

**Essence:** Sweet children, you are spiritual guides. While looking after your home and family, remain like a lotus flower and stay on the pilgrimage of remembrance and inspire others to do the same.

**Question:** How does the Father decorate you children? Which decoration does He forbid you to use?

**Answer:** Baba says: Sweet children, I have come to decorate you spiritually. You must never put on physical make-up. You are *beggars* and so you must have no interest in following *fashion*. The world is very bad and therefore do not indulge in any kind of *fashion* for the body.

**Song:** At last the day for which we had been waiting has come.

Om shanti. The unlimited Father sits here and explains to you unlimited children. “Unlimited” means that there are no limitations. There are so many children. So many, countless, children have the one Father who is called the Creator. Others are limited, physical fathers whereas that One is the Father of the unlimited spirits. All spirits remember Him on the path of devotion. You children know that that is the path of devotion and also the kingdom of Ravan. People call out: Now take us away from this kingdom of Ravan to the kingdom of Rama. The Father explains: Look, the deities who were the masters of Bharat are no longer that. You now know who they were. We were the masters of the golden-aged, sun-dynasty clan. There are the kings and queens. You children have now remembered this. Baba has come to give us children our inheritance of the fortune of the kingdom and to make us into the masters of the world. The Father says: All are now on the path of devotion. The path of devotion is called the kingdom of Ravan. Only the one Father teaches you children the path of knowledge. Everyone on the path of devotion remembers that unlimited Father. You are now receiving the kingdom of knowledge for 21 births. You won’t call out for half the cycle. There won’t be any need to say “Oh Rama! Oh Prabhu!” People say “Oh Rama!” when they are unhappy. You won’t have any sorrow there. You now understand that this is a play that has been created. For half the cycle, it is the day of knowledge and for half the cycle, it is the night of devotion. Devotion makes us come down. You children definitely need the *knowledge* of the ladder in your intellects. The Father explains: This is the cycle of 84 births and, by knowing this cycle, you will become the kings who rule the globe. This is why Baba has had these pictures made; they show how we claim our fortune of the kingdom for 21 births by knowing this cycle. There are now many of you. The spiritual Shakti Army is now very big. All of you are guides. Baba is also the Guide. He is called the *Guide*. The word “guide” is a pure word. Those who take others on a tour are guides. When tourists go on a tour, a *guide* is appointed to guide them and is told to show them everything. You find guides on pilgrimages too. The Father says: You have been going on pilgrimages for birth after birth. You go to Amarnath and other pilgrimage places. You go around everywhere. At the time of going there you only remember that. Your heart is removed from your home and business etc. Here, you are told to continue to live at home with your family and carry on with your business and also stay on the incognito pilgrimage. This is so good! You can carry on with as large a business as you want. No one is forbidden to do that. You may even look after your kingdom. King Janak too received liberation-in-life in a *second*. There is no need for you to stumble along on worldly pilgrimages. You also have to fully look after your home and family. Good and *sensible* children understand that they have to remain like a lotus while living at home with their families. You must not get fed up while living at home with the family. Kumars and kumaris are like sannyasis; they don’t have vices; they are distant from the five vices. You now know that your decoration (make-up) is a different type from theirs. Theirs is tamopradhan make-up whereas yours is satopradhan make-up with which you will go to the satopradhan, sun-dynasty kingdom. The Father says to you children: Don’t follow any tamopradhan physical fashion. The world is very bad. While living at home, don’t become *fashionable*. *Fashion* attracts others. Beauty at this time is not good. It would be better if you were ugly, because at least no one would try to trap you. People chase after those who are beautiful. They have even shown Krishna to be ugly. You have to become beautiful through Shiv Baba. Those people become beautiful with *powder* etc. There is so much *fashion*, don’t even ask! Wealthy ones are completely finished! The poor are good. Go to the villages and benefit the poor. However, eminent people who can spread the sound are also needed. All of you are poor. Are any of you wealthy? Look how you are sitting here in an ordinary way! Look how much *fashion* there is in Bombay! When some come to meet Baba, I tell them: You have put on physical make-up! Now, come and I will put the make-up of knowledge on you through which you will become an angel of heaven for 21 births. You will become constantly happy. You will never cry or experience any sorrow. Now stop putting on that physical make-up. I will put such *first-class* make-up of the jewels of knowledge on you, don’t even ask! If you follow My directions, I will make you into queens. This is good, is it not? I

will take all of you people of Bharat away from this tamopradhan, devilish world of hell and make you into empresses of heaven. All of you children understand that, today, you are dressed in white and that in your next birth you will be in heaven, drinking milk using golden spoons. This world is very dirty. Heaven is heaven, don't even ask! Here, you are *beggars*. Bharat is a *beggar*. It is remembered that you change from *beggars* to *princes*. You will then take birth again in the same Bharat. The Father made us into the masters of heaven. There is the difference of day and night! Donations are made to those who are very poor, those who don't even have anything to eat. Bharat is very poor. The poor people don't know that everyone is tamopradhan at this time. Day by day, they continue to come down the ladder. No one can climb the ladder at this time. They continue to come down: from sixteen to fourteen to twelve degrees. Lakshmi and Narayan were sixteen celestial degrees full at first. Then they came down and became fourteen degrees. Remember very well that, while coming down the ladder, everyone has become completely impure. Who can then make you into the masters of heaven once again? The *history* and *geography* of the world repeat. Everyone talks about this but they don't know which *history repeats*. In the scriptures they have written that the duration of the golden age is hundreds of thousands or millions of years. Ask them when the golden age will come and they will reply that there are still 40,000 years to go before then. You can prove to them that the duration of the cycle is only 5000 years. They say that the golden age itself is hundreds of thousands of years. There is extreme darkness. Therefore, how would people believe that God has come? They believe that God will come when it is the end of the iron age. You children now understand all of these things. Destruction is just ahead of you. You children have been told to claim your inheritance from the Father before destruction takes place. However, all are sleeping in the sleep of Kumbhakarna. So the poor people will die in distress and you will have the joy of victory. At the time of destruction, there will be cries of distress. Those whose intellects have no love will only cry in distress. You are now the true children of the One who is the Truth. How can heaven be created without the destruction of hell taking place? You say that this is the great Mahabharat War. The gates of heaven are to open through this. People don't understand anything. It is in your intellects that you are now receiving the butter of the deity sovereignty. They will continue to fight among themselves. They are human beings and you too are human beings, but they belong to the devilish community, whereas you belong to the deity community. The Father is explaining to you children face to face. You children have happiness inside you. You have claimed such a kingdom countless times just as you are claiming it now. The two cats fight between themselves and you take the butter of the sovereignty of the whole world. You come here to become the masters of the world. You know that by having yoga with Baba you will reach your karmateet stage. They will fight between themselves and we will definitely claim the sovereignty of heaven. This is something *common*. Those with physical power cannot claim the sovereignty of heaven. You become the masters of the world with the power of yoga. Your supreme deity religion is that of non-violence. Neither type of violence exists there. The violence of the sword of lust that causes sorrow from its beginning through its middle till its end is the worst of all. No one understands when it is the kingdom of Ravan. They call out: Now come and purify us! Therefore, we definitely were pure at one time. The children who are residents of Bharat call out: *Liberate* us from sorrow and take us to the land of peace! Remove our sorrow and give us happiness. Krishna is also called Hari. Baba, take us to the gates of Hari. "Gates of Hari" is the land of Krishna. This is the land of devils. We don't like this land of Kans. There is also a play of Maya. You know that the kingdom of Ravan begins with the copper age. The deities who were pure began to become impure. There are signs of that at Jagadnath Puri. The world is so dirty. You have come away from all of those things and are going to the land of angels. A lot of courage and bravery is required for this. After belonging to Baba, you mustn't become impure. They think that it is impossible for there not to be a fire when husband and wife live together. This is why they create upheaval by saying that we make everyone into brother and sister here, that this is not written anywhere. They wonder what kind of magic we have here. They say: If you go to the Brahma Kumaris, they will keep you there. They continue to stir others up. This too is fixed in the *drama*. Those who have it in their *parts* will come, no matter what happens. There is nothing to be afraid of in this. Shiv Baba is the Ocean of Knowledge, the Purifier and the Bestower of Salvation for All. He makes you pure from impure through Brahma. These words should be written in large letters so that anyone can read them. They cause so many obstacles because of purity. Baba says: Children, there should be no strings of attachment to any bodily beings. If there are any strings of attachment, you become trapped there. Here, even when your mother dies, you eat halva. Baba makes you sit in front of Him and asks you: If a relation of yours dies tomorrow, will you cry? If you have tears, you *fail*. That person would just have shed one

body and taken another, and so what is there to cry about? Anyone else who might hear this would say: What are you saying? At least say something good! Oh, but we are saying good things. There is no crying in the golden age and this life of yours is even more elevated than that. You are those who save everyone from crying. Therefore, how could you yourselves cry? We have found the Husband of all husbands who takes us to heaven. So then, why should we cry for those who make us fall into hell? Baba is telling us such sweet things in order for us to claim our inheritance. At this time, there is so much loss in Bharat. The Father comes and benefits it. Bharat is also called the most degraded land. There is no one as *fashionable* as those in Sindh; they learn *fashion* from abroad. Girls spend so much on hairdressing! They are called hell's angels. The Father is making you into heaven's angels. They say: It is heaven for us here. Let us experience this happiness at least! We don't know what is going to happen tomorrow! Many come here with such ideas. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Become a true spiritual guide and show everyone the path home. While doing business for the livelihood of your body, stay on the pilgrimage of remembrance. Don't become tired of business and interaction.
2. Decorate yourself with knowledge and make yourself into an angel of heaven. Don't put on physical make-up in this tamopradhan world. Renounce following iron-aged *fashion*.

**Blessing:**

May you be benevolent to all and attain success in renunciation, tapasya and service. Just as a physical fire is experienced from a distance, similarly, let the sparkle of your tapasya and renunciation attract everyone from a distance. As well as being a server, be a renunciate and an embodiment of tapasya and the practical fruit of your service will then be visible. To be a renunciate means that none of your old thoughts or sanskars are visible. To be a tapaswi means that apart from the soul-conscious form, nothing else is visible in the awareness of the your intellect or vision. Let every thought you have be filled with benevolence for every soul for only then would you be said to be benevolent to all.

**Slogan:**

In order to go beyond the consciousness of the body, do not look at the image but at the living being and character.
