

Synopsis: Sakar Murli December 05, 2014

1. God, **the Emperor, the Truth**, is **the Creator** of the land of truth. It is the Supreme Father, the Supreme Soul, who is called knowledge-full, the **Ocean of Knowledge** and the Ocean of Bliss. He is the Seed of the human world tree. That **Seed** is the Truth and the sentient Being. He has the knowledge of the beginning, the middle and the end of the world.
2. The soul says "Om shanti". This means that he is the son of the Silence Father. Before you can have peace and happiness, you need to have purity. Remember liberation and the land of liberation. This is your renunciation. That Father says: Now forget the land of sorrow and remember the land of peace and the land of happiness. This is called: Manmanabhav. The Father comes and gives you children a vision of the land of happiness.
3. This study which the true Father teaches is the true income, which is that of the imperishable jewels of knowledge that the Ocean of Knowledge gives you. Perishable wealth and property is a false income. Earn this true income yourself and then inspire your family and your in-laws' family to earn this true income. Charity begins at home.
4. There is the praise that a kumari is one who uplifts her parents home and also her in-laws' home. Impure ones cannot uplift anyone. So which kumaris do this? It is Brahma Kumaris, the daughters of Brahma. There is a temple built here to Adhar Kumaris and Kuwari Kanya (half kumaris and virgin kumaris). That is your memorial. We have come in order to make Bharat into heaven once again. The Dilwala Temple is totally accurate.
5. The Father says: Remember Me for as long as you live. I, Myself, give you the mantra that disciplines the mind. You now have to remember the Father. It is by having remembrance that your sins will be absolved. If you continue to spin the discus of self-realization, you will be able to cut off Maya's head. Become pure from impure by doing the tapasya of Raja Yoga and become the masters of heaven.

Blessing: May you be a master bestower who sows seeds of good wishes in all souls.

Do not wait for the fruit, but simply continue to sow seeds of your good wishes in all souls. All souls definitely have to awaken at the right time. Even if someone is opposing you, you must not let go of your feeling of mercy. Opposition, insults and defamation will work like fertilizer and make good fruit emerge. To the extent that they insult you, accordingly they will sing your praise. Therefore, become a master bestower and continue to give good wishes to every soul through your attitude, vibrations and words.

Points to churn from the slogan:

We, the souls, the conquerors of matter, are easy yogis and master bestowers by becoming co-operative in making the atmosphere spiritual with our good wishes through our mind, through words, or through our relationships and connections...

By not seeing the expansion, but by looking at the essence and merging it in ourselves, we become double intense effort-makers...in this elevated life, we have received specialties as birthright...by using them for serving through our mind, through words and through deeds, we increase these specialties and receive multifold fruit from one seed...by sowing the seeds of good wishes in the land of service we experience its fruit in the form of success and become the embodiments of success...

We do very fast service by serving the co-operative souls, preparing the land, and then sowing the seeds of good wishes for the unlimited task...whether someone is a hard worker or has a planning intellect, we give everyone their own duties and a chance to do service ... we are chancellors, the instruments glorified within the Brahmin family, distributing the prasad of service, keeping the younger ones in front and keeping everyone busy in service...
