

**Essence:** Sweet children, learn from the Father how to do *wholesale* business. Manmanabhav and remembering and reminding others of Alpha is *wholesale* business. All the rest is *retail*.

**Question:** Which children will the Father *welcome* to His home?

**Answer:** The Father will *receive* in His home the children who follow the Father's directions very well, those who don't remember anyone else, who break their intellect's yoga away from all their bodily relationships, including their own bodies, and who stay in remembrance of the one Father. The Father is now making you children into beautiful flowers and He will then *welcome* the flower children to His home.

Om shanti. You children have to sit here in remembrance of the Father, of the land of peace and of the land of happiness. Souls must only remember their Father and forget this land of sorrow. This is a sweet relationship of the Father and the children. There isn't such a sweet relationship with any other father. One relationship is with the father and then there are also the relationships with the *teacher* and the guru. Here, all three are One. If you remember even this much, it is a matter of great happiness. You have found the one Father who shows you a very easy path. Remember the Father, the land of peace and the land of happiness and forget this land of sorrow. You may tour around, but let there be this remembrance alone in your intellects. There is no mundane business etc. here. You are sitting at home. The Father is telling you to remember just three words. In fact, it is just one sentence: Remember the Father. By remembering the Father, you remember both inheritances – the land of peace and the land of happiness. It is the Father who gives you everything. By remembering Him, your mercury of happiness rises. The happiness of you children is very well known. It is in the intellects of you children that Baba will *receive* you at home and *welcome* you there, but only those who follow the Father's directions very well and who don't remember anyone else. Break your intellect's yoga away from your body and all bodily relationships and constantly remember Me alone. On the path of devotion too, you did a lot of service, but you didn't find the way to go home. The Father is now showing you such an easy path. Simply remember: The Father is the Father and also the Teacher and He gives you the knowledge of the beginning, the middle and the end of the world which no one else can explain. The Father says: You now have to return home. Then, you will come first to the golden age. You now have to return home from this dirty world. Although you are sitting here, you have now almost gone from here. The Father is also happy. You children have been *inviting* the Father for a long time to come and you have now *received* Him. The Father says: I will make you into beautiful flowers and then *receive* you in the land of peace. You will then leave, numberwise. It is so easy! You must not forget such a Father. This is a very sweet and straightforward matter. Remember just the one thing, Alpha. Although He explains in *detail*, He finally says: Remember Alpha alone and no one else. You have been lovers of the one Beloved for many births. You have been singing: Baba, when You come, I will belong to You alone. Now that He has come, you have to belong to the One. Those who have faith in the intellect are victorious. You will gain victory over Ravan. Then you will have to go to the kingdom of Rama. You have gained victory over Ravan every cycle. As soon as you became Brahmins, you conquered Ravan. You have a right to the kingdom of Rama. You recognised the Father and claimed your right to the kingdom of Rama. However, you then have to make effort to claim a high status. You have to become part of the rosary of victory. The rosary of victory is very long. If you become kings, you will receive everything. All the maids and servants are created numberwise; not all are the same. Some stay very close and they eat what the kings and queens eat. The maids and servants receive whatever is prepared in the kitchen. That is called 36 varieties of food. The kings are called multimillionaires. The people cannot be called that, even though they are not concerned about wealth there. That, however, is a sign of the deities. The more you remember Baba, the more you will become part of the sun dynasty. You have to go to the new world. You have to become emperors and empresses. The Father gives you *knowledge* to change you from an ordinary human into Narayan. This is called Raja Yoga. You are the ones who have studied the scriptures on the path of devotion the most. You children have performed the most devotion. You have now come and met the Father. The Father shows you a very easy and direct path: Remember the Father. Baba says "Child, child!" and explains to you. The Father surrenders Himself to the children. You are the heirs and so He has to surrender Himself to you. You also said: Baba, when You come, I will surrender myself to You. You said you would surrender yourself to Him with your body, mind and wealth. You only surrender yourself once whereas Baba surrenders Himself 21 times. The Father reminds you children. He can understand that all the children have come to claim their fortune, numberwise, according to their efforts.

The Father says: Sweet children, the sovereignty of the world is My property. Make as much effort now as you can. The more effort you make, the higher the status you will claim. The one who was *number one* becomes the *last number*. He will then definitely become *number one* again. Everything depends on your efforts. The Father has come to take you children back home. If you now consider yourselves to be souls and remember the Father, your sins will continue to be cut away. That is the fire of lust and this is the fire of yoga. By burning in the fire of lust you have become ugly. You have become completely like ashes. I have now come to awaken you. I show you the way to become satopradhan from tamopradhan. It is very *simple*. I am a soul. By being body conscious for so long, you were dangling upside-down. Now become soul conscious and remember the Father. You have to return home and the Father has come to take you back. You invited the Father and He came. He makes impure ones pure; He becomes the Guide and takes all souls back home. It is the soul that has to go on the pilgrimage. You are the Pandava community. The Pandavas didn't have a kingdom. There was the kingdom of the Kauravas. Here, the rule of kings has now finished. The condition of Bharat has become so bad. You were worthy-of-worship masters of the world and have now become worshippers. So, no one is a master of the world. Only the deities become masters of the world. Those people say that there should be peace in the world. You can ask them: What do you call peace in the world? When was there peace in the world? The *history* and *geography* of the *world repeats* and the cycle continues to turn. Tell me when there was peace in the world. What kind of peace do you want? No one will be able to tell you. The Father explains that there was peace in the world in heaven. That was called *Paradise*. *Christians* say that 3000 years before *Christ* there truly was *Paradise*. Their intellects neither become divine nor stone. It is only the people of Bharat who become those with divine intellects and those with stone intellects. The *new world* is called *heaven*. The old world cannot be called *heaven*. The Father has explained to you children the secrets of *heaven* and *hell*. That is *retail*. In *wholesale*, He just uses one expression: Constantly remember Me alone! Only from the Father do you receive the unlimited inheritance. This too is an old matter. 5000 years ago there was heaven in Bharat. The Father tells you children the true story. The story of the true Narayan, the story of the third eye and the story of immortality are very well known. You also receive the third eye of knowledge. That is called the story of the third eye. They have made that into a religious book of the path of devotion. Everything is now explained to you children very well. There is *retail* and *wholesale*. Baba gives you so much knowledge that, even if you make the whole ocean into ink, you cannot reach the end of it. That is *retail*. In *wholesale*, He simply says: Manmanabhav! There is just the one expression and only you understand its meaning. No one else can tell you that. The Father did not give you knowledge in the Sanskrit language. Whoever the king is, he uses his own language. Our language will be just Hindi. So, why should you learn Sanskrit? People spend so much money. When anyone comes to you, tell him: The Father says: Remember Me and you will receive the inheritance of the land of peace and the land of happiness. If you want to understand this, sit here and understand it. We don't have anything else to explain. The Father only explains Alpha. Only from Alpha do you receive an inheritance. Remember the Father and your sins can be absolved and you will become pure and go to the land of peace. People say: Oh Bestower of Peace! The Father alone is the Ocean of Peace and so they remember Him alone. The heaven that the Father establishes will be here. There is nothing in the subtle region. Those are just visions. You have to become angels like them. You have to become that here. You will become angels and then go back home. You receive the inheritance of a kingdom from the Father. You receive both inheritances of peace and happiness. No one, apart from the Father, can be called the Ocean. The Father is the Ocean of Knowledge and so He alone can grant salvation to everyone. The Father asks you: I am your Father, *Teacher* and *Guru* and I grant you salvation, and so who then takes you into degradation? Ravan. This is a play about degradation and salvation. If anyone is confused, he can ask. Many questions arise on the path of devotion, but there is no question on the path of knowledge. In the scriptures, they have caused so much defamation of Shiv Baba and the deities; they haven't left anyone out. This *drama* is predestined and they will also do the same again. The Father says: This deity religion is one that gives a lot of happiness. Then this sorrow will not remain. The Father is making you so sensible. Lakshmi and Narayan are sensible and this is why they are the masters of the world. Those who are senseless cannot be the masters of the world. At first you were thorns and are now becoming flowers and this is why Baba brings a rose and says that you have to become such a flower. He Himself comes and creates the garden of flowers and then Ravan comes to make it into the *jungle* of thorns. It is so *clear!* You have to think about all of these things. Everything is included in the remembrance of One. You receive an inheritance from the Father. This is great prosperity. You receive the inheritance of peace because He alone is the Ocean of Peace. You would never praise a physical father in this way. Shri

Krishna is the loveliest of all. He takes the first birth and this is why everyone loves him the most. The Father gives His children news of the whole household. The Father is the real Businessman, but hardly anyone does such business as He does. Scarcely a few become such *wholesale* businessmen. You are *wholesale* businessmen. You continue to remember the Father. Some make a bargain in *retail* and then forget. The Father says: Constantly continue to remember Me alone. Once you have received your inheritance, there will be no need to remember Me. In a worldly relationship, when a father becomes old, some children support him till the end, whereas others squander all the wealth as soon as they receive it. Baba is experienced in all of these things. This is why the Father made him His chariot. He is experienced in poverty as well as wealth; he is experienced in everything. According to the *drama*, there is just this one chariot. This can never be changed. The *drama* has been created and there cannot be any *change* in it. After explaining everything in *wholesale* and *retail*, He finally says: Manmanabhav, madhyajibhav! Everything is included in “Manmanabhav”. This is a great treasure with which He is filling your aprons. Each imperishable jewel of knowledge is worth hundreds of thousands of rupees. You are becoming multimillion times fortunate. The Father is beyond being happy or unhappy. He observes the *drama* as the detached Observer. You are playing your *parts*. I am the detached Observer playing My *part*. I do not come into the cycle of birth and death. No one else can be liberated from this. No one can receive eternal liberation. This eternal *drama* is predestined. This too is *wonderful*. The whole *part* is recorded in a tiny soul. This imperishable *drama* can never be destroyed. Achcha.

To the sweetest, beloved, long-lost and now-found, *serviceable* children, numberwise, according to the effort you make, love, remembrance and *good morning* from the depths of the heart and with lots of love from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

- 1 Just as the Father surrenders Himself to the children, similarly, once you surrender yourself fully to the Father with your body, mind and wealth you claim your inheritance for 21 births.
- 2 Always keep your apron overflowing with the invaluable imperishable treasures that the Father gives you. Always stay in the happiness and intoxication that you are multimillion times fortunate.

**Blessing:** May you be an image of virtues who makes virtues emerge along with knowledge and who becomes full of all virtues.

Each one of you has a lot of knowledge, but there is a need for the virtues to *emerge*. Therefore, especially become a bestower of virtues through your deeds. Have the thought: I want to become a constant image of virtues and be engaged in the task of making everyone into an image of virtues. By doing so, you will not have any time for seeing, hearing or doing anything wasteful. By your using this method, the weaknesses of the self and others will easily be finished. Therefore, each of you should consider yourself to be a *number one* instrument and become an *example* of being full of all virtues and make others the same.

**Slogan:** Donate yoga through thoughts, donate knowledge through words and donate virtues through deeds.
