

Essence: Sweet children, the Father is the Bestower. You children don't need to ask for anything from the Father. It is said: It is better to die than to ask for anything.

Question: Which awareness should you constantly have so that you don't have any worries or thoughts about anything?

Answer: Whatever is the *past* – good or bad – was fixed in the *drama*. The whole cycle will end and then *repeat*. Whatever effort each one of you makes, you claim a status accordingly. If you have this in your awareness, you will not have any worries or thoughts about anything. The Father's *direction* is: Children, do not remember the past. Do not listen to or speak of wrong things. Whatever is the past, do not think about it or *repeat* it.

Om shanti. The spiritual Father sits here and explains to you spiritual children. The spiritual Father is called the Bestower. He gives everything to the children by Himself. He comes to make you into the masters of the world. He explains everything to you children about how you have to become that. He continues to give you *directions*. He is the Bestower. He continues to give everything by Himself. It is better to die than to ask for anything. You don't have to ask for anything. Some children continue to ask for power, blessings, mercy etc. On the path of devotion, by constantly asking, you wore out your foreheads and continued to come down the ladder. Now, there is no need to ask for anything. The Father says: Follow *directions*. Firstly, He says: Do not remember the past. Whatever has happened in the *drama* is the *past*. Do not think about that. Do not *repeat* it. The Father simply tells you a few words: Constantly remember Me alone. The Father gives you *directions* or *shrimat*. It is the duty of you children to follow them. They are the most elevated *directions* of all. No matter how many questions and answers someone has, Baba would only explain in a few words. I am the Purifier. Continue to remember Me and your sins will be burnt away. That is all. Would one need to be given *directions* to remember anyone? You have to remember your Father, not shout or cry out! You simply have to remember the unlimited Father internally. What other *direction* does He give? Remember the cycle of 84 births because you have to become deities. You have been listening to the praise of the deities for half the cycle. (There was the sound of a child crying.) Now, *directions* are given to all *centres* that no one should bring little children here. Some arrangements should be made for them. Those who want to claim their inheritance from the Father would make arrangements themselves. This is the *university* of the spiritual Father and there is no need for little children here. It is a teacher's duty to bring children here to *refresh* them when they are *serviceable* and worthy. Whether someone is an eminent person or an ordinary person, this is a *university*. Those who bring little children here do not think that this is a *university*. Main thing is that this is a *university* and those who are studying here have to be very good and sensible. Weak ones would cause a *disturbance* because they would not be in remembrance of the Father, and so their intellects would wander here and there. They would cause a loss. They would not be able to stay in remembrance. If you bring little children here, it is a loss for the children. Some don't know that this is a *Godfatherly University* and that you change here from human beings into deities. The Father says: You may live at home with your families and children. Let alone just one week, even three or four days are enough. *Knowledge* is very easy. You have to recognise the Father. By recognising the unlimited Father, you will receive an unlimited inheritance. Which inheritance? The unlimited sovereignty. Do not think that *service* doesn't take place at the *museums* or exhibitions. Countless subjects are created. The Brahmin clan, the sun and moon dynasties are established here. So, this is a very big *university*. The unlimited Father is teaching you. Your heads should become completely full. However, the Father is in an ordinary body. He also teaches you in an ordinary way and this is why people don't like it. "A *Godfatherly University*, and it would be like this!" The Father says: I am the Lord of the Poor. I teach only the poor. Wealthy ones don't have the strength to study. They simply have palaces etc. in their intellect. Wealthy ones become poor and poor ones become wealthy; this is the law. Would you donate to a wealthy person? This is the donation of the imperishable jewels of knowledge. Wealthy ones cannot accept donations. This would not sit in their intellects. They simply remain trapped in their own limited creation, wealth and prosperity. For them, it is as though this is heaven. They say: We don't need another heaven. When an important person dies, they say: He has gone to heaven. They themselves say that he has gone to heaven, and so that must mean that they are in hell. However, they have such stone intellects that they don't understand what hell is. This is such a big *university* of yours. The Father says: I come and teach those whose intellects are locked. Only when the Father comes can He open the locks. The Father Himself gives *directions* about how the locks on your

intellects can open. You do not need to ask the Father for anything. You need faith in this. He is such a *most beloved* Baba whom you used to remember on the path of devotion. Whomever you remember would definitely come to you at some point. You remember Him so that this can *repeat* again. The Father comes and explains to only you children. Children then have to explain to those who are outside how Baba has come. What does He say? Children, all of you are impure. I alone come and purify you. You souls have become impure, so now remember Me, the Purifier Father. Remember Me, the *Supreme* Soul. There is no need to ask for anything here. On the path of devotion, you have been asking for half the cycle and you received nothing. Now, stop asking and I will continue to give you everything Myself. You receive an inheritance by belonging to the Father. Those who are mature children instantly understand the Father. The inheritance from the Father is the sovereignty of heaven for 21 generations. You know that when you are residents of hell, you receive temporary happiness by donating and performing charity. People also put aside something for charity. Generally, businessmen do that. So, the businessmen would say that they have come to do business with the Father. Children do business with their father. They take their father's *property* and then feed departed spirits, donate and perform charity from that. If they build dharamshalas (rest-houses), temples etc., they would name them after their father because they should definitely do something for the person from whom they received that *property*. That is also a deal. All of those are physical matters. The Father now says: Do not remember the past. Do not listen to wrong things. If anyone asks all sorts of questions, then say: There is no need to go into those things. First of all, remember the Father. Ancient Raja Yoga is very well known. The more remembrance you have and the more divine virtues you imbibe, the higher the status you will claim. This is a *university*. The *aim* and *objective* is *clear*. You have to make effort and become like that. Also imbibe divine virtues. You mustn't cause anyone sorrow of any type. You are the children of the Father who is the Remover of Sorrow and the Bestower of Happiness. That will be known from your *service*. Many new ones also come. Those who have been here for only 10 or 12 days will go ahead faster than those who have been here 25 or 30 years. You children have to make others the same as the Father. Unless you become Brahmins, how will you become deities? Brahma is the *great-great-grandfather*. People remember those who have been here and gone, and so they will definitely come back here again. All the festivals that are remembered have all been and will happen again. At this time, all the festivals, such as Raksha Bandhan etc. take place. The Father continues to explain the significance of all of them. You are the children of the Father and so you definitely have to become pure. People call out to the Purifier Father and so He shows the path. Whoever have claimed their inheritance every cycle are the ones who continue here *accurately*. You continue to see this as detached observers. As the detached Observer, Baba also sees to what extent you will be able to claim a high status and what your *character* is like. A *teacher* knows everything about how many you make similar to yourself and for how long you stay in remembrance. First of all, you have to keep it in your intellects that this is a *Godfatherly university*. A *university* is for *knowledge*. That is a limited *university* whereas this is an unlimited one. It is only the one Father who brings about salvation from degradation and who changes *hell* into *heaven*. The Father's vision goes to all souls; everyone has to be benefited. They have to be taken back home. Not just you; He would be remembering souls of the whole *world*, but He teaches His children. You also understand that, just as people came numberwise, so they will also return in the same way. All souls come down numberwise. It is explained to you how you will go to the new world. Whatever happened a cycle ago will happen again. How you will go to the new world again is also explained to you. It is only explained to those who go to the new world numberwise. By knowing the Father, you children know your religion and about the whole tree of all the other religions. There is no need to ask for anything here; not even blessings. Some write: Baba, what can I do? Have mercy! The Father will not do anything. The Father has come to show you the path. It is My *part* in the *drama* to purify everyone. I play My *part* in the way that I play it every cycle. Whatever happened in the *past*, good or bad, was fixed in the *drama*. You mustn't have any waste thoughts about anything. We continue to move forward. This is the unlimited *drama*. The whole cycle will finish and then *repeat*. Whatever effort each one makes, so he claims a status. There is no need to ask for anything. You asked for plenty of wealth on the path of devotion. You have used up all the wealth. All of this is predestined in the *drama*. Those people simply continue to talk to you. By your performing devotion and studying the scriptures for half the cycle, so much expense has been incurred. There is now no need for you to spend anything. The Father is the Bestower. The Bestower doesn't need anything. He has come to give

to you. Do not think that you have given to Shiv Baba. You receive a lot from Shiv Baba. You have come here to receive. *Students* go to their *teacher* to receive something. You have only gone into loss from your physical fathers, *teaches* and gurus. You children now have to follow *shrimat* because only then can you claim a high status. Shiv Baba is *double* Shri. You become *single* Shri. It is said: Shri Lakshmi and Shri Narayan. Shri Lakshmi and Shri Narayan are two beings. Vishnu is said to be Shri Shri because he is *joint*. Nevertheless, who makes both of them like that? Only the One who is Shri Shri. No one else is Shri Shri. Nowadays, people name themselves: Shri Lakshmi-Narayan, Shri Sita-Rama. So, you children have to imbibe all of this and remain happy. Nowadays, *spiritual conferences* also continue to take place. However, they don't understand the meaning of *spiritual*. No one, except the One, can give spiritual *knowledge*. The Father is the Father of all spirits. He is said to be *spiritual*. They say that *philosophy* is *spirituality*. You understand that this is a *jungle* where they continue to cause one another sorrow. You know that the supreme non-violent religion of the deities has been remembered. There is no violence there. To get angry is also violence – call it *semi* violence or call it something else. Here, you have to become completely non-violent. Nothing bad should happen through your thoughts, words or deeds. When someone works as a *policeman* etc., he has to do everything tactfully. As much as possible do everything with love. The Father has his own experience. He does everything with love. Great tact is needed for this. You have to explain to someone with great love how there is one hundred-fold punishment for one. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. We are the children of the Father, the Remover of Sorrow and the Bestower of Happiness. Therefore, do not cause anyone sorrow. Keeping your *aim* and *objective* in front of you, imbibe divine virtues. Do the service of making others the same as yourself.
2. While knowing every *part* of the *drama*, do not think about anything of the past. Pay attention that you do not perform any bad actions through your thoughts, words or deeds and thereby become *doubly* non-violent.

Blessing: May you be an embodiment of success in service by having a *balance* of love and the *authority* of truth.

You saw in this land of falsehood the practical form of the *authority* of truth in Father Brahma. His words of *authority* never gave the feeling of any type of ego. Love is merged in words of *authority*. Words of *authority* are not just lovely but also very impressive. So, *follow the father* and let both love and *authority* as well as humility and greatness be visible. At the present time, *underline* this *balance* in service and you will become an embodiment of success.

Slogan: To transform “mine” into “Yours” means to claim a right to fortune.
