

Synopsis ! Happy Satguruvaar! Sakar Murli December 25, 2014

1. The Father gives directions about the subject of trance: Simply offer bhog and come back. Baba does not tell you to go to Paradise and dance etc. If you go anywhere else, it is understood that Maya has entered you.
2. Baba is your Teacher who gives this new knowledge. You now receive very sweet teachings. There is no love higher than this. Let only jewels emerge in your thoughts, words and deeds. To talk of dirty things is like throwing stones. You are now changing from stones and becoming divine, and so no stones should emerge from your lips. *Baba has to explain to you. The Father has the right to explain to you.* It is not that a brother will caution a brother. It is the Teacher's task to teach you. *He can say anything to you.* You students should not take the law into their own hands.
3. The Father says: remember your aim and the Father, the One who gives you your aim (**Lakshya Data**). Keep a picture of Laxmi and Narayan in your pocket. Become madhyajibhav; look at them and have remembrance.
4. Remove all the confusion from within you; that is also called body consciousness. You should remove all the rubbish from within you. To whatever extent possible, stay on the pilgrimage of remembrance. Only when you reach the stage of remaining in constant remembrance will you claim a high status.
5. The lesson the Father teaches is very straightforward. At the end, sannyasis etc. will wake up and say that only the BKs have knowledge. Kumars and kumaris are pure anyway. You are the children of the Father of Humanity. You should not have any bad thoughts. You have to remain very cautious of dirty human beings. There are swans and storks.
6. Dharamraj is also with the Father. He keeps unlimited accounts with Him of how many years you have been experiencing punishment in Ravan's jail. Punishment is very incognito. Your fallen stage is your punishment. Now is not the time to make mistakes. Reform yourselves. There isn't that much time left before the final hour.

Blessing: May you be an avyakt angel who dispels the darkness of waste by putting on the switch of a powerful stage.

Just as darkness is dispelled by a physical light being switched on, similarly, a powerful stage is a switch. Put on this switch and the darkness of waste will be dispelled. You will then be liberated from the labour of finishing each wasteful thought individually. When your stage is powerful, you will become a great donor and a bestower of blessings because the meaning of being a bestower is to be powerful. Only those who are powerful are able to give and where there is something powerful, all waste finishes. This is the elevated task of an avyakt angel.

Points to churn from the blessing:

We, the souls with a powerful stage, have the switch of our awareness turned on...we are the constant embodiments of experience, remaining constantly in the sweetness of One, having all experiences through the One, and remaining lost in experience every second, thereby being last so fast, and fast so first... we are the instruments, the lamps of the world showing the path to many, who are constantly respected by the world, and who are constantly benevolent towards the world...

We are the loving angels of the subtle region, the special instruments for service... by having our angelic form and karmateet stage clearly in front of us, we inspire others to create their future... we clearly have a glimpse of our angelic stage in the mirror of knowledge through our effort... while walking and moving around, we experience ourselves in the angelic form, become angels in a practical way and give visionswe emerge in the corporeal world and then merge, perform our duty and then disappear...we do not keep our feet in the old world of our body and bodily relations, and close all gates to all attractions and attachments ...we are here but not here...by being beyond the awareness of the corporeal world we do not waste time over trivial matters, which enables us to take a high jump....
