law to handle himself and his heart or love to handle others which ultimately brings justice to his role.** Such a leader who maintains this balance of love and law wears the crown of servant leadership gracefully through various stages of life, enjoying the respect and earning the good wishes of all whom he comes into contact with.

## Become a Trustee

Everything comes to us in trust. This includes people, pets, time, mind, body, wealth, job, car, house, gadgets, as well as all the planet's resources.

When we become a guardian, a trustee and not an owner, then we worry less, stress less and fear less. It's a much more relaxing way of living and relating to everything that comes to us.

Honour, look after and use all the resources with a positive purpose.

## Message for the day

**To travel light is to enjoy the journey of life.**

**Thought to Ponder:** I can travel far in life when I am free from the baggage of the past. I also take only the essence from everything, packing up essence fully. So, I am light. I never stop because of anything. Instead, I learn from everything, pack up the essence and move forward.

**Point to Practice:** Today I will resolve one thing from my past that I have been carrying as a burden. I will try and understand what learning I can take from it. Once I take the learning, I don't have to relive those feelings that I had during the situation. If I can't resolve it today, I'll at least believe and have faith that it will happen tomorrow. This finishes the burden of the situation and brings lightness.
