

Essence: Sweet children, stay awake at night and earn an income. Instil the habit of waking up at amrit vela.

Question: What is the way to keep the intoxication you experience permanent when you come into knowledge?

Answer: When you first come and are new in knowledge your intoxication rises very high. At that time you promise yourself many things. Baba says: *Note* those promises down in your *diary* and then continue to *revise* them and your intoxication will remain permanent. Otherwise, when you become caught in the storms of Maya, that intoxication decreases. If, while moving along, you make a mistake, instantly tell Baba about it and become light so that you don't make the same mistake again. Otherwise, it will continue to increase.

Song: Have mercy for those who are unhappy Mother and Father of mine.

Om shanti. This song is very good because the whole world is unhappy and they have been remembering: You are the Mother and Father and we receive abundant of happiness through Your mercy. At this time the whole world is unhappy and this is why they remember the Father. So, they would definitely also remember the Mother. This song is very good. You know that by taking birth to the Mother and Father you receive the inheritance in a *second*. There is this praise in Bharat. You children are now personally sitting in front of the Father. Since there is the World Mother, there must be the World Father. There must also be someone above them because you are to receive at this time the inheritance of the land of happiness. So the Mother and Father who establishes the land of happiness is also needed. Wealthy parents have *first-class* homes. Poor parents also have homes accordingly. Radhe and Krishna existed in the golden age and they received the first kingdom. Radhe must definitely have taken birth to a king and she would therefore have been a princess and Shri Krishna must have been a prince and then they got married. That is fine. The Mother and Father are now establishing the deity kingdom. The deities were sun-dynasty emperors and empresses. You know how they received their status and how Rama and Sita received their moon-dynasty status. At the end of the iron age, there is nothing. This is receiving a kingdom by studying. Just as people become *engineers* and *barristers* through those studies, here, it is becoming a king of kings through this study. Only the one Father teaches Raja Yoga to attain a royal status. There is no other *university* where you are made to make effort to attain a royal status. This is called the Gita Pathshala. A royal status is received through the Gita. OK, what status would you receive through the Vedas and Upanishads? God alone comes and teaches you Raja Yoga. This is something so easy! It is a matter of only yesterday. It truly used to be the kingdom of Lakshmi and Narayan. They sing that there used be the kingdom of deities 3000 years before *Christ*. How did they receive it? Surely, God must have taught them before destruction took place. Destruction must have taken place after that. By studying Raja Yoga at that time, they would have attained the royal status in the golden age. This is the confluence age. You can write: You can attain the sun and moon-dynasty kingdoms in a *second*. Come and understand this. You can explain very well using the pictures. Those who explain to others have to have *shrewd* intellects. Brahma Kumars and Kumaris are the grandchildren of Shiva. However, the Father says: Only a handful out of multimillions recognise Me and claim the inheritance from Me. You receive liberation-in-life in a *second*. You do have to make effort to attain a high status in liberation-in-life. All of these fairs and exhibitions have been created in order for you to explain to others. You have many thoughts about them and new *points* continue to emerge. Day by day, easier pictures emerge according to the *drama*. Whatever *act* was performed in the previous cycle, the same *act* will continue. No one else can write that this exhibition was created 5000 years ago and it has been created again and it will be created again in the next cycle. Only once, at the confluence age, is this exhibition created. That is, we create this exhibition after 5000 years so that you can claim your status of liberation-in-life from the Supreme Father, the Supreme Soul, in a *second*, so that all of this can be explained to you. It will go to many countries. Baba will continue to explain new points. *Additions* and *corrections* will continue to take place. The Ramayana etc. that those people have printed will be the same ones. This is why they tell us: What you used to write before is different from what you are writing now. Baba says: I tell you new things every day. I would not tell you everything all at once. They have written that the Gita was spoken on a battlefield. They have written a Gita of 18 chapters. Those who are clever in Sanskrit are able to recite those verses in half an hour. The Gita is the main one. In the Bhagawad there are only stories. Only the Gita has been written in Sanskrit. A tiny Gita has been written in Sanskrit. Baba, the Ocean of Knowledge, speaks so much knowledge that even if you were to make the whole ocean into ink, the forests into pens and the whole earth into paper, that would not be enough. They have finished it all in just 18 chapters.

However, it is not like that; nor is it a question of Sanskrit. The Hindi language is used. There are so many languages. One person could not learn all the languages. Perhaps after making effort, some could learn five or six languages and so they would be given a lot of regard. God would not explain in all the languages. He only explains in Hindi. Just as everyone (in India) knows broken Hindi, in the same way, everyone knows broken English. Baba explains to you children in Hindi. God comes and gives the devotees the fruit of their devotion. There are many devotees but only one God. They even say: O Purifier, come! They don't say: God, come! The Father of all is only One. *God, the Father* of all, is One. He is the *Creator*. He creates you in order to give you happiness. A father wants children for happiness. *God, the Father*, creates heaven and those whom He makes into the masters of heaven are called *gods* and *goddesses*. However, not everyone would be called that. This is something incognito. How does *God, the Father*, create the world through Adam and Eve? *God* is separate. You will continue to understand this gradually; the tree will continue to grow. Bharat alone received liberation and liberation-in-life. Bharat becomes the land of happiness. At first, Bharat was the ancient land where deities used to rule. Then the lands of Islam and of the Buddhists were created. It is very easy. Whoever's *sapling* is to be planted will be planted at the appropriate time. Look how children write letters: Baba, I am Your child of four days. I have recognised You. Some continue to come for years but they never write a letter. Some would instantly write a letter. As you progress further, many storms of Maya will come. Old leaves fall down in storms. The mercury of happiness rises a great deal for the new ones who come. "Baba, I will definitely belong to You." However, Maya is no less. Whenever you make a promise, *note* it down in your *diary* so that you remember what promises you have made. Some make promises but they never look in their *diaries*; so what is the benefit of that? Don't think that those who come after you will read them. None of the grandchildren etc. are going to remain here. Whatever anyone is able to take now, that is fine, but if someone doesn't study, he will remain weak. If you make a small mistake but don't speak about it, the mistake will continue to increase. There is a story of a child who pulled his mother's ear because she didn't caution him in his childhood. "If you had cautioned me earlier, I would not have been *jailed*." All of those are stories. You must never steal. Otherwise, that habit would be instilled in you and there would be a lot of punishment from Dharamraj. Now claim as much inheritance from the Father as you want. The Father is giving the sovereignty of the world. What else could He give you? What else remains? You now have a "*beggary*" life. You now have to become soul conscious. We forget the whole world including our bodies. There must be no greed. Whatever you receive is fine. It is said: It is better to die than to ask for anything. You receive everything from Shiv Baba's treasure store anyway. Instil in yourself the habit of waking up by yourself at amrit vela. Stay awake at night and earn an income. Baba has taken a very experienced body. Those were jewels whereas these are jewels of knowledge. Nowadays, they have such artificial diamonds, don't even ask! It is very easy to explain using pictures. Come and claim your inheritance from the Father in a *second*! Up above is Baba and these are the Brahma Kumars and Kumaris. When we come to Baba, we surely receive the inheritance of liberation-in-life. However, we are making effort to claim a high status. The Supreme Father, the Supreme Soul, creates the human world through Brahma. Mothers in bondage say: Baba, now, I only remember You. Although I won't meet You, I will definitely claim my inheritance from You. It is such a *wonder*! There are so many children. As you continue to make more impact, those who are in bondage will continue to become free. There are many who become their husband's guru. Make a *list* of how many women have become gurus of their husbands. Then the husbands should also write: This one gave me knowledge and this is why she is my guru. The men would definitely say: Truly, she is my guru. No one would believe it just like that. No one can be uplifted without the mother guru. The urn is given to the World Mother and so it is the World Mother who is the guru. Nowadays, they give a lot of respect to women. The Father also says: Neither liberation nor liberation-in-life can be received without the mother guru. Therefore, only when you are *adopted* through the mother can you receive liberation-in-life. A mother should be considered to be a guru. You children should not have your own arrogance. Give a status to mothers. You should *follow* them and not have body consciousness. Consider yourself to be egoless. The Father also considers Himself to be incorporeal. You can say: *I am incorporeal-cum-corporeal*, just as you write '*hospital-cum-university*'. All of these things are told to you to explain to others. Not everyone can imbibe to the same extent. Make effort to imbibe and inspire others to imbibe. As soon as you have heard something, relate it to others. The greatest charity is an instant donation. If you don't donate wealth, how would you become wealthy? You have the maximum greed. To become a master of the world is such a big desire. Make everyone constantly happy and constantly peaceful. Make all human beings who are residents of the corrupt iron age into

residents of the elevated golden age. There used to be deities in Bharat, but not any more. There will definitely be deities there again. That is called heaven. The word *Paradise* is very good. We are making effort to become the masters of the world. Forget everyone apart from the one Father. Destroy your attachment to everyone else. Achcha.

To the sweetest, beloved, long-lost, *serviceable* and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become completely soul conscious in this *beggary* life. Don't have too much greed for anything. Whatever you receive is fine. It is better to die than to ask for anything.
2. Don't keep any of your own arrogance but give a status to the mothers. Become as incorporeal and egoless as the Father. Donate the wealth of knowledge.

Blessing: May you be completely pure and reveal the speciality of Brahmin life with your *royalty* of *purity*.

The *royalty* of *purity* is the speciality of Brahmin life. When you look at children from a *royal family*, you can tell from their faces and their behaviour that they belong to a *royal* clan. Similarly, Brahmin life is recognised by the sparkle of purity. The sparkle of *purity* will be visible in your behaviour and on your face when there is no name or trace of impurity even in your thoughts. *Purity* means that there is no influence of any vice or impurity for only then can you be said to be completely pure.

Slogan: A *holy* swan is one who transforms wasteful into powerful.
