

## Synopsis: Sakar Murli February 13, 2015

1. **Trimurti God Shiva** speaks : While living at home with your family, become pure in this last birth for **My sake**. **Baba begs this of the children**. Become as pure as a lotus flower and remember Me and even in this birth you will become pure. Also, by your staying in remembrance, sins of past births will be absolved. This is the fire of yoga through which the sins of many births are burnt away. It is not that you will become pure by bathing in river water.
2. The praise of the deities is sung: You are full of all virtues, 16 celestial degrees full (*sarv gun sampann, solah kala sampoorn*). They too were human beings. You transform iron-aged human beings into golden-aged deities, (*kaliyugi manushya se satyugi devta*), that is, you make them into the masters of the abode of peace, Brahmand, and the world. You children are those with the power of yoga. The sword of lust is called violence. You are also on a battlefield but you are doubly non-violent.
3. Only the rosary of those who become the Father's helpers and do the Father's service is created. This is the memorial of those who come for the whole cycle, who become worshippers (*pujaari*) and worthy of worship (*poojya*). *When you become worshippers from being worthy of worship, you sit and worship your own rosary.*
4. The Father comes cycle after cycle. **Only you children know that Baba has now come**. You know that the Father comes and gives you your inheritance which lasts for half a cycle and that Ravan then curses you. The Father now says: Remember Me alone. Baba is making our intellects clean (*swachchh*). Ravan makes your intellects degraded (*malechchh*).
5. No one but you has love for the Father. There is love (*preet*) between a lover and beloved (*aashik & maashook*). All of you are the lovers of Me, the Beloved. You have continued to remember Me, the one Beloved, on the path of devotion. I now say: **Simply become pure for this last birth and remember Me accurately and you will then be completely liberated from having to remember Me.**

**Blessing: May you be a charitable soul (punya atma) who makes souls full of all treasures (maalaamaal) on the basis of the authority (satta) of the Almighty.**

Just as the kings who had the authority of donating and performing charity had full power, and, on the basis of this power, they could make anyone into whatever they wanted, similarly, you charitable great donor (mahaadaani) souls have received the special authority directly from the Father of being conquerors of matter (prakritijeet) and conquerors of Maya (mayajeet). You can enable any soul to forge a relationship with the Father on the basis of your pure thoughts and make them full of all treasures. Simply use this authority accurately.

**Points to churn from the blessing:**

We, the souls, are the masters of all three powers of the soul; of the mind, intellect and sanskars...we control our mind, and conquer our senses... we are master almighty authorities who, with authority of self sovereignty attain the authority of the kingdom of the world... we are the charitable souls who end all attachment to the old world and finish our karmic accounts with the power of yoga...

By co-operating with our virtues and powers, we are merciful and generous hearted... by donating all our vices, old sanskars, weaknesses, defects, mistakes, old rubbish, by surrendering everything to the Father with our intellect, we become charitable... by giving the imperishable treasures selflessly, we accumulate a thousand fold...we are master bestowers, who are constantly full and overflowing, full of the treasures of experience, love, compassion and co-operation...by being the children of the Bestower of Happiness, we become the master bestowers of happiness, making the beggars of happiness prosperous...by being the children of the limitless Ocean, we become master oceans...
