

- Essence:** Sweet children, by belonging to the Father you claim a right to liberation-in-life in a *second* without spending a shell. As soon as you have faith you receive the inheritance.
- Question:** What is the duty of the sensible children with *shrewd* intellects?
- Answer:** To go on the true pilgrimage and to inspire others to go on the true pilgrimage is the duty of the children with *shrewd* intellects. The true pilgrimage is "Manmanabhav". Through this pilgrimage, you will be saved from all types of wandering. Just as the Father is benevolent, so children with *shrewd* intellects would be as benevolent as the Father.
- Question:** What does the Father tell you; something that you continue to whisper in everyone's ear?
- Answer:** Baba says: Children, remember Me; don't remember any bodily beings. If you remember bodily beings, you become body conscious. Therefore, always consider all bodily beings to be already dead and that you have to remember the Father. Continue to whisper this in everyone's ear.
- Song:** I have come having awakened my fortune  
Om shanti. Is there any expense involved in creating children's fortune? When parents have a child, does it cost anything for the child to receive an inheritance? As soon as he is born, he receives the inheritance of his father's property. They print in the newspapers: Such-and-such an heir is born. Did it cost the child anything? No, he took birth, and it didn't cost him anything. A person may be very wealthy, but not have any children; so he would *adopt* a child. Did it cost the child anything? Nothing at all! Here, too, liberation-in-life in a *second* is remembered, although people of the world don't know the meaning of 'liberation-in-life'. You know that the deities were liberated-in-life and that they were the masters of the world. Only in Bharat is there liberation-in-life. The Father asks you: Does it cost you anything to belong to the Father? Baba, I belong to You! That's all. It is also remembered that Janak received liberation-in-life in a *second*. He simply received recognition of the Father. The Father is showing you methods for this: Tell me; what is your relationship with the parlokik, Supreme Father, the Supreme Soul? When you say, "Supreme Father", He is the Father. Baba asks: Does it cost you anything to belong to Me? Nothing at all. Simply belong to Me; there is no expense in this at all. It is said: Liberation-in-life in a *second*. The question of expense just doesn't arise. When the child came, what did it cost him? You belong to the Father; what did it cost you? Your intellects simply had the faith: Baba, I am Yours. You understand that you receive the sovereignty of heaven from the Father. The Father is the *Creator* of heaven. The inheritance you receive is the sovereignty of *heaven*. It is a matter of having faith. You don't even spend a penny. Only by having remembrance will you become like a diamond. We write: You can claim liberation-in-life. Without spending as much as a shell, you will receive the sovereignty. You have stumbled around so much. On the path of devotion, people stumble around a great deal on pilgrimages. There are even guides and religious people there to make them wander and stumble around. They also spend a lot of money and yet they don't receive anything. This Father explains a great deal, but if it is not in their fortune, it doesn't sit in their intellects. A method should be invented to save everyone from stumbling around. Simply to hear Baba's murli and then relate it to others is not a big thing. What should you tell others and what should you do? People go on pilgrimages by *train*. What method should you devise? As yet, no one has put into practice the methods that Baba has shown you. You should lovingly ask someone: What is your relationship with the Purifier, the Ocean of Knowledge? Until now, you haven't written to Baba telling Him: Baba, I am now engaged in this business. Have you gone and asked so-and-so what he thinks? You don't give news to Baba at all! You can claim liberation-in-life from Baba in a *second*, just as Janak did, if you solve this riddle. Baba is telling you something *first-class*. Have small *plastic cards* printed. Have good *postcards* that you can send anywhere. They only stumble around on pilgrimages. You can even write: If you want to become free from stumbling around for birth after birth, then solve this riddle. By solving it, you can receive liberation-in-life in a *second*. Baba tells you the words. An intelligent child should write something very well and then have it printed and sent to others. Work can be done quickly in bigger towns. Have very beautiful *plastic cards*, which may or may not have the stamp of the Trimurti on them. Baba gives you very good tactics. Janak received liberation-in-life in a *second*. They simply continue to sing this, but no one knows about it. Although this is mentioned in the Ashtavakra Gita, no one can understand it. They are just tall stories. You are sitting here to explain this *practically*. No one else can understand it. Only the one *God*, the *Father*, is the sensible One. Ravan has made everyone else *non-sensible*. Pure ones are called *sensible* and impure ones are called *non-sensible*. No one knows this unlimited aspect. This is absolutely *simple*. Let them simply say: Yes, He truly is our Father. A child should receive an inheritance

from his father without spending anything. As soon as a child is born, he receives an inheritance. Children receive an inheritance of bondage-in-life from physical fathers. This is the only Father who is called the Purifier. Here, it is the devilish kingdom of Ravan. That one is God, the Father. They speak of *Heavenly God, the Father*. So you should receive the inheritance of *heaven* from Him. The new world is called *heaven*. The great destruction of the old world is just ahead of you. The longer it is delayed, the more people will continue to have faith in destruction. This is already entering the hearts of people. They do understand that war can flare up even tomorrow. They also understand that death is just ahead. You say that you are the Prajapita Brahma Kumars and Kumaris. You are the children of Shiv Baba and so you have a right to the inheritance. Simply remember the Father and your inheritance. Also print these words on the *cards*: Solve this one riddle and you can receive liberation-in-life in a *second* without spending so much as a shell. You simply have to remember the Father and the inheritance, that's all, and you will become a master of heaven. The status in heaven is also numberwise. You will automatically understand with knowledge what you have to do. There is no question of money etc. here. Baba always says to the children: It is better to die than to ask for anything. When you have received your inheritance from the Father, why would you ask for anything? Both a mother and father want a son so that he would be their heir. You are now Baba's children. Everyone calls Him the *Father*. The Father speaks to souls. You are My sons, so why don't you remember Me and the inheritance? I am speaking to you sons (souls) through the body of Brahma. You are also the children of Brahma. How else would you be able to go to Brahma's home? Brahma Kumars and Kumaris receive their Grandfather's inheritance. Brahma is not the Creator of heaven. Your Guru is not Brahma. There is only one Satguru. This Brahma also studies with Him. It isn't that when he departs, having learnt everything, you will sit on the gaddi. No, it is not like that here. There is only the one Satguru. We all study with Him and attain salvation. You children can do a lot of *service*. You have many *chances*. You can even take these *cards* to the temples and explain to the people there. Someone should show this by doing it. The methods that Baba is showing are very *easy*. Baba continues to check everything. He wants to hear the news that 10 to 20 people on a *train* were asked this question. When you ask one person a question, 10 others will hear it. It is not a big thing to sit at home and explain to someone. The Father says: Simply remember the Father and the inheritance. This doesn't stay in the intellects of little children. It stays in their intellects when they grow a little older. Your *organs* are bigger. Liberation-in-life is received in a *second*. You know that Baba is giving you the inheritance of heaven. Poor helpless people are stumbling around outside a great deal. How can we liberate them? Many tactics are needed for this. So many daughters write from home saying: Baba, I belong to You. They have never even seen Baba or met Him. They write: Baba, I belong to You. I will definitely claim the inheritance from You. They even experience being beaten. Such daughters can go ahead of many others. You are not beaten and yet you don't even do this *service*! You even ignore what Baba says! You can print the *cards* in any language. The intellects of those who actually do something should also work on this. Baba is not giving you a lot of work to do. The *Government* of that world has such big committees set up for destruction. You have so many good methods to claim an imperishable status. They spend a lot of money on the path of devotion, whereas look what you are doing! You have no expense at all. There is a lot of expense on the path of devotion. You receive liberation-in-life in a *second*. *Sensible* children should print these *cards* and show Baba. We are claiming our inheritance from Baba so easily. People become so unhappy. Some people even return home half way through a pilgrimage. Poor people wander around a great deal. You feel sorry for those poor helpless people. You are the children of *God, the Father*, and so you should come to heaven. Why are you here in hell? There has to be someone who can tell them this. You can explain to anyone: In order to go to Allah's home, remember Allah! You came from there. Now remember the Father! *None but One*. Explain this to the *nuns*: You have to remember *God*. Even Christ remembered Him. For instance, if Brahma Baba goes away, you still have to remember Shiv Baba. The body will of course be shed. You have to remember that One. Shiv Baba says: Simply remember Me! You mustn't remember any bodily beings. Become soul conscious! All bodily beings are already dead. The Father says: Constantly remember Me alone! In the world, they continue to make one another unhappy. Here, we tell you one thing in your ear. It is very *easy*. Alpha and beta. Remember the Father and the kingdom. This is the meaning of "Manmanabhav". All the rest is *detail*. The Father is the Benefactor. You children too have to become benefactors. You children have to give a lot of proof of how many you benefited today. You have to go around everywhere in order to benefit others. For the sake of establishing a religion, you have to stumble around. I am teaching you such a

pilgrimage that you won't have to go on another pilgrimage: Manmanabhav! You really should go after the pilgrims. A very *shrewd* intellect is needed. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. The way to become like a diamond is to have remembrance of the Father. By having remembrance of the Father you will receive the sovereignty of heaven without spending as much as a shell. Therefore, constantly stay in remembrance of the one Father.
2. It is better to die than to ask for anything. You have received everything from the Father. Therefore, don't ask for anything. Become benevolent and show everyone the true path.

**Blessing:** May you step away from the world of sorrow and become an embodiment of happiness and a deity of happiness.

You children of the Ocean of Happiness are embodiments of happiness and deities of happiness. You have left the world of sorrow, you have stepped away from it and so you must not cause sorrow or take sorrow even in your thoughts. If your feelings are hurt about anything someone has said, it means you are accepting sorrow. It depends on you as to whether you accept something or not when others give it. Let it not be that when someone is causing sorrow, you say, "What can I do?" Check what it is that you have to take and what you mustn't take. Become clever even in taking and you will become embodiments of happiness, deities of happiness.

**Slogan:** The basis of your stage is your awareness. Therefore, let there always be the awareness of happiness.
