

**Essence:** Sweet children, only the one Father is the Remover of Sorrow and the Bestower of Happiness. He alone removes all your sorrow. No human being can remove anyone's sorrow.

**Question:** What is the cause of peacelessness in the world? How is peace established?

**Answer:** The innumerable religions are the cause of peacelessness in the world. When there is diversity at the end of the iron age, there is peacelessness. The Father comes and establishes the one true religion and then peace is established there. You can understand that there was peace in the kingdom of Lakshmi and Narayan. There was the pure religion and pure action. The benevolent Father is once again creating that new world. There is no mention of peacelessness there.

Om shanti. The spiritual Father sits here and explains to you spiritual children. Only the spiritual Father is called the Ocean of Knowledge. This has been explained to you children. In Bombay there are many *social workers* who continue to have *meetings*. The place in Bombay where they normally hold *meetings* is called Bharatiya Vidhya Bhavan. There are two types of knowledge. One is worldly knowledge which is given in *schools and colleges*. They call that Vidhya (knowledge) Bhavan. There must also be something else there. People don't know what knowledge is. This should be Spiritual Knowledge Bhavan. Gyan is called knowledge. Only the Supreme Father, the Supreme Soul, is the Ocean of Knowledge. Krishna cannot be called the Ocean of Knowledge. The praise of Krishna is separate from the praise of Shiv Baba. The people of Bharat are confused. They consider the God of the Gita to be Shri Krishna, and so they continue to open Vidhya Bhavans (places of knowledge). They don't understand anything. That knowledge is the knowledge of the Gita. Only the one Father who is called the Ocean of Knowledge has that knowledge. Human beings do not know this. In fact, the religious scripture of the people of Bharat is just the one Bhagawad Gita which is the jewel of all scriptures. Who can be called God? The people of Bharat don't even understand this at this time. They call Krishna or Rama or themselves the Supreme Soul. Now, it is the tamopradhan period; it is the kingdom of Ravan. When you children explain to anyone, tell them: God Shiva speaks. First of all, they should understand that only the one Supreme Father, the Supreme Soul, is the Ocean of Knowledge and that He is called Shiva. People even celebrate the night of Shiva (Shiv Ratri), but no one is able to understand anything. Shiva must certainly have come. This is why they celebrate His night. They don't even know who Shiva is. The Father says: The God of all is One. All souls are brothers. The Father of all souls is the one Supreme Father, the Supreme Soul, and He is called the Ocean of Knowledge. Deities do not have this knowledge. Which knowledge? No human being has the knowledge of the Creator or the beginning, middle and end of creation. They say that even the ancient rishis and munis did not know it. They don't even understand the meaning of "ancient". "Ancient" means the golden and silver ages. The golden age is the new world. Rishis and munis did not exist there. All the rishis and munis came later. They too do not have this knowledge. They simply say, "Neti, neti" (neither this nor that). Since they too do not know, how could the people of Bharat who have now become tamoguni know? There is so much arrogance of *science* at this time. They believe that Bharat has become heaven through the *science* of the present time. That is called the *pomp* of Maya. They have a play showing the *fall of Pompeii*. They even say that, at this time, it is the fall of Bharat. The golden age is the rise and it is now the fall. This is not heaven. This is the *pomp* of Maya. It has to finish. People believe that, because there are planes, big palaces and lights, this is heaven. When someone dies, they say that he has gone to heaven. Even from this, they don't understand that if he has gone to heaven, it must mean that heaven is at some other place. This is the *pomp* of Ravan. The unlimited Father is establishing heaven. At this time, there is a tug of war between Maya and God, between the devilish world and the Godly world. This too has to be explained to the people of Bharat. A lot of sorrow is yet to come. A lot of sorrow will come. Heaven only exists in the golden age. It cannot exist in the iron age. No one knows what the most auspicious confluence age is. The Father explains: Knowledge is the day and devotion is the night. They continue to stumble in the dark. They study so many Vedas and scriptures in order to meet God. The day and night of Brahma means the day and night of Brahmins. You Brahmins are the true mouth-born creation. Those brahmins are an iron-aged physical creation. You are the most auspicious confluence-aged Brahmins. No one else knows these things. Only when they understand these things can it enter their intellects what they are doing. Bharat, which is called heaven, was satopradhan. Therefore, this surely is hell and this is why they go from hell to heaven. There is peace and happiness there. It is the kingdom of Lakshmi and Narayan there. You can explain how the human population can be reduced and how peacelessness can be reduced. There is peacelessness in the old,

iron-aged world. Only in the new world is there peace. There is peace in heaven. That is called the original, eternal, deity religion. The Hindu religion is of the present time. That cannot be called the original, eternal religion. It is because of the name Hindustan that they have called themselves Hindus. There was the original, eternal, deity religion. There was *complete* purity, happiness, peace, *health* and *wealth* there; there was everything there. Now people call out: We are sinners! O Purifier, come! The question arises: Who is the Purifier? Krishna cannot be called that. Only the Purifier, the Supreme Father, the Supreme Soul, is the Ocean of Knowledge. He alone comes and teaches you. Knowledge is called a study. Everything depends on the Gita. You now make exhibitions and *museums*, etc., but people still haven't understood the meaning of the *BKs*. They believe that this is another new religion. They listen to things but they don't understand anything. The Father has said: They have completely tamopradhan, stone intellects. At this time, many have the arrogance of *science*. They will destroy themselves through *science* and so they would be called those with stone intellects. They would not be called those with divine intellects. They build *bombs* etc. for their own destruction. It isn't that Shankar carries out destruction; no. Those people have created everything for their own destruction. However, those with tamopradhan and stone intellects do not understand anything. Whatever they make is for the destruction of this old world. It is only when destruction takes place that there will be victory for the new world. Those people are concerned about how to remove the sorrow of women. However, human beings cannot remove anyone's sorrow. Only the one Father is the Remover of Sorrow and the Bestower of Happiness. Even the deities cannot be called that. Krishna too is a deity; he cannot be called God. They do not understand anything. Those who do understand become Brahmins and continue to explain to others. Those who are to claim a royal status and who belong to the original, eternal deity religion will emerge. How did Lakshmi and Narayan become the masters of heaven? What actions did they perform that they became the masters of the world? At this time, at the end of the iron age, there are innumerable religions and so there is peacelessness. It isn't like that in the new world. This is now the confluence age when the Father comes and teaches you Raja Yoga. The Father alone gives you the *knowledge* of action, sinful action and neutral action. Souls come and take bodies in order to perform actions. Whatever actions people perform in the golden age are neutral actions. There are no sinful actions performed there; there is no sorrow there. Only the Father comes at the end and tells you the secrets of action, neutral action and sinful action. I come at the end of the last of this one's many births. I enter this chariot. This is the chariot of the soul, the immortal image. That isn't just in Amritsar. All human beings have an immortal throne. The soul is an immortal image. This body continues to speak and move. This is the living throne of the immortal soul. All are immortal images, but death comes to the body. The soul is immortal. They destroy the throne. There aren't many thrones in the golden age. At this time, there are thrones of millions of souls. The soul is said to be immortal. It is the soul that becomes satopradhan from tamopradhan. I am *ever* satopradhan and pure. Although they speak of the ancient yoga of Bharat, they think that Krishna taught that. They have falsified the Gita. They have changed the name in the biography. They have inserted the name of the child instead of the Father's. They celebrate the night of Shiva, but they don't know how He comes. Shiva is the Supreme Soul. His praise is completely different from that of souls. You children know that Radhe and Krishna become Lakshmi and Narayan. The dual-form of Lakshmi and Narayan is called Vishnu. There is no difference. However, there are no human beings with four arms or eight arms. They have shown the goddesses with so many arms. It takes time to explain this. The Father says: I am the Lord of the Poor. I come when Bharat becomes poor and there are the omens of Rahu. There were the omens of Jupiter and there are now the omens of Rahu over Bharat and the whole *world*. This is why the Father only comes in Bharat. He comes and establishes the new world which is called heaven. God speaks: I make you into the kings of kings. I make you into *double*-crowned masters of heaven. It has been 5000 years since the original, eternal, deity religion came into existence. It doesn't exist now. They have become tamopradhan. The Father Himself gives you the introduction of the Creator and creation. So many people come to you at the exhibitions and *museums*, but they don't understand anything. Scarcely a few understand and take the *course* to know the Creator and creation. The unlimited Father is the Creator. You receive an unlimited inheritance from Him. Only the Father gives you this *knowledge*. Then, when you have received the kingdom, there is no need for *knowledge* there. The new world of heaven is called salvation and the old world of hell is called degradation. The Father explains to you very well. You children also have to explain in the same way. You have to show them the picture of Lakshmi and Narayan. Peace is being established in the world. The *foundation* of the original, eternal, deity religion which the Father is now establishing doesn't exist. The deities had a pure religion and their actions were pure. This is now the *vicious world*. The new world is

called the *viceless world*, Shivalaya. You now have to explain to them so that the poor helpless ones can have some benefit. Only the Father is called the benevolent One. He comes at the most auspicious confluence age. The benevolent Father comes at the benevolent age and benefits all of you. He changes the old world and establishes the new world. There is salvation through knowledge. You can take *time* and explain this every day. Tell them: Only we know the Creator and the beginning, middle and end of creation. The Gita *episode*, in which God came and taught Raja Yoga and made us *double-crowned*, is now taking place. Even Lakshmi and Narayan became that through Raja Yoga. They studied Raja Yoga from the Father at the most auspicious confluence age. Baba explains everything so easily. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

- 1 The study of Raja Yoga is a *source of income* because it is through this that we become kings of kings. You have to study and teach others this spiritual study every day.
- 2 Always have the intoxication that we Brahmins are the true mouth-born creation. We have moved away from the iron-aged night and come into the day. This is the most auspicious, benevolent confluence age in which we have to benefit ourselves and everyone else.

**Blessing:** May you be free from any attraction and become a conqueror of matter by remaining detached from all material possessions.

If any material possession disturbs your physical senses, that is, if it makes you feel attracted to something, you cannot then become detached. Desires are a form of attraction. Some people say that they do not have any desires (ichcha), but that they do like (achcha) something. That too is a subtle form of attraction. *Check* that that material possession, that is, that facility of temporary happiness is not attracting you in a subtle way. Material possessions are facilities of matter and when you are not tempted by those, that is, when you remain detached, you will then become a conqueror of matter.

**Slogan:** Leave the chaotic problems of the consciousness of “mine” and stay in the unlimited and you will be said to be a world benefactor.
