

**Essence:** Sweet children, just as you have the faith that God is not omnipresent and that He is your Father, so you also have to explain this to others and instil this faith in them and then ask their *opinions*.

**Question:** What does the Father ask His children which no one else can ask?

**Answer:** When Baba meets you children, He asks: Children, have we met before? The children who understand this say at once, "Yes, Baba, we met You 5000 years ago." Those who don't understand become confused. No one else would have the sense to ask such a question. The Father alone explains to you the secrets of the whole cycle.

Om shanti. The unlimited spiritual Father speaks to you spiritual children. You are sitting here in front of the Father. You leave your homes with the thought that you are going to Shiv Baba who has entered the chariot of Brahma and is giving you the inheritance of heaven. We were in heaven and then, whilst going around the cycle of 84 births, we came down and fell into hell. This would not be in the intellect of anyone in any other spiritual gathering. You know that you are going to Shiv Baba who enters this chariot and teaches you. He has come to take us souls back with Him. We will definitely receive an unlimited inheritance from the unlimited Father. The Father has explained that He is not omnipresent; it is the five vices that are omnipresent. You too have the five vices in you and this is why you are greatly unhappy. You definitely have to get people to write the *opinion* that God is not omnipresent. You children have the firm faith that God, the Father, is not omnipresent. The Father is the *Supreme* Father, the *Supreme Teacher* and also the Guru. He is the unlimited Bestower of Salvation. He alone is the One who gives peace. Nowhere else does anyone think about what they are to receive. They simply enjoy listening to the Ramayana, the Gita etc. They don't have the meaning of anything in their intellects. Previously, we used to say that the Supreme Soul is omnipresent. The Father now explains that that was false. It is a matter of great defamation. So, this *opinion* is also very essential. Nowadays, those you ask to carry out an *opening* write that the Brahma Kumaris are doing very good work and that they give very good explanations, that they show you the way to attain God. This has a very good impact on people's hearts. However, no one writes or gives the *opinion* that it is a great mistake when people in the world say that God is omnipresent. God is the Father, *Teacher* and Guru. This is the first main thing. Secondly, you need an *opinion* that says: Through this explanation, I can understand that the God of the Gita is not Krishna. No human being or deity can be called God. God is only one and He is the Father. It is only from that Father that we receive the inheritance of peace and happiness. You have to receive such *opinions*. The *opinions* that people write now are of no use. Yes, at least they write that they are given very good teachings here. However, get them to write the main thing in which you have to be victorious, that the Brahma Kumaris speak the truth when they say that God is not omnipresent. He is the Father; He alone is the God of the Gita. The Father comes and liberates you from the path of devotion and gives you knowledge. This *opinion* too is necessary: The Purifier is not the Ganges, the river of water, but the one Father. Only when people write such *opinions* will you become victorious. There is now still *time*. So much *service* is taking place, so much expense is being incurred, but that is because you children are helping one another. People outside don't know anything at all. You use your bodies, minds and wealth whilst establishing your kingdom for yourselves. Those who do it will receive the return of it. Those who don't do anything will not receive anything. Only you do this every cycle. Only you become those with faith in the intellect. You understand that the Father is the Father and the *Teacher* and that He speaks the knowledge of the Gita in an accurate way. Although people have been listening to the Gita on the path of devotion, they have not attained a kingdom. From Godly instructions, they became devilish directions. Their *character* became spoilt and they became impure. So many millions of people go to the Kumbha mela. They go wherever they see water because they believe that they will be purified by the water. However, water everywhere comes from rivers. Can anyone become pure through that? Is it that, by bathing in water, we will become pure from impure and become deities? You now understand that no one can become pure through that. That too is a mistake. You should get people's *opinions* on these three matters. At present, they just say that this organisation is good and so the misconceptions that people have - that the Brahma Kumaris have magic and that they abduct people - are removed because a lot of that sound has spread everywhere. That sound also went abroad. They said that this one needs 16,108 queens and that he has already found 400. That was because, at that time, there were 400 people who used to come to the spiritual gathering. Many people opposed us and they also did *picketing* etc., but no one was able to do anything in front of the Father. Everyone used to say: Where has

this magician come from? Then, just look at the *wonder*! Baba was in Karachi. The whole group got themselves together and went running there. No one knew how those people ran away from their homes. They didn't even think about where they would all stay. Then Baba immediately bought a bungalow. So, that was magic. Even now, people say that you people are magicians, that if anyone goes to the Brahma Kumaris, they will not come back again, that they make husbands and wives into brothers and sisters. Very many didn't come. Now, when they see your exhibitions etc., whatever misconceptions they have in their intellects are removed. However, no one writes the *opinion* that Baba wants. Baba wants these *opinions*. They should write that Krishna is not the God of the Gita. The whole world thinks that it is God Krishna who speaks. However, Krishna takes the full 84 births whereas Shiv Baba is beyond rebirth. So, many people's *opinions* are needed for this. There are so many people who listen to the Gita. Then, they should read in the newspapers that the God of the Gita is the Supreme Father, the Supreme Soul, Shiva. He alone is the Father, *Teacher* and Bestower of Salvation for All. It is only from Him that you receive the inheritance of peace and happiness. However, whatever effort you now make to have inaugurations carried out, you simply remove people's misconceptions and they receive good explanations, but, they should write the *opinions* that Baba wants. That is the main *opinion*. However, those people simply advise that this organisation is very good. What will happen through that? Yes, as you make further progress, when establishment and destruction come closer together, you will receive these *opinions*. They will understand everything and write them. At least they have now started to come to you. You have now received the knowledge that you are all children of the one Father and that you are all brothers. It is very easy to explain this to anyone. The Father of all souls is that *Supreme* Baba. You should definitely also receive a *supreme* unlimited status from Him. You received that 5000 years ago. Those people say that the duration of the iron age is hundreds of thousands of years. You say that the whole cycle is only 5000 years, and so there is so much difference. The Father explains: 5000 years ago, there was peace in the world. This *aim and objective* is in front of you. There used to be peace in the world in their kingdom. We are once again establishing that kingdom. There was peace and happiness in the whole world. There was no mention of sorrow. Now, there is limitless sorrow. We are establishing this kingdom of peace and happiness with our own bodies, minds and wealth in an incognito way. The Father is incognito, the *knowledge* is incognito and your efforts are also incognito. This is why Baba doesn't like songs and poetry etc. That belongs to the path of devotion. You have to remain silent here. You have to remember the Father whilst peacefully walking and moving around and also spin the world cycle in your intellects. This is now our final birth in this old world. Then, we will take the first birth in the new world. Souls definitely have to become pure. All souls now are impure. You souls have yoga with the Father in order to make yourselves pure. The Father Himself says: Children, renounce all bodily relations, including your bodies. The Father is preparing the new world. Remember Him and your sins will be cut away. Oh! how can you forget such a Father who gives you the sovereignty of the world? He says: Children, simply remain pure in this final birth. The destruction of this land of death is now in front of you. This destruction took place identically 5000 years ago. You remember this much. There was only your kingdom and there was no other religion. When anyone comes to Baba, I ask them: Have we met before? Those who have understood knowledge say straight away that they met Baba 5000 years ago. New ones who come become confused. Baba then understands that their teacher has not explained it to them. Then, I tell them: Think about this. They then remember. No one else can ask this question. They would not have the sense to ask it. What do they know of these things? As you progress further, many who belong to your clan will come and listen to you. The world definitely has to change. The secrets of the cycle have been explained to you. You now have to go to the new world. Forget this old world. The Father is building a new home and so your intellects go to that. Then, there is no attachment to the old home. This, then, is an unlimited matter. The Father is establishing the new world of heaven. Therefore, see but do not see this old world. Let your attachment be to the new world and let there be disinterest in this old world. Those people in hatha yoga have limited renunciation and they go and sit in the forests. Your disinterest is in the whole of the old world. There is limitless sorrow here. In the golden-aged new world, there is an abundance of happiness, and so you would definitely remember that. Here, all are those who cause you sorrow. Parents trap you in the vices. The Father says: Lust is the greatest enemy. By conquering it, you will become conquerors of the world. The Father teaches you this Raja Yoga through which you claim this status. Tell them: God told me in a dream: Become pure and you will receive the kingdom of heaven. So, I will not become impure in this one birth and lose my kingdom. All the quarrelling is because of this purity. Draupadi called out: Dushashan is making me impure! They perform a play in which Krishna gives 21 sarees to Draupadi. The Father sits here and

explains how there is so much misfortune. There is limitless sorrow whereas there was limitless happiness in the golden age. I have now come to destroy all the irreligion and to establish the one true religion. I give you your fortune of the kingdom and I then depart into the stage of retirement. Then, there will be no need of Me for half the cycle. You will never even remember Me. Baba explains: The wrong *vibrations* that everyone has for you in their minds are now being put right. However, the main thing is to get people to write the *opinion* that God is not omnipresent. He came and taught Raja Yoga. The Father is also the Purifier. Rivers of water cannot purify anyone. There is water everywhere. The unlimited Father now says: Consider yourself to be a soul. Renounce your body and all bodily relations. It is the soul that sheds one body and takes another. They then say that the soul is immune to the effect of action. To say that the soul is the Supreme Soul is something that's heard on the path of devotion. Children say: Baba, how can we remember You? Oh! Don't you consider yourself to be a soul? A soul is such a tiny point, and so his Father would also be just as tiny. He doesn't come into rebirth. You have this knowledge in your intellects. Why would you not remember the Father? Remember the Father whilst walking and moving around. Achcha, you may consider the Father to have a big form, but at least remember just the One, and then your sins will be cut away. There is no other way. Those who understand this say: Baba, by remembering you, we will become pure and become the masters of the pure world, so why would we not remember You? You have to remind one another so that your sins can be cut away. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Just as the Father and *knowledge* are incognito, so too, make incognito effort. Instead of singing songs and reading poems etc., remain silent. Remember the Father whilst walking and moving around in silence.
2. The old world is changing and you must therefore remove your attachment from it. Do not see it whilst seeing it. Connect your intellect to the new world.

**Blessing:** May you become free from any jamela (circus chaos) by taking your mind and intellect away from them and by celebrating a meeting.  
Some children think that their stage or their service will become good when this jamela finishes. However, jamelas are like a mountain; a mountain will not move. So, whenever there is a jamela, move your mind and intellect away from it and cross over the mountain of any jamela with your flying stage and you will experience it to be very easy to climb the mountain. Jamelas will come in the world of jamelas, but you simply have to remain free from them and you will be able to celebrate a meeting.

**Slogan:** Those who play *hero parts* in this unlimited play are *hero* actors.
