

## Synopsis: Sakar Murli November 10, 2014

1. The Father is the **Almighty Authority**. He Himself comes only once and gives His introduction through the mouth of Brahma, who is the senior mother through whom Shiva Baba adopts all of you. People speak of a gaumukh (cow's mouth). You have to churn everything you hear here, just as cows eat grass and then chew the cud.
2. The Father says: I am the **Purifier**. O children, renounce your body and all bodily religions, remember Me and become pure and you will then once again reach your home, the land of liberation.
3. The Father, as the Teacher, teaches you how to teach. You definitely become teachers who teach others, but you cannot become anyone's guru; The Guru is only the one Satguru who teaches you. The Satguru of everyone is One.
4. The Father says: Manmanabhav! Through this you will become satopradhan. You have to burn all your sins away with the power of yoga. Continue to buzz knowledge, and souls will eventually wake up.
5. Just as you are souls, so too, He is the Supreme Soul. There is no difference between His image and yours. The features of all bodies are different, but all souls are alike. He is a point and we too are points.
6. You were worthy of worship deities and you then became worshippers. You were worthy of worship souls and then worshippers. The Father does not become a worshipper, but He does enter the world of worshippers. The Father is ever worthy of worship. He never becomes a worshipper.
7. Out of the many subjects you have in school, it is in English that you have to receive good marks, because English is the main language.

**Blessing: May you be a master bestower who becomes as merciful (rahamdil) as the Father, and who forgives everyone and gives them love.**

Just as the Father is said to be merciful similarly, you children are also master merciful. Only those who are merciful can benefit others and also forgive those who harm them. They are master oceans of love; apart from love, they have nothing else. At the present time, what is needed more than wealth is love and this is why you have to become master bestowers and give everyone love. No one should leave empty handed.

Points to churn from the blessing:

As our final thoughts lead us to our destination, we remain in the constant remembrance of Alpha and Beta, and practice the stage of being bodiless over a long period of time...by being merciful, loving and co-operative and having love only for the One Father, we become charitable souls from being sinful souls...we constantly have mercy, that is, good wishes and pure feelings for everyone, sacrifice our time our happiness and our desires for attainment of name fame or regard and follow the Father...

By co-operating with our virtues and powers, we, the souls, are merciful and generous hearted...by giving the imperishable treasures selflessly, we accumulate a thousand fold...we are master bestowers, who are constantly full and overflowing, full of the treasures of experience, love, compassion and co-operation...by being the children of the Bestower of Happiness, we become the master bestowers of happiness, making the beggars of happiness prosperous...by being the children of the limitless Ocean, we become master oceans...

We are goddesses incarnated in the living form... with the sanskars of mercy emerged within, we become Shaktis ... with the power of silence, we have light, might and divine insight... with lightness and with our timetable for the whole day to be like the Father's, we become Maharathis who experience the scenes at the end... by donating our yoga for service, we become Mahadani (great donors) and Mahagyani (greatly enlightened)...
