

**Essence:** Sweet children, for your own *safety*, always protect yourself from the claws of Maya, the vices. Never become body conscious.

**Question:** What main teachings does the Father give all of you children so that you can become charitable souls?

**Answer:** Baba says: Children, in order to become charitable souls: 1) Constantly continue to follow shrimat. Never become careless about the pilgrimage of remembrance. 2) Make full effort to become soul conscious and gain victory over lust, the greatest enemy. This is the time to become a charitable soul and leave this land of sorrow and go across to the land of happiness.

Om shanti. It is the Father who questions you children every day. You wouldn't say that Shiv Baba has small children. Souls exist eternally. The Father also exists eternally. It is only at this time, when both Bap and Dada exist, that the children have to be looked after. There are so many children who have to be looked after. He has to keep an account of each one. Just as a physical father is concerned and feels it would be good if his children also became part of this Brahmin clan, so I too feel that My children should become pure and go to the pure world. I don't want My children to be swept away down Maya's old gutter. The unlimited Father is concerned about the children. There are so many *centres*. He knows which children He has to send where for their *safety*. Nowadays, it is very difficult to remain *safe*. There isn't any *safety* in the world. In heaven, everyone is *safe*. Here, no one is *safe*. Somewhere or other they become trapped in the claws of Maya, the vices. You souls are now being given these teachings. It is here that you have the company of the Truth. You have to leave this land of sorrow and go across to the land of happiness. You children now understand what the land of sorrow is and what the land of happiness is. At this time it is truly the land of sorrow. We have committed a lot of sins here, whereas, when we are there, we will be charitable souls. We now have to become charitable souls. Each of you now knows the *history* and *geography* of your 84 births. No one in the world knows the *history* and *geography* of 84 births. The Father has now come and explained your biography to you. You now understand that you have to become complete charitable souls by staying on the pilgrimage of remembrance. It is by making mistakes in this that you are deceived a great deal. The Father says: It is not good to make mistakes at this time. You have to follow shrimat. In that too, the main thing Baba says is: First, stay on the pilgrimage of remembrance, and second, conquer lust, the greatest enemy. Everyone calls out to the Father because souls receive their inheritance of peace and happiness from Him. Previously, when you were body conscious, you didn't know anything. You children are now being made soul conscious. New ones have to be given the introduction of firstly, their limited father and secondly, the unlimited Father. From the unlimited Father you receive heaven as your fortune. From your limited father you receive hell as your fortune. When a child grows up he has a right to *property*. When he develops understanding, he gradually becomes influenced by Maya. All of those customs and systems belong to Ravan's kingdom, the vicious world. You children know that this world is now to change. This old world is now to be destroyed. Destruction is only mentioned in the Gita. There is no mention of the Mahabharat War, the Great War, in any other scripture. This is the most elevated confluence age of the Gita. The age of the Gita means the establishment of the original eternal deity religion. The Gita is the scripture of the deity religion. So, this is the age of the Gita when the new world is being established. Human beings have to change; they have to change from ordinary human beings into deities. Human beings with divine virtues are definitely needed for the new world. No one in the world knows these things. They have made the duration of the cycle very long. The Father is now explaining to you children and you understand that Baba truly is teaching you. Krishna can never be called the Father, *Teacher* or Guru. If Krishna were the *Teacher*, from whom did he learn? He cannot be called the Ocean of Knowledge. You children now have to explain to eminent people. Get together and discuss how *service* can expand. How can *service* become fast? Then, they will understand that the Brahma Kumaris, for whom they create so much chaos, are in fact right. The rest of the world is false, and this is why they continue to rock the boat of truth. Storms do come, do they not? You are the boats that go across. You understand that you have to go across from this world of Maya. The first storm is body consciousness. That is the worst storm of all. It is that vice that has made everyone impure. That is why the Father says: Lust is the greatest enemy. It is a very forceful storm. Some have still conquered it. Others who live at home with their families are still trying to protect themselves from it. This is very easy for kumars and kumaris. This is why the name "Kanhaiya" (Lord of the Kumaris) is remembered. So many kumaris must definitely belong to Shiv Baba. Krishna was a bodily being; He couldn't have had so many kumaris. You are now being made into queens through this study. Purity is the principal thing required for this. Look at yourself and check that your *chart*

of remembrance is good. Baba receives the *charts* of the children. Some have two to three hours of remembrance and some have five hours. Some don't write it at all; they remember Him very little. Not everyone's pilgrimage can be the same. There will still be many more children to come. Each one of you has to check your *chart* and see to what extent you will be able to claim a status. To what extent do you have the happiness of that? Since you now belong to the highest-on-high Father, why should you not be constantly happy? According to the *drama*, you have done a lot of devotion. The Father has now come to give the devotees their fruit. Sinful actions continue to be performed in Ravan's kingdom. You are making effort to go to the satopradhan world. Those who don't make full effort will go into the sato stage. Not everyone will take as much knowledge. Everyone definitely has to receive the message wherever they are. This is why you have to go to every corner. This *mission* must also go abroad. Here, there are *missions* of Buddhists and *Christians* who come to convert people of other religions into their religions. You explain that we originally belonged to the deity religion and that we now belong to the Hindu religion. Generally, those of the Hindu religion will come to you. Among them too, it will be the worshippers of Shiva and those who worship the deities, who come. Baba has told you to serve the kings. Mostly they are worshippers of the deities. They have temples in their homes. You have to bring them benefit too. Consider yourselves to have come here with the Father from the faraway land. The Father has come to establish the new world. You are also doing that. Those who establish it will also sustain it. You should have the intoxication inside you, that you have come here with Shiv Baba to establish the deity kingdom and to make the whole world into heaven. One is amazed at what people continue to do in this world! Look how they worship! During the Navratri (nine nights) festival of the goddesses they worship the goddesses. Since there is the night, there must also be the day. You have a song, "What wonder did you see?" They make clay images, decorate them and worship them. Their hearts become so attached to those images that, when they go to drown them, they cry. When a person has died, they take the body to the river and make it drown while chanting God's name. Many go there. Those rivers exist eternally. You know that that dancing etc. used to take place on the banks of the River Jamuna. There will be huge palaces there. You will go and build them there. When someone is to *pass* an important examination, his intellect plans how he will have a house built etc. after he *passes* his examination. You children also have to remain aware that you are becoming deities, that you are now to go to your home. You should be happy remembering your home. When someone is returning from his travels, he becomes very happy that he is now going home to where he took birth. The home of you souls is the incorporeal world. There is so much happiness! Human beings do so much devotion in order to attain liberation. However, no one has such a *part* in the *drama* that he can return home yet. You know that they definitely have to play their *parts* for half the cycle. Our 84 births are now coming to an end. We now have to return home and then we will enter our kingdom. Simply remember your home and kingdom. While sitting here, some people remember their factories. For instance, look at Birla! He has so many factories. He would be concerned about all of them throughout the day. If you were to tell him to remember Baba, he would have so many obstructions. He would repeatedly remember his business. It is easier for the mothers and even more easy for the kumaris. Die a living death and forget the whole world! When you consider yourself to be a soul and belong to Shiv Baba, it is called dying alive. Renounce the body and all bodily relations! Consider yourself to be a soul and belong to Shiv Baba! Continue to remember Shiv Baba because there is a huge burden of sin on your head. Everyone has the desire to die alive and belong to Shiv Baba. There should be no consciousness of the body. We came bodiless and we have to return bodiless. We now belong to the Father. Therefore, we must not remember anyone but the Father. If that were to happen soon, the war would also take place soon. Shiv Baba tells us so much that we belong to Him. We are residents of that place. Here, there is so much sorrow. This is now the final birth. The Father has told you that when you were satopradhan, there were no others. You were so wealthy. Money at this time is like shells. It is worth nothing, just shells. All of that is for temporary happiness. The Father has told you that when you donated a lot in the *past* and performed a lot of charity, you received a lot of wealth, and you donated that too. However, that was only for one birth. Here, you become wealthy for many births. Here, the more important one is, the more sorrow there is. Those who have a lot of wealth are trapped very much. They can never come and stay here. Only ordinary poor ones *surrender* themselves. Wealthy ones never do that. The money they earn is for their grandchildren in order to keep their clan going. They themselves will not come into that same home. The grandchildren who have performed good actions previously will come, just as those who make many donations become kings. However, they are not *ever healthy*. So what if they rule a kingdom! They still don't have imperishable

happiness. Here, there are many types of sorrow at every step. There, all of this sorrow will have been removed. People call out to the Father: "Remove our sorrow!" You understand that all your sorrow is to be removed. Simply continue to remember the Father. You can't receive this inheritance from anyone but the one Father. The Father removes all sorrow from the whole world. At this time even animals experience so much sorrow. This is the world of sorrow. Sorrow is continually increasing and souls are continuing to become tamopradhan. We are now at the confluence age, whereas everyone else is in the iron age. This is the most elevated confluence age. Baba is making us into the most elevated human beings. Even by remembering this much, you can remain happy. God is teaching us and making us into the masters of the world. At least remember this much! By studying His teachings, His children should become gods and goddesses, should they not? God is the Bestower of Happiness. So, how do you receive sorrow? The Father sits here and explains this. Why are God's children experiencing sorrow? God is the Remover of Sorrow and the Bestower of Happiness. People definitely must be experiencing sorrow, for that is why they sing this praise. You know that the Father is teaching you Raja Yoga. You are making effort. There cannot be any doubt about this. You Brahma Kumars and Kumaris are studying Raja Yoga. You are not telling lies. When someone has doubts, explain to him that this is a study. Destruction is in front of you. We are Brahmins, the topknot of the confluence age. Prajapita Brahma is here. Therefore, there will definitely also be Brahmins here. This has also been explained to you and that is why you have faith. However, the main thing is the pilgrimage of remembrance and it is in this that there are obstacles. Continue to examine your *chart* and see to what extent you remember Baba and to what extent your mercury of happiness rises. You should be happy inside that you are now holding the hand of the Master of the Garden, the Purifier. You *shake hands* with Shiv Baba through Brahma Baba. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Remember your home and kingdom and maintain limitless happiness. Always remember that your journey is now coming to an end. We are now to go home and will then return to our kingdom.
2. You *shake hands* with Shiv Baba through Brahma Baba. That Master of the Garden is making you pure from impure. Through this study you are becoming queens of heaven. Keep this happiness inside you.

**Blessing:** May you be happy hearted and constantly *follow* the one Father with your constant and stable stage.

For you children, Father Brahma's life is an *accurate computer*. Just as, nowadays, all questions are put into a *computer*, similarly, whenever you have any question in your mind, then instead of asking "Why?" or "How?", just look into the *computer* of Father Brahma's life. The *questions* of "Why?" and "How?" will change into "Like this". Instead of having questions in your heart, you will have happiness in your heart. To be happy hearted means to *follow* the one Father in having a constant and stable stage.

**Slogan:** On the basis of soul-conscious power, experience yourself to be constantly healthy.
