

Essence: Sweet children, you now have to return home and you must therefore make effort to remember the Father and to reform your character.

Question: What is it that puts you to sleep on the path of ignorance? What damage has been caused by that?

Answer: Saying that the duration of a cycle is hundreds of thousands of years is something that puts everyone to sleep in the sleep of ignorance and it is through this that they have lost the eye of knowledge. They consider the home to be very far away: they have it in their intellects that they have to play their *parts* of happiness and sorrow here for hundreds of thousands of years. Therefore they do not make effort to become pure. You children know that the home is now very close. We now have to make effort and become karmateet.

Om shanti. The Father has now reminded you sweetest children of your home. Although people on the path of devotion also remember the home, they don't know anything about how or when to go there. By saying that the duration of the cycle is hundreds of thousands of years, they have forgotten their home. They believe that they will still play their *parts* here for hundreds of thousands of years and so they have forgotten the home. The Father now reminds you: Children, your home is very close. You are now to go to your home. I have come because you children called out to Me. Will you come with Me? This is something so easy! On the path of devotion, they don't know when they will go to the land of liberation. Liberation is called the home. Because of saying it is hundreds of thousands of years, they have forgotten everything. They have forgotten the Father and also the home. A lot of difference is caused by saying it is hundreds of thousands of years. It is as though they have fallen asleep in the sleep of ignorance. No one understands anything. On the path of devotion, they show the home to be very far away. The Father says: Wonderful! You now have to go to the land of liberation. It isn't that you perform devotion for hundreds of thousands of years. You don't even know when devotion began. There is no need to make a calculation of hundreds of thousands of years. People forget the Father and the home. This is also fixed in the *drama* but they have needlessly made it so distant! The Father now says: Children, your home is very close. I have now come to take you back. You have to go back home. However, you definitely do have to become pure. You have been bathing in the Ganges, but none of you became pure. If you had become pure, you would have gone home. However, you don't know about the home and you don't know about purity. People have been performing devotion for half the cycle and so they can't stop it. The Father now says: Devotion is coming to an end. There continues to be limitless sorrow in devotion. It isn't that you children have seen sorrow for hundreds of thousands of years. There is no question of hundreds of thousands of years. You experienced real sorrow in the iron age when you became dirtied by many vices. Previously, when you were in the rajo stage, you had some understanding, but you have now become completely senseless! You children are now told: If you want to go to the land of happiness, become pure! Remove the burden of sins of many births that are on you heads with remembrance. You will become very happy through remembrance. Remember the Father who takes you to the land of happiness for half the cycle. The Father says: You have to become like Lakshmi and Narayan. Therefore, become pure and reform your character. Vices are called evil spirits. The evil spirit of greed is no less. That evil spirit is very impure; it makes people completely dirty. Even greed makes you commit a lot of sin. The five vices are very strong evil spirits. You have to renounce all of them. It is just as difficult to renounce greed as it is to renounce lust. Even to renounce attachment becomes just as difficult as it is to renounce lust; they just can't renounce it. The Father has been explaining all your lives, but, even then, the strings of attachment remain connected. Even anger is renounced with great difficulty. People say: I feel angry with the children. They mention the word "anger". No evil spirit should come. You have to become victorious over them. The Father says: Continue to make effort for as long as I am here. How many years will the Father remain here? The Father has been sitting here and explaining for so many years. He has given a good amount of *time*. It is very easy to know the world cycle. All the knowledge enters your intellects in seven days, but it takes time for the sins of many births to be cut away. This is the difficulty. Baba gives you *time* for this. There is a lot of *opposition* from Maya for she makes you completely forget. Whilst sitting here, you are not sitting in remembrance all the time. Your intellects wander in many directions. This is why you have to give *time* to making effort and reach your karmateet stage. The study is very easy. A *sensible* child would understand in seven days all the knowledge of how this cycle of 84 turns. However, effort is required to become pure. There is so much upheaval because of this. People understand that this is *right* and that they used to cause defamation saying that the Brahma

Kumaris made everyone into brothers and sisters. However, this is absolutely *right*. How can we remain pure unless we become the children of Prajapita Brahma? How can we change into those with *civil eyes* from being those with *criminal eyes*? This is a very good method: We are Brahma Kumars and Kumaris and so we are brothers and sisters. You receive a lot of help through this in making your *eyes civil*. There is also the task of Brahma. The deity religion is established through Brahma, that is, human beings are changed into deities. The Father comes at the most auspicious confluence age. So you have to make so much effort in order to explain this. *Centres* are opened to give the Father's introduction. You have to claim the unlimited inheritance from the unlimited Father. God is incorporeal whereas Krishna is a bodily being; he cannot be called God. People say that God will come and give the fruit of devotion, but they don't have the introduction of God. You explain so much and yet people don't understand. Bodily beings definitely take rebirth. The inheritance cannot be received from them. Souls receive this inheritance from the Supreme Father, the Supreme Soul. Human beings cannot grant liberation-in-life to human beings. You children are making effort to claim this inheritance. You had been wandering around so much in order to meet that Father. Previously, you used to worship Shiva alone and you didn't go to anyone else at all; that was unadulterated devotion. There weren't as many temples etc. to anyone else. Now, there are so many images and people build so many temples etc. You have to make so much effort on the path of devotion. You know that there is no path to liberation or salvation in the scriptures. Only the one Father shows you that. They continue to build so many temples on the path of devotion. In fact, temples are only built to those deities who resided in the golden age. There aren't temples built to other human beings because they are impure. Impure human beings worship pure deities. Although they too are human beings, they have divine virtues. Those who don't have divine virtues worship them. You yourselves were worthy of worship and you then became worshippers. To worship human beings means to worship the five elements. The body is made of the five elements. You children now have to go to the land of liberation. You performed so much devotion for that. I now take you back with Me and you will then go to the golden age. The Father has come to take you from the impure world to the pure world. There are two pure lands: liberation and liberation-in-life. The Father says: Sweetest children, I come at the confluence age of every cycle. You take on so much sorrow on the path of devotion. There is also the song: We went around in all four directions, and yet remained distant from You! From whom did we remain distant? From the Father. In order to find the Father, you went around birth after birth. Nevertheless, you remained distant from the Father. This is why people call out: O Purifier, come! Come and make us pure! No one except the Father can make you this. So, this is a drama of 5000 years. You are all making effort, according to the *drama*, exactly as you did in the previous cycle. The kingdom is being established according to that. Not everyone will study to the same extent. This is a school. This is the study of Raja Yoga. Those who belong to the deity religion will emerge. The population of the incorporeal world will also be *accurate*; it won't be any more or any less. There is an exact number of *actors* in a play, but people cannot understand this. However many there are, that number is *accurate* and they will come and play their *parts*. You will go to the new world and all the rest will go there (home). If any of you want to count them now, you can do so. The Father is now telling you very deep *points*. There is so much difference between the explanation given at the beginning and the explanation given now. Study takes *time*. No one can become an *ICS* straight away. Study takes place numberwise. The Father makes everything so easy and explains to you so that it can easily sit in people's intellects. Day by day, He continues to explain new *points*. The Father now says: You called out to Me, the Purifier Father, to come. I have come. Therefore, become pure! Consider yourselves to be souls and constantly remember Me alone and you will become satopradhan. You will then have to come down here to play your *parts*. The Father says: Souls have become impure and this is why in order to become pure, you remember the Purifier Father. It is such a *wonder* that such a tiny soul plays such a big *part*! This is called a wonder. It cannot be seen. Some say that they want to have a vision of the Supreme Soul. The Father says: What vision would you have of such a tiny soul? I am someone you have to know, but it is difficult to see Me. The soul has received all of these physical organs in order to play a *part*. How great a *part* the soul plays is a *wonder*! A soul never wears out. This is the imperishable *drama* and it is predestined. You cannot ask when it was created; it is called eternal. Ask people: when did you start burning Ravan? When did you start studying the scriptures? Because they don't know, they would say: Since eternity! They are confused. The Father sits here and explains in the same way that children are taught. You know that you were completely senseless and that you now have unlimited understanding. That is a limited study whereas this is unlimited. It is day for half the cycle and night for half the cycle. You cannot experience the slightest sorrow for 21 births. It is said: May not even a hair of yours bend! No

one can cause you sorrow. The very name is the land of happiness. There is no happiness here. The main thing is purity. A very good *character* is required. Everything is explained to you children very *clearly*. There is damage and loss. The Father now says: There is no question of benefit at this time. Now there will be loss and further loss. The time for destruction is coming, and so just see what happens at that time! When there isn't any rain, grain becomes so expensive. No matter how much they say that there will be a lot of grain after three years, they still have to import grain from abroad. The time will come when you won't be able to get a single grain. So many calamities are to come. They call those, "Godly calamities." When there isn't any rain, there will definitely be famine. All the elements etc. are going to get worse. In many places, rain causes so much damage. You children know that the Father is establishing the eternal deity religion. This is your *aim* and *objective*. You are being made into Narayan from an ordinary man once again. Only the unlimited Father teaches you this unlimited lesson. However much someone studies, he claims a status accordingly. The Father inspires you to make effort. If you make less effort, a low status will be received. A *teacher* would explain to *students*. When you make others similar to yourselves, it can be known that you study well and also teach others. The main thing is the pilgrimage of remembrance. There are huge burdens of sin on your heads. Remember Me and your sins will be burnt away. This is a spiritual pilgrimage. Also teach small children to remember Shiv Baba; they too have a right. They wouldn't understand that they have to consider themselves to be souls and remember the Father; no, they will only remember Shiv Baba. By making effort, they too can be benefitted. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to claim the status of Narayan from an ordinary man, learn the unlimited lesson from the unlimited Father and also teach others. Do the service of making others similar to yourself.
2. Make effort to remove the strings of attachment and greed. Reform your character in such a way that no evil spirits enter you.

Blessing: May you be completely pure by making your thoughts pure, knowledge-full and powerful. In order to become equal to the Father, make the *foundation* of purity firm. To observe the vow of celibacy as the *foundation* is a *common* matter, and so do not be happy with just that. *Underline* the purity of vision and attitude even more. As well as this, make your thoughts pure, knowledge-full and powerful. There is still a lot of weakness in thoughts. Finish this weakness and you will then be said to be a completely pure soul.

Slogan: Let there be mercy and good wishes for everyone in your vision and there will then be no trace of arrogance or insult.
