

Essence: Sweet children, you have *wasted* a lot of *time* tolerating sorrow. The world is now changing. Remember the Father, become satopradhan and your *time* will be used in a worthwhile way.

Question: What effort do you need to make in order to win the *lottery* for 21 births?

Answer: If you want to win the *lottery* for 21 births, become a conqueror of attachment. Sacrifice yourself completely to the Father. Always have the awareness that this old world is now changing and that we are going to the new world. Even while seeing this old world, don't see it. Use your handful of rice in a worthwhile way, as Sudama did, and claim the golden-aged sovereignty.

Om shanti. The spiritual Father sits here and explains to the spiritual children. You children understand that "spiritual children" means souls, and that "spiritual Father" means the Father of souls. This is known as the meeting of souls with the Supreme Soul. This meeting only takes place once. You children know all of these things. This is something unique. The Father without an image explains to souls without an image. In fact, souls are without an image and they then adopt an image when they come here. They play their *parts* through their images. There is a soul in everyone. There is a soul in all the animals too. They speak of 8.4 million species and all animals are included in that. There are many animals. The Father explains: Don't *waste* your *time* in those matters. People without this knowledge continue to *waste* a lot of their *time*. At this time, the Father sits here and teaches you children and you then experience the reward for half the cycle. You don't have any difficulty there. Your *time* is *wasted* tolerating sorrow. Here, there is nothing but sorrow. This is why everyone remembers the Father: Our *time* is being *wasted* in sorrow and so take us away from here! You would never say that your *time* is *wasted* in happiness. You also understand that, at this time, human beings have no *value*. You can see how people die suddenly. So many people die in just one storm. In the kingdom of Ravan human beings have no *value*. The Father is now giving you so much *value*. He is changing you from *not worth a penny* to *worth a pound*. It is remembered: The birth like a diamond is invaluable. At this time human beings chase after shells. Perhaps they become millionaires, multimillionaires or billionaires; their intellects are engrossed in that all of the time. They are told to forget all of that and to remember the one Father, but they don't accept it. This will only sit in the intellects of those in whose intellects it sat in the previous cycle. Otherwise, no matter how much you explain, it will not sit in their intellects. You know, numberwise, that this world is changing. Even though you may have written on a board outside that the world is changing, they will not understand this until you explain to them. OK, once someone has understood this, you then have to explain to him: Remember the Father and become satopradhan. The *knowledge* is very easy. This is the sun dynasty and this is the moon dynasty...and so on. This world is now changing and it is the one Father who changes it. You know this accurately, and that too is numberwise, according to the efforts you make. Maya doesn't allow you to make effort and so you then understand that, according to the *drama*, you are not able to make so much effort. You children now know that you are changing this world for yourselves by following shrimat. Shrimat is from the one Shiv Baba. It is very easy to say, "Shiv Baba, Shiv Baba". No one else knows Shiv Baba or the inheritance. "Baba" means an inheritance. There has to be the true Shiv Baba. Nowadays, they even call a *mayor* "*father*". They call Gandhi, "*father*". Someone is even called Jagadguru, which would mean that he is the guru of the whole world. No human being can be that, since the Purifier and the Bestower of Salvation for All is the one Father. The Father is incorporeal; so how does He *liberate* you? The world is changing and so He definitely comes here to *act*. Only then could you become aware of this. It isn't that annihilation takes place and that the Father then creates the new world. In the scriptures they have portrayed a huge annihilation taking place and then Krishna coming, floating on a pipal leaf. However, the Father explains that it is not like that. Since it is remembered that the *history* and *geography* of the *world repeat*, there cannot be annihilation. It is in your hearts that the old world is now changing. Only the Father comes and explains all of these things. Lakshmi and Narayan are the masters of the new world. In the pictures, they have portrayed Ravan as the master of the old world. Both the kingdoms of Rama and Ravan have been remembered. It is in your intellects that Baba finishes the old, devilish world and inspires the establishment of the new, divine world. The Father says: Hardly anyone knows Me as I am or what I am. You know Me, numberwise, according to the effort you make. Those who make effort very well also have great intoxication. Those who make effort for remembrance have *real* intoxication. You don't experience as much intoxication explaining the *knowledge* of the cycle of 84 births as you do on the pilgrimage of remembrance. The main thing is to become pure. People call out: Come and purify us! They don't say: Come and give us the sovereignty of the world. You listen to so many stories on the path of devotion. This

is the true story of the true Narayan. You have been hearing those stories for birth after birth and have continued to come down. It is only in Bharat that they have the system of listening to religious stories. In other lands, they don't have such religious stories. They consider Bharat to be *religious*. There are so many temples in Bharat. *Christians* only have the one *church*. Here, they have so many different types of temple. In fact there should only be one temple to Shiv Baba. There should be the name of just the One, but there are so many names here. People come from abroad to see the temples here. Those poor people don't understand what ancient Bharat was like. There is nothing older than 5000 years. They think that they have found something older than hundreds of thousands of years. The Father explains: The pictures that exist in the temples etc. have only existed for 2500 years. At first, there is worship of Shiva alone; that is unadulterated worship. In the same way, there is also unadulterated knowledge. First, there is unadulterated worship and then there is adulterated worship. Now, look how they worship water and the soil etc! The unlimited Father says: You wasted so much wealth on the path of devotion. There are so many scriptures and so many pictures. There must be so many different Gitas. By spending so much on all of that, look what you have become! Yesterday I made you *double* crowned; now you have become so poverty-stricken. It is a matter of only yesterday. You also understand that you truly have been around the cycle of 84 births. We are now once again becoming this. We are claiming our inheritance from Baba. Baba repeatedly inspires you to make effort. The term "Manmanabhav" is also mentioned in the Gita. Some words in that are correct. It is said: It used to exist. That is, the deity religion doesn't exist now, but there are its images. Look how well they have made your memorial. You understand that you are now once again carrying out establishment. Then, on the path of devotion, our *accurate* memorial will be built. When an *earthquake* takes place, everything is destroyed and everything has to be built anew. There are all the skills there. There is also the skill of cutting diamonds. Here, too, people cut diamonds and then set them. Diamond cutters are very *expert*. They will then go there. All of these skills will go there too. You know that there will be so much happiness there. It used to be the kingdom of Lakshmi and Narayan. The very name is heaven, one hundred percent *solvent*. It is now *insolvent*. There is a lot of *fashion* in Bharat for wearing jewellery; it continues from time immemorial. So you children should have so much happiness. You know that this world is changing. Heaven is being created and so we definitely do need to become pure for that. We also have to imbibe divine virtues. This is why Baba says: Definitely write your *chart*. Have I, the soul, performed any devilish *act*? Firmly consider yourself to be a soul. Have I performed any sinful act through this body? If I have, then my *register* would be spoilt. This is the *lottery* for 21 births. This is also a *race*. There are horse races. This is called the sacrificial fire in which the horse is sacrificed to attain self-sovereignty. That is, you souls have to race. You now have to return home. That is also called the *sweet silence home*. You are listening to these words now. The Father says: Children, now make a lot of effort. You are receiving a kingdom and that is no small thing. I am a soul and I have taken this many births. The Father says: Your 84 births are now coming to an end. Now you have to begin again from the first *number*. It will definitely be you children who will sit in the new palaces. You will not sit in old ones. It isn't that you will sit in old ones and rent out the new ones to tenants. The more effort you make, so you will accordingly become the masters of the new world. When a new home is being built, the heart's desire is to leave the old one and go and sit in the new one. The Father builds a new home for the children only when the earlier one becomes old. There, it isn't a question of renting it out. Just as those people try to get a *plot* of land on the *moon*, so you are claiming your *plot* in heaven. The more yoga and knowledge you have, the purer you will become. This is Raja Yoga; you are receiving such a huge kingdom! When people go searching for a *plot* of land on the *moon*, all of that is wasteful. These things that now give you happiness will later become things that bring about destruction and cause sorrow. As you progress further, there will be fewer armies. Everything will happen instantly through *bombs*. This *drama* is predestined and destruction will take place suddenly at the right time. Soldiers etc. will then die. You are now becoming angels. You know that destruction takes place for you. It is the *part* of the *drama* for the old world to end. Whatever actions each one performs, he has to suffer accordingly. For instance, sannyasis may be good, but they still take birth to householders. Only in the new world will you receive an elevated birth and that too will be according to your sanskars. You are now taking those sanskars to the new world. You will definitely take birth in Bharat. Because you perform such actions, you will take birth to those who are very good, *religious-minded* people. You will take birth according to your sanskars. You will go and take birth in a very high clan. There wouldn't be anyone else who performs actions like you. Your birth will be according to your study and the *service* you have done. Many have to die. Those who are to *receive* you

will go in advance. The Father explains: This world is now changing. The Father has granted you visions. Baba tells you of his own example. He saw that he was going to receive a kingdom for 21 births, and so he thought: What is this one or two million compared to that? The first one (alpha) received the sovereignty and the second one (beta) received the "donkeyship". He told his partner to take whatever he wanted. There was no difficulty. You children have been told what you receive from Baba. You receive the kingdom of heaven! Continue to open as many *centres* as possible. You have to benefit many. You are earning an income for 21 births. Here, there are many millionaires and billionaires. All of them are *beggars*. Many will come to you. Many come to the exhibitions; don't think that subjects are not being created. Many subjects are created. Many people say that this is very good but they say that they don't have time! By hearing just a little, they will become part of the subjects. This imperishable knowledge is never destroyed. It is not a small thing to give Baba's introduction. Some will have goose pimples. If someone wants to claim a high status, he will busy himself in making effort. Baba will not take wealth from anyone. The pool is created through each drop of the children. Some even send one rupee: Baba, use one brick in my name. There is also the praise of the handful of rice of Sudama. Baba says: These are like diamonds and jewels for you. Everyone's life becomes like a diamond. You are creating this for the future. You know that everything you see with your physical eyes is part of the old world. This world is now changing. You are now becoming the masters of the land of immortality. You definitely have to become conquerors of attachment. You have been saying: Baba, when You come we will sacrifice ourselves to You. So this is a good bargain, is it not? People don't know why He has been given the names: Businessman, Jewel Merchant and Magician. He is the Jewel Merchant; each imperishable jewel of knowledge is an invaluable *version*. The story of Rup and Basant is based on this. You are rup and also basant. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Don't now perform any sinful acts through your body. Don't perform any devilish *act* through which your *register* would become spoilt.
2. Maintain the intoxication of remembrance of the one Father. Definitely make the main effort of becoming pure. Don't waste your invaluable time chasing after shells, but make your life elevated by following *shrimat*.

Blessing: May you be a master bestower of fortune who enables everyone to experience attainment through your *tapaswi* form.

Just as the sun gives to the world the experience of light and many other perishable attainments, similarly, you *tapaswi* souls have to give everyone the experience of the rays of attainment through your *tapaswi* forms. For this, first of all increase your account of accumulation. Then, as master bestowers of fortune, continue to give the accumulated treasures. The meaning of an image of *tapasya* is for everyone to experience rays of the power of silence spreading everywhere from your *tapasya*.

Slogan: Be humble and continue to give respect to everyone: this is true upliftment.
