

Essence: Sweet children, there is no one as egoless or altruistic a server as the Father. He gives you children the sovereignty of the whole world and He Himself goes into retirement.

Question: What is the Father's message that you children have to give to the whole world?

Answer: Tell everyone: You are the children of the Remover of Sorrow and the Bestower of Happiness. Therefore, never cause anyone sorrow. Remember the Father, the Bestower of Happiness, and *follow* Him and you will go to the land of happiness for half the cycle. Give everyone this message. Those who imbibe this message in their lives will be liberated for 21 births from being made unconscious by Maya.

Song: Our pilgrimage is unique.

Om shanti. Sweetest, spiritual children, you understand the meaning of this song. He is the Father of us souls. The main thing is the soul. You children now know that you are souls and are sitting personally in front of the Supreme Father, the Supreme Soul. You *souls* are sitting in front of the *Supreme Soul*. You have your own bodies. That One has a body which He has taken on *loan*. Gurus take human beings on pilgrimages. There are many gurus on the path of devotion. In Bharat, a woman even considers her husband to be her god and her guru. The Father speaks to you children: You are children, are you not? Do you realise that you are the children of the unlimited Father? You have come to claim your unlimited inheritance once again. You now have to receive salvation. You do have this faith, do you not? The whole world is in degradation and impure. You call out to Him in order to become pure. There are so many gurus in Bharat. Some have one hundred *followers*, some have five hundred followers and some only have fifty followers. Some even have hundreds of thousands or millions of followers like the Aga Khan who is the guru of the Ismaelites. He has so many *followers* and they all give him so much *regard*! No matter what he does, they still give him regard. There are many gurus on the path of devotion and they too are numberwise. Some have an income of multimillions. The Aga Khan has a lot of income. His disciples weighed him against diamonds and all of them were then donated to him. On the one side, there were diamonds and on the other side there was their guru. The diamonds were then donated. There must have been so many diamonds! Nowadays, many are weighed against gold. The other metal they use is *platinum*; that is even more valuable than gold. They also weigh people against that. Look how high the position of the guru is! There are many such gurus. Now, what would you give this Satguru? Would you weigh Him? Would you weigh Him against diamonds? Can He be weighed? He Himself has no weight. Shiva is just a point. How could you weigh Him? Look how *wonderful* this Guru of yours is! He is the lightest of all. He is extremely subtle. You only have the one Guru. You know that Shiv Baba is the Bestower. God can never take anything from anyone. He is the Bestower. Everyone gives donations in the name of God believing that they will receive the return of that in their next birth. They have that desire. That One is the unlimited Father. No one can do altruistic service like that One. Look at the altruistic service He does! He makes you children into the masters of the world, the land of happiness. Baba Himself doesn't become the Master of the World. That One is called the Ocean of Happiness, the Ocean of Peace and the Ocean of Purity. Everything is explained to you children very clearly. You receive liberation-in-life from the one Father. You receive your inheritance of heaven from the Father. You have faith and that's all. Remember Baba and your inheritance! That One is called the Ocean of Knowledge. Even if you were to make the whole ocean into ink and the whole *jungle* into paper, there would be no *end* to this knowledge. If you had been writing this down from the beginning, you would have many books by now. This *knowledge* is very *valuable* and it has to be imbibed. You know that it doesn't continue eternally. You now receive the essence of it. The Father comes and give you children His introduction and that's enough. By receiving the Father's introduction and knowing the Creator, you also have the knowledge of creation. Your intellects say that those who go into the golden age will have the maximum number of rebirths. Those who came at the beginning of the cycle will again come first. Understand this cycle very well. You also heard the song: Our pilgrimage is unique. Those people have been going on pilgrimages for birth after birth. This pilgrimage of yours is for just one birth. There isn't the slightest difficulty on this spiritual pilgrimage. Only the one Satguru gives you knowledge. No one can receive salvation from other gurus. He is the *Supreme* Ocean of Knowledge. Everyone receives salvation, and so what more is required? Even the elements become satopradhan. Here, everyone is tamopradhan and so the wind and elements etc. are also just as tamopradhan. There are so many *earthquakes* etc. There will be nothing in the golden age that causes sorrow. The Father is the Remover of Sorrow and the Bestower of Happiness. You are His children and you must therefore not cause anyone sorrow. Show everyone this path to the inheritance of happiness. The

Father says: You must now only give happiness. Baba gives you such happiness for half the cycle that there is no mention of sorrow there. You know that you have come to claim your inheritance of 21 births from the Father. You are *students*. It is in your hearts that you are claiming the happiness of heaven from Shiv Baba. Therefore, all your sorrow will be removed. Baba is giving us the life-giving herb in order to revive us and we will not become unconscious for 21 births. This life-giving herb is “Manmanabhav”. The Bestower of Salvation for All is the one Father alone. He is called the incorporeal and egoless One. The body He enters is ordinary. The Father says: *Dear children, I am your obedient Father*. Important people always write: *I am your obedient servant*. They would never write the title Shri for themselves. Nowadays, pupils write, “Shri Shri so-and-so”; they write “Shri Shri” for themselves. That Father is incorporeal and egoless. You are now sitting personally in front of Him. You know that He is your Father, *Teacher* and Satguru. All the rest are the innumerable gurus of the path of devotion. There is still the Guru of all the gurus. That One doesn't have a guru. That One is the true Baba, the true *Teacher* and the Satguru (true Guru). You know that it is souls that imbibe sanskars. Baba is also a soul. He too has virtues. Your virtues are separate from His. At this time, the virtues that you have are the Father's virtues. Then, in the golden age, you will have divine virtues. The Father is the Ocean of Knowledge and the Ocean of Love. The praise of Krishna is different. Shiv Baba cannot be said to be sixteen celestial degrees full. He is constant. The Father says: You cannot give Me that *title*. I do not become vicious that I would then have to become full of all virtues. You do not praise Me in the same way as you praise that one. Those who heard this *knowledge* in the previous cycle will come and listen to the Father and remember Him. At the end, there will be cries of distress and then there will be cries of victory. You now understand the significance of this pilgrimage. Through this pilgrimage you will not return to the land of death. You return home from those other pilgrimages. So many people go to bathe in the Ganges. Look how much expansion there is of devotion! Just as a tree grows so large and yet its seed is so tiny, so too, there is so much expansion of devotion. Even taking a dip in knowledge once can bring you salvation. It takes you half the cycle to come down on the path of devotion. Here, it takes you a *second* to climb the ladder. The *lift* is so good! It takes you from the very bottom right to the top, to your home. This is known as benefit for everyone through the stage of ascending. Only the one Father is the Bestower of Salvation for All. Look at the difference between knowledge and devotion. There is knowledge, devotion and disinterest. The disinterest of sannyasis is limited. The Father has explained that there are two types of disinterest. One is limited disinterest through which no one receives salvation and the other is unlimited disinterest through which you receive salvation. You children are now given shrimat in order to receive salvation and become the most elevated of all. The elevated world is now being established according to shrimat. This world has become corrupt because the dictates of Ravan were followed. Only you know that you are becoming elevated. The world doesn't know this at all. It is said of you Brahma Kumaris that you are going to bring about destruction. Destruction truly has to take place. It is through this that there will be benefit. When the Benevolent Father comes, the great war takes place. People will then say: Did we not say that the Brahma Kumaris would bring about destruction? Truly, destruction has to take place. The old world will be destroyed. We are establishing the new world. After the old world, there will definitely be the new world. Destruction takes place every cycle, for it is only then that the gates of heaven will open in Bharat. However, how can those people understand? As you progress further, many people will understand. When the Father comes, the whole of the old world is sacrificed. This sacrificial fire of yours, in which everything is sacrificed, is *wonderful*. Only you know this, no one else knows this. The Pandavas are to be victorious. Everyone else will be destroyed and only you Pandavas will remain and you will then rule the new world. This *knowledge* is very *wonderful*. Only the one Father is the Remover of Sorrow, the Bestower of Happiness and the Bestower of Salvation for All. He is such a sweet and lovely Father! You have been saying: Sweet Baba, when You come, I will surrender myself to You. You alone and none other are mine. This doesn't mean that you can leave your household and come and stay here; no! You can stay at home with your family and do the seven days' *course*. Then, wherever you go, just be “Manmanabhav”. Remember the Father and claim your inheritance. Simply stay on the pilgrimage of remembrance. It is through this that your boat will go across. You also know that you have to remain pure and not eat impure food. You receive murlis too. At some point, you won't even receive murlis. There will be difficulties and upheaval and you won't be able to receive murlis. Whatever you see with those eyes will not remain. Everything will be destroyed. Total annihilation never takes place. There is just the one world and it changes from new to old. It is said: The *new world* and the *old world*. It would now be said that this is the *old world*. Only a short time now remains. Those people say that the

duration of the cycle is hundreds of thousands of years. They say that the iron age is still to continue for 40,000 years. In fact, the cycle is only 5000 years. Your intellects have all the *knowledge*. People have totally stone intellects. They don't know the *Creator* and *Director* of the *drama* even though they are its *actors*. Therefore, what would you call them? You should understand how the *history* and *geography* of the *world repeat*. The intellects of those who understand this very clearly will imbibe it and they will inspire others to imbibe it. They claim the highest status of all. The Father says: I am now giving you the *knowledge* that I have. According to the *drama plan*, I *repeat* that. I too have a *part* in the *drama*. I played *My part* on the path of devotion too, and I have now come and am giving you *My own introduction* and the introduction of the beginning, the middle and the end of creation. I too am bound by the bondage of the *drama*. I only come once to give you *My introduction* and give you the *knowledge* of the beginning, the middle and the end of creation. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become as *obedient* as the Father. Don't show your arrogance in any situation. Remain incorporeal and egoless.
2. Understand the *contrast* between the Father, the *Teacher* and the Satguru. Have faith in the intellect and follow shrimat. Stay on the spiritual pilgrimage.

Blessing: May you be a *lawmaker* and *so a new world maker* by being *lawful* towards yourself and towards all souls.

Only those who are *lawful* towards themselves can be *lawful* towards others. Those who *break the law* themselves cannot uphold the *law* for others. Therefore, look at yourself and check that you do not *break the law* in any way from morning till night through your thoughts, words, deeds or connections, in giving co-operation to one another or in service. Those who are *lawmakers* cannot be the *lawbreakers*. Those who become *lawmakers* at the present time become *peace makers* and *new world makers*.

Slogan: Not to be influenced by the good or bad results of your actions is to be karmateet.
