

Essence: Sweet children, you are now becoming the masters of the world for 21 births. You now have the imperishable omens of Jupiter over you.

Question: What constantly remains in the intellects of the true, serviceable children?

Answer: Their wealth never diminishes by them making donations. They constantly continue to donate. Their intellects are aware that they are benefiting themselves. The Father continues to observe as the detached Observer to see who makes their lives elevated and which ones *pass*. Very good *manners* are required in knowledge. Don't become disheartened over trivial matters.

Song: You are the Mother and You are the Father!

Om shanti. *Good morning* children. It is Thursday today. For you children, this *day* of the omens of Jupiter, this day of the Lord of the Tree, is the most important. This is the most important day of the week. The name 'Lord of the Tree' is remembered. You have the omens of Jupiter over you. Baba, the Lord of the Tree, is once again giving us His inheritance of unlimited happiness. He also inspires us to have unlimited renunciation. Those on the path of isolation have limited renunciation. Everyone will have to have renunciation. The Father says: As you make further progress, many will listen to you. The Purifier Father, who is also the *Guide* and the *Liberator*, says: I have come to take everyone back to the land of liberation. People on the path of devotion make effort only to receive liberation. They have to remain in devotion for so long so that, after their devotion, they can receive the fruit of it. No one, apart from you, knows this. You children know that it takes exactly 2500 years. This is also fixed in the *drama*. This is the predestined play. Each one continues to play his or her own *part*. Each of you too plays the same *part* every cycle. It is a matter of such great happiness that we have the omens of Jupiter over us. We become the masters of the world for 21 births. It is now our stage of ascending. It is defeat for hell and victory for heaven. The play of happiness and sorrow is also for you children. The Father says: This original eternal deity religion is one that gives a lot of happiness. That is the new world and even the mines there will be new. Everything will be made new there. When something becomes old, it doesn't have the same truth. There is now no strength left in this world. The Father is called the Almighty Authority, the One with all Powers. What power does He show? Only you children know this. The Purifier, the Bestower of Salvation, the *Liberator*, the Father, comes and gives you so much power! He destroys all the innumerable religions and establishes one religion and one kingdom. Is this not the work of His power? He carries out this elevated task through you children. You will receive so much power that all your sins will be cut away and you will become charitable souls. The more effort you make, the higher the status you claim. You will become worthy of heaven anyway. At first the *world* was *new* and now it is *old*. People don't understand this because they have totally *blind faith*. You children know that you previously had no intellects. It is also remembered: The children of the blind are blind. Everyone continues to search and stumble around for God and yet they find nothing. They make a lot of effort; some poor helpless people even give up their lives. They offer sacrifices to the deities in order to please them. They consider that to be a mahaprasad (a great holy offering). It is being *announced* that cows shouldn't be slaughtered, because cows are considered to be like mothers as they give milk. In fact; even goats give milk. Why are they not protected? So, their response is that Krishna had love for cows. It wasn't like that. The Father explains: You were *princes* and *princesses* of the golden age. You then took 84 births and have now become tamopradhan. You are now making effort to become satopradhan *princes* and *princesses* again. This is the school to become *double-crowned princes* and *princesses*. Although there are many Gita Pathshalas, they don't tell you there how you can become *princes* and *princesses* of heaven like Krishna. Does anyone who studies the Gita tell you these things? Here, the Father tells you: This is the examination for becoming *princes* and *princesses*. There are many *numbers* in this. The rosary of 16,108 is remembered. There wouldn't be just 108. There are now countless human beings. There are not going to be any fewer. You can print some of these things in the newspapers. The hunger strikes that people have in order to stop the slaughter of cows also took place in the previous cycle; they are *nothing new*. At this time, people call out to God: Take us to the pure world. Only you children know how He will take you. However, you haven't yet developed those divine virtues. There is very little imbibing of divine virtues. Everyone likes knowledge a lot. They know that the BKs remain pure and simple, that they don't wear jewellery etc. However, your activities too have to be good. Those of you who live at home cannot ask your husband or mother and father to buy you good jewellery or good clothes. You can't ask for those because you know that you are now leading a life of simplicity. We are to shed these old bodies, these clothes, and go to the land of Vishnu. Our Father is the Husband of all husbands and the Guru of all gurus. This is why everyone remembers Him: O Purifier, come! Only He

comes and grants salvation to everyone. Sikhs speak of the Immortal Image. Sat Shri Akal (the Truth, the Elevated and Immortal One). Death never comes to the soul. The body is destroyed; the soul is never destroyed. So people remember that Satguru, the Immortal Image, and say: Come and grant us salvation. Take us back to our immortal home from where we came. You children have to explain that the Satguru, the Immortal Image, is only one, and so how can they call themselves gurus? The Father explains: All of them are the many gurus of the path of devotion. Only the one Father is the Ocean of Knowledge. You rivers emerge from Him. Only Baba explains all of these things. The unlimited Father gives you the unlimited inheritance. A worldly *teacher* gives you an inheritance of a study. Baba has now come and says: Constantly remember Me alone and your sins will be absolved. You have a burden of sin on your heads. By remembering the Father your intellects will become *golden*. Everyone's intellect has now become dirty, *iron aged*. People go in front of the idols and sing: We are dirty and you are beautiful. You were pure and elevated and have now become impure and degraded. The play is based on Bharat. The story of 84 births refers to you. Those who enter the kingdom of Krishna first will take the full 84 births. No one knows that heaven, the land of Krishna, is now being established. You can write this down *clearly*: We will make Bharat elevated with the power of yoga. People beat their heads so much to achieve *birth control*, but this is the work of the Father alone. After destruction, there will only be 900,000 left. The Father doesn't incur any expense in this, nor is there any question of blessings etc. However, this old world is to be destroyed. This is the confluence age. It is remembered that establishment definitely has to take place here through Brahma. Therefore, Brahma has been shown here. People ask why you have kept Dada here. No matter who we keep, people will still ask: Why have you kept this one here? Brahma is absolutely ordinary. The most senior one can only be Brahma. This is such a *simple* matter, but it has to be explained so much! God comes in an impure body in the impure world. No one here can have a pure body. In the picture of the ladder it has been shown that everyone is in the forest of thorns. This is the impure world. God comes in an ordinary impure body and that one is then called Brahma. All of these things have to be kept in your intellects. People ask all sorts of questions. The intellects of those who explain the picture of the ladder have to be very good. However, those who don't have a *part* of coming here will continue to ask useless questions. The cycle of 84 births is remembered. Not everyone can take 84 births. Those who are worthy of worship then become worshippers. Knowledge is very easy. Simply remember Baba and your sins will be absolved and you will become deities. Brahmins become deities. The pictures of the variety-form image, the cycle, the ladder and the Trimurti are all *connected* with one another. Baba shows you so many methods for explaining. Some are able to imbibe it. Some hear it with one ear and let it out of the other. It is in the intellects of you children that your *kingdom* is being established. You are now at the confluence age. It is remembered of the confluence age that souls remained separated from the Supreme Soul for a long time. We are the ones who first go to the golden age; all the rest will be in the land of peace. Those who came in the previous cycle will study well and descend first. Those who don't study well will come at the end. Everything is accounted for. These things will sit in the intellects of the *serviceable* children. It is remembered that wealth never diminishes by your donating it. If you don't donate, it means you are not studying. The Father sees who the spiritual servers of Bharat are. They are benefiting themselves. Baba teaches you and also watches as the detached Observer to see to what extent each of you makes your life elevated and who *passes*. You can also see who the highest, *serviceable* souls are. It is those children who are invited to the exhibitions. Some go there just like that to experience and see everything there. Very good *manners* are required in this knowledge. You shouldn't become disheartened. There is the 'touch-me-not' plant that wilts as soon as you touch it. It is such a *wonderful* plant! The other is the life-giving herb that grows on the mountains. In fact, Baba comes and gives you the life-giving herb of "Manmanabhav". Look what they have written in the scriptures! You become brave warriors, numberwise, according to the effort you make. You gain victory over Maya. You are *incognito warriors*. The biggest violence is to use the sword of lust. The second violence is to become angry and to speak bitterly. That too is violence. The mercury of happiness of you children should remain constantly high. Among the children who remain engaged in *service*, the names of the mothers are in the front. You are the Shiv Shakti Army. The *Governor* also says that the work that women do is very good. However, here, this knowledge is for both men and women. Yes, the *majority* are mothers. It isn't that there are just kumaris created through Prajapita Brahma; there are also kumars. Only when both take knowledge can a family continue well. When a daughter is born into some families, they believe that Lakshmi has come. A family that doesn't have a daughter is considered to be an unfortunate family. Look how people worship Lakshmi. A woman is considered to be

the decoration of the home. If Lakshmi exists, there must also be Narayan with her. Nowadays, people give a lot of *regard* to women. The Father comes and gives the maximum *regard*. First is Lakshmi and then Narayan. Nowadays, they remove the titles, 'Mr' and 'Mrs' and use the title 'Shri' instead. This is a direction of Maya. They don't use the word 'Shri' in any other land. They would never say 'Shri Christ'. Shrimat is of the one God with which He makes you into elevated beings. You children should make a lot of effort. However, some become body conscious and destroy their own status. At this time, all are body conscious. There cannot be any other school like this one where the Supreme Soul sits and teaches you souls to consider yourselves to be souls and to remember the Father. No one else has such a *part* in the *drama*. The soul has an imperishable *part* of 84 births recorded within him. The picture of the ladder clarifies this very well. You know that only those who have taken 84 births will come here. You can understand of others that they are going to come down later. You children now have to become very sensible. Study very well. Those who study well and also teach others will claim a high status. The Father explains very well that you have to forget everyone including your own body. Consider yourself to be a soul. Forget this old world. Simply remember the one Father. Only through remembrance will you claim your Father's inheritance. Nowadays, they signal to you to remember God. Therefore, that is definitely only the one Father. All the rest are children. The Highest on High is Shiv Baba and then there are Brahma, Vishnu and Shankar and then the World Mother (Jagadamba). The tree is the expansion of the path of devotion and knowledge is the seed. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. At this time, consider yourself to have a life of simplicity. Renounce any interest in wearing good clothes and good jewellery. While living simply, let your activities be very *royal*.
2. Never become like a 'touch-me-not' plant. Never let your mouth speak bitter words. Become a conqueror of Maya with the life-giving herb.

Blessing: May you be a spiritual magician who transforms yourself and the world with one *second's* determined thought.
