

Essence: Sweet children, you are the *spiritual, incognito salvation army*. You have to *salvage* the whole world and take the sinking boats across.

Question: Which *university* that doesn't exist throughout the whole cycle does the Father open at the confluence age?

Answer: It is only at the confluence age that the Father opens the *Godfatherly University* and *college* for studying to attain a kingdom. Such a *university* is not opened throughout the whole cycle. By studying in this *university* you become the *double-crowned* kings of kings.

Om shanti. Baba first of all asks you sweetest, spiritual children: When you come and sit here, do you consider yourselves to be souls and remember the Father because you don't have any business to do or any friends or relatives etc. here? You come here with the thought that you are going to meet the unlimited Father. Who says this? The soul speaks through the body. The parlokik Father has taken this body on loan and is explaining through it. Only once does the unlimited Father come and teach you to consider yourself to be a soul and to remember the Father so that your boat will go across. Everyone's boat is sinking. To the extent that you make effort, so your boat will accordingly go across. It is said: O Boatman, take my boat across. In fact, each one has to go across by making effort for himself. Once you have learnt how to swim, you swim by yourself. Those are physical aspects. This here is a spiritual aspect. You know that souls are now trapped in a dirty swamp. There is the example of a deer. It went forward thinking that there was water ahead, but there was nothing but a swamp there, and it became trapped in that. Sometimes, even *steamers* and cars become stuck in mud. They then have to be *salvaged*. That is the *Salvation Army*; you are the spiritual army. You know that everyone is completely stuck in Maya's swamp. This is called Maya's swamp. The Father comes and explains how you can be removed from that. He *salvages* you. There, one person would need the help of another person. Here, souls are trapped in the swamp. The Father shows you the way to get out of it. You can then also show this path to others. You yourself have to see how to take your boat across the ocean of poison to the ocean of milk and then show others this path. The golden age is called the ocean of milk, which means the ocean of happiness. Here, this is the ocean of sorrow. Ravan drowns you in the ocean of sorrow. The Father comes and takes you to the ocean of happiness. You are also called the spiritual *salvation army*. You show everyone the path according to *shrimat*. You explain to everyone about the two fathers; one is a physical father and the other is the unlimited Father. Even though everyone has a physical father, they remember the parlokik Father. However, no one knows Him at all. Baba is not defaming anyone but is explaining the secrets of the *drama*. It is only in order to explain this that He says: At this time, all human beings are completely trapped in the quicksand of the five vices. Therefore, they belong to the devilish community. Those who belong to the devilish community bow down to those who belong to the divine community, because the divine community is completely viceless. People also bow down to the sannyasis who leave their homes and families and remain pure. However, there is the difference of day and night between sannyasis and deities. Deities take birth through the power of yoga. No one knows these things at all. Everyone says: God's ways and means are completely unique. No one can attain the depths of God. By saying "Ishwar" or "God", you don't experience that much *love*. The best word of all is "Father". Human beings don't know the unlimited Father at all; it is as though they are *orphans*. A *magazine* has been produced that tells what human beings say and what God says. The Father is not insulting anyone; He is explaining to the children because He knows about everyone. In order to explain, He says: This one has devilish traits. They continue to fight among themselves. There is no need to fight here. That is the Kauravas' community, that is, the devilish community. This is the divine community. The Father explains: It is impossible for human beings to teach human beings Raja Yoga for them to attain liberation or liberation-in-life. It is only at this time that the Father comes and teaches you souls. Look how much difference there is between those who are body conscious and those who are soul conscious. You have been falling due to body consciousness. The Father only comes once and makes you soul conscious. It isn't that you won't have any bodily relationships in the golden age. There, you don't have the knowledge that you are a child of the Supreme Father, the Supreme Soul. It is only at this time that you receive this knowledge. This knowledge then disappears. You follow *shrimat* and receive the reward through that. The Father comes in order to teach you Raja Yoga. There is no other study like this one. The *double-crowned* kings existed in the golden age. There are also the kingdoms of those with *single* crowns. Even those kingdoms don't exist now; it is the rule of the people by the people. You children are studying in this *Godfatherly University* for a kingdom. Your name is written on the outside. Although those people also write the name "Gita Pathshala", who teaches them? They simply say that those versions were spoken by

God Shri Krishna. However, Krishna cannot teach anyone. Krishna himself used to go to a school to study. What *school* do *princes* and *princesses* go to? The language there is completely different. It isn't that he spoke the Gita in the Sanskrit language. Here, there are many languages. Every king adopts his own language. The Sanskrit language is not the language of kings. Baba doesn't teach Sanskrit; the Father teaches Raja Yoga for the golden age. The Father says: Lust is the greatest enemy; you have to conquer it. He makes you promise to do this. Everyone who comes here is made to promise this. By conquering lust, you become the conquerors of the world. This is the main vice. This violence has continued from the copper age, since the path of sin began. There is also a temple showing how the deities fell onto the path of sin. They have created many dirty idols there. However, they have no date or time showing when those deities went onto the path of sin. It is proved that they became ugly by sitting on the pyre of lust. Their names and forms changed. By sitting on the pyre of lust, they became *iron aged*. Even the five elements are now tamopradhan. This is why the bodies that are created here are also tamopradhan. From their moment of birth, they all have different forms. There, everyone's body is absolutely beautiful. Because everything is now tamopradhan, bodies are also like that. People remember God by various names such as "Ishwar" and "Prabhu". However, those poor things don't know anything. Souls remember their Father, and say: O Baba, come and give me peace. Here, you are playing *parts* through the physical organs. Therefore, how can you experience peace here? There used to be peace in the world when it was the kingdom of Lakshmi and Narayan. However, since it has been said that the duration of the cycle is hundreds of thousands of years, how would poor human beings be able to understand? When it was the kingdom of the deities, there was just one kingdom and one religion. For no other land is it said that there is one kingdom and one religion. Here, souls ask for one kingdom. You souls know that we are now establishing that one kingdom. There, we will be the masters of the whole world. The Father has given us everything. No one will be able to snatch that kingdom away from us. We become the masters of the whole world. The subtle region and the incorporeal world are not part of this physical world. This world cycle only turns here. Only the Father, the Creator, knows this. It isn't that He creates creation. The Father comes at the confluence age to make the old world into the new world again. Baba has come from the faraway land. You know that the new world is being created for you. Baba is decorating us souls. Along with that, your bodies too will be decorated. When you souls become pure, you receive satopradhan bodies. Bodies will be created with satopradhan elements. They have satopradhan bodies, do they not? They remain *naturally beautiful*. It is said: "*Religion is might*." Where did they receive *might* from? It is only through the *religion* of the deities that you receive *might*. Only the deities become the masters of the whole world; no one else becomes a master of the world. You receive so much *might*. It is written that Shiv Baba establishes the original, eternal, deity religion through Brahma. No one else in the world knows these things. The Father says: I establish the Brahmin clan and then take them into the sun *dynasty*. Those who study well will *pass* and go into the sun dynasty. Everything is a matter of knowledge. Those people have portrayed a physical bow and arrow and weapons. They learn how to shoot a bow and arrow. They also teach little children how to fire guns. Yours is the arrow of yoga. The Father says: Constantly remember Me and your sins will be absolved. There is no question of violence. Your study is incognito. You are the *spiritual salvation army*. No one knows what this *spiritual army* is. You are the *incognito, spiritual salvation army*; you *salvage* the whole world. Everyone's boat is sinking. However, there is no such thing as Golden Lanka. It isn't that Golden Dwaraka went below and will emerge again; no. There used to be their kingdom in Dwaraka, but that refers to the golden age. The *dress* of the golden-aged kings is different from that of the silver-aged kings. There is different *dress* and different customs and systems. Each king's customs and systems are different. As soon as the name "Golden Age" is mentioned, the heart becomes happy. Human beings speak of Heaven and *Paradise*, but they still don't know anything. The main thing is this Dilwala Temple. It is your identical memorial. *Models* are always small. This is an absolutely *accurate model*. There is Shiv Baba and Adi Dev, and above, on the ceiling, *Paradise* is portrayed. Since they show Shiv Baba, there would also be His chariot there. Adi Dev is sitting there. No one else understands this. This is Shiv Baba's chariot. It is Mahavir who attains the kingdom. It is now that you understand how souls receive strength. Repeatedly consider yourself to be a soul. When I, the soul, was satopradhan, I was pure. In the land of peace and the land of happiness, souls definitely remain pure. All of this now enters your intellects. This is such an easy aspect. Bharat was pure in the golden age. Impure souls cannot exist there. How can all of these impure souls return home? They definitely have to become pure before they can return home. When the world is set ablaze, all souls will return home. Their bodies will remain here. There are all these

symbols. No one understands the meaning of Holika. The whole world is to be sacrificed into that fire. This is the sacrificial fire of knowledge. They have removed the word “knowledge” and called it the sacrificial fire of Rudra. In fact, this is the sacrificial fire of the knowledge of Rudra. This is created by you Brahmins. You are the true Brahmins. You are all the children of Prajapita Brahma. The human world is created through Brahma. Brahma is called the *great-great-grandfather*. There is his genealogical tree. There are also genealogical trees of the Agarwals (a clan). They keep a genealogical tree showing all the different generations. It is in your intellects that there is a systematic genealogical tree of souls in the incorporeal world. There is Shiv Baba, then Brahma, Vishnu and Shankar and then Lakshmi and Narayan etc. This is the genealogical tree of human beings. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become the spiritual *salvation army* and show yourselves and others this right path. In order to *salvage* the whole world from the ocean of poison, become the Father’s complete helpers.
2. Become pure through knowledge and yoga and decorate the soul, not the body. When souls become pure, their bodies are automatically decorated.

Blessing: May you be a true and loving beloved who follows every shrimat of the Father. Children who remain constantly merged in the love of the Father, love every one of the Father’s words and their *questions* finish. The *foundation* of Brahmin life is love and those who are loving beloved souls do not find it difficult to follow the Father’s shrimat. Because of their love, they always have this enthusiasm: What Baba said was for me and I have to do it. Loving souls have big hearts and therefore every big situation becomes small for them.

Slogan: To have *feelings* in a situation is a sign of *failing*.

* * * O M S H A N T I * * *
