

Essence: Sweet children, you are God's helpers, the true *Salvation Army*. You have to bestow the *salvation* of peace on everyone.

Question: What should you children tell anyone who asks for the *salvation* of peace?

Answer: Tell them: The Father asks: Do you only want peace here at this time? This is not the land of peace. Only in the land of peace, which is called the original home, can there be real peace. When souls don't have bodies, there is peace. In the golden age, there is purity, happiness, peace; there is everything. Only the Father comes to give this inheritance. Just remember the Father.

Om shanti. The spiritual Father explains to the spiritual children. All human beings know that there is a soul in each of them. They say "living being" do they not? Originally, we are souls, then we receive bodies. No one has seen his or her soul; they only understand that they are souls. Just as they know the soul, but haven't seen it, similarly, they also say of the Supreme Soul that "Supreme Soul" means supreme amongst souls. However, He has not been seen. They have neither seen the self nor the Father. They say that a soul leaves one body and adopts another, but they don't know this accurately. They also speak of 8.4 million species. In fact, there are 84 births but they do not even know which souls take how many births. Souls call out to the Father but neither have they seen Him nor do they know Him accurately. First of all, if they knew accurately what a soul is, they would also know the Father. If they do not know themselves, who would explain? This is called "*self-realisation*". No one but the Father can bring this about. No one knows what a soul is, what it is like, where a soul comes from, how it takes birth or how a *part* of 84 births is recorded in such a tiny soul. If they don't even know themselves, how could they know the Father? Lakshmi and Narayan also have a human status. How did they attain that status? No one knows this. It is definitely human beings who should know this. It is said that they were the masters of heaven, but how did they achieve that mastery and where did they then go? People don't know anything. You now know everything. Previously, you didn't know anything. For example, does a child know what a *barrister* is? As he continues to study, he becomes a *barrister*. So, too, this Lakshmi and Narayan became that by studying. There are books of law and medicine, are there not? Their book is the Gita. Who spoke it? Who taught Raja Yoga? No one knows this. They have changed the name in that (the Gita). They also celebrate Shiv Jayanti. It is He who comes and makes you into the masters of the land of Krishna. Krishna was the master of heaven. However, they don't even know heaven. Otherwise, why would they say that Krishna spoke the Gita in the copper age? They have placed Krishna in the copper age, Lakshmi and Narayan in the golden age and Rama in the silver age. Calamities and upheaval are not shown in the kingdom of Lakshmi and Narayan. Kans (devil) has been shown in the kingdom of Krishna, whereas Ravan etc., have been shown in Rama's kingdom. No one knows that it is Radhe and Krishna who become Lakshmi and Narayan. It is definitely the complete darkness of ignorance. Ignorance is said to be darkness. Knowledge is said to be light. Now, who brings about light? It is the Father. Knowledge is said to be the day, and devotion, the night. You now understand that that path of devotion has continued for birth after birth. You have continued to come down the ladder; your degrees have continued to decrease. After a new house is built, its lifespan continues to decrease day by day. When it has aged by three-quarters, it would definitely be called old. First of all, children, you need to have the faith that He is the Father of all, the One who bestows salvation on all and also teaches the study to all. He takes everyone to the land of liberation. You have the *aim* and *objective*. You will study this study and go and sit on your throne. The rest will be taken to the land of liberation. When you explain the picture of the cycle, you show that there aren't those various religions in the golden age. At that time, those souls reside in the incorporeal world. You know that the sky is empty space. Air would be called air, and the sky, the sky. It is not that everyone is the Supreme Soul. Human beings believe that God is also in the air, that God is also in the sky. The Father now sits here and explains everything. You have been given this birth by the Father; then, who teaches you? The Father, Himself, becomes the spiritual *Teacher* and teaches you. Achcha; if you study well and complete the study, He will take you back with Him and you will then return to play your *parts*. You definitely first came down into the golden age. Now, once again, you have come to the end of all the births and you will then come down first. Now, the Father says: Race! Remember the Father well and also teach others. Otherwise, who will teach so many? You will surely become the Father's helpers, will you not? There is the name "The Helpers of God". In English, it is called "*The Salvation Army*". What *salvation* do they want? Everyone says: We want the *salvation* of peace. However, it is not as though they give them the *salvation* of peace. Tell those who ask

for the *salvation* of peace that the Father asks: Is it only here that you want peace? After all, this is not the land of peace. Only in the land of peace, which is called the original home, can there be peace. When a soul does not have a body, he is at peace. Only the Father comes and gives this inheritance. Amongst you also, some of you need to explain with great tact. If Baba were to stand in the middle of the exhibition and listen to everyone, a lot of mistakes would be pointed out because those who explain are numberwise. If everyone were equal, why would teachers write to ask for so-and-so to come and give a lecture? “Ah! but you too are a Brahmin”. “Baba, so-and-so is cleverer than I am.” It is because of cleverness that human beings receive a status; they are numberwise. When the exam *results* come out, you will automatically have a vision and you will then realise that you didn’t follow *shrimat*. The Father says: Don’t perform any sinful actions. Don’t have attachment to bodily beings. This body is made up of the five elements, is it not? It is not that you have to worship the five elements or remember them. You may see through those eyes but you have to remember the Father. The soul has now received *knowledge*. We are now to go home and we will then go to Paradise. A soul can be understood but cannot be seen. Yes, through your divine vision you are able to see your own home as well as heaven. The Father says: Children, “Manmanabhav” and “Madhyajibhav” means: Remember the Father and the land of Vishnu. This is your *aim* and *objective*. You children know that we are now to go to heaven; everyone else is to go into liberation. Not everyone can go to the golden age. Your religion is *deityism*. This then is the religion of human beings. There are no human beings in the incorporeal world. This is the world of human beings. It is human beings who become *tamopradhan* and then *satopradhan*. Previously, you belonged to the *shudra* caste and you are now in the Brahmin caste. This caste system only belongs to the people of Bharat. Brahmin dynasty, sun dynasty, would not be said for any other religion. At this time, everyone belongs to the *shudra* caste. They have reached the state of total decay. When you became old, the whole tree became decayed, *tamopradhan*. Then, how can the whole tree become *satopradhan*? In the new, *satopradhan* tree, only those of the deity religion exist. Then, from being the sun dynasty, you become part of the moon dynasty; you take rebirth. Then you become part of the merchant dynasty and then the *shudra* dynasty. These are all new things. The One who teaches us is the Ocean of Knowledge. He is the Purifier, the Bestower of Salvation for All. The Father says: I give you knowledge. You become deities. This knowledge will then no longer exist. Knowledge is given to those who are ignorant. All human beings are in the darkness of ignorance. You are in the light. You know the story of the 84 births of this one. You children have the knowledge. Human beings ask: Why did God create this world? Can we not receive eternal liberation (*moksh*)? Aha, but this is a predestined play; it is an eternal *drama*. You know that a soul sheds one body and goes and adopts another. What need is there to worry about this? That soul went to perform his next *part*. There would be a point in crying if you were going to get that thing back, but it does not come back, so what is the benefit in crying? All of you now have to become conquerors of attachment. Why have attachment for a graveyard? There is sorrow, and nothing but sorrow, in this. Today, he is a child; tomorrow, the child becomes such that he does not take long to knock his father’s hat off (to insult him). They even fight with their father. This is called the world of orphans. They have no Lord or Master to give them teachings. When the Father sees them in such a state, He then comes to make them into the ones who belong to the Lord and Master. Only the Father comes and makes everyone belong to the Lord and Master. The Parent comes and puts an end to all fighting. In the golden age, there is no fighting. He puts an end to fighting in the whole world and then there are the cries of victory. Here, the *majority* are mothers. People also consider them to be servers. When they tie a thread of marriage on her wrist, they tell her: Your husband is your god, guru, everything. First it is *Mr* and then *Mrs*. The Father now comes and puts the mothers in front. No one can have victory over you. The Father is teaching you all the laws. There is a story of King Mohjeet (conqueror of attachment). Those stories are all made up. In the golden age, there is no untimely death; you shed your body at the right time and take another. You have a vision: This body has now become old and a new one has to be adopted. I have to go and become a little baby. They leave the body in happiness. Here, however, no matter how old they are, how diseased they are, even though they understand that it is good if the body is discarded, in spite of that, at the time of death, they definitely cry. The Father says: You are now to go to such a place where there is no trace of crying. There is nothing but happiness there. You should have such unlimited happiness. Aha, we are becoming the masters of the world! Bharat was the master of the whole world. Now, it is in pieces. You were worthy of worship deities; you then became worshippers. God Himself does not become worthy of worship and then a worshipper. If He were to become a worshipper, who would make you worthy of worship? The Father’s *part* in the *drama* is completely separate. There is only the one Ocean of Knowledge. Only the praise of that One exists. There is the Ocean of Knowledge, but when can

He come and give knowledge so that there is salvation? He would surely have to come here. First of all, instil it in your intellects who it is that is teaching us! The Trimurti, the world cycle and the tree are the main pictures. On seeing the tree, they will quickly understand which religion they belong to and that they cannot come in the golden age. This cycle should be very large. The writing should also be complete. Shiv Baba, through Brahma, is establishing the deity religion, that is, the new world; the old world is destroyed through Shankar and then He sustains the new world through Vishnu. Let this be proven. Brahma becomes Vishnu; Vishnu becomes Brahma. There is a *connection* between the two. Brahma and Saraswati then become Lakshmi and Narayan. The ascending stage happens in one birth and the descending stage takes 84 births. Now, the Father says: Are the scriptures etc., *right* or am I *right*? I am the One who tells you the true story of the true Narayan. You now have the faith that you are becoming Narayan from an ordinary human through the true Father. First of all, there is the one main aspect which is that a human being is never called the Father, *Teacher* and Guru. Would you ever call a father a guru, or a *teacher*? Here, you take birth to Shiv Baba. Then Shiv Baba teaches you and He then also takes you back with Him. There is not a human being like this whom you could call the Father, *Teacher* and Guru. That One is the only Father. He is called the *Supreme Father*. A physical father would never be called the *Supreme Father*. After all, it is Him whom everyone remembers. He is definitely the Father. Everyone in sorrow remembers Him; no one in happiness remembers Him. So, that Father definitely comes and makes you into the master of the heaven. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Whilst seeing these bodies made of the five elements, continue to remember the Father. Don't have any attachment to a bodily being. Don't perform sinful actions.
2. In this predestined *drama*, each soul has an eternal *part*. A soul sheds one body and adopts another. This is why you should not worry about leaving the body. You have to gain victory over attachment.

Blessing: May you accumulate in your account of charity by knowing the importance of every thought at every *second* and become a multimillionaire.

You charitable souls have so much special power in your thoughts that you are able to make the impossible possible with this power. Just as, nowadays, they are able to make the desert flourish with their instruments and able to make flowers grow on mountains, similarly, with your elevated thoughts, you are able to make those who have no hope into those in whom there is full hope. Simply know the *value* of every thought at every *second* and *use* your thoughts and *seconds* and accumulate in your account of charity. The power of your thoughts is so elevated that even one thought makes you a multimillionaire.

Slogan: Perform every deed with the faith and intoxication of one who has a right and all hard work will then finish.
