

Essence: Sweet children, you have to follow shrimat and serve the whole world and the elements to make them pure. Show everyone the way to happiness and peace.

Question: What is it that you children don't need, since you are making effort to forget even your own bodies?

Answer: Pictures! Since you have to forget your image (body), why would you need those pictures? Consider yourself to be a soul and remember the bodiless Father and your *sweet home*. These pictures are for small children; that is, for new ones. You have to stay in remembrance and inspire others to have remembrance. Carry on with your business and practise staying in remembrance in order to become satopradhan.

Song: I have come, having awakened my fortune.

Om shanti. Sweetest children, when you heard these words, you immediately had goose pimples of happiness. You children know that you have come here to claim your fortune, your fortune of heaven! This is not said anywhere else. You know that you are claiming your inheritance of heaven from the Father; that is, you are making effort to create heaven. You are not making effort just to become residents of heaven, but also to claim the highest-on-high status in heaven. The Father who grants visions of heaven is now teaching us. You children should have this intoxication. Devotion is now coming to an end. It is said that God comes to uplift the devotees because they are trapped by the chains of Ravan. There are so many human beings who all have different ideas. You have come to know that the world cycle is a play which continues eternally. The people of Bharat know that they were the residents of the ancient new world and that they have now become residents of the old world. The Father created heaven, the new world, and Ravan then made it into hell. By following BapDada's directions, you are now creating the new world for yourselves. You are studying for the new world. Who is teaching you? The Ocean of Knowledge, the Purifier, the One who is praised. Praise cannot be sung of anyone but the One. Only He is the Purifier. All of us are impure. No one remembers the pure world. You now understand that there truly was the pure world 5000 years ago. There was just this Bharat. All the other religions were in peace. We residents of Bharat were in the land of happiness. People want peace, but no one can remain in peace here. This is not the land of peace. That is the incorporeal world from where we come. The golden age is the land of happiness; it cannot be called the land of peace. There, you stay in purity, peace and happiness. There is no upheaval there. When children create chaos at home, they are told to be quiet. The Father says: You souls belonged to that land of peace and you then came into this quarrelsome land. This is in your intellects. You are once again making effort to claim the highest-on-high status from the Father. This *school* is no less. This is *God*, the *Father's*, *University*. This is the biggest *university* in the whole world. Everyone claims their inheritance of peace and happiness from the Father here. There is praise of no one except the one Father. There is no praise of Brahma. Only the Father comes at this time and gives you an inheritance. Then, there will be happiness and only happiness. Only the one Father gives you peace and happiness. There is praise of Him alone. There is no praise of anyone in the golden and silver ages. There, the kingdom continues. You claim your inheritance and everyone else stays in the land of peace. There is praise of no one. Although *Christ* establishes a religion, he has to do that. Although he establishes a religion, he still continues to take rebirth. So, what praise is there? There is praise of only the One who is called the Purifier and the *Liberator*. It isn't that He remembers *Christ* or Buddha, etc. It is they who just remember the one *God*, the *Father*. No one is praised in the golden age. It is when religions begin later that people sing the Father's praise and devotion begins. How is the *drama* created? Only those who have become the Father's children understand how the cycle continues to turn. The Father is the Creator. He creates the new world of heaven. However, not everyone can go to heaven. The significance of the *drama* too, has to be understood. You receive your inheritance of happiness from the Father. At this time, everyone is unhappy. Everyone has to return home and then there will be happiness. You children have received very good *parts*. The Father, who is praised so much, has come and is now personally sitting in front of you children and explaining to you. You are all children. The Father is *ever happy*. In fact, you cannot say this of the Father. If He were to become *happy*, He would then also become *unhappy*. Baba is beyond all of that. The praise of the Father is also your praise at this time. Then, in the future, your praise will be different. Just as the Father is the Ocean of Knowledge, so you are also that. You have the knowledge of the world cycle in your intellects. You know that the Father is the Ocean of Happiness and that you receive plenty of happiness from Him. At this time you are receiving your inheritance from the Father. The Father is now teaching you children how to perform elevated actions. In the same way, this

Lakshmi and Narayan must definitely have performed such good actions in their previous birth that they attained such a high status. No one in the world understands how they claimed their kingdom. The Father says: You children are now becoming like this. It enters your intellects that you were elevated and that you are once again becoming like this. The Father sits here and explains to you the philosophy of action, neutral action and sinful action through which you become this. He gives you *shrimat* and you should therefore understand *shrimat*. Through *shrimat*, He makes the whole world, including the elements etc., elevated. In the golden age, everyone and everything is elevated. There is no upheaval or storm of any type. It is neither too hot nor too cold; it is always spring there. You remain so happy there. Those people sing that God (Khuda) establishes heaven (Bahist). Therefore, you should make effort to claim a high status. It is always remembered: *Follow the mother and father*. When you remember the Father your sins are absolved. We souls are now to return home with the *Father*. Follow *shrimat* and show everyone the path. The unlimited Father is the Creator of heaven. It is now *hell*. He must definitely have given the inheritance of *heaven* in *hell*. We are now completing our 84 births and we will then take our first birth in heaven. Your *aim* and *objective* is right in front of you. This is what you have to become. We are once again becoming like Lakshmi and Narayan. In fact, there is no need for these pictures. Those who are weak forget this again and again and this is why pictures are kept. Some even keep pictures of Krishna; they cannot remember Krishna without seeing him. There is a picture in everyone's intellect. There is no need for you to put up pictures. Consider yourself to be a soul. You also have to forget your own image. You have to forget all relations including your own body. The Father says: You are lovers of the one Beloved. The beloved Father says: Continue to remember Me so that your sins can be absolved. Your stage should be such that, when you leave your body, you understand that you are leaving this old world and going to the Father. Your 84 births have ended and you now have to return. Baba has instructed you: Remember Me! That's all. Simply remember the Father and the *sweet home*. It is in your intellects that you were bodiless souls and that you came here to play your *parts* and you therefore adopted bodies. While playing your *parts*, you became impure. This body is an old shoe. The soul is now becoming pure. A pure body cannot be received here. We souls now have to return home. First, we will become *princes and princesses* and then, after marriage, we will become Lakshmi and Narayan. People don't know who Radhe and Krishna are. Each came from a separate kingdom and then they got married. Some children have seen the marriage ceremony in trance. In the beginning, you had many visions because that *part* continued to keep you happy in Pakistan. At the end, there will just be violence. There will be many *earthquakes*. You will continue to have visions. Each one of you will come to know what status you will claim. At that time those who have studied less will repent a great deal. The Father will say: Neither did you study nor did you teach others! You didn't stay in remembrance either. It is only through remembrance that you can become *satopradhan*. Only the Father is the Purifier. He says: Constantly remember Me alone and the alloy in you will be removed! Effort has to be made to stay on the pilgrimage of remembrance. You may carry on with your business, etc. Actions have to be performed, but your intellects' yoga should be connected there. It is here that you have to become *satopradhan* from *tamopradhan*. While living at home with your families, remember Me, because only then will you become the masters of the new world. The Father doesn't give you any other difficulty. He is showing you a very easy method. In order to become a master of the land of happiness, constantly remember Me alone. Now, just remember Him: Baba too is a *star*. People believe that because He is the Almighty Authority and very bright. The Father says: I am the Sentient Seed of the Human World Tree. Because I am the Seed, I know the beginning, the middle and the end. You are not seeds. I am the Seed and this is why I am called the Ocean of Knowledge. He is the Sentient Seed of the Human World Tree and He therefore definitely knows how the world cycle continues to turn. Rishis and munis don't know the Creator or the beginning, middle and end of creation. If the children knew this, it would not take that long for them to go to Him. However, no one knows the way to the Father. How can impure ones go to the pure world? This is why the Father says: Conquer lust, the greatest enemy! It is this that causes you sorrow from the time it begins through the middle to the end. He explains to you children so well. There is no difficulty. You simply have to remember the Father and your inheritance. By having remembrance of the Father, that is, with yoga, your sins will be burnt away. In a *second*, you receive the sovereignty from the Father. Although you children will go to heaven, in order to claim a high status in heaven, you do have to make effort. You have to go to heaven. By listening to even a little, people will understand that the Father has come. Even now, people say that it is that same Mahabharat War. It must definitely have been the Father who taught you children Raja Yoga. You continue to awaken everyone. Those who awaken many will

claim a high status. Efforts have to be made. Not everyone can be the same type of effort-maker. This is a very important *school*. This is the *World University*. The whole *world* has to be made into the land of happiness and the land of peace. Have you ever seen such a *Teacher*? The whole world is called the *universe*. Only the Father makes all the human beings of the *universe* satopradhan; that is, only He creates heaven. All the festivals that are celebrated on the path of devotion refer to this time, the confluence age. There are no festivals in the golden and silver ages. There, they just experience the reward. All the festivals are celebrated here. Holi and Dhuriya are aspects of knowledge. Festivals celebrate everything that happened in the *past*, but they actually belong to this time. Holi also refers to this time. Everything is accomplished in the last hundred years of the cycle. Even the world becomes new. You understand that you have claimed your inheritance of heaven many times and then lost it. You have the happiness that you are once again claiming your inheritance from the Father. You also have to show others the way. According to the *drama*, heaven definitely has to be established. Just as there is night after day and day after night, similarly, there definitely has to be the golden age after the iron age. Drums of happiness should beat in the intellects of you sweetest children. The time is now coming to an end and we are going to the land of peace. This is the last birth. The suffering of karma is also becoming light with happiness. Some karmic accounts have to be settled with suffering and some with the power of yoga. The Father gives you children patience. Your days of constant happiness are coming. You have to carry on with your business, etc. because you need money for the livelihood of your body. Baba has explained that businessmen put some money aside for charity. They believe that if they accumulate a lot of wealth, they will be able to donate a great deal more. Here, too, the Father explains: Even if someone only gives two paisas, he receives so much in *return* for 21 births. Previously, you used to receive in the next birth the *return* of whatever you would donate and give to charity. Now, you receive the return for 21 births. Previously, you used to give to sages and holy men. You now understand that everything is going to be destroyed. I have now come personally in front of you. Therefore, use everything for this task and you will receive an inheritance for 21 births. Previously, you would give *indirectly*, whereas you now give *directly*. Everything else of yours is going to be destroyed. Baba continues to tell you: If you have money, open *centres*. Just write the words: True Gita Pathshala. God speaks: Constantly remember Me alone and your inheritance. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to become as praiseworthy as the father, *follow* the *father*.
2. This is the last birth. You now have to return home. Therefore, drums of happiness should beat within you. Settle all the suffering of karma in happiness with karma yoga, that is, with remembrance of the Father.

Blessing: May you be a subtle server who sees the practical proof of the power of the mind through your *connection* and *relationship*.

Just as you can see the practical proof of the power of words and deeds, similarly, in order to see the practical proof of the most *powerful* power, the power of *silence*, let their constantly be a clear *connection* and *relationship* with BapDada. This is called the power of yoga. Souls who have such power of yoga can enable souls who are physically far away to experience being personally present. They can invoke souls and transform them. This is subtle service and to achieve this, you must increase the power of concentration.

Slogan: Only those who use all their treasures in a worthwhile way are great donor souls.
