

Essence: Sweet children, the Father reminds you that you were pure. Then, while taking 84 births, you became impure. You now have to become pure again.

Question: What question does the Father ask you children who are becoming sensible from senseless and what effort does He advise you to make?

Answer: Children, I gave you so much wealth! You had countless wealth! Where did you lose all of that? How did you become so *insolvent*? How did Bharat, that was 'The Golden Sparrow', become like it is? The Father now advises you: Children, make effort once again! Study Raja Yoga and become the masters of heaven!

Om shanti. Whom are you children remembering here? Your unlimited Father. Where is He? People call out to Him, "O Purifier", don't they? Nowadays, even sannyasis speak of Purifier Rama who belongs to Sita. That is, they say: O Purifier of us impure ones, come! You children understand that the golden age is called the pure new world and that the iron age is called the impure old world. Where are you now sitting? At the end of the iron age. This is why you call out: Baba, come and purify us! Who are we? I am a soul. It is souls that have to become pure. When souls become pure they receive pure bodies. When souls are impure they have impure bodies. This body is a puppet of clay. The soul is imperishable. The soul speaks and calls out through these *organs*: I have become very impure. Come and purify me! The Father purifies you, and then Ravan, the vices, makes you impure. The golden age is said to be pure and the iron age is said to be impure. The Father has now reminded you: You were pure. This was how you then took 84 births. Now you are at the end of the last of your many births. You are now completing your 84 births. This is the human world tree. I am the Seed of it. You call out to Me: Oh Supreme Father, Supreme Soul! I am also *God, the Father, the Liberator* and the *Guide*. Each of you says for yourself: Liberate me and become the Guide to lead me to the land of peace. Sannyasis also ask: How can we receive permanent peace? The land of peace is the incorporeal world from where souls come down to play their *parts*. Only souls, not bodies, reside there. Souls reside there bodiless, that is, without bodies. That is called the land of peace, the viceless world, where souls reside. The picture of the ladder has also been explained to you children with regard to how you have continued to come down the ladder. It has taken you 84 births; 84 births are the *maximum*. Some even take only one birth. It is from only one birth to 84 births. Souls continue to come down from up above. The Father says: I have come to purify you. When children put the address on a letter, they write: Shiv Baba c/o Brahma Baba. Shiv Baba is the Father of souls and Brahma is called Adi Dev, Adam, Dada. The Father enters Dada and says: You called out to Me: O Purifier, come! Souls called out to Me through their bodies. The main thing is the soul. This is the land of sorrow. Here, while just sitting somewhere, people have untimely death. Even small children die. There is never untimely death in the golden age whereas people here die while just sitting somewhere. There are no such illnesses there; the very name is heaven. It is such a good name! When the name is mentioned, your heart becomes happy: the golden age, *heaven, Paradise*. *Christians* say that 3000 years before *Christ*, there was *Paradise*. The people of Bharat do not even know this. This is because they have seen a lot of happiness, and they are also seeing a lot of sorrow. They have become tamopradhan. They are the ones who take 84 births. After half the cycle, those of other religions come. You now understand that the deities existed for half the cycle. There were no other religions at that time and when there was the kingdom of Rama in the silver age, there were still no Islamists or Buddhists. People are now in extreme darkness. They say that the duration of the world is hundreds of thousands of years. That is why they believe that the iron age is still in its infancy. You now understand that the duration of the iron age has come to an end and that the golden age is now to come. Therefore, you have come to the Father to claim your inheritance of heaven. All of you were residents of heaven. The Father comes to establish heaven. Everyone will go home to the land of peace and then they will come here and become actors. A soul cannot speak without a body. There, because souls don't have bodies, they remain quiet. That is called the incorporeal world, the land of silence. These things are not mentioned in the scriptures. Human beings created the scriptures. These things do not exist in the golden age. They don't perform devotion there and there is therefore no need for scriptures. Deities don't worship anyone. Later, human beings worship deities. That is the world of deities and this is the world of human beings. There used to be the kingdom of deities but that doesn't exist any more. No one knows where they went. There used to be the *dynasty* of Lakshmi and Narayan. You now receive the *knowledge* of that. No other human beings have this *knowledge*. The Father comes and gives human beings this *knowledge* through which human beings become deities. You human beings come here to become deities. Deities

never eat impure food nor do they smoke cigarettes. They are deities whereas here, all are human beings. Those (deities) are pure whereas these (human beings) are impure. The Father sits here and speaks to souls. The soul listens through these *organs*. These things are not mentioned in the scriptures. Ravan doesn't exist in the golden age. There is no mention of sorrow there. Sorrow begins gradually, later. There, you have plenty of wealth. On the path of devotion you build temples. First, there is the Somnath Temple. You had very big diamonds and jewels which no one could put a value on. The main thing is the Somnath Temple. However, all the kings must have built their own temples (in their own palaces) because they also wanted to perform worship. First of all, there is the worship of Shiva. Shiva is also called Somnath. Somnath means the Lord who gives you nectar to drink. This is the nectar of knowledge, is it not? The Father sits here and explains that only the Father is called the *Truth*. The Father says: Only I come and make Bharat into the land of truth. How could all of you become deities otherwise? I also teach you all of this. Shiv Baba carries out His activities through Brahma. Brahma has become ugly because this is the last of his many births. He will then become beautiful. They have a picture of Krishna showing him as dark blue and also fair. There are many very good pictures in the *museums* that you can explain very well. You know that you are going to the land of peace, to your home. We are residents of that place. Then we come here to play our *parts*. You children should first of all have the faith that this is not a sage or holy man teaching you. This one resided in Sindh, but the One who enters this one and speaks is the Ocean of Knowledge. No one knows Him. They say "*Oh God, the Father!*" but no one knows what His name, form, land and time period are. Then they say that He is omnipresent. Ask them where God is and they will reply that He resides in every particle or that He is in everyone. There is a soul sitting in each person. They call out to the Father, the Supreme Soul: Baba, come and purify us impure ones! You call out to Me to carry out this business and this service. Come and make us dirty ones pure! You invite Me into the impure world. The Father never sees the pure world. He has come to serve you in the impure world. This kingdom of Ravan is now to be destroyed. You are studying Raja Yoga here and you will then go there and become the kings of kings. You have been made this countless times. First of all there is the Brahmin clan. Prajapita Brahma is remembered, and he is also called Adam and Adi Dev too. No one knows this. There are many who come here and listen to this knowledge but they are then influenced by Maya. While becoming pure, charitable souls, they become sinful souls. Maya is very powerful. She makes everyone into a sinful soul. There isn't a single pure or charitable soul here. Only the deities were pure souls. When all become impure, they call out for the Father. It is now the kingdom of Ravan, the impure world. This is called the *jungle* of thorns. The golden age is the *garden of flowers*. There are so many *first-class* flowers in the *Mughal Gardens*. You can even find an uck flower (poisonous) there. However, no one understands the difference. Why do they offer uck flowers to Shiva? The Father also explains this. When I teach you, some are *first-class* flowers, some are jasmine flowers, some are other very fragrant flowers and some are even uck flowers; they are all numberwise. Therefore, this is called the land of sorrow, the land of death. The golden age is the land of immortality. Only the Father creates the new world. He is called the *Knowledge-full* One. He is the Living Seed. He is called the Ocean of Knowledge. It isn't that He knows what is in each one, that He is Antaryami. People lie when they say this. It is fine to say that He is the Ocean of Knowledge, that He is the Living Seed. He knows the beginning, the middle and the end of the world and this is why He is called the Ocean of Knowledge. He is now giving you children the knowledge of the beginning, the middle and end of the world. The cycle continues to turn: the golden, silver, copper and iron ages. At the confluence age, the world *changes*. You are Raja Yogis who are now standing at the confluence age. The Father sits here and teaches you. Those who become the children of the Father study Raja Yoga. The first and main thing to understand is that Baba is Baba, the *Supreme Teacher* and also the *Supreme Father*. Shiv Baba is now teaching you. He is also your Satguru. He will take all of you back home. That is called the Procession of Shiva. God teaches all of you devotees and makes you into residents of heaven. These things are not mentioned in the scriptures. This Dada has studied many scriptures. The Father doesn't study them. The Father Himself is the Bestower of Salvation. He doesn't need to study any scriptures. He just *refers* to that knowledge, and in that too, just the Gita. God spoke the Gita, which is the jewel of all scriptures, but the people of Bharat don't know who God is. They say that the Father is omnipresent. It is as though they *defame* Him. They *insult* the Father and this is why they become impure. So, who will purify them? The One whom they have *defamed* so much comes and purifies them. He says: I do altruistic service. I make you into the masters of the world; I don't become that. You don't even remember Me in heaven. Everyone

remembers God at a time of sorrow, but no one remembers Him when they are happy. This is called the play of happiness and sorrow. There are no other religions in heaven; all of them come later. *Christians* themselves say that it was heaven 3000 years before *Christ*. There were no other religions. We souls were in the land of peace. These things are not mentioned in any of the scriptures. The Father grants salvation through this knowledge which is called the Gita. You call out to the Father to come and take you to heaven. Therefore, the old world is to be destroyed. There will be many *natural calamities* and storms will come with a lot of force. The Father comes and makes you senseless ones sensible. He says: I gave you so much wealth. You had countless wealth. Where did you lose all of it? The unlimited Father is asking you: What did you do with it? How did you become so *insolvent*? By wasting your wealth for half the cycle, you have now become *insolvent*. Look what Bharat, which was 'The Golden Sparrow', has become now! The Purifier Father has come once again and is teaching you Raja Yoga. That is hatha yoga and this is Raja Yoga. This Raja Yoga is for both men and women, whereas that is only taught to men. The Father says: Now make effort and definitely become the masters of heaven. This old world has to be destroyed. There is only a short time left. War will also begin. When you reach your karmateet stage and have become worthy of going to heaven, *atomic bombs* will start to be used. They will continue to manufacture them until then. Nevertheless, the Father tells you children: Continue to stay on the pilgrimage of remembrance! It is in this that Maya causes obstacles. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. You are going to become deities. Therefore, your food and drink have to be very pure. Renounce everything impure.
2. Become a *first-class* flower. Become completely worthy of going to heaven. Make effort to make your stage karmateet.

Blessing: May you move along in a yuktiyukt manner with the *balance* of being a child and a master and thereby become an embodiment of success.

As much as possible, in respect of service, be a child and in the stage of your efforts be a master. In respect of connections and *service*, be a child and on the pilgrimage of remembrance and in churning, be a master. With your companions and in a gathering, be a child and individually, be a master. To move along with this *balance* is to move along in a yuktiyukt manner. By doing so, you will easily achieve success in every task, your stage will be stable and you will easily be loved by all.

Slogan: When your thinking and doing are the same, you will then be said to be a powerful soul who has *will power*.

Experience of the double-light stage:

- 2) Just as the Father has incarnated, I, the elevated soul, have also incarnated down here from up above in order to give the message. My places of residence are the subtle region and the incorporeal world. Remain stable in such an elevated stage, consider yourself to be a resident of the sky and continue to fly in the flying stage.
