

Synopsis: Sakar Murli November 27, 2014

1. The Father says: I come into a foreign land and enter a foreign body. I enter the one who has taken the full 84 births at the end of his many births. He is now making effort to become pure once again.
2. Although He resides in the land of peace, Baba is called knowledgeable. The Father gives you the eye of knowledge. It is Brahmins who receive the discus of self-realization. There is no one who teaches the deities; they don't need any teachings. You, who are to become deities, have to study.
3. Your kingdom is eternal. It is just that its name changes because it became impure from pure. Instead of being called deities, you are called Hindus, but you still belong to the original eternal deity religion. When you become rajo, because of impurity, instead of being called deities, you are called Hindus but, in fact, the name "Hindu" belongs to the land of Hindustan. Ask them: When was the Hindu religion created and who created it? They will not be able to give you an answer.
4. Your battle with Maya begins when you belong to the Father. Maya also becomes powerful and fights the powerful ones. All have been sinners for birth after birth. If you speak about the sins of this birth, you become light. Some don't tell the truth, and so Maya punches them very hard. Your boxing match is very hard. You have to remain very cautious.
5. You belonged to Ravan and you then belonged to Rama. Then Ravan defeats the children of Rama (God) and pulls them to himself. Some of you become ill, and then, neither do you belong there nor do you remain here. Neither do you have enjoyment nor do you experience sorrow; you remain in between. They do not belong to the Father completely nor do they belong to Ravan completely.
6. The Father now says: Renounce all the religions of the body and consider yourself to be a soul. You are Raja Yogis. There is only this one study here and it is called the study to become a king of kings. This is Raja Yoga. You have yoga with the Father in order to claim the kingdom.
