Question: Which very deep and entertaining one relationship do you have with Shiv Baba?

Answer: You say that Shiv Baba is your Father and also your Child. How the Father can also be the Child is something very deep and entertaining. You consider Him to be your Child because you surrender yourself to Him completely. First you give Him your whole inheritance. Those who make Shiv Baba their heir receive the inheritance for 21 births. That Child (Shiv Baba) says: I do not want your wealth. Simply follow shrimat and you will receive the kingdom.

Song: Mother, o mother, you are the bestower of fortune for the whole world!

Om shanti. Who said "Om shanti"? Did the body say it or did the soul say it? You children should understand this very clearly. One is the soul and the other is the body. The soul is imperishable. The soul gives his own introduction: I, the soul, am a point. In the same way, the Father, the Supreme Soul, gives His own introduction as to why He is called the Supreme Soul, which is because He is the Father of all. All of you say: Oh Supreme Father, Supreme Soul! Oh God! All of these matters have to be understood. It is not a question of blind faith, such as whatever people relate, it is not true, that whatever they say about God, it is false. Only God is the Truth. He tells you the truth, but what all human beings say about Him is false. This is why the Father is also called the Truth, the One who establishes the land of truth. Bharat was the land of truth. The Father says: I created the land of truth. At that time, there were no lands other than Bharat. Only the true Father can tell you all this. Previously, rishis and munis all said: "We neither know God, the Creator, nor the beginning, the middle or the end of creation." They used to say, "neti, neti" (neither this nor that). No one can give God's introduction. Only the Father, Himself, can give His introduction: I am your Father. I alone come to establish the new world and inspire the old world to be destroyed through Shankar. I create the new world through Brahma. I alone give you My own true introduction. Whatever people tell you about Me is all false. No one knows those who have been and gone. Lakshmi and Narayan of the golden age were the highest on high. They were the masters of the new world which was elevated. However, who created such an elevated world and who made them its masters? No one knows this. The Father knows that these things will only fit in the intellects of those who claimed the inheritance of heaven before. They even sing: "You are the Mother and Father and we are Your children and we receive infinite happiness from You." To whom do they sing this? To their worldly parents or to the Parents from beyond? This praise cannot belong to worldly parents. This praise cannot belong to anyone in the golden age either. You have come here to claim your inheritance of infinite happiness and fortune of a kingdom for 21 births from this Mother and Father. God is the Creator, and so the Mother would also be with Him. Here, you children say that you have come to the Mother and Father. There are no gurus or sages etc. here. The Father says: You are once again claiming your inheritance of heaven from Me. In the golden age, only Lakshmi and Narayan used to rule. Everyone loves Shri Krishna, but why do they not love Radhe equally? No one knows who Lakshmi and Narayan were in their childhood. People think that Radhe and Krishna existed in the copper age. Maya, Ravan, has made their intellects totally degraded. You also had stone intellects previously. Baba has made your intellects divine. Only the one Father makes your intellects divine. There will be palaces of gold in heaven, whereas here, never mind gold, you don't even have enough copper. They don't even make copper coins any more! There, no value is given to copper. Here, it is remembered that some people's wealth remained buried and some people's wealth was taken by the rulers. This definitely has to happen again. There really was a fire and destruction really did take place. That definitely has to happen again exactly as it did 5000 years ago. The deity sovereignty is being established once again. I give you children the kingdom. It depends on how much each of you studies now. You should think about where Lakshmi and Narayan, the king and queen, and the subjects of the golden age, come from. Where did they claim their kingdom? Did they claim it from one another? Did the moon dynasty claim it from the sun dynasty? Vicious kings then claimed it from the moon dynasty. The *Congress* Government then took it from the kings. Now, there are no kingdoms. Lakshmi and Narayan were the masters of heaven and there was the dynasty of eight. Then,

in the silver age, it was the kingdom of Rama and Sita. Then the kingdom of Maya began. The vicious kings built temples to the viceless kings and began to worship them. Those who were worthy of being worshipped then became worshippers. Now there are not even any vicious kings left. The *history* of the new world will now *repeat* again. The Father taught you Raja Yoga for the new world. You have to claim your inheritance from the unlimited Father. Those who *pass* their exams will claim a high status every cycle. This is a study; a Gita study place. In fact, it should be called the *God f atherly University* because Bharat becomes heaven through this. However, not everyone understands this aspect. There is still time. As you progress further, your influence will spread. Shiv Baba alone explains all of this. Whether you call Him Shiv Baba or Shiva, the Child, Shiva is the Father and also the Mother. If God Shiva were not the Mother, why would you have called out: "You are the Mother and Father and we are Your children"? The intellect thinks about all of this. God Shiva is the Father and also the Mother. Does Shiv Baba have a Mother? Is Shiva your Child? Those of you who say that Shiv Baba is your Father and also your Child, raise your hands! These are very entertaining and deep aspects. How can the Father be the Child? In fact, Krishna did not relate the Gita. He was the only son of his parents. There is no question of breaking a pitcher etc. in the golden age. Shiva spoke the Gita. You also consider Him to be your Child because you surrender yourselves to Him; you give Him your whole inheritance. You used to sing: "Shiv Baba, when You come, we will surrender ourselves to You." The Father says: If you now make Me your Heir, I will make you My heirs for 21 births. A worldly child would take everything from you and not give anything in return, whereas look at how much this One gives you! Yes, you may look after your children, but you must follow shrimat. Children of this time would only commit sin with the wealth of their parents. This Child says: What would I do with your wealth? I have come to give you the kingdom; simply follow shrimat. For 21 births, you will receive good health through yoga and a kingdom by studying. You should open such a *college-cum-hospital*. Shiv Baba is the Bestower. What would I do with anything I took from you? Yes, I give you the method of using it for God's service. Therefore, follow shrimat! You used to surrender everything in the name of Shri Krishna. However, he was a *prince*; he wasn't starving. Shiv Baba gives you a lot in return. God gives you the fruit of your devotion. He is the Remover of Sorrow and the Bestower of Happiness. No one else can grant you salvation. I grant salvation to you children. "Achcha, Baba, who takes us into degradation?" Yes children, when Ravan entered, everyone followed the dictates of Ravan and those take you into degradation. By following the dictates of Ravan, you have become totally corrupt. Now, I make you elevated and into the masters of heaven. Whatever you do here, you do that according to devilish dictates. Now, if you wish to become deities, you must break your relationships with everyone else and have a relationship with Me alone. You will claim a high status according to how much you follow My directions. If you do not study, you will claim a low status even amongst the subjects. If you hear the knowledge once and imbibe it, you will go to heaven, but you will claim a low status. Day by day, there will be so much upheaval that people will come to understand that this is that same time now. However, because they come so late, they will not be able to claim such a high status. Your sins cannot be absolved except by having yoga. It is now the time of settlement for everyone. You have to settle your karmic accounts. Here, your actions become sinful, whereas in the golden age your actions are neutral. Everyone definitely performs actions; no one can stay without performing action. The soul says: "I am performing this action. Because I become tired, I rest at night. I consider myself to be separate from these *organs* and go to sleep." That is called sleep. The Father says: O soul, imbibe whatever I tell you. Study while living with your family. You will receive a high status by studying. Unless you become pure, this knowledge will not sit in your intellect. Maya makes your intellects impure. This is why Baba is called the Purifier. They have been saying: "You are the Mother and Father and we are Your children." However, you are now sitting here in that *practical* form. You know that, through the power of easy Raja Yoga, you will become the masters of heaven for 21 births. This is why you have come here. On the path of devotion, you used to sing but you have now stopped singing. You do not sing this in heaven, but you will start singing it again when you begin performing devotion again. The Father says: I become your Mother and Father and make you into the residents of heaven, Maya then makes you into the residents of hell. This is a play. Understand it and claim your inheritance from the Father before you die. Otherwise, you will lose your fortune of the kingdom. Impure ones cannot claim the inheritance; they will become part of the subjects. There is a numberwise status amongst them too. The Father says: This is your last birth in the land of death. Now follow My directions and your boat will go across. There is no question of blind faith in this. There can never be blind faith in a study. The Supreme Soul is teaching you. How could you study without having faith? Whilst you are studying, Maya creates obstacles, and so you stop studying. This is why it is remembered that those who came were amazed by the

knowledge, listened to it, spoke about it and then they divorced Baba. Nevertheless, they have *love* and so they come and meet Baba. Later, they will repent that they left the Father after becoming His children. Those who leave and belong to Maya experience a lot of punishment and their status is also destroyed. They lose their fortune of the kingdom, cycle after cycle. What is the benefit if you experience punishment and claim the status of a subject? Many come and listen to the Father directly and they then become engaged in their mundane business and forget Him. The *number* one sin is to use the sword of lust. This is why the Father says that you must never become dirty, impure clothes. The Father comes and washes everyone's clothes. He alone is the One who makes all the impure souls pure. In the golden age, no one will be impure. You will claim your inheritance from the Father and become the masters of the world. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. You must now follow shrimat and renounce following the dictates of Ravan. Remove your intellect from everyone else and connect it to only One.
2. You must definitely have faith in the intellect and study. Do not let go of the Father's hand because of any obstacle. Receive good health through yoga and claim the kingdom by studying.

Blessing: May you imbibe the greatness of purity and constantly carry out pure tasks and thereby become a most elevated and special soul.

When ordinary souls instil purity into themselves, they are called great souls. Purity is greatness, purity is worthy of being worshipped. The purity of Brahmins is praised. An auspicious task that is to be carried out will be done by a brahmin priest. There are many who are Brahmins in name only, but you are the special souls who carry out the tasks according to your name. You even act while in remembrance of the Father and so you become special. This is why you are the most elevated and special souls who perform special actions.

Slogan: For you to give all souls the experience of happiness is to become a *master* bestower of happiness.
