In the present **confluence age period**, right before the great Mahabharat war (Third world war) the incorporeal point light form **Supreme God father Shiva** is imparting the knowledge of easy Rajyoga of Gita through an ordinary medium of **Prajapita Brahma** whom we had been listening in the path of devotion with a beard having four faces and thousand hands in scriptures which symbolizes an old ordinary person spreading godly knowledge in all 4 directions with the support of multi children in the form of thousand hands. There after the unshakeable, stable, integrated dynasty of **Shri Lakshmi & Shri Narayan** re- begins in the **golden aged Bharat** in **Satyuga** where 16 celestial degree complete deities with all divine qualities will rule the kingdom that will be identified as **swarg, bahisht, jannat or heaven**.

As per the versions of **Gita**, the incorporeal point light form **Supreme soul** reincarnate in the imperishable land of Bharat (India) during the period of extreme **irreligiousness and unrighteousness** in the dark night of ignorance at the end of **Kaliyug (iron age)** celebrated as **Shivratri** by Bharatvasis (Indians). This process repeats after every **5000** years. In devotional path, the **biggest defamation** created for the Supreme soul is that though resident of Paramdham (Soul world), the highest abode and totally free of vices, immune to birth & death, joy and sorrow he has been placed into the cycle of birth and death and made vicious by declaring him as omnipresent beyond name and form and showing his reincarnation in various forms thus his descent from his highest abode to this world by divine birth (thru' body transmission) in order to purify all souls and nature, transforming hell to heaven, salvaging all the souls by imparting blessings of Mukti & Jeevanmukti and performing divine acts of Creation, Sustenance and Destruction through the triads Brahma, Vishnu and Shankar is not proved.

**Prajapita Brahma** through the godly knowledge and easy rajyoga taught by **God Shiva** attains the elevated position of **16 degree complete, complete viceless Shri Krishna** after making elevated effort who rule the **Solar dynasty** as **Shri Lakshmi and Shri Narayan**. Thereafter in **Tretayug**, **Shri Ram Seeta** couple with **14 degree** rule the kingdom in **Lunar dynasty**. This prove that in confluence age itself the Supreme soul Shiva establishes **Brahmin, Deity and Warrior religion** through the knowledge of **Gita** and through this knowledge Shri Krishna take birth as first prince in the new deity dynasty of Satyuga. Hence **God Shiva is the true Gita sermonizer and creator or spiritual father of Shri Krishna**. Shri Krishna is the **corporeal creation** who come under the cycle of 84 births, accept sustenance from his physical parents whereas **God Shiva is the all sustainer, incorporeal, self-created and unborn** i.e takes divine birth through soul transmission therefore he is **free from birth and death, joy and sorrow** as well as **karmic bondage** and only be titled as **GOD** whereas Krishna come in the category of **DEITY**. The scriptures have done **biggest error** by stating the soul's journey in **84 species** instead of **84 birth** and Shri Krishna as the God of Gita instead of God Shiva due to which the religious text Gita underwent **denial and lost importance**. Secondly, though arrival of God has taken place, it has made people fallen asleep in the sleep of ignorance.

The adopted godly children cum godly student cum godly follower through the mouth progeny of Brahma are termed as **true Brahmins** because supreme soul plays three in one part, as a **Father** gives **heavenly inheritance**, as a **Teacher** delivers **spiritual knowledge** and as a **Satguru** ( Preceptor ) imparts **Mukti** ( Salvation ) and **Jeevan mukti** ( bond free life in heaven).

**Supreme soul Shiva** is the real **Vyasa - the sage** who delivers the **essence** of all **vedas, scriptures, upanishads** through the knowledge of **Gita** from the mouth of **Brahma** and the mouth progeny Brahmins who imbibe the knowledge and spread happiness are **Sukhdev** ( **the giver of happiness**). Actually this **Gita** is the real **Shiv Puran** where in **God Shiva** himself reveal the **secret of creation and creator, knowledge of beginning, middle and end of the world cycle** through the medium of **Prajapita Brahma**. This is also the **Amarkatha** ( **Tale for becoming immortal** ) which is delivered to the souls related as **Parvati** ( **Couple of deity Shankar**). This is also a **Satya Narayan katha** ( **Tale for becoming human to deity** ).

The partnership of **God Shiva and Brahma** is praised in scriptures as **Kapil dev** meaning **couple**. The mouth born daughter of Brahma, **Jagdamba Saraswati** is the **Kaamdhenu** ( **wish fulfilling cow** ) who fulfills the **wishes** of all in heaven for **21 births**.

**God Shiva** being the **father** of all souls, deity soul as well as religious souls including fathers of religions he is called as **God father or Supreme father** and the **knowledge of Gita** imparted by him is respected as **elevated jewel** amongst all scriptures and religious books. In **Hindu or Vedic religion** which is the conversion of Deity religion that come into existence in **Dwapar yug** during the beginning of medieval period, the **four vedas** were composed which are considered as significant and sacred. Essence fully, the **Rigveda** contains **hymns and praises** for the deities and 5 elements. But actually speaking, the almighty authority incorporeal **God Shiva** is the one who need to be praised since he purifies the nature and human souls by relieving them from the disease of 5 vices and imparts blessings of **Mukti** ( **Salvation** ) and **Jeevanmukti** ( **bond free life in heaven**), transforms unrighteous impure sorrowful **Kaliyug** world into **pure righteous joyful Satyug** world due to which hell gets transformed to heaven. In **Samveda** there is a description of **music and dance art** where as actually **Supreme soul** is the greatest dancer and musician who teaches souls the **dance of super sensuous joy** and **music of 7 virtues** of the soul. **Yajurveda** has compilations of **tantras** ( **ritual practices** ), **mantras** ( **magic spells** ) and **yantras** ( **mystical diagram**) for well being and success in life where as **Supreme soul Shiva** gives us the great mantra for concentration of intellect i.e **Manmanabhav** ( **Remember me**) and **Madhyaji bhav** ( **Remember the inheritance**) which if a soul practically imbibe like a yantra gains victory over 5 vices. In **Atharvaveda**, there is a vast collection of **treatment method and medicinal herbs** for health benefit whereas **Supreme soul** is the only **Supreme surgeon** who through the life giving **herb of remembrance and injection of knowledge and yoga** relieves the soul from wordly **disease of 63 births** thereafter the soul regains its true health i.e it forgets body consciousness and get's stabilized in original self form of the soul.

Different other religions also come into existence during the *medieval period* to impart teachings for the betterment of mankind.

E.g *Islam* says that God or Allah is one and has created humans to be guardian of his creation. It teaches total surrender to the will of God. It lays down the principle of living life. *Koran* states that – Allah Is the light Of The heavens and the earth. *Buddhism* give importance to know thyself, as per it compassion and karma is the only religion. Also it teaches that the world is full of pain and sufferings and removal of desire - the root cause is the only remedy and to follow the middle path under eight fold path. *Dhammapada* states that – The radiance of buddha shines ceaselessly. *Christianity* teach Truth is God, Love is God so asks to treat everyone equally with love and guides the path to the kingdom of God. *Bible* states – I have come into the world as light. *Sikhism* also describes God as incorporeal and true name residing in the top most sky and teaches to serve humanity. *Adi Granth* states that - God, being Truth, is the one light of All. So almost in all religions, God was remembered as a being of light, directly or indirectly. As time progressed, the fathers of different religions were worshipped by some as if they were God, which was a mistake because they were pure souls and not God or the Supreme Soul or Param-atma. *God is only one and all souls, however pure and divine, are his children.*

Likewise, all the *saints, devotees, preachers* gave teachings for imbibing good qualities for betterment and upliftment of mankind, to eradicate evils and sorrow persisting in the society and making the land a beautiful place to live in. But, unfortunately after the passage of time, instead of improving and progress the things got worsened.

Whenever the world needs a cleaning up of the collective consciousness of mankind, that's *when an inner awakening or realization is required to become a perfect personality* as defined by God and not by the world and mankind in general then *question arises so, which definition of perfection should I as a person, in the search of perfection, choose? Even deities and fathers of religions who were perfect or close to perfect and have existed in the past are no longer there physically to guide me or should I stick to the Indian Shastras or religious books or should I listen to my parents for that matter? The more the different people and their different opinions on perfection, the more I will get confused So, who is the one who can guide me correctly and give me the answers to all these questions? It has to be someone whom everyone rates as being perfect and who is available for me at the present moment. This is not my parent or a religious head or a guru or a deity that has existed in the past on the earth but God, who is above the cycle of perfection and imperfection, who does not go through the process of birth and rebirth can show me the way to becoming a perfect human being with qualities which he has inside him. God is the most complete and perfect personality that exists, but not a physical personality, a spiritual one. There is no one who is more specialty and virtue-filled than him. That is the reason he is an entity or living energy or personality who is remembered the most by each and every one all over the world.*

This is the only reason that as per the version of Gita, *Gita God incorporeal Shiva* himself has to reincarnate in the *land of Bharat* for *purifying his creation* including souls and 5 elements.

*God Shiva* establishes *three religion or classes* at the end of Kaliyug which are *Brahmin class* in Sangamyug, *Deity class* for Satyug and *Warrior class* for Tretayug. Then in Dwapuryug, *three main religions* are established by the religion fathers i.e *Islam by Abraham*, *Buddhism by Gautam buddha* and *Christianity by Jesus christ*. Further *Shankaracharya* establishes *sanyas religion* and *Mohammed paigambar*, the muslim religion. *Gurunanak* establishes *sikh religion* in Kaliyug followed by arrival of other sects and missions thereafter.

Now the *5000 years* unlimited world drama comprising of *Soul, Supreme soul and Nature* is nearing it's end. Currently, the *epoch transformation* or *cycle repetition period* is going on. We, the incorporeal point light form soul actors have to clear our sinful karmic account here itself, discard our bodily apparels, purify our souls through the remembrance of supreme father before returning to *Paramdham* or *Muktidham*, our real abode. If we imbibe divine qualities by following his elevated dictates we will claim the heavenly birthright of *100 % purity, peace and happiness* in heavenly world. **NOW OR NEVER.**

During *doomsday* at the end of this world drama, the supreme soul also plays the part of *dharmraaj (supreme judge)* who clears the karmic account of souls through punishment as per their *merits-demerits* thereby performing supreme justice.

We are all today living in a world of multiple identities, multiple governments and also multiple religions and castes, which is a very different set up from the united set up which was in the beginning. Due to which there was complete *peace, love and happiness* in that land which we call *Jannat or Heaven or God's Garden* where *deities or devi devtas* used to reside.

Right now is the time to *fill ourselves with the divine qualities* by listening to *spiritual knowledge, remembering God, self-introspection* and *helping God in the service of mankind*

The world of deities has existed in the past and is being established again by the *Supreme Father or God*. This is the *birthright* of each and every soul in the world and is the *property of God*, the Supreme Father for all his children.
