

## **Dadi Janki - 16th July 2019 – Conference Hall Take drishti from Baba and do service...**

Om Shanti, Om Shanti, Om Shanti... Baba has to take care of the Kumaris. There are so many Kumaris... (3,000 were sitting there). It is a wonder! Who am I and who is mine? Check yourself in this. Do I remain aware of who I am and who is mine? Baba is sweet, Baba is lovely! Thank you Baba! In the corporeal form and in the avyakt form Baba plays His part.

You are all doing service. You are serving the whole world. If you want to do first class service then you have to become a complete renunciate and thus the image of tapasya. Once I was sitting in silence and Baba came in front of me. He said, "Janak, what are you doing"? Baba gave me drishti and I was so intoxicated. From that day until this, that drishti has given a lot of happiness. Now, whenever I go on service, Baba gives me drishti. I take drishti from Baba and do service. Drishti gives great happiness. I have seen Shiv Baba come into the body of Brahma Baba and taken that drishti. With drishti and with our pure attitude we are serving the whole world. With our drishti and attitude we can experience and allow others to have experiences.

Have you finished all the vices or do you still have attachment and greed? Let there be no name and trace of any vice in you.

You should make a programme to dance and to laugh! Time is short. Make these programmes!

Om Shanti
