

Essence: Sweet children, in order to go to salvation, promise the Father: Baba, I will continue to remember You alone.

Question: On the basis of which effort you make can you attain your golden-aged birthright?

Answer: At this time, make the effort to become complete *beggars*. Only when you remove your attachment from the old world and become complete *beggars* will you attain your golden-aged birthright. Baba says: Sweet children, become *trustees*. *Transfer* all the old rubbish that you have. Remember the Father and your inheritance and you will go to heaven. Destruction is just ahead of you. Therefore, now pack all your old *bags* and *baggage*.

Song: No one is unique like the Innocent Lord.

Om shanti. You are *students*. The highest-on-high, *knowledge-full* Father is teaching you. So, you should definitely take *notes* because you then have to *revise* them and it will become easy for you to explain to others. Otherwise, Maya is such that she makes you forget many *points*. At this time, you children are battling with Maya, Ravan. The more you remember Shiv Baba, the more Maya will try to make you forget. She will even try to make you forget *points* of knowledge. Sometimes, you remember very good points; then they would be lost there and then, because this is new knowledge. The Father says: I gave you Brahmins this knowledge in the previous cycle too. He makes you Brahmins belong to Him through the mouth of Brahma. These things are not written in the Gita. The scriptures are created later. A scripture is not created when a religion is being established. It has been explained to you children that first is knowledge and then there is devotion. First of all, you are satopradhan and then you go through the stages of sato, rajo and tamo. Devotion begins when human beings go into the rajo stage. For the time you are satopradhan, there is no devotion. The path of devotion is also fixed in the *drama*. Those scriptures etc. are useful on the path of devotion. The books of knowledge and yoga that you write are so that you can read them again and also *refresh* yourselves. However, no one apart from the *Teacher* would be able to understand them. The *Teacher* of the Gita is Shrimad Bhagawan (God). He is the Creator of the World; He creates heaven. Since He is the Father of all, everyone must definitely receive the sovereignty of heaven from the Father. In the golden age, it is the kingdom of deities. You are now confluence-aged Brahmins. In the picture of Vishnu, the four clans are shown: deities, warriors, merchants and shudras. The fifth clan is that of Brahmins. However, they don't know this at all. The highest on high is the Brahmin clan. They have even forgotten the highest-on-high Supreme Father, the Supreme Soul. Shiva is the Creator of Brahma, Vishnu and Shankar. They speak of Trimurti Brahma, but that has no meaning at all. If all three – Brahma, Vishnu and Shankar - are brothers, they also need to have a father. So the Creator of all three religions - Brahmin, deity and warrior - is the incorporeal Father who is also called the God of the Gita. Since even the deities cannot be called God, how can human beings be called God? Shiv Baba is the Highest on High and then there are the residents of the subtle region - Brahma, Vishnu and Shankar. Then, in this world, the number one is Shri Krishna. First of all, Shiva's birthday is remembered. They do not show the Trimurti's birthday anywhere, because no one knows who gives birth to all three of them. Only the Father comes and tells you this. He is the Highest on High, the Master of the World, the Creator of the new world. Lakshmi and Narayan ruled heaven. There is no question of a kingdom in the subtle region. Those who become worthy of worship here are to become worshippers. Deities and warriors etc. have now become Brahmins once again. These clans belong to Bharat alone; no one else can come into these clans. Only you go around these five clans. You have to take the full 84 births. You know that the people of Bharat, who truly belonged to the deity religion, are to take 84 births. Only you Brahmins have the third eye of knowledge open. Later, this knowledge will disappear. So where did the Gita scripture come from? When *Christ* establishes a religion, he doesn't relate the *Bible*. He establishes a religion with the power of purity. The *Bible* etc. are written later. When that religion grows, they build *churches* etc. In any case, the path of devotion begins after half the cycle. First of all, there is unadulterated worship of One and then of Brahma, Vishnu and Shankar. Now, look how they even worship the five elements! That is called tamopradhan worship. That definitely has to take place. There have to be scriptures on the path of devotion. The scripture of the deity religion is the Gita. There is no scripture of the Brahmin religion. The Mahabharat War is also mentioned in the Gita. It is remembered that the flames of destruction emerged from the sacrificial fire of the knowledge of Rudra. It is only when destruction takes place that the golden-aged kingdom can be established. So God has created this sacrificial fire; it is called the sacrificial fire of the knowledge of Rudra. It is Shiv Baba alone who gives this knowledge. In fact, Bharat only has one scripture. The *Bible* is about *Christ*; his biography cannot be called knowledge. We are only concerned

with knowledge. The Bestower of Knowledge is just the One and He is the Master of the World. In fact, He would be called the Master of Brahmand. He doesn't become the Master of the physical world. You children become the masters of the physical world. Baba says: I definitely am the Master of Brahmand. He resides in the brahm world with you children. Just as Baba lives there, so we will also be the masters of it when we go there. The Father says: All of you souls live with Me in Brahmand. So you and I are all the masters of Brahmand. However, your status is higher than Mine; you become emperors and empresses. From being worthy of worship, you become worshippers. I come and purify you impure ones. I am beyond birth and death. Then I take the support of an ordinary body and tell you the secrets of the beginning, the middle and the end of the world. Only you children, no scholar or pandit, would know the secrets of Brahmand or the subtle region or of this world cycle. You know that it is only the Supreme Father, the Supreme Soul, who is the Ocean of Knowledge and the Ocean of Purity. Only because He gives us knowledge is His praise sung. If He didn't give us knowledge, how could His praise be sung? He only comes once to give you children your inheritance for 21 births. This is *limited* to 21 births. It isn't that He gives it to you for all time. Twenty one generations means until old age in each birth. You receive your fortune of the kingdom for 21 generations. It isn't that 21 clans would be uplifted through one person. It has been explained that you become the kings of kings through this Raja Yoga. Then, there is no need for this knowledge there. There, you are in salvation. It is those who are degraded that need knowledge. You are now going into salvation. It was Maya, Ravan, who has brought you into degradation. Now, if you want to go into salvation you have to belong to the Father and promise Him: Baba, I will always continue to remember You. I will renounce the arrogance of the body and remain soul conscious. I will remain pure while living at home with my family. Human beings ask how this is possible. Ah, but the Father says: In this final birth, become pure and have yoga with Me and your sins will definitely be absolved, and by remembering the cycle you will become rulers of the globe. You will definitely receive the inheritance of heaven from the Father. The *deity world sovereignty* is your birthright. You are once again claiming that, according to how much you promise the Father and become His helper. You know that destruction is just ahead. *Natural calamities* are also about to come. This is why Baba says: *Transfer* all your old *bags* and *baggage* etc. Simply become *trustees*. Baba is also the Stockbroker; He exchanges all your old things for new. When a person dies, all his old belongings are given to a special brahmin priest. All your rubbish is also to be buried and this is why you have to remove your attachment from all your old things and become complete *beggars*. You are changing from *beggars* to *princes*. Remember the Father and the inheritance and you will become the masters of heaven which is your birthright. When someone comes, ask him: Who is the Creator of the world? It is *God, the Father*, is it not? Heaven is the new creation. Since the Father creates heaven, why are you in hell? Why do you not become a master of heaven? It was Maya, Ravan, who made you into emperors of hell. The Father makes you into the emperors of heaven. Ravan makes you unhappy and it is only because you are distressed by Ravan that you burn his effigy and yet he doesn't get burnt. People don't understand what Ravan is. They say: The Gita was spoken 3000 years *before Christ*. However, which *nationality* existed at that time? That should be explained. Maya has made you completely impure. No one knows who the Creator of heaven is. While being *actors*, if they don't know the *Creator* of the *drama*, what would they be called? The biggest war is the Mahabharat War which is for destruction. It is also remembered that establishment takes place through Brahma. It isn't said that establishment takes place through Krishna. The sacrificial fire of the knowledge of Rudra through which the flames of destruction emerged is very well known. The Father Himself says: I created this sacrificial fire of knowledge. You are true Brahmins, the spiritual guides. You now have to go to the Father. You will not come back into this impure world from there. This is the true pilgrimage that will take you to the land of truth. Those pilgrimages are for the land of falsehood. That is a physical pilgrimage of body consciousness. This is the pilgrimage of soul consciousness. You know that you will go into the new world once again and build golden palaces. It isn't that palaces will emerge from the sea. You should have a lot of happiness. Just as when someone is studying, that person has thoughts of how he will become a *barrister* and then do this and that, so you should also think about how you will build such palaces in heaven. You promise that you will definitely marry Lakshmi, not Sita. For this, very good effort is required. The Father is now giving us true knowledge and, by imbibing it, we are becoming deities. Shri Krishna is the *number one*. A *list* of those who have *passed* their *matriculation* is published in the newspapers. The *list* of your *school* is also remembered. Eight *pass fully*. Only the eight jewels are very well known and they are the ones who are useful. Many people turn the beads of the rosary of 108. Some even create a rosary of 16,000. You made

effort to *serve* Bharat and so everyone worships you. One is the rosary of devotees and the other is the rosary of Rudra. You now know that the Shrimad Bhagawad Gita is the mother and that Shiva is the Father. It is Shri Krishna who takes birth first in the *deity dynasty*. Radhe must also have taken birth and others too must have *passed*. Everyone in the whole world has become an orphan because of having turned away from the Supreme Father, the Supreme Soul. They all continue to fight and quarrel among themselves; there is no lord or master. You now have to give everyone the Father's introduction. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Renounce body consciousness, become soul conscious and remain engaged on the pilgrimage of remembrance. Become pure in this final birth and become a complete helper of the Father.
2. Remove your attachment from all your old things, become a *trustee*, remember the Father and your inheritance and become a master of the world.

Blessing: May you become equal to the Father and liberated from waste by considering yourself to be an instrument for world benefit.

Just as the Father is the World Benefactor, similarly, you children too are instruments for world benefit. It is with the attitude of you instrument souls that the atmosphere is to be transformed. As are your thoughts, so is your attitude and, therefore, you souls who are responsible for world benefit cannot let your thoughts or attitude be wasteful for even a *second*. No matter what the situation is, what a person may be like, let your feelings and your attitude be benevolent. Let there be good wishes for even those who defame you for only then will you be said to be one who is free from waste and equal to the Father.

Slogan: With the power of co-operation, even impossible things can become possible.
