

Essence: Sweet children, this most elevated, confluence age is the age of benevolence. It is in this age that you have to become the masters of the land of Shri Krishna by studying.

Question: Why does the Father place the urn of knowledge on the mothers? What is the one system that only continues in Bharat?

Answer: The Father places the urn of knowledge on the mothers so that they can make everyone become pure from impure by tying a rakhi of purity on them. Only in Bharat does the system of Raksha Bandhan exist. A sister ties a rakhi on her brother. This symbolises purity. The Father says: Children, remember Me alone and you will become pure; you will become the masters of the pure world.

Song: No one is as unique as the Innocent Lord.

Om shanti. This is the praise of the Innocent Lord, the One who is called the Bestower. You children know who gave Shri Lakshmi and Narayan the fortune of their kingdom. It must definitely have been God who gave it because He is the One who establishes heaven. Just as the Innocent Lord gave the sovereignty of heaven to Lakshmi and Narayan, so He also gave it to Krishna. Whether you say Radhe and Krishna or Lakshmi and Narayan, it is the same thing. However, there is no kingdom now. No one, except the Supreme Father, the Supreme Soul, can give them their kingdom. Their births are said to be in heaven. Only you children know this. Only you children can explain about the birthday of Krishna. Since there is the birthday of Krishna, there must also be one for Radhe because both were residents of heaven. Radhe and Krishna become Lakshmi and Narayan after their marriage. The main aspect is: Who gave them their kingdom? Who taught them this Raj Yoga and when? It would not have been taught in heaven. In the golden age they are the most elevated beings. The golden age comes after the iron age. Therefore, they would surely have learnt Raj Yoga at the end of the iron age so that they could attain their kingdom in their new birth. The old world changes into the pure, new world. The Purifier must definitely have come. Now, no one knows what religion exists at the confluence age. This most elevated confluence age that has been remembered is between the old world and the new world. Lakshmi and Narayan are the masters of the new world. The Supreme Father, the Supreme Soul, taught those souls Raj Yoga in their previous birth. In their new birth, they receive the reward of the efforts they make at this time. This is called the most elevated, benevolent, confluence age. Someone must surely have taught them Raj Yoga at the end of their many births. In the iron age there are many religions whereas in the golden age there is just the one deity religion. What is the religion that exists at the confluence age in which they make effort and study Raj Yoga to attain their reward in the golden age? It is understood that Brahmins are created through Brahma at the confluence age. It is also shown in the pictures that the land of Krishna is established through Brahma. Whether you call it the land of Vishnu or the land of Narayan, it is the same thing. You now know that you are becoming the masters of the land of Krishna through studying this and by becoming pure. These are the versions of God Shiva. It is the Krishna soul who becomes this at the end of his many births; he takes 84 births. In this 84th birth, he is named Brahma. Otherwise, where else would Brahma have come from? If God created creation, then where did Brahma, Vishnu and Shankar come from? How were they created? Was some magic performed that made them emerge? Only the Father tells you their *history*. When someone is *adopted*, his name is changed. This one did not have the name “Brahma” before. It is said, “At the end of many births...” Therefore, he must surely have been an impure human being. No one knows where Brahma came from. Whose last birth of many births is this? It can only have been Lakshmi and Narayan who took many births. The name, form, place and time continue to change. The story of 84 births is written *clearly* in the picture of Krishna. Many pictures of Krishna are sold at the time of Janamashtmi because everyone goes to a Krishna temple; they go to a temple of Radhe and Krishna. Radhe would definitely be with Krishna. Radhe and Krishna, the *princess* and *prince*, then become Lakshmi and Narayan, the empress and emperor. They take 84 births and become Brahma and Saraswati in their last birth. The Father enters him at the end of his many births and tells him: You don’t know about your births. You were Lakshmi and Narayan in your first birth. Then you took this birth. However, they have mentioned the name “Arjuna”, that Arjuna was taught Raja Yoga. They have made Arjun separate, but his name was not really Arjuna. There should be the life story of Brahma, but there is no mention of Brahma or the Brahmins anywhere. Only the Father sits here and explains these things. All of you children listen to these things and then explain them to others. They listen to devotional stories and then relate them to others. You listen to this and then relate it to others. This is the most elevated, confluence age, the *leap* age, the *extra* age. When there is the leap month, there

are 13 months. The festivals they celebrate every year are of this confluence age. No one knows about this most elevated confluence age. It is at this confluence age that the Father comes and inspires you to make a promise to become pure. He establishes the pure world out of the impure world. The system of Raksha Bandhan only exists in Bharat. A sister ties a rakhi on the wrist of her brother, but that kumari then becomes impure. The Father has now placed the urn of knowledge on you mothers. This is why the Brahma Kumars and Kumaris inspire others to make a promise to become pure while they are tying a rakhi on them. The Father says: Remember Me alone and you will become pure and the masters of the pure world. However, there is no need to tie a rakhi etc. This is just an explanation given to you. Sages and sannyasis ask for donations. Some say: Give your anger as a donation. Some say: Don't eat onions any more. They ask for the donation of whatever they themselves don't eat. It is the unlimited Father who inspires you to make the most important promise of all. If you want to become pure, remember the Purifier Father. You have been becoming impure since the copper age. Now the whole world has to become pure and only the Father can accomplish this. No human being can be the Bestower of Salvation for All. Only the Father makes you promise to become pure. Bharat used to be pure heaven. Only the Supreme Father, the Supreme Soul, is the Purifier. Krishna cannot be called the Purifier; he takes birth. His parents are also shown. It is Shiva alone who has a divine birth. He Himself gives His own introduction of how He enters an ordinary body. He definitely has to take the support of a body. I am the Ocean of Knowledge, the Purifier, and the One who teaches Raja Yoga. Only the Father is the Creator of heaven and the One who inspires the destruction of hell. Hell doesn't exist when heaven exists. It is now the extreme depths of hell. When the iron age has become completely tamopradhan hell, the Father comes and creates satopradhan heaven. He makes it 100% pure from 100% impure. The first birth will definitely be satopradhan. You children have to churn the ocean of knowledge and give lectures. Each one's way of explaining will be different. The Father Himself explains one thing today and something else tomorrow. It cannot be the same explanation all the time. Even if someone were to listen to these things *accurately* from a *tape*, he wouldn't be able to relate them *accurately*; there would definitely be some difference. You know that everything that the Father tells you is fixed in the *drama*. He tells you today, word by word, exactly what he told you a cycle ago. This *record* is recorded. God Himself says: I speak to you the exact words that I spoke to you 5000 years ago. The *shooting* of this *drama* has already taken place. There cannot be the slightest difference in this. Such a tiny soul is filled with the *record*. You children understand when the birth of Krishna took place. It would be said to be a few days less than 5000 years before today because he is now studying. The new world is being established. You children should have so much happiness in your heart. You know that the Krishna soul has been around the cycle of 84 births. He is now returning to the name and form of Krishna. It is shown in the picture how he is kicking the old world away and holding the new world on his palm. He is now studying. This is why it is said that Shri Krishna is coming. The Father definitely teaches him at the end of his many births. Krishna will take birth when this study comes to an end. Little *time* remains for this study. Krishna definitely has to take birth after all the innumerable religions have been destroyed. It will not just be Krishna alone; there will be the whole land of Krishna. It is you Brahmins who study Raj Yoga and then claim the deity status. You become deities through this *knowledge*. The Father comes and changes ordinary humans into deities through this study. This is a pathshala. This takes the most *time*. The study is easy; it is yoga that requires effort. You can tell them how the Krishna soul is now learning Raj Yoga from the Supreme Father, the Supreme Soul. Shiv Baba is teaching us souls through Brahma in order to give us the kingdom of the land of Vishnu. We children of Prajapita Brahma are Brahmins. This is the confluence age. This is a very small age. The topknot is the smallest. Then, bigger than that is the face, then the arms, then the stomach and then the legs. They show a variety-form image, but no one is able to give an explanation of it. You children have to explain the secrets of the cycle of 84 births. After the birth of Shiva, there is the birth of Krishna. This confluence age is for you children; the iron age has finished for you. The Father says: Sweet children, I have now come to take you to the land of peace and the land of happiness. You were residents of the land of happiness and then you went to the land of sorrow. You call out: Baba, come to this old world. This is not your world. What are you doing now? You are establishing your world with the power of yoga. It is said that non-violence is the supreme religion of the deities. You have to become non-violent. Neither must you use the sword of lust nor must you fight or quarrel. The Father says: I come after every 5000 years. It is not a question of hundreds of thousands of years. The Father says: While giving donations, doing tapasya and having sacrificial fires etc., you have continued to come down. It is only through knowledge that there can be salvation. Human beings are sleeping in the sleep of Kumbhakarna;

they don't awaken at all. This is why the Father says: I come every cycle. I too have a *part* in the *drama*. I cannot do anything without a *part*. I am also tied in the bondage of this *drama*. I come at my precise *time*. According to the *drama plan*, I take you children back home. I now say: "Manmanabhav!" but no one understands the meaning of this. The Father says: Renounce all relations of the body and remember Me alone and you will become pure. You children continue to make effort to remember the Father. This is God's University. There cannot be any other University of God that can grant salvation to the whole world. God, the Father, comes and *changes* the whole world Himself. He changes it from *hell* into *heaven*, where you rule. Shiva is also called Babulnath (Lord of Thorns) because He comes and liberates you from the sword of lust and purifies you. On the path of devotion there is a great deal of external *show*. Here, you have to remember the Father in silence. Those people do all types of hatha yoga etc. Their path of isolation is totally separate. They believe in the brahm element. Those who believe in that element are those who have yoga with the elements. That is the residence of souls which is called Brahmand. Those people consider the brahm element to be God and think that they will merge into that. This means that they make the soul *mortal*. The Father says: I come and grant salvation to everyone. Only Shiv Baba grants salvation to everyone. Therefore, He is like a diamond. He takes you to the *golden age*. This birth of yours is also as valuable as a diamond. You then go into the *golden age*. It is the Father who comes and teaches you this *knowledge* through which you become deities. This *knowledge* then disappears. Lakshmi and Narayan neither have *knowledge* of the Creator nor of creation. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. While living in this old world, become *doubly* non-violent and establish your new world with the power of yoga. Make your life as valuable as a diamond.
2. Churn the things that the Father tells you and then relate them to others. Constantly maintain the intoxication of knowing that when this study comes to an end you will go to the land of Krishna.

Blessing: May you be an avyakt angel, like the father, and give sakaash to all souls as a detached observer through your elevated *stage*.

While walking and moving around, always consider yourself to be an incorporeal soul and, while performing actions, consider yourself to be an avyakt angel and you will continue to fly up above in constant happiness. An angel means one who stays in the highest *stage*. Whatever continues to happen in this corporeal world, become a detached observer and continue to observe your *part* and give souls sakaash. You cannot give sakaash if you get off your *seat*. Remain stable in the highest *stage* and give the sakaash of co-operation and benevolence, not *mixed* in any way, through your attitude and drishti. Only then will you be able to remain *safe* from any type of atmosphere and become an avyakt angel like the father and a bestower of blessings.

Slogan: With the power of remembrance transform sorrow into happiness and peacelessness into peace.
