

Essence: Sweet children, this dirty world is now to be set on fire. Therefore, forget everything that you call yours, including your body. Do not attach your heart to this world.

Question: Why does the Father inspire you to have distaste for this land of sorrow?

Answer: Because you have to go to the land of peace and the land of happiness. You no longer have to stay in this dirty world. You understand that souls will separate from their bodies and return home. Why should you look at those bodies? Therefore, your intellect should not be drawn towards anyone's name or form. Even by having dirty thoughts, your status will be destroyed.

Om shanti. Shiv Baba speaks to His children, to you souls. It is the soul that listens. You have to have the faith that you are a soul. After having this faith, you have to explain to others that the unlimited Father has come to take everyone back home. He frees you from the bondages of sorrow and takes you into relationships of happiness. Relationship is called happiness and bondage is called sorrow. Do not now attach your heart to anyone's name or form etc. here. Prepare to return to your home. Unlimited Baba has come to take all souls back home. Therefore, do not allow your heart to be drawn to anyone here. All of the bondages here are dirty. You understand that you now have become pure, that no one should touch your body with dirty thoughts. Those thoughts are removed. You cannot return home without becoming pure. You will have to experience punishment if you do not reform yourself. At this time all souls are unreformed; they perform dirty actions through their bodies. Their hearts are attached to dirty bodily beings. The Father comes and says: Stop all of those dirty thoughts. You souls have to separate from your bodies and return home. This world is very dirty; you no longer want to stay in it. You have no desire to look at anyone. The Father has now come to take you to heaven. The Father says: Children, consider yourselves to be souls. In order to become pure, remember the Father. Do not attach your hearts to any bodily beings. All your attachments should end completely. A husband and wife love each other a lot; they cannot be separated from one another. You now have to consider yourselves to be souls, brothers. No dirty thoughts should remain. The Father explains: This world is now a brothel. It is because of the vices that you have experienced sorrow from their beginning, through the middle to the end. The Father inspires you to have distaste. You are now sitting in a *steamer* and ready to return home. The soul understands that he is now returning to the Father. You have disinterest in this entire old world. You no longer want to stay in this dirty world of hell, the brothel. Therefore, it is very bad to have dirty thoughts of poison; your status would also be destroyed. The Father says: I have come to take you to the beautiful world, the land of happiness. I will take you away from this brothel to the Shiva Temple. Therefore, your intellect's yoga should now remain with the new world. You should have so much happiness. Unlimited Baba is teaching you. It is in your intellects how the unlimited cycle of the world turns. By knowing the cycle of the world, that is, by spinning the discus of self-realization, you become rulers of the globe. If your intellect's yoga is connected to a bodily being, your status will be destroyed. You should not remember any bodily relationships. This is the world of sorrow in which everyone causes sorrow. The Father takes everyone away from this *dirty* world. Therefore, connect your intellect's yoga to your home. Humans perform devotion in order to go into liberation. You also say: We souls do not want to stay here. We will renounce these dirty bodies and return to our home. This is an old shoe. You will renounce those bodies while remembering the Father. In your final moments, you should not remember anyone except the Father. You also have to leave your body here. When you leave your body, you also leave everything else. You have to forget everything that you say is yours, including your own body. This dirty world is to be set on fire. This is why you must not attach your heart to it. The Father says: Sweetest children, I am establishing heaven for you. You are the ones who will go and live there. Your faces are now in that direction. You have to remember the Father, the home and heaven. You have distaste for this land of sorrow. You have distaste for these bodies. What need is there to get married? By getting married, your heart becomes attached to the body. The Father says: Do not love those old shoes. This is a brothel; all are impure. It is the kingdom of Ravan. You must not attach your heart to anyone here except the Father. If you do not remember the Father, your sins of innumerable births cannot be cut away. In that case, you will have to experience a great deal of punishment and your status will also be destroyed. Therefore, why not renounce those iron-aged bondages? The Father explains these unlimited things to everyone. When sannyasis were rajopradhan, the world was not so dirty. They used to live in the *jungle* and everyone would be attracted to them. People would take food to them there. They lived there without any fear. You also have to remain fearless. You need a broad intellect for this. You children become happy when you come to the Father. You are claiming your inheritance of the land of

happiness from the unlimited Father. There is so much sorrow here. There are many dirty diseases etc. The Father gives you a *guarantee* that He will take you to a place where there is no sorrow or any trace of sickness etc. He makes you *healthy* for half a cycle. You will have to experience a great deal of punishment if you attach your heart to anyone here. Explain to those who speak of three *minutes' silence* and ask them: What will happen with just *silence*? Here, you have to remember the Father through which your sins can be absolved. The Father is the One who gives you the blessing of *silence*. How can you receive peace without remembering Him? Only by remembering Him can you receive your inheritance. *Teachers* should teach these lessons. You should become alert and no one will then say anything. Since you belong to the Father, you will receive food for your stomach. You will receive a great deal for your livelihood. Daughter Vedanti took an exam in which there was the question: Who is the Sermonizer of the Gita? She replied: The Supreme Father, the Supreme Soul, Shiva. So she failed, whereas those who wrote Krishna's name *passed*. The child told the truth, but, because they do not know this, they failed her. Then she had to argue with them and tell them that she wrote the truth. The incorporeal Supreme Father, the Supreme Soul, is the God of the Gita. It cannot be Krishna, the bodily being. However, this child had the desire to do spiritual *service*, and so she stopped studying. You now know that, while remembering the Father, you have to renounce your body and go to the world of *silence*. By staying in remembrance you receive both *health* and *wealth*. There used to be *peace* and *prosperity* in Bharat. If you kumaris were to sit and explain these things to people, no one would criticize you. If any of them oppose you, you can put your case to them according to the law. Go and see the important *officers*. What can they do to you? It's not that you will starve! You can eat a chappati with a banana or yogurt. Human beings commit so many sins for the sake of their stomachs. The Father comes and changes everyone from a sinful soul to a charitable soul. There is no need to commit sin or tell lies. You receive happiness for three quarters of the cycle and sorrow for only one *quarter* of the cycle. The Father now says: Sweetest children, now remember Me and your sins of many births will be burnt away. There is no other method. People stumble a great deal on the path of devotion. They could worship Shiva at home, but they still definitely go to a temple. Here, you have found the Father. There is no need for you to keep an image of Him. You know Baba. He is your unlimited Father. He is giving you children your inheritance of the kingdom of heaven. You have come here in order to claim your inheritance from the Father. Here, there is no question of studying any scriptures etc. You simply have to remember the Father. Baba, we are about to come to You. How long has it been since you left that home? After leaving the land of happiness you took 63 births. The Father now says: You have to go to the land of peace and the land of happiness. Continue to forget this land of sorrow. Remember the land of happiness and the land of peace. There is nothing *difficult* about this. Shiv Baba doesn't need to study any scriptures etc. This Brahma has studied them. Shiv Baba is now teaching you. This Brahma can also teach. However, you must always consider it to be Shiv Baba who is teaching you. By remembering Him, your sins will be absolved. This one is in between. The Father says: There is now very little *time* left, not a great deal. Don't think that you will receive whatever is in your fortune. In a *school*, you have to make effort to study. You wouldn't just say that you will receive whatever is in your fortune. If you do not study here, you will have to work there for innumerable births. You will not be able to claim a kingdom. Later on, in the silver age, you might receive a crown. The main thing is to become pure and inspire others to become pure. Tell others the true story of becoming the true Narayan. This is very easy. Explain that you have two fathers. You receive a limited inheritance from your limited father and you receive your unlimited inheritance from your unlimited Father. By remembering your unlimited Father, you become a deity. However, within that, you have to claim a high status. People fight hard to claim a status. At the end they will help one another out with *bombs*. There never used to be so many religions, but they will no longer remain. You are the ones who are to rule the kingdom. Therefore, have mercy for yourselves! At least claim a high status! Some children even give eight annas (half a rupee) and say: Place one brick for me for heaven. You have heard of the example of Sudama: in return for a handful of rice he received a palace. The poor only have eight annas, so they can only give that much. They say: Baba, we are poor. You children are now earning a true income. The income of everyone else here is false. When they donate and perform charity, they are only donating to sinful souls. Therefore, instead of it becoming charity, it becomes a sin. It also becomes a sin for the one who gave the money. By doing such things, everyone has become a sinful soul. Charitable souls only exist in the golden age; that is the world of charitable souls. Only the Father can create that world. It is Ravan who makes souls sinful. People become very dirty. The Father now says: Don't perform dirty actions. There is no dirt in the new world. Its name is heaven, so there cannot be anything else there. One's mouth begins to water as soon as the word "heaven" is said. The deities must

have existed; that is why their memorials exist. Souls are imperishable. There are countless *actors*. They must have been sitting somewhere from where they came to play their *parts*. There are now countless human beings in the iron age. The kingdom of the deities no longer exists. It is very easy to explain to others. One religion is being established again and all the others are to be destroyed. When you were in heaven, there was no other religion. In the picture of Rama they have portrayed him with a bow and arrow. There is no question of a bow and arrow there. You understand that the *service* someone does now is the service he did in the previous cycle. Those who do a great deal of *service* are loved by the Father a great deal. When a physical father's children study very well, he has more love for them than he has for those who just keep quarrelling and eating. Those who do *service* are loved a great deal. There is a story about the two cats that fought while Krishna took the butter from them and ate it. You are the ones who receive the butter of the kingdom of the whole world. Therefore, do not make any mistakes now and become dirty. Do not lose your kingdom because of that. You receive the Father's *directions*. If you do not remember Him, your burden of sin will continue to increase, and you will then have to experience a great deal of punishment. You will cry a lot in repentance. You can receive a kingdom for 21 births. However, if you *fail* in this you will cry a lot. The Father says: Don't remember your father's home or your in-laws' home. Simply remember your future new home. The Father says: Don't go crazy on seeing someone. You have to become a flower. The deities were flowers. There are thorns in the iron age. Now, at the confluence age, you are becoming flowers. You must not cause sorrow for anyone. It is only when you become like that here that you will go to the golden age. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. You must not remember anyone except the one Father in your final moments. In order to achieve this, do not allow your heart to become attached to anyone. Do not have love for impure bodies. Break your iron-aged bondages.
2. Make your intellect broad and become fearless. In order to become a charitable soul, do not commit any sin now. Don't speak lies for the sake of your stomach. Use your handful of rice in a worthwhile way and accumulate a true income. Have mercy for yourself.

Blessing: May you be loved by all and with your stage of having pure and positive thoughts for everyone, receive everyone's co-operation.
Everyone has love emerging in their hearts for souls who have pure and positive thoughts for others and this love makes them co-operative. Where there is love, they are constantly ready to surrender their time, wealth and co-operation. Pure and positive thoughts for others will make them loving and love will enable them to give their co-operation in every way. Therefore, remain constantly full of pure and positive thoughts for the self and have pure and positive thoughts for others and make them loving and co-operative.

Slogan: Become bestowers at this time and every soul in your kingdom will be completely full for birth after birth.

*** OM SHANTI ***
