

**Essence:** Sweet children, the Father has come to give you children your inheritance of peace and happiness. Your original religion is peace. Therefore, you no longer wander around searching for peace.

**Question:** How do you children become worthy of being weighed against unlimited treasures for 21 births?

**Answer:** When the Father comes to make the world new, you children become His helpers. You use everything you have in a worthwhile way for His task. Therefore, in *return*, the Father weighs you against unlimited treasures for 21 births so that your wealth never diminishes; you never experience sorrow or untimely death.

**Song:** The heart gives thanks to the One who has given me support.

Om shanti. The meaning of "Om" has been explained to you sweetest, spiritual children. Some people simply say "Om". However, "Om shanti" should be said. The meaning of "Om" by itself is "I am God". The meaning of "Om shanti" is "I, this soul, am an embodiment of peace. I am a soul and this is my body." The soul is first and then the body. Souls are embodiments of peace and their residence is the land of peace. It isn't that you receive true peace by going into the forests. Only when you go home do you receive true peace. Secondly, people want peace when there is peacelessness. When this peaceless land of sorrow is destroyed, there will then be peace. You children will then receive your inheritance of peace. There, there is no peacelessness in either your home or outside in the kingdom. That is called the kingdom of peace. Here, it is the kingdom of peacelessness because it is the kingdom of Ravan. That is the kingdom established by God. Then, after the copper age begins, it becomes the Devil's kingdom. Devils never have peace! At home, at work etc., everywhere, there is nothing but peacelessness. Ravan's five vices spread peacelessness. None of the scholars or pundits know what Ravan is. They don't understand why they kill Ravan every year. Ravan doesn't exist in the golden or silver age. That is the deity kingdom. God, Baba, establishes the deity kingdom through you. He doesn't do this by Himself. You sweetest children are God's helpers. Previously, you were Ravan's helpers. God has now come and is granting salvation to everyone. He is establishing the kingdom of purity, peace and happiness. Each of you children has now received a third eye of knowledge. There is no question of sorrow in the golden and silver ages. No one insults anyone there; no one eats anything dirty there. Just look how dirty the food is that people eat here! Krishna has been portrayed having a lot of love for cows. It isn't that Krishna was a cowherd who had to herd cows; no. There is a lot of difference between the cows there and the cows here. The cows there were very beautiful and satopradhan. Just as the deities were beautiful so, too, the cows were beautiful. You felt happy just looking at them. That is heaven and this is hell. Everyone remembers heaven. There is the difference of day and night between heaven and hell. During the night, there is darkness and during the day, there is light. When it is the day of Brahma it is also the day of the clan of Brahma. Previously, you too were in the dark night. At this time, there is so much force of devotion. People continue to weigh great souls against gold because they are great scholars of the scriptures. Why do they make such an impact? Baba has also explained this. When new leaves emerge on a tree they are satopradhan. Similarly, when new *souls* come from up above they definitely make an impact for a temporary period. People weigh them against gold or diamonds. However, all of that is going to be destroyed. Human beings have buildings worth hundreds of thousands. They believe themselves to be very wealthy. You children understand that that wealth will only last for a short time. All of it is to be turned to dust. Some people's wealth will be buried... The Father is establishing heaven, and those who use their wealth for this will receive palaces studded with gold and diamonds for 21 births. Here, you only receive for one birth. There, it will continue for 21 births. Whatever you can see with your eyes, including your bodies, will be burnt. You children have visions through divine insight. There will be destruction and then there will be the kingdom of Lakshmi and Narayan. You know that you are once again establishing your fortune of the kingdom. You ruled for 21 generations and then there was the kingdom of Ravan. The Father has now come again. Everyone on the path of devotion remembers the Father. It is remembered that everyone remembers God at a time of sorrow. The Father gives you your inheritance of happiness and then there is no need to remember Him. "You are the Mother and the Father". That mother and father have their own children. Here, it is a question of the Mother and Father from beyond this world. You are now studying to become Lakshmi and Narayan. When students in a *school* pass very well, their *teacher* is given a prize. What prize would you give that One? You are making Him your Child with magic. It is said that Krishna's mother saw a ball of butter in Krishna's mouth. Krishna took birth in the golden age; he would not eat butter etc. He is the master of the

world. So, what time does that refer to? It refers to now, the confluence age. You know that you will shed your bodies and become babies. You will become the masters of the world. The two Christian nations fight one another and you children take the butter; you receive the kingdom. Those people made the people of Bharat fight among themselves and they took the butter. (Divide and rule). The British Government extended over three-quarters of the world. Then, their influence gradually decreased. No one, apart from you, can rule the whole world. You are now the children of God. You are now becoming the masters of Brahmand and the masters of the world. Brahmand is not included in the world. There is no kingdom in the subtle region. The cycle of the golden, silver, copper and iron ages exists here in the corporeal world. Souls don't go anywhere when they go into trance. If the soul were to leave the body, the body would die. All of those things are visions. Some people can even receive a vision through occult power in such a way that, while they are sitting there, they are able to see a *Parliament* abroad. Baba holds the key to divine vision in His hand. While sitting here you can see London. You don't need to buy any instruments etc. Visions are received at the right time according to the time they are fixed in the *drama*. God has been portrayed granting a vision to Arjuna. According to the *drama*, he had to have a vision. This too is fixed. It isn't anyone's greatness. All of this happens according to the *drama*. Krishna becomes the *prince* of the world, that is, he receives the butter. No one even knows what the world is and what Brahmand is. You souls reside in Brahmand. It is at this time that the coming and going from the subtle region and having visions etc. take place. The subtle region will not then be mentioned for another 5000 years. They say: Salutations to the Deity Brahma. Then they say: Salutations to the Supreme Soul, Shiva. Therefore, He is the highest. He is called God. Those deities are also human beings but they have divine virtues. There cannot be any human beings with four to eight arms. There, too, human beings only have two arms, but they are completely pure; there is no mention of impurity. There is never untimely death there. Therefore you children should have a lot of happiness. I, the soul, am seeing Baba through this body. You can only see the body; you can neither see the Supreme Soul nor a soul. It is a matter of understanding the soul and the Supreme Soul. You receive divine insight to see them. Everything that you see in a divine vision would be seen to be large. The kingdom will also be large. A soul is just a point. You would not understand anything by seeing a point. Souls are very subtle. Many *doctors* have tried to catch hold of a soul, but no one is able to know anything. Those people are weighed against gold and diamonds. You are becoming multimillionaires for birth after birth. You don't have any external *show*. He sits in this chariot and teaches us in an ordinary way. Its name is The Lucky Chariot (Bhagirath). The Father enters this impure old chariot and does the highest-on-high *service*. The Father says: I don't have a body of My own. How can I, the Ocean of Knowledge, the Ocean of Love, give you your inheritance? I cannot give it from up there. Would I teach through inspiration? I definitely have to come here. On the path of devotion you worship Me and you all love Me. People love the pictures of Gandhi and Nehru etc. They remember their bodies. Souls are imperishable and so they took another birth, but people continue to remember the perishable images. That is the worship of matter! They create a shrine and offer flowers etc. That is a memorial. There are so many temples to Shiva. The biggest memorial is to Shiva. There is the praise of the Somnath Temple. Mahmud Gaznavi came and looted it. You had so much wealth! Baba weighs you children against jewels. I don't have Myself weighed. I don't become so wealthy! I make you that. Those people might weigh someone and, tomorrow, he might die. That wealth would be of no use. The Father weighs you against limitless treasures in such a way that it remains with you for 21 births. However, that is only if you follow shrimat. There is no mention of sorrow there; there is never untimely death there. There will be no fear of death. People here are so afraid of death that they cry. There is so much happiness there that you will go and become *princes*. Shiva, the Supreme Soul, is called the Magician, the Businessman, and the Jewel Merchant. He also grants you visions of becoming a *prince* like that. Baba has now closed the *part* of visions. A lot of harm was caused through those. The Father is now granting us salvation through knowledge. First, you will go to the land of happiness. It is now the land of sorrow. You know that it is the soul that imbibes knowledge. This is why the Father says: Consider yourself to be a soul! Good and bad sanskars are in the soul. If one's sanskars were in the body, they would then be burnt with one's body. You say: Shiv Baba, we souls are studying through these bodies. This is a new thing. Shiv Baba is teaching us souls. Remember this very firmly. He is the Father and also the *Teacher* of all of us souls. The Father Himself says: I don't have a body of My own. I too am a soul, but I am called the Supreme Soul. It is the soul that does everything. The names of the body continue to change. A soul is a soul. I, the Supreme Soul, don't take rebirth like you do. My *part* is such in the *drama* that I enter this one and speak knowledge to

you. That is why this one is called The Lucky Chariot. He is also called an old shoe. Shiv Baba wears an old *long boot*. The Father says: I enter this one at the end of the last of his many births. This one becomes this first of all, and the same applies to you! Baba says: You are very young. You have to study more than I do and claim a high status. However, I have Baba with me and so I remember Him again and again. Baba also sleeps with me. However, Baba cannot hug me. He can hug you. You are very lucky. You can hug the body that Shiv Baba has taken on *loan*. How can I hug Him? I don't have that fortune! This is why you are remembered as the *lucky stars*. Children are always *lucky*. A father gives his children wealth. Therefore, you are *lucky stars*. Shiv Baba says: You are *luckier* than I am. I teach you and make you into the masters of the world. I don't become that. You also become the masters of Brahmand. I only have the key to divine vision. I am the Ocean of Knowledge. I also make you into *master* oceans of knowledge. You know the whole cycle and will become rulers of the globe, emperors and empresses. I don't become that. When people grow old, they *will* everything to their children and go into retirement. It used to be like that in earlier days. Nowadays, they have attachment to their children. The Father from beyond says: I enter this one and change you children into flowers from thorns and make you into the masters of the world. I make you ever happy for half the cycle and then go and sit in the stage of retirement. These things are not mentioned in the scriptures. Sannyasis relate things of the scriptures. The Father is the Ocean of Knowledge. He Himself says: The Vedas and scriptures are the paraphernalia of the path of devotion. Only I am the Ocean of Knowledge. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Whatever you see with your eyes, including your body, is all to be burnt. Therefore, use everything you have in a worthwhile way.
2. Study in order to claim your full inheritance from the Father. Constantly keep your *luck* in your awareness and become a master of Brahmand and a master of the world.

**Blessing:** May you be an embodiment of success who makes everyone co-operative by exchanging love with one another.

You have now *passed* the *stage* of giving and receiving knowledge. Now, exchange love. Exchange love with anyone who comes in front of you or into relationship with you. This is known as being loving to all and *lovely*. You donate knowledge to those who are ignorant, but become a great donor of love within the Brahmin family. Let there not be anything except love even in your thoughts. When there is love for everyone, the *response* of that love is co-operation and the *result* of co-operation is success.

**Slogan:** To put a *full stop* to waste thoughts in a *second* is intense effort.
