

- Essence:** Sweet children, first of all, be concerned about how to remove the rust from the soul. For as long as the needle is rusty, the Magnet will be unable to attract it.
- Question:** What effort do you children have to make at the most elevated confluence age in order to become the most elevated human beings?
- Answer:** The effort to become karmateet. Your intellects should not be pulled to any karmic relationships. This means that no karmic bondage should pull you. Your total *connection* should be with the one Father. Your hearts should not be attached to anyone. Make such effort. Don't *waste* your *time* in gossiping etc. Practise staying in remembrance.
- Song:** Awaken o brides! Awaken! The new age is about to come!
- Om shanti. You spiritual children, you souls, heard the song through your bodies. The Father is now making you children soul conscious. You are receiving knowledge of the soul. Not a single person in the world has true knowledge of the soul. So, how could they have knowledge of the Supreme Soul? Only the Father sits and explains this. It has to be through a body that this is explained to you. A soul cannot do anything without a body. You souls know where you reside and whose children you are. You now know this accurately. All *actors* have a *part*. Your intellects know when the souls of different religions come here. The Father doesn't explain to you the *details*. He explains everything wholesale. "*Wholesale*" means that He gives you such an explanation in just a *second* that you know everything about how your *parts are* recorded from the beginning of the golden age to the end. You now know who the Father is and what His *part* is in this *drama*. You also know that the Father is the Highest on High. He is the Bestower of Salvation for All, the Remover of Sorrow and the Bestower of Happiness. The birthday of Shiva is remembered. It can definitely be said that the birthday of Shiva is the highest of all. It is especially in Bharat that people celebrate His birthday. *Stamps* are made of elevated beings who have a good *history* in their country. Now, they celebrate the birth of Shiva. It should be explained whose birth is the most elevated. Whose *stamp* should be created? They make *stamps* of sages and holy men and of Sikh, Muslim and English *philosophers*, just as they made a stamp of King Rana Pratap. In fact, there should be a *stamp* of the Father who is the Bestower of Salvation for All. If the Father didn't come at this time, how could there be salvation? Everyone is floundering in the extreme depths of hell. The Highest on High is Shiv Baba, the Purifier. There are many temples to Shiva built in high places because He is the Highest on High. The Father comes Himself and makes you people of Bharat into the masters of heaven. He grants salvation when He comes. Therefore, there should be remembrance of that Father. You should think about what type of *stamp* to create of Shiv Baba. On the path of devotion, they create a lingam as His image. He is the highest-on-high soul. The highest-on-high temple is considered to be that of Shiva. Somnath (the Lord of Nectar) is the temple to Shiva. Because the people of Bharat are tamopradhan, they don't know who Shiva is. They don't know the *occupation* of the One whom they worship. King Rana Pratap battled, but that was violence. At this time, all are *doubly* violent. To indulge in vice, to use the sword of lust, is also violence. It is Lakshmi and Narayan who are *doubly* non-violent. If people had the full knowledge, they could create *stamps* that are meaningful. In the golden age, they have stamps of only Lakshmi and Narayan. They don't have any knowledge of Shiv Baba there. Therefore, the *stamps* would definitely be those of the most elevated Lakshmi and Narayan. Even now, there should be that same *stamp* of Bharat. The Highest on High is Trimurti Shiva. His stamp should remain eternally because He gives the imperishable throne of the kingdom to Bharat. The Supreme Father, the Supreme Soul, makes Bharat into heaven. Among you too, there are many who forget that Baba is making us into the masters of heaven. Maya makes you forget this. Because of not knowing the Father, the people of Bharat have been making many mistakes. No one knows what Shiv Baba does. They don't even understand the meaning of Shiva Jayanti. No one except the Father has this *knowledge*. The Father is now telling you children: Have mercy for others, as well as for yourselves. The *Teacher* is teaching you. This is His mercy for you. That One says: I am the *Teacher* and am teaching you. In fact, this place should not be called a pathshala (place of study), because this is a very big *University*. All the rest have false names. None of those *colleges* are for the whole *universe*. Only this *University* is of the one Father who grants salvation to the whole world. In fact, there is only this one *University* and it is through this that everyone passes into liberation and liberation-in-life. That is, they attain peace and happiness. This is the *Universe*. This is why Baba says: Don't be afraid. This is something that has to be explained. It generally happens that no one listens to anyone during an *emergency*: it is the rule of the people by the people. In no other religion do they have a kingdom from the start. Those people simply come to establish their religions. They rule their kingdoms when there are hundreds of thousands of

their own religion. Here, the Father is establishing a kingdom for the whole *Universe*. This is something to be explained. He is establishing the deity kingdom at this most elevated confluence age. Baba has explained to you that you can carry the dark blue pictures of Krishna, Narayan and Rama in your hands and explain why Krishna is called Shyam and Sundar. He was beautiful, so how did he become ugly? Bharat was *heaven* and it is now *hell*. *Hell* means ugly and *heaven* means beautiful. The kingdom of Rama is called the day and the kingdom of Ravan is called the night. So, you can explain to them why the deities have been portrayed as dark blue. The Father sits here and explains that you are now at the most auspicious confluence age whereas others are not. You are sitting here. You are now at the confluence age and are making effort to become the most elevated. You have no *connection* with vicious impure human beings. You have not yet reached your karmateet stage and this is why your hearts become attached to karmic relationships. In order to become karmateet you need the pilgrimage of remembrance. The Father says: You are souls and you should have so much *love* for the Supreme Father. Oho! Baba is teaching us! No one has that enthusiasm. Maya repeatedly makes you body conscious. Since you understand that Shiv Baba is talking to you souls, there should be that attraction and happiness, should there not? A needle that doesn't have the slightest rust will very quickly be attracted to a magnet. If there is even a little rust, the needle won't be pulled; there won't be that attraction. A magnet will pull a needle where there isn't any rust. You children can only have that attraction when you stay on the pilgrimage of remembrance. If there is any rust, the needle can't be pulled. Each of you needles can understand that you will be attracted when you become completely pure. There isn't that pull because the soul is covered with rust. When you stay in remembrance a great deal your sins can be absolved. Achcha, if someone commits sin now, he accumulates one hundredfold punishment and that soul becomes rusty. That soul will then be unable to remember the Father. Consider yourself to be a soul and remember the Father. When souls forget to have remembrance, they become rusty and therefore there isn't that pull or *love*. Once the rust is removed, there will be *love* and happiness too; your faces will remain very cheerful. You have to become like them in the future. If you don't do *service*, you continue to talk about all the old rotten things of the past. This breaks your intellect's yoga away from the Father. Any sparkle that there might have been also disappears. There isn't the slightest *love* for the Father. Only those who have very good remembrance of the Father would have *love* for Him. The Father is also attracted to such a child: This child does very good *service* and also stays in yoga. So, the Father showers that child with love. Such a child would pay attention to himself to make sure he doesn't commit any sin. If you don't remember the Father, how can the rust be removed? The Father says: Keep your *chart* so that the rust can be removed. If you want to become satopradhan from tamopradhan, you have to remove the rust. Some rust is removed, but the soul then becomes rusty again and there is one hundredfold punishment. When you don't remember the Father, you commit one sin or another. The Father says: Unless the rust is removed, you will be unable to come to Me. There will then have to be punishment. The soul experiences the slipper and the status is also destroyed. What inheritance would you receive from the Father then? Don't perform any such actions that make the soul even more rusty. First of all, be concerned about removing the rust from yourself. If you don't think about this, the Father understands that it is not in your fortune. You must have that *qualification*. One has to have a good *character*. The *characters* of Lakshmi and Narayan are remembered. People of today speak of their own *characters* in front of Lakshmi and Narayan (idols) they don't know Shiv Baba at all. Only He grants salvation. They go to the sanniyasis, but the Bestower of Salvation for All is only the One. The Father establishes heaven and then you have to come down. No one but the Father can purify you. Sannyasis make a small trench and sit in that. If they went into the Ganges instead, they would become cleansed, because they consider the Ganges to be the Purifier. People want peace, but their *parts* will only finish at the end when they go home. The home of us souls is the land beyond sound (Nirvandham). How can there be peace here? People do tapasya etc. They also have to perform actions, do they not? They do that and sit in silence. They don't know Shiv Baba at all. All of that belongs to the path of devotion. There is only this one most elevated confluence age when the Father comes here. Souls become clean and then go into liberation and liberation-in-life. Those who make effort will then rule. However, those who don't make any effort will experience punishment. In the beginning, you were granted visions of punishment. At the end too you will have visions. You will see how you didn't follow shrimat and what your condition has become. You children have to become benefactors. Give the introduction of the Father and creation. When a needle is soaked in paraffin, the rust is removed. So, rust is removed from the soul too by staying in remembrance of the Father. Otherwise, it means there is no attraction or *love* for the Father. All the *love* is diverted

towards friends and relatives. People go and stay with their friends and relatives. There is such a vast difference between the company of those who are rusty and the company you have here. By keeping the company of anyone rusty, you become rusty yourself. The Father comes simply to remove the rust. It is only by having remembrance of Him that you will become pure. Your souls have been covered with a lot of rust for half the cycle. The Father, the Magnet, says: Now remember Me. The more yoga your intellects have with Me, the more the rust on your souls will accordingly be removed. The new world has to be created. First, there is a very small tree of the deities in the golden age. Then, it grows larger. They come to you here and continue to make effort. No one of your kingdom comes from up above. Those of other religions come from up above. Your kingdom is being prepared here. Everything depends on how you study. Everything depends on how much you follow the Father's shrimat. When your intellect's yoga is diverted outside, the soul becomes rusty. When they come here, they have settled all their karmic accounts, died alive and settled everything before coming here. Sannyasis renounce everything and yet they remember everything for such a long time afterwards. You children know that you have now received the company of the Truth. Tell them: We stay in remembrance of the Father. We do know (have connection) our friends and relatives. We live at home with our families and perform actions and also remember the Father. You have to become pure and also teach others. Then, if it is in their fortune, they continue to follow this path. If they don't belong to the Brahmin clan, how could they go into the deity clan? You are given very easy *points* which can instantly sit in someone's intellect. The picture of those with intellects that have no love at the time of destruction is also very *clear*. You no longer have *sovereignty*. When there was the deity *sovereignty*, that was called heaven. However, there is now the rule of the people by the people. There is nothing wrong in explaining these things. However, it is only when your rust is removed that the arrow can strike someone. First of all, make effort to remove the rust. You have to check your *character* and see what you are doing day and night. While cooking and making chappatis in the *kitchen*, stay in as much remembrance as possible. When you go touring, stay in remembrance. The Father knows everyone's stage. When your souls gossip, you become even more rusty. Don't listen to gossip. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.
