

Essence: Sweet children, to have *regard* for the Father's shrimat means never to *miss* a murli; to obey all the instructions.

Question: If you children are asked if you are happy and content, what should you reply with intoxication?

Answer: Tell them: I was concerned to find the One who lives beyond in the brahm element. Now that I have found Him, what else would I want? I have attained that which I wanted. You children of God are not concerned about anything else. The Father has made you belong to Him and is placing crowns on your heads. Therefore, what do you have to be concerned about?

Om shanti. The Father says that it should definitely be in the intellects of you children that Baba is the Father, the *Teacher* and the *Supreme* Guru. You must definitely remember this. No one else can teach you this remembrance. Only the Father comes and teaches you this every cycle. Only He is the Ocean of Knowledge and the Purifier. He is the Father, the *Teacher* and the Guru. Now that you have each received a third eye of knowledge, you understand this. Although you children understand this, some forget the Father, and so how could they remember the *Teacher* or the Guru? Maya is so powerful that, even though you know the praise of His three forms, she makes you forget all three of them; she is such an almighty authority. Children also write: Baba, we forget! Maya is so powerful! According to the *drama*, this is very easy. You children understand that there can never be anyone else like Him. He is the Father, the *Teacher* and the Satguru. He really is this; it is not a tall story. You should have this understanding within you, but Maya makes you forget. Some say that they become defeated. Therefore, how could they accumulate multimillions at every step? The deities are portrayed with the symbol of a lotus. This cannot be given to everyone. This study is taught by God, not by human beings. This study can never be taught by human beings. Although the deities are praised, only the one Father is the Highest on High. How could there be extra praise for them since today they have a "donkeyship" and tomorrow they will have the kingdom? You are now making effort to become like them (Lakshmi and Narayan). You know that many have *failed* in their efforts. Only those who *passed* in the previous cycle are studying now. In fact, this knowledge is very easy but Maya makes you forget it. The Father says: Write your *chart*! However, you are unable to do this. For how long would you sit and write? When you do sit down to write it, you have to check whether you stayed in remembrance for two hours. Then it can also be seen whether you are following the shrimat of the Father in a practical way. The Father would understand that, perhaps, such poor, hopeless children are ashamed! Otherwise, shrimat would be put into practice. However, hardly two *percent* write their *charts*. Children don't have that much *regard* for shrimat. Even though they receive murli's, they don't study them. Their hearts must definitely be pinching them that Baba really is speaking the truth. If I don't study the murli, what can I explain to others? (The pilgrimage of remembrance.) Om shanti. The spiritual Father explains to the spiritual children. You children understand that we truly are souls and that the Supreme Father, the Supreme Soul, is teaching us. What else does He say? Remember Me and you will become the masters of heaven! The Father, the study and the Teacher are all included in this. Even the Bestower of Salvation is included in this. All the knowledge is merged in a few words. You come here to *revise* this. It is only because you yourselves say that you forget that the Father explains this. That is why you come here and *revise* it. Even though some are living here, they are unable to *revise* it. It is not in their fortune! The Father inspires you to make effort. Only the one Father inspires you to make effort. There can be no favouritism in this; nor is there a *special* study. In a worldly study, they employ a *teacher* especially to give private tuition. That One teaches everyone the same to create their fortune. To what extent would that Teacher teach each one privately? There are so many children! In a worldly study, some students are children of important people and so they are taught privately. Their teacher can understand that someone is a *dull* student and that he would therefore make him worthy of claiming a *scholarship*. That Father does not do this. That One teaches everyone the same. Other *teachers* inspire you to make *extra* effort. That One doesn't ask any individual to make *extra* effort. To help someone make *extra* effort means that his teacher would have special mercy for him, although the teacher might be paid to make special *time* for teaching the student through which he could become clever. Here, though, there is no question of extra study; there is no question of it. He gives you just the one great mantra: Manmanabhav! You understand what happens through remembrance. You understand that the Father is the Purifier. You know that by remembering Him you will become pure. You children now have knowledge. The more remembrance you have, the purer you will become. The less remembrance you have, the less pure you will become. It all depends on the efforts

of you children. We have to become Lakshmi and Narayan by remembering the unlimited Father. Everyone knows their praise. It is said: You are charitable souls and we are sinful souls. So many temples have been built to them. What do people go there for? There is no benefit in just having a glimpse. On seeing others going to the temples, they also go. They simply go there to have a glimpse. Some say: So-and-so is going on a pilgrimage and I also want to go. What will happen through that? Nothing at all! You children too have been on pilgrimages. Just as they celebrate all the festivals, so they consider a pilgrimage to be a festival too. You now consider the pilgrimage of remembrance to be a festival. You stay on the pilgrimage of remembrance. There is just the one word: Manmanabhav! This pilgrimage of yours is eternal. They also say that they have been going on pilgrimages eternally. However, you have the knowledge to tell them that you go on this pilgrimage every cycle. Only the Father comes and teaches this pilgrimage. They go on pilgrimage to the four main pilgrimage places for birth after birth. The unlimited Father says: Remember Me and you will become pure! No one else can say that you can become pure by going on a pilgrimage. When people go on a pilgrimage, they remain pure. Nowadays, everything there is so dirty! They don't remain pure. No one knows about this spiritual pilgrimage. The Father has now told you that this remembrance is the only true pilgrimage. Those people go on a pilgrimage and then, when they return, they become the same as they were. They continue to go around and around. Just as Vasco de Gama went around the world, so they also go around. There is the song: We went around everywhere and yet remained very far away from You. No one on the path of devotion can enable you to attain Him. No one has found God; they have remained distant from God. They go on their pilgrimages and then, when they return home, they become trapped in the five vices. All of those pilgrimages are false. You children now understand that this is the most elevated confluence age when the Father comes. One day, everyone will come to know that the Father has come. It is said: "Ultimately, you attain God." But how? No one knows this. You sweetest children understand that you are once again making Bharat into heaven by following shrimat. You only mention the name Bharat. At that time there are no other religions. The whole world becomes pure. There are now innumerable religions. The Father comes and tells you the *knowledge* of the whole tree. He reminds you of this. You were deities and you became warriors, then merchants and then shudras. You have now become Brahmins. The Father gives you such an easy explanation of "Hum so" (I am that which I was). Om means "I, the soul" and it is I, the soul, who goes around the cycle. Those people say that I, the soul, am the Supreme Soul and that the Supreme Soul is the soul. Not a single one of them knows the accurate meaning of "Hum so". The Father says: Constantly remember this mantra! If you don't have the cycle in your intellects, how can you become the rulers of the globe? We souls have now become Brahmins and will then become deities. You can go and ask anyone this and no one will be able to tell you the answer. They don't even understand the meaning of 84 births. "The rise and fall of Bharat" has been remembered. That is fine! You children now understand everything about the stages of satopradhan, sato, rajo, tamo, the sun dynasty, the moon dynasty, the merchant dynasty. Only the Father, who is the Seed, is called the Ocean of Knowledge. He doesn't enter this cycle. It isn't that we souls become Supreme Souls; no! The Father makes us equal to Himself in being *knowledge-full*. He doesn't make us into *God*, like Himself. These things have to be understood very clearly because only then will you be able to turn the cycle around in your intellect. This is called the discus of self-realization. By using your intellect, you can understand how you come into the cycle of 84 births. Everything is included in this. The time, the clans and the dynasties are also all included in this. You children should have all of this knowledge in your intellects. It is only through *knowledge* that you receive a high status. When you have *knowledge*, you can also give it to others. You aren't made to take any exam *papers* here. In other schools their exam *papers* come from abroad. The *results* of those who study abroad are given to them abroad. There, too, they must have an important *education minister* to have the *papers* checked. Who checks your *papers*? You yourselves would do that. You can make yourself into whatever you want. You can claim from the Father whatever status you want by making effort. At the exhibitions, you children ask them: What will you become? A deity, a *barrister*, or something else? To the extent that you remember the Father and do *service*, accordingly you will receive the fruit of that. Those who remember the Father very well can also understand that they have to do *service*. Subjects have to be created. A kingdom is being established, and so all kinds are needed for that. There are no advisers there. Only those who have less wisdom need advisers. There, you don't need to have any advice. Some come to ask Baba for His advice. They ask for advice about gross things. "What should we do with our money"? "How should we carry on with our business?" Baba says: Don't bring

those worldly matters to the Father. He sometimes gives a little support to some children so that they don't become disheartened. That is not My business. My business is the Godly business of showing you the path and how you can become the masters of the world. You are receiving shrimat whereas all the rest are devilish dictates. In the golden age there are elevated directions. In the iron age there are devilish dictates. That is the land of happiness. There you won't need to ask: Are you happy and content? Is your health OK? Such questions don't exist there. Such questions are asked here: You don't have any difficulty, do you? Are you happy and content? Many things are also included in this. There is no sorrow there that you would need to ask this. This is the world of sorrow. In fact, no one should ask you these questions. Although Maya makes you fall, you have still found the Father. You should reply: Why are you asking me about my welfare? We are God's children. Therefore, why should you ask us about our welfare? I was concerned to find the One who resides beyond, in the brahm element. Now that I have found Him, what else would I be concerned about? Always remember whose children you are! Your intellects have the knowledge that, the war will begin when you become pure. Therefore, when they ask you whether you are happy and content, tell them: We are always happy and content. Even though you may be ill, you still remain in remembrance of the Father. You are happier and even more content here than you are in the golden age. Since you have found the Father who makes you so worthy and gives you the sovereignty of heaven, why should you have any concern? What concern would the children of God have? Even there, the deities have no concern. Therefore, as God is higher than the deities, how can the children of God have any concerns? Baba is teaching us! He is our Father, *Teacher* and Satguru. Baba is placing crowns on our heads. We are becoming those who are crowned. You know how you receive the crown of the world. The Father doesn't place it on you. You know that, in the golden age, the father places his crown on the head of his son who, in English, is called the *Crown Prince*. Here, unless the father places the crown on the head of his son, the son is impatient for his father to die so that he can receive the crown. He wants to become an emperor from a prince. Such things don't exist there. According to the system there, the father places the crown on his son's head and steps away in his own time. There is no talk of the stage of retirement there. He builds palaces for his children and fulfils all their desires. You can understand that, there is only happiness in the golden age. You will receive all happiness in a *practical* way when you go there. Only you understand what will exist in heaven. Where do you go when you shed your body? The Father is now teaching you in a *practical* way. You know that you really will go to heaven! They say that they are going to heaven, but they don't know what heaven is. For birth after birth, you have been listening to ignorant things. The Father is now telling you the truth. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to remain constantly happy and content, stay in remembrance of the Father. Put the crown of the kingdom on yourself by studying.
2. Serve Bharat to make it into heaven by following shrimat. Constantly have *regard* for shrimat.

Blessing: May you be generous hearted and a great donor who donates at every *second* in your every thought as a bestower.

You children of the Bestower are not those who take, but those who give. You have to give at every *second* in every thought. When you become such donors, you will be said to be generous-hearted, great donors. By becoming such great donors, you automatically receive great power. However, in order to give, your own treasure-store has to be overflowing. You have taken whatever you needed to take, so what else remains? So, continue to give and, by giving, your treasure-store will overflowing even more.

Slogan: In order to accumulate *full marks* in every *subject*, imbibe the virtue of maturity.

Experience the complete and perfect stage, the same as Father Brahma:

- 23) Make every virtue and power your form. I, the soul, am an embodiment of remembrance and an embodiment of all virtues and all powers. The virtues and powers are not separate from myself but are merged in my form. You don't need to make effort to have remembrance but are merged in remembrance. This practice will make you equal, complete and perfect.
