

## Synopsis: Sakar Murli January 19, 2015

1. The Father is the unlimited **Karnighor**. He is also the **Laundryman**. The Father says: You mustn't make anyone unhappy. You mustn't have attachment to anyone. The Father comes to you as the **Saccharine**. Just look how much interest He pays you for all your old things worth straws that He takes. You receive a huge interest. He is so innocent! In return for two handfuls of rice He gives you a palace.
2. You cannot receive an inheritance from the Father unless you become true and firm Brahmins. This is the sacrificial fire of the confluence age. Brahmins are definitely needed for a sacrificial fire.
3. This is both a hospital and a college combined. For this, you only need three square feet of land, that's all! Three square feet of land is simply somewhere large enough to sit. Make anyone who comes sit down and give them the Father's introduction.
4. There are two main subjects in this knowledge: Alpha and beta. Spin the discus of self-realization and remember the Father and you will thereby become ever healthy and wealthy. By spinning the discus of self-realization, you become the rulers of the globe.
5. The Father comes at this confluence age and makes you become like diamonds. *The kings become like diamonds, whereas the subjects become like gold.* The world mother and the world father become the masters of the world. *Their parts are definitely elevated and so their **pay too is very high.*** The Father, the most elevated One, pays them.
6. A small child is said to be equal to a mahatma (great soul), because he knows nothing about vice. The Father Himself says: Do not become body conscious. **Yes, you may have external love for your children etc., but let your true love be for the spiritual Father.**
7. Baba is the Bestower. The Father says: Follow My shrimat! Pay full attention about whom you give your money to. If you give money to someone who then spends it on alcohol or performs some other bad act with it, the sin of that will fall on you. **You have to become charitable souls here.** Therefore, do not have any give and take with sinful souls.

Blessing: May you be constantly happy and serve many with the awareness of “Wah drama! Wah!”

While seeing any scene of the drama, have the awareness of “Wah drama, Wah!” and you will never be afraid because you have received the knowledge of the drama. You now know that, at present, it is the benevolent age and that whatever scene comes in front of you in this age, benefit is merged in that. Even if no benefit is visible at the present moment, the benefit that is merged will be revealed in the future. Therefore, with the awareness of “Wah drama! Wah” you will remain constantly happy and never become upset in your efforts. Service of many others will automatically continue to take place through you.

Points to churn from the blessing:

With the remembrance of the one Father, the Comforter of Hearts, we, the souls, constantly sing the songs of wonder Wah! Wah!...whatever has happened is wonderful, whatever is happening is wonderful and whatever is to happen will be wonderful...all three aspects of time are wonderful, that is they are the best of all....by being full of attainments, we become free from desires and remain constantly happy...

By becoming soul conscious, we transform our vision, that is, we have a vision of brotherhood and make the vision of being brothers and sisters firm...we are the Brahmakumars and Brahmakumaris who become worthy, and sing “Wah my fortune, wah!” with great intoxication and become yogis radiant with joy...

Do not give sorrow, do not take sorrow... give blessings and receive blessings... whatever actions we perform, the others do the same...we, give happiness and receive happiness...by performing elevated actions, we receive praise, blessings and Wah ! Wah! Wow ! from everyone, and make those actions memorials...
