

## SYNOPSIS: JANUARY 18, 1979

**Celebrate today's day of remembrance as the day of power for all time.**

The Father said: "At the beginning of the task of creation, only one became an instrument in the corporeal form; *only one received the telegram from Alpha*; only one became an embodiment of complete renunciation for the sake of service. The father became the number one instrument in both renunciation and fortune. He had to adopt the subtle region, a place higher than the corporeal world.

**To follow the father:**

1. Make yourself and service complete, the same as the father.
2. Become a resident of the subtle region, the same as the father.
3. Simply have the determination to imbibe one small thing and the meeting will become eternal. Just as, today, you have remained stable in the stage of easy yogis, constant yogis and belonged to the one Father and none other, so now claim this blessing too for all time. This separation will end for all time and you will remain constantly in the celebration of being together.
4. Change from being an embodiment of love into being an embodiment that is equal.
5. *Whatever thought you have or whatever act you perform, first consider whether the father whom you love would like it.* Have the thought: I like whatever the father likes. I have to remain constantly loved by the Father and loved by the people.
6. Victory is your tilak. From today, the day of power, all of you should give your finger of determination to put an end for all time to the iron-aged mountain of all the weaknesses of hopelessness, of being influenced by the sanskars of others and of being attracted to people and things that only give you limited attainments. This means that you have to become victorious for all time. Victory is the garland around your neck. Victory is your birthright. Constantly maintain this form of power. This is the return of love.

7. Brahma Baba imbibed the essence of knowledge and gave you the courage to follow the father; he gave the final versions through the corporeal form as an invaluable gift. Put this gift into practice.
8. In return for this gift, reveal the Father by becoming it's practical form
9. Put the three words (Incorporeal, egoless and viceless) (niraakaari, nirvikaari, nirhankaari) into practice. It is through these three words that the father attained his karmateet stage.
10. You have to become pillars of all virtues, so that the souls of all religions will accept you as the pillars that are the embodiment of all virtues. Become a pillar of power and peace, the same as Adi Pita (the first father) in front of the world.
