

## Synopsis: Sakar Murli January 20, 2015

1. Everyone accepts that God is the **Liberator** and the **Guide**, that He is the Father, the **Purifier** of all. **Shiv Baba's birthday should be celebrated throughout the whole world.** *The people of Bharat do not celebrate it.* This is why Bharat has reached such a bad state.
2. *It is those who study Raja Yoga now that will go to the new world.* God is the **Highest on High**, and that then there are Brahma, Vishnu and Shankar. Then, down here on this human plane, Jagadamba and Jagadpita are the principal ones. The Father comes here and enters this Brahma's body. Prajapita Brahma exists here. *Creation has to take place through Brahma here.* It doesn't take place in the subtle region; it takes place here in the corporeal world.
3. When a soul leaves his body, the human world doesn't exist for that soul at that time; this world is dead to the soul; the soul becomes naked; there is no more bondage of karma with the body he has left, nor is there bondage of karma with the body he has to enter, because the soul is separate from the body. When he takes his next body, his bondages of karma begin again.
4. The Father says: Conquer attachment! Constantly remember Me! There is a huge burden of sin on your heads. By your becoming a trustee, all attachment to everything is removed.
5. Your intellects must imbibe the power to discern. You have to understand whether someone is worthy or not. You have now received a third eye in order to be able to see Me and understand Me. You are also those who become able to see the three aspects of time.
6. The Father simply says: Remember Alpha and the kingdom is yours. You claim your kingdom in a second. Continue to remember Me and the cycle and you will become the rulers of the globe. It has been remembered that liberation-in-life can be claimed in a second. You can change from a beggar to a prince in a second. Therefore, you should follow shrimat accurately. Storms of Maya will come to you but you mustn't perform any sinful deed through your physical organs; **that is against the law.**

**Blessing: May you be an intense effort-maker and by remaining double light, take a high jump and overcome all problems.**

Constantly consider yourself to be an invaluable jewel and stay in the tiny container of BapDada's heart, that is, remain constantly merged in remembrance of the Father and you will not experience anything to be difficult and all burdens will finish. With this easy yoga, become double light, take a high jump in your efforts and you will become an intense effort-maker. Whenever you experience anything to be difficult, sit in front of the Father and experience BapDada's hand of blessings over you. By doing this, you will find a solution to all problems in a second.

#### **Points to churn from the blessing:**

We, the elevated multimillion times fortunate souls, the living chatraks, are the extremely loving long-lost and now found children who have come to celebrate a meeting...we are the lucky stars, the beings of light who dispel darkness worthy of salutations, the masters of the world and the masters of Brahmand...we make double effort with zeal, enthusiasm and courage... we are especially merged in BapDada's eyes, constantly experience His company and closeness, and with special love and co-operation from the Father, take a high jump, move fast and come first ...

We are the loving angels of the subtle region, the special instruments for service... by having our angelic form and karmateet stage clearly in front of us, we inspire others to create their future... we clearly have a glimpse of our angelic stage in the mirror of knowledge through our effort... while walking and moving around, we experience ourselves in the angelic form, become angels in a practical way and give visions ....we emerge in the corporeal world and then merge, perform our duty and then disappear...we do not keep our feet in the old world of our body and bodily relations, and close all gates to all attractions and attachments ...we are here but not here...by being beyond the awareness of the corporeal world we do not waste time over trivial matters, which enables us to take a high jump....
