

**Essence:** Sweet children, the happiness of this old world is only momentary and will not go with you. It is the imperishable jewels of knowledge that go with you. Therefore, accumulate your imperishable income.

**Question:** What are you not taught in the study that the Father teaches you?

**Answer:** You are not taught occult power. *Reading* someone's thoughts is occult power. You are not taught that knowledge. The Father is not a *thought reader*. He is called Janijananhar (Knower of all secrets), that is, He is *knowledge-full*. The Father comes to teach you this spiritual study through which you claim the kingdom of the world for 21 births.

Om shanti. In Bharat, the people of Bharat sing that souls and the Supreme Soul remained separated for a long time. You children know that the Supreme Father, the Supreme Soul, who is the Father of us souls, is now teaching us Raja Yoga. He gives us His own introduction and also the introduction of the beginning, the middle and the end of the world cycle. The intellects of some have firm faith, whereas others understand very little; it is numberwise. You children know that you are living beings and are sitting personally in front of the Supreme Father, the Supreme Soul. It is sung that souls and the Supreme Soul remained separated for a long time. There is no question of souls being separated from the Father while they are in the incorporeal world. It is when they come here and become living souls (adopt bodies) that they all separate from the Father, the Supreme Soul. They separate from the Supreme Father, the Supreme Soul, and come here to play their *parts*. Previously, you used to sing this without understanding its meaning. The Father now sits here and explains it all. You children know that you separated from the Supreme Father, the Supreme Soul, and came here to play your *parts*. You are the ones who separated first of all. Therefore, Shiv Baba meets you first of all. The Father has to come for your sake. In the previous cycle too, He taught you children, and you then became the masters of the world. At that time, there were no other lands. You children know that you belonged to the original eternal deity religion. That is also called the *deity religion*, the *deity dynasty*. Everyone has their own *religion*. It is said: "*Religion is might*". There is might in religion. You children know how much power Lakshmi and Narayan had. The people of Bharat do not know about their own religion. It does not enter the intellects of any of them that it truly was their religion in Bharat. Because they don't know their own religion, they have become *irreligious*. By coming to your own *religion*, you have so much strength in yourselves that you lift the *iron-aged* mountain and change it into a *golden-aged* mountain. You make Bharat into a mountain of gold. There, the mines are full of gold. There are mountains of gold there which then open up. Gold is melted and made into bricks. The buildings are built with large bricks. The play about Maya, the cat, is shown here. All of those are just stories. The Father says: I tell you the essence of all of them. They show how someone goes into trance and thinks he will bring back gold in his apron. However, when he comes back from trance, there is nothing there. The same happens to you. That is called a divine vision. Nothing is attained from that. Many perform intense devotion. That rosary of devotion is separate from this rosary of knowledge. There are also the rosaries of Rudra and Vishnu. They then become the rosary of devotion. You are now studying for a kingdom. Your intellect's yoga is with the *Teacher* and with the kingdom. When you study in a *college*, your intellect's yoga is with the *teacher*. A *barrister* teaches you and makes you similar to himself. However, the *wonder* here is that Baba Himself does not become what He makes us. This is your spiritual study. Your intellect's yoga is with Shiv Baba. Only He is called the *Knowledge-full One*, the Ocean of Knowledge. To be Janijananhar does not mean that He would sit and know everything in each one's heart, what is happening inside each one. It is *thought readers* who tell you all about that. That is called the knowledge of occult power. Here, the Father teaches you in order to change you from ordinary humans into deities. There is the song: It didn't take God long to change humans into deities. You children also understand that you are now Brahmins and that you will become deities in your next birth. The original eternal deities have been remembered. Many stories about them have been written in the scriptures. The Father sits here and teaches you *directly*. God speaks: Only God is the Ocean of Knowledge, the Ocean of Happiness, the Ocean of Peace. He gives you children your inheritance. This study is for your future 21 births and so you should study very well. The Father only comes once in a cycle to teach you this spiritual study, to establish the new world. In the new world, it is the kingdom of deities. The Father says: I am establishing the original eternal deity religion through Brahma. When this religion existed, there were no other religions. There are now all the other religions. This is why, when you explain the picture of the Trimurti, you have to explain that the

one religion is established through Brahma. That religion does not exist now. They even sing: I am without virtue! I have no virtues! Therefore, please have mercy on me! I have no virtues! When they sing this, their intellects go to *God, the Father*. He is called "The *Merciful One*". The Father comes to finish all the sorrow of the children and to give them 100% happiness. He has so much mercy! You understand that, since you have come to the Father, you should take total happiness from Him. That is the land of happiness. This is the land of sorrow. You have to understand this cycle very well. Remember the land of silence and the land of happiness and your final thoughts will lead you to your destination. If you remember the land of silence you will definitely have to leave your body. Souls will return to the land of silence. There should be no remembrance of anyone but the one Father. The *line* of your intellect must be totally *clear*. By remembering the one Father your degree of internal happiness rises. Happiness in this old world is momentary; it cannot go with you. It is only the imperishable jewels of knowledge that go with you, that is, it is your income of the imperishable jewels of knowledge that you take with you. You experience the fruit of this for 21 births. Yes, even perishable wealth goes with those who help the Father. "Baba, take these shells from us and give us palaces in return there." The Father gives so many jewels in return for shells. *Americans* spend a great deal of money on antiques. Human beings charge a lot of money for antiques. They would charge *Americans* thousands of rupees for something worth a penny. Baba too is a very good customer. The Innocent Lord is remembered. People do not know this. They also confuse Shiva with Shankar and say: Fill our aprons! You children now understand that you are receiving the jewels of knowledge with which you fill your aprons. That is the unlimited Father. People refer to Shankar, when they say that he ate bitter flowers and drank an intoxicating drink. They have sat and made up so many different stories. You children are now studying for salvation. This study is for remaining absolutely silent. You light and display all of these lamps so that people can come and ask you why you celebrate Shiv Jayanti with such splendour. Only Shiva makes Bharat wealthy. Who made Lakshmi and Narayan into the masters of heaven? You know this. Who were Lakshmi and Narayan in their previous birth? In her previous birth, Lakshmi was Jagadamba, the world mother, the embodiment of knowledge. She then became that princess. So, whose status is greater? Visibly, that one is a master of heaven. Where is Jagadamba a master of? Why do people go to her? Brahma is portrayed with a hundred, two hundred or a thousand arms. The number of arms increases as the number of children increases. More arms are given to the goddess Jagadamba than to Lakshmi. They go to her and ask her for everything. They go to her with many desires; they want a child, they want this, etc. They never have such desires when they go in front of an idol of Lakshmi. She just has a lot of wealth. You receive your sovereignty of heaven through Jagadamba. However, no one knows what they should ask Jagadamba for. This is a study. What does Jagadamba teach you? RajaYoga. This is called the yoga of the intellect. Your intellect's yoga is removed from all other directions and becomes connected to the one Father. Generally, the intellect runs in many directions. The Father now says: Connect your intellect in yoga with Me. Otherwise, your sins will not be absolved. This is why Baba forbids you to take *photographs*. This body belongs to this one. The Father Himself becomes the Agent and says: That contract of yours is now *cancelled*. Get off the pyre of lust and sit on the pyre of knowledge. Get off the pyre of lust. Consider yourself to be a soul, remember Me, your Father, and your sins will be absolved. No human being can say this. Human beings cannot be called God. You children know that the Father is the Purifier. He removes us from the pyre of lust and makes us sit on the pyre of knowledge. He is the spiritual Father. He sits in this one and says: You are also a soul. Continue to explain this to others as well. The Father says: Manmanabhav! When "Manmanabhav" is said, your awareness is awakened. The destruction of this old world is standing in front of you. The Father explains: That is the Great Mahabharat War. People then say: There are wars in foreign lands too. Why is this called the Great Mahabharat War? This sacrificial fire is only created in Bharat. It is only through this that the flames of destruction will emerge. A new world is needed for you. Therefore, sweet children, the old world definitely has to be destroyed. That war will emerge from the roots here. The flames of destruction of the Mahabharat War emerged from this sacrificial fire of knowledge. Although all of this is written in the scriptures, no one knows who said it. The Father is now explaining to you for the new world. You are now claiming a kingdom; you are becoming deities. There should not be anyone else in your kingdom. The *devil world* is being destroyed. Let your intellect remember that, yesterday, you ruled the world. The Father gave you the kingdom and you then took your 84 births. Baba has now come once again. You children have this knowledge. The Father has given you this knowledge. When the *deity* religion is established, the whole of the *devilish* world will be destroyed. The Father sits here and explains all of these things through Brahma. Brahma too is a child of

Shiva. The significance of Vishnu has also been explained. Brahma becomes Vishnu and Vishnu become Brahma. You understand that you are now Brahmins and that you will then become deities and then take 84 births. Only the one Father gives you this *knowledge*. Therefore, how could you receive this *knowledge* from a human being? This is all a question of the intellect. The Father says: Remove your intellect from all other directions. It is the intellect that becomes ruined. The Father says: Remember Me and your sins will be absolved. You may continue living with your family. Your *aim* and *objective* is in front of you. You know that that is what you will become by studying. Your study is at the confluence age. At present, you are neither on this side nor on the other side; you are on the outside. The Father is also called the Boatman. People sing: Take our boat across. There is also a story about this. Some continue to travel on whereas others stop there. The Father now says: I sit here and speak to you through the mouth of Brahma. Where did Brahma come from? The Father of the People (Prajapita) is definitely needed here. I *adopt* him and give him a name. You are Brahmins, the mouth-born children of Brahma. You are now at the end of the iron age and about to go to the beginning of the golden age. You are the ones who separated from the Father first and came down here to play your *parts*. Even amongst you, not everyone would say this. You will also come to know who takes the full 84 births. This is *guaranteed* for Lakshmi and Narayan. The praise of the beautiful one who becomes ugly applies to them. The deities were beautiful. From being ugly they became beautiful. He changes from a village urchin into a beautiful prince. At present, all are village urchins. This is a matter of the unlimited. No one knows about it. You are given such good explanations. There is only the one *Surgeon* for everyone. He is the eternal *Surgeon*. Yoga is called a fire because it is only through this yoga that *alloy* can be removed from souls. It is through the fire of yoga that tamopradhan souls become satopradhan. If the fire cools down, the *alloy* cannot be removed. Remembrance is called the fire of yoga through which your sins are absolved. So the Father says: I keep explaining so much to you. You also have to imbibe it. Achcha, manmanabhav! Do not become tired of this. You even forget to remember the Father. The Husband of all husbands decorates you so beautifully with knowledge. The incorporeal Father says: Break your intellect's yoga away from all others and remember Me, your Father. The Father of all is one. It is now your stage of ascending. It is said: Everyone benefits because of you. The Father has come to benefit everyone. Ravan takes everyone into degradation, whereas Rama takes everyone into salvation. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. In order to experience limitless happiness through having loving remembrance of the Father, you must keep the *line* of your intellect *clear*. Souls become satopradhan when remembrance takes the form of fire.
2. In return for your shells, the Father gives you jewels. Fill your aprons from such an Innocent Lord. Attain salvation by studying the study of remaining in silence.

**Blessing:** May you be an avyakt angel who creates a *powerful* atmosphere by making spiritual endeavour for the avyakt form.

The way to make the atmosphere *powerful* is to make spiritual endeavour for the avyakt form. Repeatedly pay *attention* to this because whatever you are making spiritual endeavour for, your attention stays on that. Spiritual endeavour for the avyakt form means to have tapasya of repeatedly paying attention. Therefore, keeping the blessing of "May you be an avyakt angel" in your awareness, do tapasya to make the atmosphere powerful. Then, whoever comes in front of you will go beyond any gross or wasteful matters.

**Slogan:** Increase the power of concentration to reveal the Almighty Authority Father.
