

SYNOPSIS: JANUARY 04, 1979

“See your original form (nij swaroop) in the mirror of perfection (sampoorna ka aina).”

**Make yourself complete and become a sample.
Check and change.**

The special titles of you Brahmins, on the basis of your task, are: world benefactors, images of support for the world, images of upliftment for the world and world transformers. (vishv kalyaankaari, vishv ke aadhaarmoort, vishv ke udharmoort, visv ke parivartak).

Those who take the initiative will become Arjuna (jo ote so Arjun). Arjuna means number one.

Only when you bring about the practical form of destruction and establishment in yourself will the revelation of the task for the world happen. For this:

1. Destroy the past karmic accounts and old nature and sanskars.
2. Establish new nature and sanskars, that is, imbibe the nature and sanskars like those of the Father.
3. Do not look at the old nature and sanskars of the souls who come into connection with you and those who are in a relationship with you.
4. “Charity begins at home” No matter how tamoguni a soul may be, have benevolent feelings and mercy (raham) towards such souls (Kalyaan ki bhavna)

5. Have the responsibility for unlimited world service. Become a great donor and donate to the world through the mind the treasures of your powers, knowledge, and the treasures of your virtues.
6. Power of attitude is cleanliness, that it is, purity. The basis of purity is the attitude of the awareness of brotherhood. Serve souls of the world with your powerful thoughts and purify the atmosphere with the purity of your attitude (*vritti ki shuddhi*).
7. For world transformation or world benefit, show the benefit to the self as a sample. Brahmins are almighty authorities, master almighty authorities, conquerors of Maya, merciful and spiritual servers. Become the practical form of what you say. Become embodiments of those beliefs.
8. Look at your own form in the mirror of perfection. Make yourself complete and become a world benefactor. The method for easy success on the field of world benefit is the revelation of the Father through practical examples.
9. Invent ways of making the atmosphere so powerful that any obstacles are destroyed and souls of the world can be attracted by your spiritual atmosphere. Let the world be a lighthouse, through which all souls of the world receive the light of the introduction of the self and the Father. Begin to drop this **Godly bomb**. Release such a bomb that, from that one explosion, all souls will come running to this asylum.
