

Essence: Sweet children, become the true *salvation army* and take everyone from this world of sin to the world of charity. Take the sunken boat of everyone across.

Question: Which faith is numberwise in each child's intellect?

Answer: The faith that the Purifier, our *most beloved* Baba, is giving us our inheritance of heaven. This faith is numberwise in each child's intellect. Even when they do have full faith, Maya is standing just ahead; they forget the Father and *fail*. Those who have this faith engage themselves in making effort to become pure. It remains in their intellects that they have to go home.

Om shanti. *Good morning* to the sweetest, beloved, long-lost and now-found children. You children know that every *morning* in the golden age is *good*; every *day* is *good*; everything is *good*; *good night* - everything is *good*. Here, it is neither a *good morning* nor a *good night*. The *night* is the worst. So, what is the best of all? Early morning, which is called *amrit vela*. Your every moment is *good*. You children know that at this time you are yogeshwar and yogeshwari. God, who is your Father, comes and teaches you yoga, that is, you children have yoga with God. By becoming yogeshwar, you children come to know the Father who is the God of knowledge (Gyaneshwar). Your yoga is connected to the Father and He comes and explains to you the *knowledge* of the whole world cycle through which you become gods of knowledge. God, the Father, comes and teaches you children knowledge and yoga. Which God? The incorporeal Father. You now have to do everything with the intellect. Gurus have many opinions. Some ask you to have yoga with Krishna and will even give you a picture of Krishna. One of them is called Sai Baba, another is called Maharishi Baba. Someone is Baba for Muslims; another is Baba for the Parsis. They continue to call everyone Baba. They say: All are God. You now understand that a human being cannot be God. Even Lakshmi and Narayan cannot be called a goddess and god. Only the incorporeal One is called God. He is the Father of all of you souls. He is called Shiv Baba. You have been going to spiritual gatherings for birth after birth. There, there would definitely be a sannyasi or sage who is a pundit. They would understand that he is their guru and that he is relating a religious story to them. There are no religious stories in the golden age. The Father sits here and explains: There is no sweetness experienced by just saying "God" or "Ishwar". He is the Father, and so, by calling Him "Baba", the relationship is complete. You understand that you have become the children of Mama and Baba through whom you receive the happiness of heaven. There is no other spiritual gathering where they believe that, by going there, they change from humans into deities or from residents of hell into residents of heaven. You now have the company of the true Father and everyone else has the company of falsehood. It is sung: The Company of the Truth takes you across and physical company drowns you. The Father says: Become soul conscious! Shed the consciousness of the body. I am teaching you children, you souls. The *Supreme* Spirit comes and gives this spiritual *knowledge* to the spirits. All the rest is the path of devotion; it is not the path of knowledge. The Father says: I know all the Vedas and scriptures and the beginning, the middle and the end of the world. I am the *Authority*. Those people are *authorities* of the path of devotion. They study so many scriptures etc. and so they are called *authorities* of the scriptures. The Father comes and tells you the truth. You now understand that the Company of the Truth takes you across and that the company of falsehood drowns you. The Father is now *salvaging* Bharat through you children. You are the spiritual *salvation army*. The Father says: Bharat, that used to be heaven, has now become hell. It is drowning, but it isn't that it is under an ocean. You have become tamopradhan from satopradhan. The golden and silver ages are satopradhan. This is a big *steamer*; you are sitting in the *steamer*. This is the world of sin because all are sinful souls. In fact, there is only the one Satguru, the Bestower of Salvation for All. No one knows Him. They always say: Oh *God, the Father!* They never say: *God, the Father-cum-Preceptor!* No; they simply speak of the *Father*. He is the Purifier, and so He is also the Guru. The Purifier and Bestower of Salvation for All is One. No human being can be the Bestower of Salvation or the Purifier of this impure world. The Father says: There is so much *adulteration* and *corruption!* I now have to uplift everyone through you mothers and kumaris. All of you Brahma Kumars and Kumaris are brothers and sisters. Otherwise, how would you receive the Grandfather's inheritance? You receive the Grandfather's inheritance of 21 generations, that is, of the kingdom of heaven. The earning is so great! This is a true income from the true Father. The Father is the Father, Teacher and Satguru. He demonstrates everything to us *practically*. Here, it isn't that when the guru dies, his disciple takes the gaddi. Those gurus are physical. This One is the spiritual Guru. This has to be understood very clearly. This is something completely new. You understand that it is not a human being who is teaching you. Shiv Baba, the Ocean of Knowledge, the Purifier, is teaching us through this body. Your intellects go to Shiv Baba. In

those spiritual gatherings, their intellects go to human beings. All of that is the path of devotion. You now sing: You are the Mother and Father and we are Your children. He is only One. However, Baba tells you how He comes and makes you belong to Him. He says: I am your Father. Therefore, I take the support of this one's body. So Brahma is My wife and also My child. Shiv Baba *adopts* you children through him and so he is also the senior mother. He doesn't have a mother of his own. Saraswati is called the World Mother. She has been appointed to look after all of you. Saraswati is the goddess of knowledge. She is the junior mother. These are very deep matters. You are now studying this deep study. You have to *pass with respect*. Lakshmi and Narayan *passed with respect*. They received the biggest *scholarship* of all. They didn't have to experience punishment. The Father says: Remember Me as much as possible. This is what is called the ancient yoga of Bharat. The Father says: I tell you the essence of all the Vedas and scriptures. I taught you Raja Yoga through which you attained your reward. Then that knowledge disappeared. Therefore, how could it have continued from time immemorial? There are no scriptures etc. there. The knowledge of all the other religions - Islam, Buddhism etc. - doesn't disappear; their knowledge continues from the time they begin. Everyone knows about it. However, the Father says: No one knows the knowledge that I give you. Bharat becomes unhappy. I come and make it constantly happy. The Father says: I am sitting in an ordinary body. Your intellects' yoga should remain with the Father. The Father of souls is the Supreme Father, the Supreme Soul. He is the Father of all the children and all are His children. All souls are impure at this time. The Father says: I have come here in a *practical* way. Destruction is just ahead. You understand that there will be fire and that everyone's body will be burnt in that. All souls have to return home. It isn't that they will merge into the brahm element or into the light. The Brahm Samajis ignite a light and call that their temple of brahm. In fact, that is the great element of brahm where all souls reside. At first that is our temple. Pure souls reside there. Human beings don't understand these things. The Father, the Ocean of Knowledge, sits here and explains to you children that you are now gods of knowledge and that you will then become raj rajeshwar (princes and princesses). It is in your intellects that the Purifier, our *most beloved* Baba, has come and is giving us our inheritance of heaven. This doesn't sit in the intellects of some. There are so many sitting here, but no one's intellect has 100% faith. Some have 80% and others have 50% and some don't even have that much faith! They are total *failures!* It is definitely numberwise. There are many who don't have faith. They try to have faith. OK, even if they do have faith, Maya is very strong: they forget Baba. This Brahma himself says that he was a firm devotee. He did devotion for 63 births and you also did the same; you too did devotion for 63 births. You received happiness for 21 births and you then became devotees. After devotion, there is disinterest. Sannyasis also use these terms: knowledge, devotion and disinterest. They have disinterest in their home and families. That is called limited disinterest, whereas your disinterest is unlimited. Sannyasis would leave home and go into the forests. There is no one in the forests now; all the caves etc. are empty because, although they were satopradhan at first, they have now become tamopradhan. Now, they don't have any strength. You had strength in the kingdom of Lakshmi and Narayan. Look where you have now reached after taking rebirth! There is no strength left at all. The *Government* here says that they don't believe in religion. There is a lot of damage caused through religion. They fight and quarrel and continue to hold *conferences* for all religions to unite. However, ask them how they can unite! Everyone is now going to return home. Baba has come and this world is to become a graveyard. This is a *variety* tree. How can they become one? They don't understand anything. When there was one religion in Bharat, they were called deities who followed undivided directions. Duality means devils. Baba says: Your religion is one that gives a lot of happiness. You know that you have to take 84 rebirths. You should have the faith that you have taken 84 births. We have to go back and then return here. It is explained to you people of Bharat that you have completed 84 births. This is now the last of your many births. This isn't explained to just one, but it is explained to the whole of you Pandava Army. You are guides (Pandey) and you teach the spiritual pilgrimage, and this is why you are called the Pandava Army. Neither the Kauravas nor the Pandavas have a kingdom now. You are subjects and they too are subjects. It is said that the Kauravas and the Pandavas are brothers and that the Pandavas have the Supreme Father, the Supreme Soul, on their side. Only the Father comes and teaches you how to conquer Maya. You, who belong to the original eternal deity religion, are non-violent. Non-violence is the supreme religion. The main thing is not to use the sword of lust. The people of Bharat believe that not slaughtering cows is the only form of non-violence. However, Baba says: Don't use the sword of lust! That is called the greatest form of violence. In the golden age, there is neither the sword of lust nor any fighting or quarrelling. Both of those exist here. The sword of lust causes sorrow from the time

it begins through the middle to the end. You come down the ladder. You people of Bharat have taken 84 births. It used to be the kingdom of Lakshmi and Narayan and they took rebirth. Each birth is one step of the ladder. From here, you *jump* up to the very top. It takes you 5000 years to come down 84 steps and then you climb up from here in a *second*. Who grants you liberation-in-life in a *second*? The Father. Everyone has now completely fallen to the floor. The Father says: Now simply remember Me alone. Your intellects must remember that the play has now come to an end and that we have to return home. We have to remember our Father and our home. First remember the Father and He will show you the way home. Your sins will be absolved by having remembrance of the Father. Not a single sin will be cut away by remembering the brahm element. Only the Supreme Soul is the Purifier. No one in the world understands how He purifies. The Father definitely has to come to establish heaven. The Father has come and so you children celebrate His birthday. You cannot tell at what precise moment, time or date He came. How could you tell when Shiv Baba came? Many have visions. At first, we used to consider Him to be omnipresent or we used to say that the soul is the Supreme Soul. Now we know accurately. Baba continues to tell us deep things every day. You ordinary children are studying such elevated knowledge! Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to *pass with respect*, make effort to become free from punishment. Only by staying in remembrance can you claim a right to the *scholarship*.
2. Become a true Pandava and take everyone on the spiritual pilgrimage. Don't commit any type of violence.

Blessing: May you have a right to the unshakeable and constant kingdom of self-sovereignty and constantly experience supersensuous joy.

The children who attain the inheritance of supersensuous joy at the confluence age, that is, those who have full rights over the Father's *will* have *will power*; they experience unbroken and unshakeable supersensuous joy. Only such heirs, that is, those who have full rights to the inheritance attain a right to the unshakeable and constant kingdom of self-sovereignty.

Slogan: Where there is the consciousness of mine, the intellect turns away. Therefore, become free from the consciousness of "I" and "mine".
