

**Essence:** Sweet children, the donation of the imperishable jewels of knowledge is the greatest donation. It is through this donation that you receive a kingdom. Therefore, become great donors.

**Question:** What are the main signs of the children who have a keen interest in doing *service*?

**Answer:** 1) They do not like the atmosphere of the old world at all. 2) They are very happy to serve many and make others the same as themselves. 3) Only in studying and teaching others do they feel comfortable. 4) Even if their throats dry up while explaining to others, they remain happy. 5) They don't want anyone's property. They do not waste their time chasing after someone else's *property*. 6) Their strings of attachment are broken away from everywhere. 7) They are generous-hearted, like the Father. Apart from doing *service*, they do not find anything else sweet.

**Song:** Salutations to Shiva!

Om shanti. The spiritual Father, whose praise you have just heard, sits here and teaches you children lessons. This is a school. All of you are learning your lessons from the *Teacher*. This One is the *Supreme Teacher* who is also called the Supreme Father. Only the spiritual Father can be called the Supreme Father. A physical father would never be called the Supreme Father. You would say: We are now sitting with the parlokik Father. Some are already sitting here and some come here as guests. You understand that you are sitting with the unlimited Father in order to claim your inheritance. So, you should have so much internal happiness. Poor people continue to cry out in distress. At this time, everyone in the world says that there should be peace in the world. The poor helpless people don't know what peace is. Only the Father, who is the Ocean of Knowledge and the Ocean of Peace, can establish peace. There is just peace in the incorporeal world. Here, people cry out in distress: How can there be peace in the world? There used to be peace in the golden-aged new world when there was just the one religion. The new world is called *Paradise*, the world of deities. Everywhere in the scriptures they have just written things of peacelessness. They have shown Kams in the copper age and then they have shown Hirnakashap in the golden age. They have shown the upheaval of Ravan in the silver age; they have shown peacelessness everywhere. The poor people are in such extreme darkness. They call out to the unlimited Father. Only when *God, the Father*, comes can He then establish peace. The poor people don't know *God* at all. Peace only exists in the new world. It cannot exist in the old world. Only the Father establishes the new world. People call out to Him to come and establish *peace*. Even those who belong to the Arya Samaj sing praise of the Bestower of Peace. The Father says: It is purity first. You are now becoming pure. There, there is *purity, peace, health, wealth* and everything. People become unhappy without wealth. You come here to become as wealthy as Lakshmi and Narayan. They were the masters of the world. You have come here to become the masters of the world. However, each one's intellect is numberwise. Baba has said: When you go out in the morning in a procession, you should definitely take the picture of Lakshmi and Narayan with you. Create such tactics. The children's intellects are now to become divine. At this time they have just gone to the rajo stage from being tamopradhan. They now have to reach the satopradhan stage after becoming sato. You don't have that strength as yet. You do not stay in remembrance. The power of yoga is lacking a lot. No one can become satopradhan instantly. It is remembered that there is liberation-in-life in a *second*. That is fine. Since you have become Brahmins, you are liberated-in-life. Then, even in liberation-in-life, there are the highest, the mediocre and the lowest levels. Those who belong to the Father definitely receive liberation-in-life. Although some belong to the Father and then leave Him, in spite of that, they will still receive liberation-in-life. They will become sweepers in heaven. They will at least go to heaven, but they will receive a low status. The Father gives you imperishable knowledge which is never destroyed. Drums of happiness should beat in the hearts of you children. After the cries of distress, there will be cries of wonder. You are now the children of God. You will then become children of the deities. Your lives at this time are as valuable as diamonds. You are *serving* Bharat and making it *peaceful*. There, there is purity, peace and happiness; there is everything there! These lives of yours are even more elevated than those of the deities. You now know the Father, the Creator, and the world cycle. It is said that all the festivals etc. have continued from time immemorial. However, from when? No one knows this. They believe that it is from when the world began, that the burning of Ravan is also from time immemorial. However, Ravan doesn't exist in the golden age. There is no type of sorrow there and this is why they don't even remember *God*. Here, everyone continues to remember *God*. They believe that only *God* will bring peace to the world. This

is why they say: Come and have mercy on us! *Liberate* us from sorrow! It is the children who call out to the Father because it is they who have seen happiness. The Father says: I will purify you and take you back with Me. Those who don't become pure will experience punishment. Here, you have to remain pure in your thoughts, words and deeds. Your thoughts have to be very good. You have to make so much effort that, at the end, you don't have any wasteful thoughts. Do not remember anyone but the one Father. The Father explains: These thoughts will come until you reach the karmateet stage. You have to become as unshakeable as Hanuman. That requires great effort. The children who are obedient, faithful and worthy are loved by the Father a great deal. Those who don't conquer the five vices cannot be loved as much. You children know that you claim your inheritance from the Father every cycle, and so the mercury of happiness should rise so high! You also know that establishment definitely has to take place. This old world definitely has to become a graveyard. We are continuing to make effort as we did in the previous cycle in order to go to the land of angels. This is a graveyard. The explanation of the old world and the new world is given in the picture of the ladder. This picture of the ladder is so good, but, nevertheless, people are unable to understand anything. Even those who live here on the shore of the Ocean are unable to understand fully. You definitely have to donate the wealth of knowledge. Wealth never diminishes by donating it. It is said: Donor and then great donor. Those who build a *hospital* or a pilgrims' rest house are called great donors. They receive the fruit of that in their next birth for a temporary period. For instance, if someone builds a pilgrims' rest house, he will receive the happiness of a good home in his next birth. Those who donate a lot of wealth will take birth to a king or to a wealthy person. They become that by donating whereas you claim a royal status by studying. There is study and also donation. Here, it is *direct* whereas on the path of devotion it is *indirect*. Shiv Baba is making you become like that through this study. Shiv Baba has the imperishable jewels of knowledge. Each jewel is worth hundreds of thousands of rupees. This cannot be said of devotion. This is called knowledge. They have the knowledge of devotion in the scriptures; they receive teachings about how to perform devotion. You children have the intoxication of knowledge which goes right to your head. You receive knowledge after devotion. Through knowledge you experience the intoxication of the sovereignty of the world which goes right to your head. Those who do a lot of *service* will become intoxicated. Those who give good lectures are invited to the *museums* and exhibitions. They would definitely be numberwise there too. There are the elephant riders, the horse riders and the foot soldiers. The memorial is created in the Dilwala Temple. You say: This is the living Dilwala and that is the non-living one. You are incognito and this is why people don't recognize you. You are Raj Rishis and they are hatha yoga rishis. You are now gyan gyaneshwari (knowledge-full). The Ocean of Knowledge is giving you knowledge. You are the children of the eternal *Surgeon*. Only the *Surgeon* would feel your pulse. How would those who don't know their own pulse know the pulse of others? You are the children of the eternal *Surgeon*, are you not? The Satguru gives you the ointment of knowledge; this is the *injection* of knowledge. The soul is given an *injection*. That praise is of this time. It is the praise of the Satguru. Only the Satguru would give the *injection* of knowledge to gurus. You are the children of the eternal *Surgeon* and so your business is to give everyone the *injection* of knowledge. Among *doctors* too, some earn one hundred thousand rupees in a month, whereas others barely earn 500 rupees. People go to each one, numberwise. A *judgement* is received from the *High Court* or the *Supreme Court* to put someone on the gallows. Then an *appeal* is made to the *President*, and so he forgives him. You children should be intoxicated and remain generous hearted. The Father entered this Lucky Chariot and so He made him generous-hearted. He Himself can do anything, can He not? He entered this one and became the Master. OK, all of that has to be used to benefit Bharat. You use your wealth for the benefit of Bharat. When someone asks you how you cover your expenses, tell him: We are doing *service* with our own bodies, minds and wealth. We will rule and so we will use our own money. We cover the expenses ourselves. We Brahmins are establishing the kingdom by following shrimat. Those who become Brahmins will cover the expenses. We have become Brahmins from shudras and we then have to become deities. Baba says: Create all the pictures in "*trans-light*" (illuminated transparency) form so that people are attracted to them and the arrow instantly strikes the target. Some will not come here at all because they are afraid of magic. To change humans into deities is magic, is it not? God speaks: I teach you Raja Yoga. Hatha yogis can never teach Raja Yoga. You now understand these things. You are becoming worthy of sitting in a temple. At this time the whole world is an unlimited Lanka. There is Ravan's kingdom over the entire world. How could Ravan etc. exist in the golden and silver ages? The Father says: Listen to whatever I tell you now.

Don't see anything with these eyes. This old world has to be destroyed. This is why we are remembering our land of peace and land of happiness. From worshippers you are now becoming worthy of worship. This one was a *number* one worshipper. He used to worship Narayan a great deal. He is now once again becoming the worthy-of-worship Narayan. You too can make effort and become this. The kingdom continues, just as there is *King* Edward the *First*, the *Second* etc. The Father says: You have been calling Me omnipresent and have been rejecting Me. Nevertheless, I have been uplifting you. This play is created so *wonderfully*! You definitely have to make effort. According to the *drama*, you will make the same effort that you made in the previous cycle. The children who have a keen interest in doing *service* only have this one concern day and night. You children have found the path through the Father and so you don't like to do anything but *serve* others. You don't like the worldly atmosphere. Those who do *service* don't find any comfort without doing *service*. A *teacher* enjoys teaching. You have now become very elevated *teachers*. This is your business. The better a *teacher* is and the more he makes many others the same as himself, so he receives a prize accordingly. He would not feel comfortable without teaching anyone. At exhibitions, sometimes, if it is even 12 midnight, they experience happiness. Even if they become tired and their throats dry up, they still remain happy, because this is Godly *service*. This is very elevated *service*. They don't find anything else sweet. They say: What would we do with this property etc? We just want to teach. This is the only *service* we want to do. If they find that there are complications with their wealth or property, they would say: Of what use is this gold for which your ears can be cut off? Your boat has to go across by your doing *service*. Baba says: Those who donate buildings can still keep them in their name. The BKs just want to do *service*. Any external bondage is not very good for this *service*. Some people's strings of attachment are pulled and some people's strings of attachment are broken. Baba says: Become "Manmanabhav" and your sins will be absolved. You receive a great deal of help. You have to become engaged in this *service*. There is a great deal of income in this service. It is not a question of buildings etc. If they give you a building and then impose conditions, you should not take it. Those who don't know how to do *service* are of no use to us. A *teacher* would make others the same as himself. Of what use are they if they don't become this. There is a great need for *hands*. In this too, there is a greater need for mothers and kumaris. Children understand that the Father is the *Teacher* and so you children also have to become *teachers*. It isn't that *teachers* cannot do any other type of work. You have to do all types of work. Achcha.

To the sweetest, beloved, long-lost, now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Day and night, only have thoughts of *service*. Break all other strings of attachment. There is no comfort without your doing *service*. Do *service* and make others the same as yourself.
2. Become as generous-hearted as the Father. Feel everyone's pulse and then serve them. Use your body, mind and wealth to benefit Bharat. In order to become unshakeable and immovable, be obedient and faithful.

**Blessing:** May you have a right to elevated status by you yourself transforming yourself and becoming an image of support for the world.

BapDada's teaching to attain an elevated status is: Children, transform yourselves. You think of the situations or of other souls changing, instead of changing yourself. You think about receiving particular facilities, co-operation or support and that only then will you be able to transform yourself. So, when your transformation is dependent on something, your reward will also be dependent on something, because however much support you take, that support is *shared* in the account of accumulation. Therefore, always have the aim of transforming yourself. I, myself, am an image of support for the world.

**Slogan:** Success in a gathering is already guaranteed with zeal, enthusiasm and elevated thoughts.
