

**Essence:** Sweet children, this iron age is now coming to an end. Therefore, you must kick it away. Keep your faces towards heaven.

**Question:** What method does the Father tell His children in order to make them into charitable souls?

**Answer:** If you children want to become charitable souls, become free from making mistakes. Ravan has made you make many mistakes. While making mistakes you have become sinful souls. It is Ravan that makes you make the mistakes of anger and lust. Baba has come to make you gain victory over these vices. Now become viceless and free from mistakes.

**Song:** Leave Your throne of the sky and come down to earth.

Om shanti. Who called out to the Father? Children called out: Baba! That great element is the throne where souls reside with the Supreme Soul. Both the Father and the children are residents of the land of peace. People call out to the Father. Only God is called the Father. The Father has explained to you that the rosary of 108 is created. Whose rosary is it? Those who worship it don't know this. Up above is incorporeal Shiv Baba. He doesn't have a body. People call out to Him: Oh Purifier! Oh *God, the Father!* Ocean of Knowledge! Ocean of Peace! Children have been praising the Father, but they don't know Him. This too is fixed in the *drama*. This is a play of happiness and sorrow. You come here from the land of peace in order to play your *parts*. In fact, souls are residents of the land of peace. They then have to act in order to play their *parts*. It is the Father who is the Highest on High, the Bestower of Salvation for All, the One who makes the people of Bharat into the masters of heaven. Lakshmi and Narayan were the masters of the whole world. People build temples and worship them. There are temples everywhere, but no one knows how Lakshmi and Narayan attained their kingdom. At the beginning of the golden age they were the masters of the world. There were no other religions at that time. That is called the original eternal deity religion. The Father explains all of this to you children. You call out: Change Your form and come! All other souls who come to play their *parts* enter their mother's womb. Everyone has received his or her own *part*. Even Brahma, Vishnu and Shankar have their own subtle bodies; they cannot be called God. It is said: Salutations to the deity Brahma. Salutations to the deity Vishnu. Salutations to the Supreme Soul, Shiva. The people of Bharat don't even know that incorporeal Shiva is distinct from the subtle deity Shankar. That one is the deity Shankar whereas this One is the Supreme Soul, Shiva. They don't even have the intellects to understand that Shiva and Shankar cannot be combined. Our Baba is the Highest on High. Brahma, Vishnu and Shankar are the creation of the subtle region. The Father, the Creator, is the *most beloved Father* of all. "You are the Mother and Father and we are Your children." They sing this praise of Him. They call out, "Baba, come!" This is because there is the shadow of Maya. This is the kingdom of Ravan. You children now understand how the incorporeal Father has changed His form and come into the corporeal world. How would He teach the knowledge of Raja Yoga unless He came into the corporeal from the incorporeal? This is why the Father says: I come in an ordinary body *temporarily*. They feed brahmins. They say, "It is the anniversary of my wife's death" or "the anniversary of my father's death and so we are invoking his soul." They make everything ready for them. Now, the body has finished, so that soul cannot come in the same body, but they do invoke that departed soul. The soul is invoked and then they ask the soul if he is happy where he is, and where he is living. Previously, this system continued a lot, although, of course, everything happens according to the *drama*. Now, because everything is tamopradhan, this doesn't work so much. The Father explains: Since that soul can enter the body of a brahmin priest, can I not come? I too come! When there is extreme irreligiousness, I come. It is when the people of Bharat become corrupt in their religion and action that I then come. The deities are full of all virtues, 16 celestial degrees full, completely viceless. Children there are born through the power of yoga, just as you are now taught the power of yoga with which you become the masters of the world. You have come here to change from an ordinary human into Narayan and to study Raja Yoga. The *dynasty* is being established. There was the sun *dynasty* and then, after they took rebirth, there was the moon *dynasty* and there continued to be growth. The Highest on High is the Father, the Supreme Soul. Just as a soul is a point, so the Supreme Soul says: I too am a point. I come and enter an ordinary body. I make you into deities once again. In fact, you were in the sun *dynasty* and you went into the moon *dynasty*, then the merchant *dynasty* and then the shudra *dynasty*. No one knows about the episode of the 84 births. There aren't 8.4 million births. If there were, the duration of the cycle would be very long. People say that the golden age lasts for hundreds of thousands of years. The Father says: All of that is false knowledge. All the knowledge in the scriptures is the knowledge of devotion through which there is the stage of descending. Only the one Father is the Ocean of Knowledge. The praise of Shri Krishna is different. He is full of all virtues, 16 celestial degrees full. The religion of non-violence is the

supreme deity religion. The biggest violence of all is to use the sword of lust. That doesn't exist there. The Father says: Conquer lust and become pure and you will become the masters of the pure world. You became very impure, sinful souls for half the cycle. You were very happy for 21 births in the golden and silver ages. It is now the end of the iron age and you have become very impure. I come at the confluence age when the world has to change from impure to pure. This iron age is the dark night of the land of sorrow. The golden age is the day. It was the kingdom of Lakshmi and Narayan then. How did they become that? The Father explains this. The Gita is the supreme directions of the one Shiv Baba. Neither Shri Krishna or Lakshmi nor Narayan can be called the Ocean of Knowledge. It is at this time that you receive knowledge through which you change from human beings into deities. It is only with knowledge that you become the masters of heaven. All the rest are the stories of the path of devotion. Bharat was the land of truth and it then became the land of falsehood in the copper age. First of all, always remember *most beloved* Shiv Baba, the Father of all souls. Each one has a physical father from whom a limited inheritance is received. He is a limited Brahma, a limited *creator*, whereas that One is the unlimited *Creator*. He is the One who gives an unlimited inheritance. He comes in Bharat. Shiv Baba has come. Therefore, He would surely have brought a gift with Him. He brought heaven on the palm of His hand, the sovereignty of heaven. Children receive their father's *property*. You now say: Our Shiv Baba! You receive your inheritance of heaven from Shiv Baba who sits in an ordinary body and teaches you Raja Yoga. Deities cannot set foot in the impure world. So, how could Krishna come? Because of this one mistake, Bharat has become so poverty-stricken! The Father has now come to make you children free from mistakes so that you don't make a mistake for half the cycle. By becoming free from mistakes, you become charitable souls. By making mistakes in the kingdom of Ravan, you became sinful souls. It is Ravan that makes you make the mistakes of using the sword of lust and of becoming angry. The five vices don't exist in the golden age; they are completely viceless there. Human beings say that there was a war between deities and devils. However, deities belong to the golden age, whereas devils belong to the iron age. Therefore, how could a war between the two take place? People remember Krishna in order to go to the land of Krishna. That is the golden age. This is the devilish land of Ravan. Then, in the incorporeal world, there is God's land where souls reside. Shiv Baba and souls reside there. Then the souls come here to play their *parts*. The Father also has to come here into a foreign land in a foreign body. This is the impure land of Ravan. Everyone calls out: O Purifier, come! There used to be the kingdom of the deities, who were called gods and goddesses, in the golden age. Krishna is called the ugly and the beautiful one. This must have a meaning. By coming down the ladder through the golden, silver, copper and iron ages and by sitting on the pyre of lust, from beautiful he becomes ugly. Now, by sitting on the pyre of knowledge, he becomes beautiful. Heaven and hell have been shown in the picture of Krishna. The Father says: Now kick hell away and face the golden age. Manmanabhav! Now remember Me, your Father. Break your intellects' yoga away from everyone else and connect it to Me! You may live at home with your families. You are karma yogis. Remember Shiv Baba and none other. This old world and these old bodies are all to finish, and this is why the Father says: Renounce your bodies and all bodily religions and remember Me alone! Have the faith that you are souls. The Father of souls has explained how you take 84 births. Human beings become human beings; they don't become donkeys etc.! They have written horrifying stories in the Garuda Purana. At this time, this is the river of poison. In Bharat, there used to be the ocean of milk whereas it is now the ocean of poison. Bharat is also called the Temple of Shiva. All are pure deities there. The deity religion no longer exists and this is why they call themselves Hindus. 'Christian' must mean that they are *Christians*. It isn't that because they live in Europe they belong to the European religion. Hindus are called Hindus because they live in Hindustan. That shouldn't be called the Hindu religion. Previously, there was just the name of the land of Bharat. The Supreme Father, the Supreme Soul, created the deity religion. It is remembered that the Supreme Father, the Supreme Soul, comes and creates the Brahmin, deity and warrior religions. You are now being *transferred* from the Brahmin religion into the sun and moon dynasties. Shiv Baba comes and changes you from shudras into Brahmins. Then, through this study, you become part of the sun and moon dynasties. The unlimited Father gives you an inheritance for 21 births. You receive a limited inheritance from a limited father. Bharat used to be the land of happiness. There is praise of the kingdom of Rama. How could there be anything irreligious there? All of those things are called tall *stories* and it was by studying them that you only continued to come down. This is why the Father is invoked to come and grant everyone salvation. Those of all religions say: *Oh God, the Father!* He comes at the confluence age. The Kumbha Mela is to do with water. Everyone goes there to wash their impure bodies. Hundreds of thousands go there. They say that the

Ganges is the Purifier. The Purifier is only the one Father. How could the Ganges be that? The Father says: I come at the confluence age. I tell you children: This is your last birth in the land of death. If you want to go to the land of immortality, become pure! The Father sits here and tells you the story of changing from an ordinary human into Narayan and the story of giving the third eye of knowledge. The soul receives the third eye. They portray the deities with a third eye, but deities don't have knowledge. They received their reward, that is, they attained salvation. Therefore, there is no need for knowledge there. There are no gurus there. You can now see that destruction is just ahead of you. They make fancy masks at Holi. It isn't that missiles emerged from their stomachs (mentioned in the Mahabharata scripture), but *bombs* are created with their intellects, through which they destroy themselves. There is no war between the Kauravas and the Pandavas. You are the true Vaishnavs. There is a war between the Yauvanas (Muslims) and the Kauravas through which rivers of blood flow. Pandavas cannot have a violent war. There will now be a lot of *natural calamities*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Only Shiv Baba is the *most beloved*. Therefore, remember Him with a lot of love. Become true Vaishnavs. Don't make mistakes.
2. This is the last birth in the land of death. Destruction is just ahead. Therefore, claim your full inheritance from the Father. Become pure.

**Blessing:** May you be an embodiment of renunciation with faith in the intellect and make BapDada surrender Himself to you.

The children who renounce everything in happiness and have the intoxication of "Having found the Father, they have found everything", those who are embodiments of knowledge and have faith in their intellects, and who experience happiness, peace, power and joy from the Father are not concerned about the opinion of society but continue to move constantly forward. They experience everything of the world to be worthless and valueless. BapDada surrenders Himself with all His wealth to the children who are such embodiments of renunciation and who have such faith in the intellect. Just as children have the thought, "Baba, I belong to You", so, Baba also says: Whatever belongs to the Father is yours.

**Slogan:** An easy yogi is one who spreads the *vibrations* of the Father's love with his every thought and deed.
