

**Essence:** Sweet children, *hear no evil!* You are sitting here in the company of the Truth. You must not get into the bad company of Maya. By being influenced by bad company, you choke with doubts.

**Question:** Why can no human being at this time be called *spiritual*?

**Answer:** Because all are body conscious. How can those who are body conscious be called *spiritual*? Only the one incorporeal Father is the *spiritual Father*, who also gives you teachings to become soul conscious. Only the one Father can be given the title "*The Supreme*". No one, apart from the Father, can be called "*The Supreme*".

Om shanti. When you children sit here, you know that Baba is your Baba, *Teacher* and Satguru. There is a need for all three. First is the Father, then the *Teacher* who teaches you and then, at the end, there is the Guru. Here, you have to have remembrance in this way, because this is something new. He is also the unlimited Father. Unlimited means He belongs to everyone. Anyone who comes here would be told: Keep this in your awareness. If any of you have doubts about this, raise your hand! This is something *wonderful*. For birth after birth, you never found anyone whom you would consider to be your father, *teacher* and satguru, let alone the *Supreme*. He is the unlimited Father, the unlimited *Teacher* and the unlimited Satguru. Did you ever find anyone like that? You cannot find anyone like that at any time other than at this most auspicious confluence age. If any of you have doubts about this, you can raise your hand. Everyone sitting here has faith in the intellect. These three are the main ones. The unlimited Father gives you unlimited *knowledge*. There is just this unlimited knowledge. You have been studying many types of limited *knowledge*. Some become lawyers, some become *surgeons*, because all are needed here: *doctors*, lawyers, *judges*; etc. There is no need for them there. There is no question of sorrow there. So, the Father now sits here and gives you children unlimited teachings. Only the unlimited Father gives you unlimited teachings, and then you will not need to study anything for half the cycle. You receive these teachings only once, that is, they are fruitful, that is, you receive the fruit of them for 21 births. *Doctors, barristers, judges* etc. do not exist there. You have this faith. It truly is like this. There is no sorrow there. There is no suffering of karma there. The Father sits here and explains to you the philosophy of karma. Do those people who relate the Gita tell you this? The Father says: I teach you children Raja Yoga. They have written "God Krishna speaks" in that. However, he is a human being with divine virtues. No one uses the name "Shiva Baba." He doesn't have any other name. The Father says: I take this body on *loan*. This body, this building, does not belong to Me. It is this one's building. It has windows, etc. So, the Father explains: I am your unlimited Father, that is, I am the Father of all souls. I also teach you souls. He is called the *spiritual Father*. No one else can be called a spiritual father. Here, you children know that that One is the unlimited Father. A *spiritual conference* is now taking place. In fact, that is not a *spiritual conference*. They are not truly *spiritual*; they are body conscious. The Father says: Children, may you be soul conscious! Renounce the arrogance of the body. They would not be able to say that to anyone. The word "*spiritual*" is only used now. Previously, they just used to call them *religious conferences*. No one understands the meaning of *spiritual*. "*The spiritual Father*" means the incorporeal *Father*. You souls are *spiritual* children. The *spiritual Father* comes and teaches you. No one else can have this understanding. The Father Himself sits here and tells you who He is. This is not mentioned in the Gita. I am giving you unlimited teachings. There is no need there for lawyers, *judges, surgeons*, etc., because there is nothing but happiness there. There is no name or trace of sorrow there. Here, there is no name or trace of happiness. It is said to have disappeared. They believe that happiness is like the droppings of a crow. They only have a little happiness, and so how could they give the *knowledge* of unlimited happiness? Previously, when it was the kingdom of deities, there was 100% truth, whereas now there is only falsehood. This is unlimited *knowledge*. You know that this is the human world tree and that I am its Seed. He has all the *knowledge* of the tree. People do not have this *knowledge*. I am the Living Seed. People call Me the Ocean of Knowledge. You receive liberation and salvation in a *second* through knowledge. I am the Father of all. By recognising Me, you children receive the inheritance. However, there is the kingdom too. There are many different levels of status, numberwise, in heaven too. The Father teaches the same study, but those who are studying are numberwise. There is no need for any other study in this. There is no one ill there. They don't study for an income worth a few pennies. You take from here the unlimited inheritance with you. There, you won't know how someone gave

---

\* Words that Baba spoke in English are shown in italics.

you that status. Only at this time do you understand this. You have been studying limited *knowledge*, and you have now recognised and come to know the One who teaches you unlimited *knowledge*. You know that the Father is the Father, as well as the *Teacher* who comes and teaches us. He is the *Supreme Teacher* and He teaches us Raja Yoga. He is also the true Satguru. This is unlimited Raja Yoga. Those people would only teach you how to become a *barrister* or a *doctor*, because this is the world of sorrow. All of those studies are limited, whereas this is an unlimited study. The Father is teaching you this unlimited study. You also know that that Father, *Teacher* and Satguru comes every cycle and that He teaches the same study for the golden and silver ages. Then He disappears. Your reward of happiness comes to an end according to the *drama*. This unlimited Father sits here and explains to you. Only He is called the Purifier. Would you say to Krishna, "You are the Mother and Father" or "the Purifier"? There is the difference of day and night between the status of this one (Krishna) and that One. The Father now says: By recognising Me, you can attain liberation-in-life in a *second*. If Krishna were God, anyone would instantly be able to recognise him. The birth of Krishna is not remembered as a divine and alokik birth. He takes birth just through purity. The Father does not emerge from anyone's womb. He says: Sweetest, spiritual children! It is the spirit that studies. All good and bad sanskars remain in the soul. Souls perform actions and they receive bodies accordingly. Some experience a lot of sorrow, some are one-eyed, and some are deaf. It would be said that they must have performed such actions in the *past* and that that is the fruit of them. A soul receives a diseased body, etc. according to the actions that that soul performed. You children now know that it is *God, the Father* who is teaching you. *God* is the *Teacher*. *God* is the *Preceptor*. He is called *God*, Param Atma, and that means God, the *Supreme Soul*. Brahma cannot be called "*The Supreme*". "*The Supreme*" means the Highest on High, the purest of all. Everyone has a different status. No one else can receive the status of Krishna. No one else would be given the status of *Prime Minister*. The Father's status is also different from that of Brahma, Vishnu and Shankar. Brahma, Vishnu and Shankar are deities, whereas Shiva is the Supreme Soul. How can they put the two of them together and speak of Shiva-Shankar? Each is separate. Because of not understanding this, they say that Shiva and Shankar are one. They even give such names to people. The Father Himself comes and explains all of these things. You know that that One is Baba, the *Teacher* and the Satguru. Every human being has a father, a *teacher* and a guru. When they become old, they adopt gurus. Nowadays, children are made to adopt gurus, because they believe that if the child doesn't have a guru, there will be disobedience. Previously, people used to adopt gurus after the age of 60, the stage of retirement. Nirvana means beyond sound, the *sweet silence home*, and you have been making effort for half the cycle to go there. However, if no one knows about it, then no one can go there. How can they show the path to anyone else? No one, apart from the One, can show you the path. Not everyone's intellect is the same. Some simply listen to religious stories, but there is no benefit in those; there is no benefit. You are now becoming flowers of the garden. You became thorns from flowers and the Father is now making you into flowers from thorns. You were worthy of worship and then became worshippers. From being satopradhan, you became tamopradhan and impure, while taking 84 births. The Father has explained the picture of the ladder to you. No one knows how you now become pure from impure. People sing: O Purifier, come! Come and make us pure! In that case, why do they consider river water and the ocean to be the Purifier and go and bathe in that? They call the Ganges the Purifier, but where did rivers emerge from? They all emerged from the ocean. All of them are the children of the ocean. So, everything has to be understood very clearly. Here, you children are sitting in the company of the Truth. When you go into bad company outside, they tell you wrong things and you then forget all of these things. By going into bad company, you begin to choke. It is then that you have doubts. However, these things should not be forgotten. Our Baba is the unlimited Baba, the *Teacher* and He also takes us across. You have come here with this faith. All the rest is worldly education and worldly languages. This is alokik. The Father says: My birth, too, is alokik. I take a body on *loan*. I take an old shoe. This is the oldest of the old; this is the oldest shoe. The body that the Father has taken is called a *long boot*. This is such an easy thing. This is not something to be forgotten. However, Maya even makes you forget such easy things. The Father is the Father. He also gives unlimited teachings, which no one else can give. Baba says: You may go outside and see if you receive them anywhere else. All are human beings. They cannot give this *knowledge*. God only takes the one chariot which is called "The Lucky Chariot". The Father enters this in order to make you multimillion times fortunate. He is the closest bead. Brahma then becomes Vishnu. Shiva Baba makes this one that, and He also makes you into the masters of the world through this one. The land of Vishnu is being established. This is called Raja Yoga to establish a kingdom. Everyone here is listening, but Baba knows

that it flows away out of the ears of many, whereas some are able to imbibe it and then relate it to others. They are called maharathis. They listen to it and imbibe it and then also have an interest in explaining it to others. If the person explaining is a maharathi, others will understand quickly. They will understand less from a horse rider and even less from a foot soldier. The Father knows who the maharathis are and who the horse riders are. There is no question of becoming confused about this. However, Baba sees that children continue to become confused and then continue to nod off. They sit with their eyes closed. Would someone nod off while earning an income? If you continue to nod off, how would you be able to imbibe? If someone yawns, Baba understands that he is tired. There can never be tiredness in earning an income. Yawning is a sign of unhappiness. Those who continue to choke inside about something or other will yawn a lot. You are now sitting in the Father's home; this is also a family. He becomes the *Teacher* and also the Guru to show you the path. You are called *master gurus*. Therefore, you should now become a *right hand* of the Father, so that you can benefit many others. In all other businesses there is some loss, whereas, you change from an ordinary man into Narayan - without any loss. Everyone's earnings are finished. Only the Father teaches you the business of changing from an ordinary man into Narayan. So, then, which study should you pursue? Those who have a lot of wealth think that heaven is here. Did Bapu Gandhiji establish the kingdom of Rama? Ah! It is the same tamopradhan world, and sorrow continues to increase even more. How could this be called the kingdom of Rama? People have become so senseless! Those who are senseless are said to be tamopradhan. Those who are sensible are satopradhan. This cycle continues to turn. There is nothing to ask the Father about in this. It is the Father's duty to give you the *knowledge* of the Creator and creation and He continues to do that. He continues to explain everything through the murlis. You receive a *response* to everything. So, what else would you ask? No one except the Father can explain, so how can you ask anything? You can also write on a *board*: Come inside and understand how to become *ever healthy* and *ever wealthy* for 21 births. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Listen very well to what the Father says and imbibe it. Have an interest in relating it to others. Do not just hear it with one ear and let it out of the other. Never yawn at the time of earning an income.
2. Become Baba's *right hand* and bring benefit to many others. Do the business of becoming Narayan and making others become Narayan from an ordinary human being.

**Blessing:** May you be a special soul who reveals happiness on your face with a soul-conscious smile. The speciality of Brahmin life is happiness. Happiness means a soul conscious smile. Do not laugh loudly, but simply smile. Even if someone insults you, let there not be any waves of sorrow on your face; always remain happy. Do not think that the other person spoke for one hour and that you just said something for a *second*. Even to speak or think for a *second* means that unhappiness came on your face and you *failed*. You tolerated it for one hour and then the *gas* exploded from the gas balloon. Special souls who have the aim of an elevated life cannot become like a gas balloon.

**Slogan:** Yogi souls with a cool bodies remain cool themselves and take others beyond with a glimpse of their cool drishti.
