

**Essence:** Sweet children, this is the true Company of the Truth for ascending. You have now come into the company of the true Father. Therefore, never keep the company of falsehood.

**Question:** On what basis do the intellects of you children remain stable in the unlimited?

**Answer:** Let the discus of self-realisation continue to spin in your intellects. Whatever is happening in the *drama* is all fixed. There cannot be the difference of even one *second*. The *history* and *geography* of the *world* have to *repeat*. When this is in your intellects very well, you can then remain stable in the unlimited. In order to remain stable in the unlimited, remain aware that destruction is now to take place and that you have to return home. Only after becoming pure will we return home.

Om shanti. The spiritual Father sits here and explains to you sweetest, spiritual children. He explains to those who don't understand. A *teacher* teaches in a *school* because the children have no understanding. Children understand from their study and you children also understand from your study who it is who is teaching you. You must never forget this. The One who is teaching you is the *Teacher*, the *Supreme* Father, and so you have to follow His directions. You have to become elevated. The sun dynasty is the most elevated of all. Although the moon dynasty is also elevated, those are the most elevated of all. You have come here to become the most elevated of all. You children know that you have to become like them. Such a school only opens after 5000 years. You are sitting here with the understanding that this truly is the Company of the Truth. The Truth is the Highest on High. You have His company. He is sitting here and making you into the most elevated deities of the golden age, that is, He is making you into flowers. You are changing from thorns into flowers. Some become this instantly, whereas others take *time*. You children know that this is the confluence age. Only you children know this. You have the faith that this is the age for becoming the most elevated human beings of all. Which most elevated beings? You have come here to become the highest-on-high emperors and empresses of the original, eternal, deity religion. You understand that you have come to claim unlimited, golden-aged happiness from the unlimited Father. All limited things finish. Limited fathers, limited brothers and children, maternal and paternal uncles, limited property, that is, limited wealth etc., to which you have a lot of attachment, are all to be destroyed. The Father explains: All of these are limited properties. You now have to go into the unlimited. You have come here to claim unlimited property. All others are limited things. Even the body is limited. When someone falls ill, he dies; there is untimely death. See what people continue to invent nowadays. *Science* has also performed wonders. There is so much *pomp* of Maya. *Scientists* have a lot of courage. Those who have many buildings and palaces etc. believe that this is heaven for them. They do not understand that there is just the one religion in the golden age. That is the new world. The Father says: They are completely senseless. You are becoming so sensible. You climb up and then come down the ladder. You were sensible in the golden age, and then, while taking 84 births, you became senseless. The Father comes and makes you sensible, into those who are called the ones with a divine intellect. You know that you who had a divine intellect were very sensible. It is remembered: Baba, through the inheritance that You give us, we become the masters of the whole of the earth and sky. No one can snatch that away from us. No one can interfere in that. The Father gives you a great deal. No one can fill your aprons more than when you meet such a Father whom you have been remembering for half the cycle. People remember God at a time of sorrow. When you have received happiness, there is no need to remember Him. Everyone cries out in sorrow: Oh Rama! They say all sorts of words in this way. There are no such words in the golden age. You children have come here to study personally with the Father. You hear the *versions directly* from the Father. The Father doesn't give you knowledge *indirectly*. You receive knowledge *directly*. The Father has to come here. He says: I have come to My sweetest children. You call out to Me: Oh BapDada! The Father also *responds*: Oh children! Now remember Me very well. Do not forget Me! Many storms of Maya will come. She will make you stop studying and make you body conscious. Therefore, remain cautious. This is the true spiritual Company of the Truth to make you climb up. Other spiritual gatherings are for coming down. Only once do you receive the Company of the Truth. You receive the company of falsehood birth after birth, many times. The Father says to you children: This is your final birth. You now have to go to the place where there is nothing lacking and for which you are making effort. You listen to whatever Baba says at this time. There, you won't even be aware of it. Where are you going now? To your land of happiness. The land of happiness was yours. You were in the land of happiness and you are now in the land of sorrow. Baba has shown you a very easy path, so remember that. Our home is the land of peace and we will go to heaven from there. No

one apart from you goes to heaven. So only you would remember it. We first go into happiness and then into sorrow. There is no land of happiness in the iron age. You cannot receive any happiness here. This is why sannyasis say that happiness is like the droppings of a crow. You children now understand that Baba has come to take us back home. He will make us impure ones pure and take us back. We will become pure through the pilgrimage of remembrance. There is a lot of fluctuation on a pilgrimage. Some fall ill and return home. It is the same here. This is the spiritual pilgrimage where your final thoughts lead you to your destination. We are going to our land of peace. It is very easy, but Maya makes you forget a lot. Your war is with Maya. The Father makes everything very easy and explains to you that you are now going to the land of peace. You only remember the Father. You also imbibe divine virtues. You become pure. You have to keep three or four main things in your intellect. Destruction has to take place. We also went back 5000 years ago. Then, we will be the first ones to come down. It is remembered that Rama went and Ravan went. Everyone has to go to the land of silence. You claim a status according to the study you study. Your *aim* and *objective* is in front of you. Some ask to have visions. What is this picture (of Lakshmi and Narayan) if not a vision? What other vision do you want apart from this? That of the unlimited Father? None of the other visions are of any use. People want to have a vision of Baba. Nothing is sweeter than Baba. The Father says: Sweet children, have you had a vision of yourself? The soul wants to have a vision of Baba. Have you had a vision of yourself? You children now understand this. You have received the understanding that you are souls and that your home is the land of peace. We souls come down from there to play our *parts*. According to the *drama plan*, we first go to the golden age. This is the most auspicious age of the confluence of the end and the beginning. There are only Brahmins in this age, no one else. In the iron age, there are many religions and clans etc. In the golden age, there will just be one *dynasty*. This is easy, is it not? At this time, you belong to the confluence-aged, Godly family. You are neither golden-aged nor iron-aged. You know that the Father comes and teaches you this study every cycle. You are sitting here and so only these things should enter your intellect. There is the land of peace, the land of happiness and this is the land of sorrow. You have disinterest, that is, you remove this land of sorrow from your intellect. Those people do not remove anything with their intellect. They leave their home and family and have renunciation. The Father never tells you to leave your home and family. Yes, you definitely have to serve Bharat and also yourself. You can do service even while sitting at home. You definitely have to come here to study. Then, you have to become clever and also make others similar to yourself. There is very little *time* left. It is remembered that a lot of time has passed and that only a short time remains. People of the world are in complete darkness. They believe that 40,000 years still remain. The Father explains to you: Children, there is now a short time left. You have to stabilise in the unlimited. Everything that is happening in the whole world is all fixed. The *drama* is moving like a louse. The *history and geography* of the *world* must *repeat*. Only those who are to go to the golden age will come and study here. You have studied many times. You are establishing your heaven by following shrimat. You also know that God, the Highest on High, comes in Bharat. He also came in the previous cycle. You would say: Such a Father comes every cycle. He says: I will carry out this establishment every cycle. You are the ones who see destruction. Everything continues to sit in your intellect. You know how the acts of establishment, destruction and sustenance take place. You then have to explain to others. Previously, you did not know this. By knowing the Father, you come to know everything from Him. You know the *world history and geography* accurately. The Father explains to you how people become satopradhan from tamopradhan. You then have to explain to others. You children are now becoming those with a divine intellect. In the golden age, there are only those with divine intellects. This is the most auspicious confluence age. This is also called the Gita *episode* when you change from those with stone intellects into those with divine intellects. It is God Himself, and not any human being, who speaks the Gita to you. You souls hear it and then relate it to others. This is called spiritual *knowledge* which you then relate to your spiritual brothers. There continues to be expansion. You know that Baba comes and establishes the sun and moon *dynasties*. Through whom does He establish them? Through the Brahmins who are the mouth-born creation of Brahma, the decoration of the Brahmin clan. The Father gives you shrimat. This is something to be understood. You have to *note* this down in your hearts. This is very easy. This is the land of sorrow. We now have to return home. After the iron age, there is the golden age. This is a tiny matter and it is very easy. Even if you are not educated, it does not matter. You should listen to those who can studied. Shiv Baba is the Father of all souls. You now have to claim your inheritance from Him. If you have faith in the Father, you will receive the inheritance of heaven. Let the soundless chant continue inside you. I am receiving the inheritance of unlimited happiness and heaven from Shiv Baba. This is why you definitely have to remember Shiv Baba. All of you have a right to claim

your inheritance from the unlimited Father. Just as you have a limited *birthright*, in the same way, this is your unlimited birthright. You receive the kingdom of the whole world from Shiv Baba. You also have to explain this to little children. Every soul has a right to claim his *birthright* from the Father. You definitely claim it every cycle. You claim the inheritance of liberation-in-life. Those who receive the inheritance of liberation also definitely come into liberation-in-life. Their first birth would be one of happiness. This is your 84<sup>th</sup> birth. All of this *knowledge* should remain in your intellects. Do not forget that the unlimited Father is teaching you. Bodily beings can never give this knowledge. They do not have spiritual knowledge. It is explained to you that you have to consider yourselves to be brothers. No other human beings receive these teachings. Although they relate the Gita and say that, “God speaks: Lust is the greatest enemy and by conquering it, you will become the conquerors of the world”, they do not understand it. God is *Truth*. Deities learnt the *truth* from God. Where did Krishna claim his status from? How did they become Lakshmi and Narayan? What actions did they perform? Can anyone tell you this? Only you now know that the incorporeal Father taught them such actions through Brahma. This is the world. You are the Prajapita Brahma Kumars and Kumaris. You have *knowledge* of the spiritual Father. You understand that you now know God. The incorporeal One is the Highest on High. He doesn't have a corporeal form. Everyone else that you see is corporeal. In the temples, too, you see an image of a Shivalingam, which means that He has no body. It isn't that He is beyond name and form. Yes, all other bodily beings are given names and they have a horoscope. Shiv Baba is incorporeal. He doesn't have a horoscope. That of Krishna is *number one*. People also celebrate the birthday of Shiva. Shiv Baba is incorporeal and the Benefactor. The Father comes and so He would surely give you an inheritance. His name is Shiva. He is the Father, *Teacher* and Satguru: He is all three in One. He teaches you so well. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Remove this land of sorrow from your intellect and keep the land of peace and the land of happiness in your awareness. Definitely do true service of Bharat and yourself. Relate this spiritual *knowledge* to everyone.
2. In order to claim your golden-aged birthright, have complete faith in the one Father. Continue to chant the soundless chant internally. Definitely study every day.

**Blessing:** May you be a conqueror of Maya who finishes all the spinning of Maya with the discus of self-realisation.

To know yourself means to have a vision of yourself, and to know the knowledge of the cycle means to become a spinner of the discus of self-realisation. When you become a spinner of the discus of self-realisation, all the spinning of Maya automatically finishes. The spinning through body consciousness, relationships and problems are the many different types of spinning of Maya. For 63 births you continued to be trapped in different ways of spinning and now, by becoming a spinner of the discus of self-realisation, you have become a conqueror of Maya. To become a spinner of the discus of self-realisation means to go into the ascending stage with your wings of knowledge and yoga.

**Slogan:** Stay in the bodiless stage and the adverse situations will easily be overcome.
