

Essence: Sweet children, use everything you have in a worthwhile way for God's service and thereby create your future because death is over your head.

Question: Even though you children listen to knowledge, why aren't some of you able to imbibe it?

Answer: Because you don't know how to churn the ocean of knowledge. Your intellects are dangling in yoga with bodies and bodily relations. Only when attachment is removed from the intellect are you able to imbibe something. Attachment is such that it makes you absolutely like a monkey. This is why the Father reminds you of your first promise: Forget your body and all bodily relations and remember Me alone.

Song: No one is unique like the Innocent Lord.

Om shanti. The Father sits here and explains and you children clearly understand that only the unlimited Father is called the One who reforms that which has been spoilt. Krishna cannot reform that which has been spoilt. Shiva, not Krishna, is the God of the Gita. Shiv Baba is the Creator and Krishna is the creation. Only the Creator of heaven can be the One who gives you your inheritance of heaven. This is the biggest, main mistake made in Bharat. No one would call Shri Krishna "Baba". Only from Baba is the inheritance received and only Bharat received it. Only in Bharat are Prince Shri Krishna and Princess Radhe remembered. The praise is only of the one highest-on-high Father. Shri Krishna is the highest-on-high creation, the master of the world. They are called the sun dynasty *deity dynasty*. The Gita is the scripture of the original, eternal deity religion. No one is given this knowledge in the golden age. The Father only speaks it at the confluence age. This has to be proved first with the pictures. There are the images of both. The God of the Gita is this Creator who is free from rebirth; it is not Shri Krishna, the creation. You know that Shiv Baba makes you become like a diamond. It is also remembered: There are those who are as worthless as shells and those who are as valuable as diamonds. It should remain in the children's intellects that the Father's direction is: Remember Me and the inheritance! He is the unlimited Father. Although Krishna does become the king of the world, he is a master of the limited. Shiv Baba is not a king. There is, in fact, a lot of praise of the Gita. Together with that, there is also praise of Bharat. Bharat is the great pilgrimage place for all religions. It is just because Krishna's name was inserted that its importance has been lost. It is because of this that Bharat has become as worthless as a shell. It is according to the *drama*, but you have to be cautioned. The Father explains very well. He tells you deep things every day and so you have to change the old pictures and create new ones. This will continue till the end. You children should keep it in your intellects very clearly that Shiv Baba is giving you your inheritance. He says: Constantly remember Me alone and your sins will be absolved. Your sins cannot be absolved by remembering Krishna. He is not the Almighty Authority. Only the Father is the Almighty Authority and only He gives you your inheritance. People continue to remember Krishna. For instance, you may think that Shri Krishna said this, and that he also said: Forget all the relations of the body and constantly remember me alone. A soul would remember his father. Krishna is not the Father of all souls. All of these things have to be churned and imbibed by the intellect. Some are unable to imbibe because of being trapped by attachment. You have been singing: "We will break away from everyone else and connect ourselves to only You. Mine is One and none other." However, attachment is such that it makes you absolutely like a monkey. A monkey has a lot of attachment and greed. It is also explained to wealthy people: Death is just ahead. Use everything you have for God's service and create your future. However, they continue to dangle after everything like monkeys and don't let go of anything. The Father says: Remove your intellect's yoga from your body and all bodily relations! Follow the Father's shrimat! You say: This wealth, children etc. have all been given by God. He Himself has now come and says: All of your wealth and property etc. are to finish. "Some people's wealth will remain buried underground." There will be *earthquakes* and everything will be destroyed. When an *aeroplane* crashes or if there is a fire somewhere, thieves rush there before the *police* arrive. The Father explains: Children, remove your attachment from bodily beings. Become a conqueror of attachment! Body consciousness is the *number one* enemy. Deities are soul conscious. When you become body conscious, you become trapped in the vices. You have remained body conscious for half the cycle. You now have to *practise* remaining soul conscious. Neither do human beings know these things at all, nor do they know God. They neither know the soul nor the Supreme Soul. No one knows how many births souls take, how they play their *parts* or how they are *actors*. This is why they are called *orphans*. They say that the soul merges into the light. However, souls are imperishable. The *part* of 84 births is recorded in the soul. They say that the soul is a *star* and yet they don't understand. They say that the soul is the Supreme Soul. They don't know the Father at all. They say of the soul that a wonderful star sparkles in the centre of

the forehead. They don't say anything about God. He is called the Supreme Soul and He resides in the supreme region. He is a point. He is free from rebirth, whereas souls have to take rebirth. It is said of God: He is the Ocean of Knowledge, the Ocean of Bliss and the Ocean of Purity. Who gave the deities their inheritance? The Father. No one at present is full of all virtues and 16 celestial degrees full like the deities were. No one knows how they received their inheritance. Only the Father comes and explains to you. Only He is called the Ocean of Knowledge. He comes and gives you knowledge at this time and then that disappears. Then there is devotion; that cannot be called knowledge. Salvation is received through knowledge. Only when there is degradation can the Bestower of Salvation for All, the Ocean of Knowledge, come. Only the Father comes and bathes you in knowledge. There cannot be salvation through the other bathing in water. Even these small matters have to be imbibed. The main thing is that the good pictures should be made large so that people can understand them clearly. The writing on them should be very large and clear. This should remain in the intellects of those who create the pictures. Invite anyone to come and take the introduction of the Supreme Father, the Supreme Soul, and claim their inheritance for the future 21 births from the Father. Brothers and sisters, come and understand how you can receive the happiness of unlimited sovereignty from the Father from beyond. Learn here how to claim your inheritance from the unlimited Father. There is no question of being afraid about this. People continue to call out: O Purifier, come! The Father also says: Lust is the greatest enemy. If you want to go to the pure world you definitely do have to become pure. Those who are born through vice are called impure. There is no poison in the golden and silver ages; that is called the completely viceless world. There is no vice there at all. So, why do you ask how children are born there? Just become viceless! Children will take birth there as they are meant to. Why do you even ask about it? Simply remember the Father and your sins of many births will be absolved. This is the world of impure souls and that is the world of pure and charitable souls. Make this sit in your intellects very well. God comes and gives you the fruit of devotion. Only the Father grants everyone salvation and makes them into the masters of the world. The Father says: Now become pure and constantly remember Me alone. This is the great mantra. You will definitely receive an inheritance from the Father. The Father says: Remember Me alone and you will become satopradhan. You have to explain the picture of the ladder. Day by day, everything continues to improve. Write very *clearly* on this: Establishment of the original, eternal deity religion through Brahma. When the original, eternal deity religion existed, there were no other religions. Only those who become pure will go to the pure world. The more you fill yourselves with power, the earlier you will come into the pure world. Not everyone will come down together. You know that there will be very few deities in the golden and silver ages and that the population will then grow. There will be many subjects. Those who explain have to be very good. Tell them: Come and claim your inheritance from the unlimited Father, the One to whom you have been calling: Oh Baba! In fact, His name is Shiva. When you say "God", "Ishwar" or "Prabhu" you don't understand that He is the Father and that you receive your inheritance from Him. By saying "Shiv Baba" you remember the inheritance. People say to Him: Salutations to the Supreme Soul, Shiva. Tell us the name of the Supreme Soul! There cannot be anyone beyond name and form. His name is Shiva. You mustn't just say: Salutations to Shiva. Say: Salutations to the Supreme Soul, Shiva. Each word has to be explained very *clearly*. There is no pleasure of the Father's relationship by saying "Salutations to Shiva". People have given themselves all these names. You know that a human being cannot be called God. Brahma, Vishnu and Shankar are all called deities. Only the Father, the Creator, is the incorporeal One. Just as a physical father creates children and gives them an inheritance, in the same way the unlimited Father also gives you your inheritance. He makes Bharat into the master of the world. The Purifier of the whole world is only the one Father. None of them know that the founders of their religions are also impure and in the graveyard. It is now the time of settlement for everyone. Only the Father comes and uplifts everyone. Khuda, God, only comes at the time of settlement. Only He is the Ocean of Knowledge. It is written: The children of the Ocean were completely burnt, that is, they became ugly and *iron aged* by sitting on the pyre of lust. So, how can they become beautiful again? The Father says: By staying on the pilgrimage of remembrance. By using the word "yoga", people become confused. The Father says: Remember Me so that your final thoughts lead you to your destination. He explains so clearly! In spite of that, why do these things not sit in your intellect? It is because there is a lot of body consciousness that no one is able to imbibe. The Father shows you a very good method. What did the unlimited Father, whom everyone remembers, do when He came here? He made Bharat into heaven. You have been receiving limited inheritances for birth after birth. Now claim your unlimited inheritance from the unlimited Father for 21 births. Deities used to rule in the golden and

silver ages. There was the sun dynasty, then the moon dynasty, then the merchant dynasty and then the shudra dynasty. When you write these words, it becomes clear that they are the ones who take rebirth and enter the different clans. The Father explains to everyone but, because you are sitting here personally, face-to-face, you become very happy. If it is not in the fortune of some, they don't do any *service*. When they do *service*, their name will be glorified. It would be said: The daughters of Baba are so clever! They do everything. They even give us the inheritance of the sovereignty of heaven! They even give us these goods. These pictures are like a mirror in front of the blind. There is no question of magic etc. in this. Purity is the main thing. You understand that this is your last birth. If you want to go to heaven you definitely do have to become pure. Destruction is just ahead. You definitely have to become pure. Sannyasis renounce their homes and families in order to become pure. The Father says: Destruction is just ahead of you. Remember Me and your boat will go across. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Use everything you have in a worthwhile way before destruction takes place. This is the time of settlement. Therefore, you must definitely become pure.
2. Remove your attachment from bodily beings and become a conqueror of attachment. Conquer the *number* one enemy of body consciousness. Break away from everyone else and connect your intellect's yoga to the Father.

Blessing: May you be a mahavir who constantly has zeal and enthusiasm and experiences the ascending stage.

Mahavir children experience the ascending stage at every *second* and in every thought. Their ascending stage becomes instrumental for bringing benefit to all. They never stop or experience tiredness; they are constantly tireless and always have zeal and enthusiasm. Those who stop are said to be the cavalry, those who get tired are the infantry and those who constantly keep moving are mahavirs. Their vision will never be drawn to any form of Maya.

Slogan: From his spiritual endeavour a powerful soul is able to adopt the form of coolness or the volcanic form whenever he wants.
