

**Essence:** Sweet children, you are the *doubly* non-violent spiritual army. You have to establish your divine kingdom by following shrimat.

**Question:** What should you spiritual servers caution everyone about?

**Answer:** Caution everyone: This is the time of that same Mahabharat War. This old world is now going to be destroyed. The Father is inspiring the new world to be established. After destruction, there will be cries of victory. You should all get together and discuss how to give everyone the Father's introduction before destruction takes place.

**Song:** You wasted the night in sleeping and the day in eating!

Om shanti. The Father explains that God is the Highest on High. Then, because you are an army, He can also be called the *Commander-in-Chief*. Who is your *Supreme Commander*? You know that there are two types of army. Those are physical armies, whereas you are a spiritual army. Those armies are limited whereas you are an unlimited army. You have *commanders*, *generals* and also *lieutenants*. You children know that you are establishing your kingdom by following shrimat. There is no question of a war etc. We are once again establishing our divine kingdom over the whole world by following shrimat. We act out this *part* every cycle. All of these matters are unlimited. These things don't apply to those battles. The Father is the Highest on High. He is also called the Magician, the Jewel Merchant and the Ocean of Knowledge. The praise of the Father is limitless. Your intellects simply have to have remembrance of the Father. Maya makes you forget to have remembrance of Him. You are the *doubly* non-violent spiritual army. Your only concern is how to establish your kingdom. The *drama* definitely will make you do this. You do have to make effort, do you not? You good children should discuss this among yourselves. Your war with Maya will continue till the end. You know that the Mahabharat War is also definitely going to happen. How else would the destruction of the old world take place? Baba is giving us shrimat. We children have to establish our kingdom once again. After this old world is destroyed, there will be cries of victory in Bharat. You have become the instruments for this. Therefore, meet among yourselves and discuss ways of doing *service* so that you can give everyone the Father's message that this old world is to be destroyed. The Father is establishing the new world. When a physical father builds a new home, his children become happy. That is a limited aspect whereas this is a matter of the whole world. The new world is called the golden age and the old world is called the iron age. It is now the old world. Therefore, you should know when and how the Father establishes the new world. Those of you who know this know it, numberwise, according to the effort you make. The greatest of all is the Father. Then the rest are numberwise elephant riders, cavalry and infantry. *Commanders* and *captains* are mentioned just as examples in order to explain to you. You children should meet amongst yourselves and discuss ways of giving the Father's introduction. This is spiritual service. How can we caution our brothers and sisters and tell them that the Father has now come to establish the new world? Destruction of the old world is now in front of you. This is the same Mahabharat War. Human beings don't even know what happens after the Mahabharat War. You *feel* that you are now becoming the most elevated human beings at this confluence age. The Father has come to make you into the most elevated human beings. There is no question of a war in this. The Father explains: Children, there cannot be a single pure person in this impure world, and there cannot be a single impure person in the pure world. No one understands such a small matter! All the pictures etc., are explained to you children in essence. Whatever people do on the path of devotion, such as chanting, doing penance, giving donations and performing charity etc., only brings them happiness that is as temporary as the droppings of a crow. However, it is only when you come here and understand these things that your intellects can then retain them. It is now the kingdom of devotion; there isn't the slightest knowledge. Just as there is no one pure in this impure world, so too, no one but the One has any of this knowledge. The Vedas and scriptures etc., all belong to the path of devotion. You have to come down the ladder. You have now become Brahmins. This army is numberwise. The main ones, such as *commanders*, *captains* and *generals* etc., should meet together and discuss how to give Baba's message. It has been explained to you children that the *Messenger*, Preceptor and Guru are all One. All others belong to the path of devotion. Only you are at the confluence age. The *aim* and *objective* of becoming Lakshmi and Narayan is absolutely *accurate*. On the path of devotion, they relate the story of the true Narayan, the story of the third eye and the story of immortality. The Father is now telling you the story of the true Narayan. On the path of devotion, everything is a matter of the *past*. They build temples etc., to whoever came and departed. Similarly, Shiv Baba is now teaching you. Later, on the path of devotion, memorials of this will then be built. In the golden age, there are no images of Shiva or of Lakshmi and Narayan etc. Knowledge is totally distinct from devotion. Only you

have this knowledge. This is why the Father has said: *Hear no evil, speak no evil...* You children are now so happy that the new world is being established. Baba is once again giving us *directions* for the establishment of the land of happiness. The *number one direction* is that you must become pure. Everyone is impure. The good children should meet together and discuss how to increase *service* and how to give the Father's *message* to the poor. The Father has come as He did in the previous cycle. He says: Consider yourself to be a soul and remember Me! The kingdom definitely has to be established. They will definitely understand this. Those who don't belong to the deity religion will not understand. At the time of destruction they have intellects that have no love for God. You children know that He is your Lord and Master. Therefore, you must neither indulge in vice nor fight or quarrel. Your Brahmin religion is very elevated. They belong to the shudra religion whereas you belong to the Brahmin religion. You are the topknot and they are the feet. Above the topknot there is only incorporeal God, the Highest on High. Because no one can see Him with these physical eyes, Shiv Baba hasn't been shown in the variety-form image, nor has the topknot (Brahmins been shown). They only speak of the deities, warriors, merchants and shudras. Those who become deities then take rebirth and become warriors, merchants and shudras. No one understands the symbolism of the variety-form image. You now understand it. Therefore, you should make the picture *correct*. Shiv Baba and you Brahmins too have been shown. You now have to give everyone the *message*: Consider yourself to be a soul and remember the Father! It is your duty to give this *message*. Just as the Father's praise is limitless, so Bharat too is praised a great deal. If someone were to listen to this knowledge for seven days, it would sit in his intellect. They say that they don't have time. Oh! But you have been calling out for half the cycle and He has now come here in a *practical* way. The Father has to come here at the end (of the cycle). Only you Brahmins understand this, numberwise, according to the effort you make. As soon as you began to study this knowledge, you developed the faith that the Beloved to whom you had been calling out has now come. He would surely have to come in someone's body. He doesn't have a body of His own. The Father says: I enter this one and give you children *knowledge* of the world cycle, the Creator and creation. No one else knows this. This is a study. Baba makes it very easy and explains it to you. Baba says: I make you so wealthy! No one is as pure or as happy as you are every cycle. You children donate this knowledge to everyone at this time. The Father donates jewels to you. You then donate them to others. You are making Bharat into heaven. You follow shrimat and make Bharat into heaven by using your body, mind and wealth. This is such an elevated task. You are an incognito army. No one knows this. You know that you are claiming sovereignty over the world and becoming elevated by following shrimat. The Father says: Now constantly remember Me alone! Krishna couldn't have said this; he was a *prince*. You are becoming *princes*. In the golden and silver ages, there is the pure family path. Impure kings worship the idols of the pure King Narayan and pure Queen Lakshmi. First there is the kingdom of the pure family path and then the kingdom of the impure family path; it is half and half, day and night. If it were a matter of hundreds of thousands of years, it couldn't be half and half. If it were hundreds of thousands of years, the population of the Hindu religion, which is in fact the deity religion, would be very much greater; there would be countless Hindus. At present, they still take a census of the population. It is fixed in the *drama* and it will happen again. Death is standing just ahead. It will be the same Mahabharat War. Therefore, meet together and make *service plans*. You do continue to do *service*. You do create new pictures and have exhibitions. OK, what should you do now? Achcha, create a spiritual *museum*. When people see it, they will recommend it to others. Both the poor and the wealthy put money aside to give in donation. The wealthy put aside more money. It is the same here. Some give a thousand and others give less. Some even send just two rupees. They say: Use one rupee to put a brick in my name and accumulate the other rupee for 21 births. This is incognito. One rupee of someone poor is equivalent to one thousand of someone wealthy. Since the poor have very little, what can they do? There is the account. Businessmen also put something aside for donating. What should be done now? Help the Father! The Father will then give you the *return* of that for 21 births. The Father comes and helps the poor. This world is no longer going to remain; everything will turn to dust. You know that establishment has to take place as it did in the previous cycle. The incorporeal Father says: Children, renounce all your bodily religions and remember the one Father. This Brahma is also part of creation. Who is Brahma a child of? Who *created* him? How are Brahma, Vishnu and Shankar *created*? No one knows any of this. The Father comes and explains the truth. Brahma definitely has to exist in the human world. "The Dynasty of Brahma" has been remembered. No one knows how God creates the human world. Brahma has to exist here, does he not? The Father says: The one whose body I have entered is now in the last of his many births. He has taken the full 84 births. Brahma is not the

*Creator*. Only the one incorporeal One is the *Creator*. Souls too are incorporeal. They are eternal; no one *created* them. Therefore, where did Brahma come from? The Father says: I entered him and changed his name. The names of you Brahmins were also changed. You are Raj Rishis. In the beginning, you renounced everything and came and stayed with the Father. Therefore, your names were changed. Then, because Maya ate some of you, Baba stopped creating the rosary and giving new names. Nowadays, there's a lot of cheating in every respect. They even cheat with milk; you just can't get the real thing. They even cheat the Father; they begin to have themselves called God. You children now understand what a soul is and what the Supreme Soul is. However, this is numberwise according to the effort each of you makes. The Father knows how much each of you studies and teaches others and what status you will then receive. You have the faith that you are being made into the *crown princes* of the *world* by the Father. Therefore, you should make effort accordingly and show everyone that you are becoming *crown princes*. You have been around the cycle of 84 births and are now becoming that again. This is hell; there is nothing left here. The Father has now come and is filling your treasure-store and removing all your sorrow. Ask everyone: You have come here to have your treasure-store filled, have you not? There can be no death in the land of immortality. The Father has come to remove your sorrow and fill your treasure-store. That is the land of immortality and this is the land of death. Listen to and speak about these sweet things, not useless things. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. The Father has come to teach you this study which makes you into the masters of the world. Therefore, never say that you don't have time. Follow shrimat and serve Bharat with your body, mind and wealth to make it into heaven.
2. Listen to and speak about very sweet things of knowledge among yourselves. Always remember the Father's *direction: Hear no evil, speak no evil...*

**Blessing:** May you remain free from forgetting by being aware of the *combined* form and thereby become a constant yogi.

The children who experience themselves to be *combined* with the Father automatically receive the blessing of being a constant yogi because wherever they may be staying, a meeting continues to take place. No matter how much someone tries to make them forget, they remain free from forgetting. The children who never forget in this way are very much loved by the Father and are constant yogis because the sign of love is natural remembrance. Maya cannot shake you even by your finger tips, in the form of thoughts.

**Slogan:** Instead of making excuses, find a solution and you will claim a right to blessings.
