## **Our children are peace, love and happiness**

Om Shanti, Om Shanti, Om Shanti... Since coming to Baba we don't need to ask 'why'. Instead, we say "wah, wah". Baba brings children from everywhere and sits you here together in Diamond Hall. We all sit together and connect our minds to Baba. When the mind is connected to Baba it very subtly receives Baba's love. The soul is filled with love, truth and happiness when it connects to Baba. That happiness is visible through our eyes and on our faces. I say that I don't have anyone apart from Baba and that by belonging to Baba I have found everything. We should have such a deep relationship with Baba. Then there is only happiness upon happiness. No-one should need to ask me if I am happy. Here we have the intoxication that in our next birth we will be in the kingdom of Laxmi and Narayan. Other types of intoxication are dangerous but this is true intoxication.

In 1974 when I went abroad I was asked if I was married and if so, what his name was. I replied that I was married to 'Dilaram', The Comforter of Hearts. I also have three children; Peace, Happiness. Peace and Happiness are doing service throughout the world. It should be said that if you want to have peace and happiness then you should look at the Brahma Kumaris. My third child is Love.

All five fingers are unique; when we join the finger and thumb together it is as if we keep the determined thought; Baba, I belong to you and you belong to me. Through this we have received infinite happiness. We have received happiness from God directly.

There are 12,000 sitting here in Diamond Hall yet Baba sees everyone. I become cheerful on seeing all of you. God has made us swing in the swing of His eyes. You are all such sweet children of Baba. I would like to hug each one of you! For three minutes see yourself. Only Baba should be visible in your heart. Whatever we speak should be true. Whatever Baba has taught me should be in my life.

We should have a swing on the stage. (someone asked who will sit on it). I will sit on it! Swing on the swing and experience supersensuous joy. This is what Baba is teaching us!

Baba has taught us patience. Baba tells us to remain patient and that our days of happiness will come. However, I feel that the days of happiness have already arrived! Our days of happiness have come, haven't they?! Our Baba has made us sit on His eyelashes, so wherever we go we go with Him. The Lord is present in front of me and I am present in front of my Lord. He is the One who is visible in my eyes. My master is present in front of me.

Keep the five virtues of purity, truth, patience, humility and sweetness with you at all times. Our nature is not to show bossiness. In order to increase our spirituality Baba has made us sit in His eyes.

Om Shanti
