

# Master Creator

- ✓ Now each of you is a master creator. You can recognise your power through your creation. As is the seed, so is its fruit. If the seed is not powerful, then although it sometimes bears fruit and flowers, they are not worthy of acceptance. Those flowers which are beautiful and fragrant, and those fruits which are very good, are the ones that are bought. If the seed is not powerful, its creation is not worthy of acceptance. This is why you must increase the percentage of your light.
  
- ✓ At present, all of you have the stage of being a world mother, or world father, or a master creator. So, the vibrations of every thought - that is, of the attitude of the creator - automatically reach the creation. This is why, whatever actions others see you perform at the present time, they will do the same. Do not just pay attention to

this, but - together with this - also pay attention to whatever thoughts you have, and to what your attitude is like, because that vibration will definitely spread into the atmosphere, and into other souls. It is essential to keep this slogan in your awareness. Otherwise, the creation of you creators will become weak: that is, they will become those who claim a low status. The weakness of the creator will very clearly be visible in the creation. Therefore, now make your weak thoughts powerful. The saying: “The world was created through a thought” applies to the present time. As is your thought, so you will be instrumental in creating such a creation. This is why it is remembered that there is a separate world in each star.

- ✓ Today Baba, the creator of the world, is seeing his master creator children - and the extent to which you are stable in the awareness of being creators. Your first creation is to master your body. Only then will you master matter and master the world. Your present life mirrors your future very clearly. The sanskars of authority over bodily relations become the sanskars of mastery of the future. A master is detached and yet loving in relationships. The signs of a master are humility, good wishes for others, and the ability

to renew sanskars. Through your love, whoever sees you should feel you belong to them. The love should give closeness in even a distant relationship. They should experience you to be a bestower of love, peace, happiness, bliss, joy ,co-operation, courage, hope, and zeal, and every other speciality. You will have a large, generous heart.

- ✓ With your constantly powerful mind, become the bestower of peaceful vibrations, through powerful and benevolent thoughts. You can spread rays in the atmosphere. Your creation, the sun, spreads rays of light, so can't you, the master creator, spread rays of peace? Service done in this life, for just a short time, brings the reward for 21 births. You will remain ever happy and peaceful. And then, for the rest of the kalpa, you will become instruments to give peace of mind, through your statues. And neither you nor your subjects will never become beggars for wealth
  
- ✓ The Father has given you the right to become your own master, or of becoming a creator. But, instead of being the creator, you consider yourself to be the creation: that is, a

body. When you forget your being a creator, Maya - that is, body consciousness - then becomes a creator of you, the creator: that is, it then has a right. No one can have a right over the creator. No one can become a master of a master of the world. You become the creation in front of Maya, and you thereby become dependent. The reason for this is that you do not constantly observe the precaution of being an embodiment of the awareness of having all rights and being master.

- ✓ Have the consciousness of each soul, and the elements of nature, as your creation, and have good wishes and pure feelings of benefit for each one. The seed, the creator of the tree, will stand on top of the kalpa tree - together with Baba the soul will become the unlimited master creator, and spread the rays of powers, virtues, good wishes, pure feelings, love and co-operation. The sun's rays spread automatically over the entire world, because the sun is high above. In the same way, become master creator and master seed and give rays and water to the entire tree. So how many children do you have? The entire world is your creation!

- ✓ Because of not being able to transform your own attitude and vision, you become an obstacle for your own self. Matter is your creation and you are a master creator. Then just think: “My creation has this power, and so, if I, a master creator, do not have this power, then are these the qualifications of an elevated soul?” Today, the power of matter is able to do whatever it wants in a second. This is why the wandering souls of today wish to see an example of the practical proof of the supreme power, Godly power and the power of silence.
  
- ✓ In the old world they give the example of your creation, the tortoise, which is able to merge everything in one second. If even your creation has the power to merge, can you the master creator, who also has the power to merge, not merge all your thoughts in one second and stabilise them in one pure thought? Even whilst there is upheaval and difficulties all around, become steady in the midst of that within one second. Do you know how to put a full stop? A full stop is so easy that even a child can apply it. A child cannot place a question mark, but he can apply a full stop. The upheaval will increase in this present period, but let

matter be in upheaval, and let the masters of matter be stable.

- ✓ Does it suit you master creators to make time your teacher? Do you like it? No. Time is the creation, and you are master creators.
  
- ✓ The time now is not for wasting over trivial matters or in the obstacles of ordinary thoughts. The time has now come for you to become master creators, and to give blessings to your future subjects and devotees, through the powers you have attained. Now is the time to give, not the time for the self to be taking. If, at the time of giving, you continue to take, then when will you give? In the Golden Age? Will there be a need for this there? So, now is the time to make your creation overflowing. Now is not the time for wasting all the powers on the self, or for experimenting with them on the self, and thereby finishing them in this. That is, it is not the time to eat what you have earned. Earlier, that was the time to eat what you had earned. But what is the time now? It is now the time to give to all souls what you have

accumulated. Otherwise, your subjects and devotees will be deprived of these attainment, and they will remain beggars. So, as children of the Bestower and the Bestower of Blessings, will you yourselves not become bestowers and bestowers of blessings? When all souls come to you - in the form of beggars - to receive something, will the children of the Merciful Father not have mercy for all souls? Will you not feel mercy for them? Or will you be able to bear to see them distressed? In a mundane (lokik) way too, a limited creator cannot bear to see his limited creation unhappy or distressed. So, now, you are also master creators - that is, is this the task of just the Father or is it also yours? All of you are also master creators, and so a master creator cannot bear to see the sorrow of separation, or the distress of his creation. At that time, you will have to give them something. If you do not accumulate a stock at the present time, but you continue to eat and finish what you have earned, then what will you give them? You now have to look at your chart. According to the present time, what register does a master creator need to look at? The mistakes you have made is the register of childhood. However, what chart should a master creator check now? Whilst keeping every power in front of you, check your chart as to which power - out of all the powers - you accumulated that day, and to what percentage. Now, check your chart in the

account of accumulation. You have to put a full stop to expenditure. Will you, even now, continue to spend on the self?

- ✓ Fix your time in this way, then, as to what special thoughts you are going to have in your intellect for the day, and what you will accomplish through your words for that day. By fixing this, your energy that is wasted by ordinary and wasteful words will be saved. Those who do not waste anything become the best. Those who waste anything can never become the best. Look at everything and increase your savings scheme. Only then will you be able to become master creators. At present, you do not have the power to become a master creator and sustain your creation. If you cannot become a master creator, then what will you become? If you do not know how to look after anyone, then you will have to be looked after, will you not? So, instead of being a master creator, you will become a creation. But you want to become a master creator, do you not? So, simply keep the two words you were told - "fair" and "game" - in your awareness at all times, and you will be able to make a savings scheme. Then, you will save the thoughts, time, and power that you use wastefully.

- ✓ Whatever is the Father's creation is also your own creation. You are master creators, are you not? You aren't just going to rule the father's subjects, are you? Do you not become master creators? Will you always be the creation? You are creating your own creation - that is, your kingdom - are you not? In a kingdom too, everything is number-wise, is it not? On what basis is that created? And, even in that, there are your devotees. The devotees of the Shaktis are different from the devotees of the Father. Who will become your devotees? On what basis will your devotees be created? Those souls who experience some form of attainment from the elevated or instrument souls, or who have visions through such souls, and experience the attainment of blessings through such souls: they become the subjects or devotees of these souls. Those who are very close souls - those who have a relationship with the Father, and who also claim a right to the inheritance from the Father - go into the royal family. At the same time, each soul is creating his own royal family: that is, the soul is creating the future relationships and royal family; he is creating his subjects, and also his devotees. What are the signs of devotees and subjects? You have been told about the basis of coming into the kingdom, but what will be the difference between the

subjects and the devotees? The subjects will only make effort for the attainments of knowledge and yoga: they will not have a close relationship, but will definitely have a distant relationship. Such souls make effort to create a life within the code of conduct, according to their worthiness, and according to their capacity. However, in the other two subjects - of dharna and Godly service - although they will be cooperative according to their capacity, they will not be embodiments of success. This is why they are not able to become 16 celestial degrees full. Because of being under the influence of some sanskar or nature, weak souls are not able to take a high jump. Therefore, instead of becoming part of the royal family or the royal clan, they become royal subjects: not part of the royal clan but royal subjects. Devotees will never experience themselves to have all rights. They will have the sanskars of devotees until the very end, and they will constantly keep begging: "Give me blessings, give me power, have mercy on me, give me strength or give me drishti" etcetera. Such sanskars of begging and being dependent, will be visible in them till the very end. They will constantly be seekers. Even though they are being inspired to have the intoxication of being a child, of being a master, or of being a master almighty authority, they will not be able to have this intoxication. They will be content with just a little: this is a sign of devotees. From this,

now see how many subjects and how many devotees have been created. Devotees never have the power to come into a direct connection with the Father. They are always content with just coming into connections with souls. The words that repeatedly emerge from them are “You are my everything”. Such devotees will come to you. Even against your conscious wish, subjects and devotees of all instrument souls will continue to be created. Now, do you understand what your world and creation are? As you progress further, each of you will have a vision of which kingdom you will claim a royal status in, whether a male status or a female status.

- ✓ When a foetus is in a mother’s womb, the mother is very attentive to whatever she does, whatever she eats, because she is filling the foetus with those sanskars. So all of you have to pay as much attention. “Whatever action I perform, my subjects and my bhagats, from the copper age to the iron age, will also do the same. My temple will be created accordingly. My image will be created accordingly and my temple will be positioned accordingly. Therefore always have the awareness that you are not alone. We are the creation, and also the master creators. Parents can do

whatever they like when they are alone, but they pay great attention when they are in front of their creation. So all of you are also creators. Whatever the creators do, the creation will do the same. When responsibility falls upon you, carelessness and laziness finish, as a result of you having that responsibility. Which responsibility? “Whatever actions I perform...”.

- ✓ The sign of being fortunate in relationships with other people - meaning the Brahmin and lokik families - is receiving co-operation according to need. You will receive these from at least 95 of souls - the accounts of the other 5 can be settled - so there will sometimes be examinations, but there should not be this with more than 5 of souls. Gradually continue to settle your accounts with such souls with good wishes and pure thoughts. Fortunate souls settle all karmic accounts easily - you will remain content in the heart while in relationships with people - there will be no questions in the heart. If you create a queue of questions you have to sustain it with time and energy - so control this wasteful creation. Do not say “this is fixed in the drama” but be master creators of the drama. Be knowledgeable and let each action (karma) be elevated.

✓ Although they have received equally, there is difference: some become complete with all the powers, while others become complete with some powers only. Some are constantly the embodiment of power, whereas others become the embodiment of power only sometimes. When some Brahmin souls - with the authority of having all powers - summon a particular power at a particular time, that power comes in front of these master creators as their creation. They order, and it comes. Others summon the powers, but the powers do not become present at that time: the powers do not say “yes, my lord”. What is the reason for this? Those who take every step according to Baba’s shrimat are the ones who experience every power to be always present in front of them. They say “yes my Lord” to the Father, the Almighty Authority, who is known as the Lord and the One, and who is now present in front of you. They follow orders in a practical way, and the power says “yes my lord” to them.

✓ If, even now, you continue to give time to your own self.. then, when will you give all your time to world benefit by

becoming the Father's helper and a master world benefactor? What is the last stage? It is that of being a world benefactor. Now - day and night - try to use your every second and every thought for the task of world benefit and service. In a lokik way as well, when you become the creator of a lokik creation, then - by being the creator - instead of giving time to your own self, you use your time for the creation. You have this experience, do you not? If the creation is extremely sorrowful, or extremely ill, or extremely anxious, then the attention of the creators - the parents - is fully on that one, is it not? It is as though they have forgotten their own selves. That is a limited creation, but you are master creators of the unlimited world. Previously, you gave time to yourselves. but the present stage is that of being master creators. It is not a question of just one or two. The souls of the entire world are unhappy, anxious, diseased, and distressed beggars. You have to become benefactors, and make the unlimited creation happy and peaceful. And so you should have the attention of being unlimited creators. Even now, a lot of time is being used for the self. Is your time spent in battling? Or do you also use your time for world benefit? Now, you should think that the little time remaining is for world benefit.

- ✓ Even the rajoguni rishis and munis of the copper age could spread vibrations of peace all around themselves through the power of their yoga with the Brahm element. They are your creations since you are the Master Creators at this time. Just as they would spread peace throughout the limited jungles, so too are you Raja Yogis not able to spread vibrations of peace, power, and bliss throughout this unlimited jungle? Now maintain this determined thought constantly.
  
- ✓ The more intoxication you have that Baba is your companion, the more happiness you will have. So, do you have this happiness? (“We have a lot of happiness.”) Does it continually increase, or does it increase and decrease? Does it decrease when something comes up? Does it decrease even a little? And then you think: “what can I do?”. In fact, everything is alright, but the situation was such, wasn’t it? No matter how big something is, you are master creators. That is the creation. So is the creator greater, or the creation? You are not those who are afraid of anything, are you? Will you not be afraid when something comes up when you return home? Just be careful when you return

home. Maya will come. You will not then say that you didn't think such things could happen, will you? She will come in new forms: not in the old forms. But even then you are courageous. You have the faith that you have become this many times. You are this now, and you will be this in the future. When there is faith there is definitely victory. Those who maintain the awareness of being a master almighty authority can never be afraid.

- ✓ Have you accumulated so much of all the powers that, whilst being a master almighty authority, you can enable those souls to attain success through the method of "one second"? Since science - with the power of creation - is day by day becoming victorious over time, and is attaining success in every task in a very short time - so that, as soon as you switch something on, the task is accomplished - cannot you, the master creators - with your power of silence and all powers - enable others to attain success with the method of "one second"?

✓ Are you remembered as world benefactors or self-benefactors? What is your title and what is your work? Is it that you have one title, whereas your work is something else? In a lokik way, when you are young and careless - when you don't have any responsibilities - you use your time, power, and money just for yourself. But when you become limited creators, you use whatever time and powers you have for your own creation. So, who are you now? Have you not become master creators, and world mothers? Have you not become images of support for the world? Have you not become images of support for the world?

✓ You should now think that you have little time left for world benevolence. Otherwise, souls of the world will complain to you, that "you have been taking sustenance for so many years, but, in spite of that, you are still saying that you are becoming holy and pure! Yet you tell us to claim our inheritance in such a short time!" Your complaint will then come back to you. So, what will you say then? You say that you are becoming that, or you say that you will become that and you will do that. That language also has to change now. Now become master creators! Become world benefactors!

The time for using time for your own effort has now passed. Now, use your time to inspire others to make effort.

- ✓ You world transformer children have been given the task of invoking the elevated time of completeness. You are the instruments for bringing into being the time of the Golden Dawn. You are the master creators of time. Time is your creation. You are immortal.
- ✓ Time is the creation, and you are master creators. So your creation should wait for its creators. It is not that you master creators should wait for time. After all, what is difficult? It is you yourselves who make an easy thing difficult. It is not difficult, but you make it difficult. Baba is offering to carry what ever burdens you have. Do you not know how to hand them over? You continue to carry those burdens, and then you become tired and complain to Baba. You ask “What can I do? How can I do this?”. Why do you insist on carrying those burdens? Baba is offering to take your burdens from you. Because you have instilled the habit of carrying burdens for 63 births, you feel compelled by that

habit, and this is why you have to labour. You sometimes find it easy, and you sometimes find it difficult. All of your work should either be easy all of the time, or difficult all of the time. Why should it be easy sometimes, and difficult at other times? There must be some reason for that. Is there a reason for it? The reason why you find something to be difficult is that you feel compelled by your habit. BapDada finds it very difficult to accept that his children have to labour: he doesn't like it! How could a master almighty authority find something to be difficult? What title do you give yourselves? Is it "difficult yogis" or "easy yogis"? In that case you should change your title. You should no longer say that you are easy yogis. Is it that you are sometime easy yogis, and at other times difficult yogis? What is yoga after all? All you have to do is to remember Baba. Nothing can be difficult when you have powerful yoga.

- ✓ Today, the Creator of the New Age has come to celebrate the New Year with his children, who are the master creators of the New Age. Everyone in the world celebrates the New Year. However, all of you are creating the New Age. Everyone in the world celebrates the New Year. However, all of you are creating the New Age. Every child has the

happiness of the New Age. You know that the New Age is about to come People of the world celebrate the New Year for just one day, and all of you celebrate the New Age for the whole of the confluence age.
