

## **Dadi Janki & Dadi Gulzar – 5<sup>th</sup> March 2013 – Gyan Sarovar Question and Answer**

Q. What are the Dadis' feelings about the times we are living in?

Dadi Gulzar: On seeing you all I feel that within each one's mind there is the thought: What does Baba want from me? Baba wants us to have a smiling and yog yukt face so that we don't need to say anything; we don't need to give our introduction, our faces show that we are not ordinary. This is also our hope for ourselves. The latest is that Baba has told us to see how delicate times are. At delicate times how will service be done? It will be through the face. The quality of happiness will shine through the face. At that time, on seeing us, people will forget their sorrows and they will move into happiness. This is Baba's and Dadi's hopes for you; that your faces are filled with yoga so that your faces give the message. Each one of us should now be visible in this way. This is what Baba wishes.

Dadi Janki: We are seeing how what Baba told us in the Sakar Murlis is now visible. You have all come from all over the world. Baba is giving us so much sustenance. The study and the sustenance are our foundation. Through these we attain and we experience. If I don't do this now then will I do it? First I must do it. I

Dadi Gulzar: Yes, if I don't do this then who will do it?

Q. Some like everything in Madhuban but when they leave here they lose their experience of happiness...

Dadi Gulzar: In order to remain happy keep the list of attainments in front of you. Think about them. You will then realise them and you will be able to remain happy. We need to remain aware of our attainments.

Q. In what way should we remain ever-ready and be able to say 'Ha Ji'.

Dadi Janki: It is a matter of going into silence in a second. Let go of the past. Don't worry about the future. Remain carefree. Think deeply about Baba's things – the things that touch your heart. Keep your heart clean. With truth and love take Baba's words personally. Each word of Baba's words contains greatness that I cannot miss. Each one is playing his/her own role. We have to keep regard for each other. Neither should I come under anyone's influence nor should I have hatred for anyone. I have to be ready today.

Q. Both Dadis are here with us today. This is a unique scene. Through this bhavna everyone benefits. You have so much love and regard for each other. How can we develop the same love and regard amongst ourselves?

Dadi Janki: There has to be faith and honesty in feelings otherwise bhavna will not work. It is because of truthfulness, faith and bhavna that we are all sitting here. We also need a lot of patience; it is not that you even think that you have given someone so long to change but they remain the same. Eat the pills of peace, patience and love every day.

Dadi Gulzar: When I see anyone have the understanding that this soul is very, very fortunate; they have recognised Baba. The soul is great because of having recognised Baba. We need to see that greatness in each one. Then we would feel that this one and I are companions. Regard for each one is important. We are all making effort and we all belong to Baba. We are moving on the path together and we are emerging love and regard.

Q. The Yagya is very big now. What is the future of the Yagya. In what way will it move forward?

Dadi Janki: If you ask me personally I could not ask such a question - what will happen. I remember Karachi. It is now the 77<sup>th</sup> Shiv Jayanti. Pandav Bhavan has been there since 1958. We did not know that Gyan Sarovar would be created. We cannot predict what will happen. Baba has a plan. My task is to keep my intellect plain. Dadi Kumarka was here. Dadi Janki was sent to foreign lands. Who could have foretold all of that... God has a plan and we cannot know how and what will happen. I have to keep my intellect plain and move with the drama. Baba is the unlimited Father and He has created the unlimited service. He is just moving things around...We are simply His puppets. When a soul comes they can develop faith in a second. They can feel to do something now – that destruction is happening and that they have to use everything in a worthwhile way and immediately. They may feel to make everything profitable. Baba has drawn our attention to thought and time. We need firm faith and pure feelings.

Dadi Gulzar: This is not an accurate question. Victory is fixed on the forehead of each one. The work is God's. If the work is not accomplished then whose work will be accomplished? Victory is our Godly birthright. It is fixed that we will be victorious.

Q. How can we bring God into our lives in such a way that He doesn't seem far away?

Dadi Gulzar: There are 4 subjects in the Murlis. Busy your mind with them. What did Baba say today? The 4 subjects need to be churned and brought into practical. Your mind will then be so busy that you have no time for anything else. I take each subject and churn on it. I try to see what I am doing in my life in relation to that. Baba says we should be Manmanabhav so we have to keep the mind busy in this practice. The Murlis are the foundation of our lives.

Q. Do you experience how Baba gets His work done? Tell us please!

Dadi Janki: Baba gives us a fresh Murlis every day. It may be revised but it seems fresh. If you are not busy you will become lazy. We have to stay in pure feelings. This is what I tell the doctors and that is why I am still alive. When you see the picture of Brahma Baba, you see the sakar, the subtle and the incorporeal. Whilst in the physical he remained avyakt... yet he played his role. We have to remain with Baba, be a detached observer and play our parts. We keep what Baba wants in our minds and try to do what He wants... He is the One who is Karankaravanhar. He knows what is going on inside each one. He sees, He is listening... He gets what He has to get done through His children. He is watching. It is our duty to pay attention to our thoughts, to our actions. It is our duty to inspire each other because this is a family. We have to catch inspiration for expansion and do everything now...

Dadi Gulzar: Make your intellect firm in faith. Check if you have done everything Baba says. Keep yourself busy in that. You will then not need to make any effort. Are you a very firm (pukka) BK? Then make your remembrance very firm!

Dadi Janki: If you don't see the weaknesses of others you will become pukka! The weakness of seeing weaknesses will not allow you to become firm. You will become full of waste thoughts. The thinking about and speaking of weaknesses won't allow us to become complete. Baba gives us a lot of love and affection when we have remembrance and it is this that takes the soul towards completion. When one moves towards completion with the support of Baba's love there is no effort involved.

Dadi Gulzar: If you have any weakness then leave it here in the hall. Stop looking at others weaknesses and finish your own weaknesses.

Om Shanti
