

**Essence:** Sweet children, while living at home with your family you have to fulfil your responsibility to everyone. Have unlimited renunciation once and create a reward for 21 births.

**Question:** While walking and moving around, what one thing should you remember so that you can still remain on the spiritual pilgrimage?

**Answer:** While walking and moving around, remember that you are all *actors* and that you now have to return home. The Father reminds you of this: Children, I have come to take you back home. To maintain this awareness is to be “Manmanabhav” and “Madhyajibhav”. This is the spiritual pilgrimage that the Father teaches you.

**Question:** What are the qualifications needed to have salvation?

**Answer:** The praise of being full of all virtues and 16 celestial degrees full are the qualifications you receive from the Father that you need for salvation.

**Song:** Have patience o mind! Your days of happiness are about to come.

Om shanti. Children, you know, numberwise, according to the effort you make, that the old play is now about to end. The days of sorrow will remain for only a short while longer and then there will be constant happiness and nothing but happiness. When you know about happiness, you then understand that this is the land of sorrow. There is a lot of difference between the two. You are now making effort for happiness, that is, you are following shrimat. It is easy to explain this to anyone. You now have to go to Baba. Baba has come to take you back. While living at home with your family, live as pure as a lotus and definitely fulfil your responsibilities. If you don't fulfil your responsibilities, you become the same as the sannyasis. Those who don't fulfil their responsibilities are said to be those of the path of isolation or hatha yogis. God is now teaching us Raja Yoga, which we are learning. The religious scripture of Bharat is the Gita. We have no connection with the religious scriptures that others have. Sannyasis don't belong to the family path. Theirs is hatha yoga. They renounce their homes and families and go to the forests. They have to have renunciation for birth after birth. You live at home with the families, have renunciation once and then receive the reward of that for 21 births. Theirs is limited renunciation whereas yours is unlimited renunciation. This Raja Yoga of yours is praised a great deal. God taught you Raja Yoga. The Highest on High alone is called God. Shri Krishna cannot be God. The unlimited Father is the incorporeal One. Only He can give you the unlimited sovereignty. Here, the household path is not disliked. The Father says: In this final birth, become pure while living at home with your family. None of the sannyasis can be called the Purifier. They too want a pure world. There is just that one world for which they call out to the Purifier Father. Since they do not belong to the household path, they don't believe in the deities. They can never teach Raja Yoga nor can the Father ever teach hatha yoga. This is something to be understood. A *world conference* is to take place in Delhi. Explain these things there. Give it to them in writing. If it is in writing, they will all understand. We now belong to the highest-on-high Brahmin clan. Those people belong to the shudra clan. We are theists and they are atheists. They are those who don't know God and we are those who have yoga with God. So, there is a difference of opinion, is there not? Only the Father comes and makes you into theists. By belonging to the Father, you receive the Father's inheritance. These are very tricky things. First of all, it should sit in your intellects that the God of the Gita is the Supreme Father, the Supreme Soul, who established the original eternal deity religion. The deity religion of Bharat is the main one. The people of Bharat have forgotten their own religion. You know that, according to the *drama*, the people of Bharat have to forget their own religion. Only then can the Father come and carry out establishment. Why else would He come? He says: I come when the deity religion disappears. It definitely has to disappear. It is said: One leg of the bull is broken and the world is standing on three legs. There are four main religions. The leg of the deity religion has now broken, that is, that religion has now disappeared. This is why they give the example of the banyan tree and how the *foundation* is decayed but the branches and twigs exist. So, here, too, the *foundation* of the deity religion doesn't exist now, but there are many sects and cults etc. Your intellects have complete enlightenment. The Father says: You children now know the secrets of this *drama* and how the whole tree has now become old. After the iron age, the golden age definitely has to come; the cycle definitely has to turn. Let it remain in your intellects that the play is about to end and that we are going home. While walking and moving around, remember that you now have to return home. This is the meaning of “Manmanabhav” and “Madhyajibhav”. When you have to give lectures to large gatherings, explain

that the Supreme Father, the Supreme Soul, is once again telling you: O children, renounce your bodies and all bodily religions, consider yourselves to be souls, remember the Father and your sins will be burnt away. I teach you Raja Yoga. While living at home with your families, become like a lotus, remember Me, remain pure and also imbibe *knowledge*. Now, all are in degradation. Baba comes and grants them salvation. In the golden age, the deities were in salvation. To be full of all virtues and 16 celestial degrees full are the qualifications you need for salvation. Who gives you these qualifications? The Father. What are His qualifications? He is the Ocean of Knowledge and the Ocean of Peace. His praise is completely separate. It isn't that all are one. The Father is only One and all of us souls are His children. The new creation is now being created. All of you are the children of Prajapita Brahma. However, those people are unable to understand these things. The Brahmin clan is the highest on high. Only the clans of Bharat are remembered. You have to go through these clans while taking 84 births. Brahmins only exist at the confluence age. Achcha. *Silence* is very good. You each have a garland of peace around your neck. There is the story of a queen who lost her necklace. You now remember your home, the land of peace, very much. Everyone wants to go to the home of peace, but who would show them the way? No one, apart from the Father, the Ocean of Peace, can show you the path. The Father's praise, "The Ocean of Peace, the Ocean of Bliss," is very good. He is the Seed of the human world tree. There is such a difference of day and night! Krishna cannot be called the Seed of the human world. The praise of the Father is separate. By His being called omnipresent, His praise is not proven. It isn't that God would sit and worship Himself. God is ever worthy of worship. He never becomes a worshipper. Those who come from up above become worshippers from being worthy of worship. There are many *points*. Look how so many people come here, but only a handful out of multimillions emerge because the destination is very high. There will continue to be many subjects created, but only a handful out of multimillions become beads of the rosary. There is the example of Narad. You now look at your own faces and see whether you have become worthy of marrying Lakshmi. Only a few will become kings. There are many subjects created for one king. You should make effort to become elevated. Among the kings, some are big kings and others are minor kings. There are many kings in Bharat. Kingdoms have continued in Bharat. In the golden age, there are many kings and emperors. There, emperors have *princes* and *princesses*. They have a lot of *property*. The kings have less *property*. It is now the rule of people over people. The kingdom is now being established. This is the *knowledge* for becoming Shri Lakshmi and Shri Narayan. You are making effort for this. Baba asks: Will you claim the status of Lakshmi and Narayan or Rama and Sita? Then, you all reply: We will claim the status of Lakshmi and Narayan. We will claim the full inheritance from the Father. These are *wonderful* things. Nowhere else do they speak of these things nor are these things mentioned in the scriptures. The locks on your intellects have now opened. The Father explains: While walking and moving around, consider yourselves to be *actors*. We now have to return home: constantly remember this. This is called being "Manmanabhav" and "Madhyajibhav". The Father repeatedly reminds you: Children, I have come to take you back home. This is the spiritual pilgrimage. No one, apart from the Father, can inspire you to do this. You also have to praise Bharat. This Bharat is the *holiest land*. It is the *birthplace* of the Father, the Remover of Sorrow, the Bestower of Happiness and the Bestower of Salvation for All. That same Father is also the *Liberator* of everyone. This is the greatest pilgrimage place of all. Although the people of Bharat go to a Shiva Temple, they don't know the Father. They know Gandhiji. They believe that he was a very good person and this is why they go and offer flowers to his statue and spend hundreds of thousands of rupees. At this time, it is their rule; they can do whatever they want. The Father sits here and carries out establishment in an incognito way. At first, there was the kingdom of deities in Bharat. They have shown that a war took place between the devils and the deities but it did not happen like that. It is on the battlefield here that you conquer Maya. It would definitely be the Almighty Authority Father who enables you to conquer Maya. Krishna cannot be called the Almighty Authority. Only the Father liberates you from Ravan's kingdom and establishes the kingdom of Rama; there is no question of war there. Krishna cannot be called the Almighty Authority. We now see that *Christians* are the almighty authorities amongst all human beings; they can conquer anyone. However, it is not the law that they can become the masters of the world. Only you know these secrets. At this time, the almighty authority kingdom is that of the *Christians*. Otherwise, their population should be the least of all because they have come *last*. However, out of all three religions, that one is the most powerful; they control everyone. This *drama* is

also fixed. It is from them that we are to take our kingdom. There is a story of two monkeys fighting and a third one taking the butter from between them. They fight among themselves and the people of Bharat receive the butter. The story is just worth *pennies* but it has such a great meaning. Even though people are *actors*, they don't know the *drama*. It is only the poor who understand this knowledge. Wealthy people don't understand anything. The Father is remembered as the Lord of the Poor and the Purifier. He is now playing His *part* in a *practical* way. You have to explain this to big gatherings. The intellect says that your praise will gradually emerge. The gong will sound at the *last moment*. There is now an eclipse of bad omens over the children. Their *lines* are not *clear* and there continues to be obstacles. To the extent that you make effort, so the reward you will accordingly receive. The Pandavas were unable to find three square feet of land: that praise is of this time. However, no one knows that you will then become the masters of the world there. You children now know this in a *practical* way. There is no need for any regret about this. It happened like this in the previous cycle too. You have to be alert on the rails of the *drama* and not shake. The play is now coming to an end and we are going to the land of happiness. Study in such a way that you claim a high status. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Don't have any regrets about anything. Let the *line* of your intellect remain constantly *clear*. Protect yourself from the eclipse of bad omens.
2. Fulfil your responsibility to your household. Don't dislike anyone. Remain like a lotus flower. Become theists and make everyone theists.

**Blessing:** May you be a true Raja Rishi who adopts an attitude of unlimited disinterest as well as having self-sovereignty.

On the one hand there is the kingdom and on the other hand, there are the Rishis, that is, those who have unlimited disinterest. Such a Raj Rishi would have no attachment to the self nor to anyone else or anything because he is a master of the self. Therefore, his mind, intellect and sanskars are under his control and, because there is disinterest, there cannot be even the slightest thought of attachment to the old world. Therefore, to consider yourself to be a Raja Rishi means that as well as being a king, you are one who has unlimited disinterest.

**Slogan:** A sensible person is one who makes the one Father his Support before all other supports are taken away.

#### Invaluable versions of Mateshwari

To whom is the praise sung, "You are the Mother and Father, we are Your children and due to Your mercy, we have a lot of happiness"? This is surely sung to God because God Himself comes in the form of the Mother and Father and gives limitless happiness to this world. God definitely created a world of happiness at some point for this is why they call out to Him as the Mother and Father. However, people do not know what happiness is. When there was limitless happiness in this world, there was also peace, but there isn't that happiness any more. People definitely have a desire for happiness. Some ask for wealth and possessions whereas others ask for children. Some even ask that they remain faithful brides while their husbands are still alive and that they never become widows. So, their desire is for happiness, is it not? So, God would definitely fulfil their desire at some time. In the golden age, when there is heaven on earth, there is constant happiness and women never become widows. So, that desire is fulfilled in the golden age where there is limitless happiness. However, at this time, it is the iron age. At this time, people are only experiencing sorrow, but when people experience extreme sorrow, they say: Accept everything from God's plate and consider it to be sweet. However, when God Himself comes and enables all our accounts to be settled, it is then that we say, "You are the Mother and Father." Achcha.
