

Synopsis: Sakar Murli February 17, 2015

1. Incorporeal God, the Father, is the Father of the whole universe, His very name is the Remover of Sorrow and the Bestower of Happiness. Only from the Creator can the creation be known.
2. The Father says: Consider yourself to be a soul; know Me as I am, and constantly remember Me, the Father. The method to keep in the intellect is I, the soul, am very tiny. My Baba, the Point, is also tiny. The meaning of “Manmanabhav” is: Remember the Father and the inheritance.
3. The land of Vishnu is established through Brahma. You are the mouth-born progeny of Brahma, the decoration of the Brahmin clan and those who spin the discus of self- realisation.
4. The Father says: When you belong to the Father, all illnesses will come out. Storms will come with full force. It is real boxing. They even defeat good, strong wrestlers. The Father makes you victorious over the five vices.
5. **You should not talk to those who have impure vision.** Those who destroy their own truth become engrossed in performing wrong actions. There is fragrance (**khushboo**) from worthy children and a bad smell (**badboo**) from unworthy children. Maya doesn't let go. Impure deeds, impure vision, impure words emerge and the activities become impure (**kuchalan, kudrishti, kuvachan, kukarm**). Therefore, you have to remain very cautious.
6. The faces of the children who have the intoxication that God Himself is inspiring us to make effort in order to make us into the masters of heaven remain first class and radiate happiness. Only by forgetting the Father do you wilt.
7. The Father is the knowledge-full One who shows the essence of all the Vedas and scriptures. The Gita is the most elevated jewel of all the scriptures. **The Father Himself is teaching this knowledge of the Gita.** *The Gita book is not used here; the Father teaches here.* There are so many sects and isms. Each of them has its own individual scripture. **Liberation cannot be attained from them.**

Blessing: May you be a conqueror of matter and Maya (prakritijeet, mayajeet) by making your stage unshakeable (achal) with the knowledge of the drama.

No matter what type of paper comes through matter or Maya, do not let there be the slightest fluctuation. If you even have the question “What happened? Why did it happen?”, if that problem seems to cause any upheaval even slightly, then you will fail. Therefore, no matter what happens, let this sound emerge from within: Wah sweet drama! Wah! Do not even have any thought of distress: “What happened?” Let your stage be such that there is no fluctuation (halchal) in any of your thoughts. Remain constantly unshakeable and immovable (achal, adol) and you will receive the blessing of being a conqueror of matter and Maya.

Points to churn from the blessing:

We, the souls, are shaktis, stable in our nature of being the embodiments of powers and constantly fearless....we are the conquerors of Maya symbolized with weapons and a crown (halo) of light, and the conquerors of nature symbolized by riding a lion...by constantly being with the Father, we constantly wear a tilak of victory...we are the conscious Durgas who destroy devilish sanskars, finish all problems, recognize the time and the environment and transform ourselves...

We are the Godly students who learn health education and character reformation in the Spiritual University...we are the stable and unshakeable Maharathis who keep very calm, cool and collected with all the secrets of the drama in our intellect, and who are looked after by the Father...with our third eye, we, the souls, see the souls, see the spiritual world and see the new world...with the power of self-recognition we transform ourselves...by transforming the self the creator, we transform time the creation...we are clocks that show the completion of time, and the transformation of the old world...we remain stable amidst fluctuations and are the images who are the bases of transformation...
