

**Essence:** Sweet children, you know this unlimited play in the form of a drama. You are *hero* actors. The Father has now come and awakened you.

**Question:** What are the Father's orders, which, if you obey, saves you from the suffering of vices?

**Answer:** The Father's orders are: First of all, sit in a furnace (bhatthi) for seven days. When a soul, suffering from the five vices, comes to you, tell him: You need to give seven days of your *time*. Give a minimum of seven days so that we can explain to you how the illness of the five vices can be removed. Tell those who ask too many questions: First of all do the seven days' *course*.

**Song:** Salutations to Shiva.

Om shanti. You children heard the Father's praise. This is an unlimited play in the form of a drama and you children know its beginning, middle and end. Those people believe that God's Maya is limitless. Your intellects have now been awakened and you now know the whole unlimited play. However, the Father explains accurately, but you children are only able to explain, numberwise, according to the effort you make. People chase after *actors* in order to see them. You understand that this is an unlimited *drama* and that people of the world don't know it. It is remembered that people are sleeping in the devilish sleep of Kumbhakarna. You have now been enlightened and so you have awakened. You can also say that all of us were asleep. You now have to make effort. They say that God is omnipresent. They cannot talk to themselves about these things. You have to talk to yourself. We souls have now met the Father. The Father has awakened us so much. This is an unlimited play. You know who the principal *Actors, Director* and *Creator* of it is. This is why you ask who the main *actors* in this play are. In the scriptures they have written who the main one of the Kaurava Army is and who the main one of the Pandava Army is. These are unlimited matters. You have to know the incorporeal world, the subtle region and the beginning, the middle and the end of the corporeal world. The *part* of Brahma and Vishnu is performed here. The form of Vishnu is your *aim* and *objective*. You have to claim that status. They sing: Salutations to the deity Brahma. Then they say: Salutations to the Supreme Soul Shiva. They refer to Him as the incorporeal One. Since they call Him the Supreme Father, the Supreme Soul, He is the Father. By simply calling Him the Supreme Soul, the word 'Father' is not included, and so they call Him omnipresent. This is why people are unable to understand anything, just as you didn't understand anything. The Father comes and purifies the impure. No one knows about this. You children have now become so sensible. You now know everything from the beginning to the end. Those who go to see a *drama* (film) from the beginning will definitely see the beginning, the middle and the end and the things they see will remain in their intellects. Then, if they have a desire to see it again, they can do that. That is a limited drama. You now know the unlimited drama. You will receive your reward in the golden age. You will then forget this drama. You will then receive this knowledge at the right time. So, these are also matters that have to be understood. There is no need to ask questions about anything. Simply tell them about the seven days' bhatthi. However, it is very difficult to sit for seven days. They become afraid simply on hearing about it. It is then explained why they are told to do that. It is because you have been diseased for half the cycle. You have been influenced by the evil spirits of the five vices and are now suffering from them. You will be shown the method to become free from the suffering caused by them. Remember the Father - your suffering will end for ever through this. The Father's orders are: You have to sit in a bhatthi for seven days. People have a special reading of the Gita or the Bhagawad over a period of seven days. This is a bhatthi. Not everyone can sit here. Some are in one place and others are in another place. As you progress further, there will be a lot of growth. All of them are branches of the sacrificial fire of the knowledge of Rudra. Just as they have given many names to the Father, in the same way, there are also many names given to this sacrificial fire of the knowledge of Rudra. You understand that the Supreme Father, the Supreme Soul, is called Rudra. 'Rajaswa Ashwamegh' means that this horse (the chariot referring to the body) has to be sacrificed in the sacrificial fire. Then, just souls remain. The body of everyone has to be sacrificed. There is Holika (the fire created at the time of Holi). At the time of destruction, everyone's body will be sacrificed in this sacrificial fire. Everyone's body has to be sacrificed in the sacrificial fire. However, you first claim your inheritance from the Father. Everyone has to go back. Ravan's family is very big. Yours is just the small deity family. The devil's family is so big. They are not going to become deities. Those who have been *converted* to other religions will emerge. The Supreme Father, the Supreme Soul, creates the mouth-born creation through the mouth of Brahma. Baba has explained: They always first *adopt* a wife and then create a creation. That is a creation created through a womb. This whole creation is mouth born. You are higher because you become elevated beings. You simply have to remember the Father because Brahmins have to go to the Father. You know that you have to

return home and then go to the golden age to play your *parts* of happiness. Many people understand this, but they still won't give seven days. It is then understood that they are not those of the special ones of our clan. If a person were a special one of this clan, he would like it very much. Some stay here for five, eight or even 15 days. Then, when they don't get that company, they disappear. As destruction comes closer, everyone will have to come back here. The kingdom has to be established. Just as you made effort, numberwise, in the previous cycle, so you will do that now too. It is in your intellects that you are claiming your inheritance from the Father according to the effort you make. To the extent that you remember Him and become karmateet, so you will accordingly claim a high status. At first the world was satopradhan. It is now tamopradhan. Bharat is said to be ancient. You know that you were deities and that you have now *passed* through 84 births. You have now come to the Father to claim your inheritance once again. The Father has come to purify you. It is Ravan that makes you impure. We are unlimited, main, *all-round* actors. Those of the sun and moon dynasties have been around the cycle and have now come into the Brahmin clan from the sun dynasty. Brahmins are definitely needed. Brahmins are the topknot. Brahmins keep a topknot. The deity religion is also elevated. You have this in your intellects. We play *all-round parts* in the unlimited *drama*. These clans are remembered in connection with Bharat. Generally, it is the image of Vishnu that they show; they have removed Shiv Baba and the topknot of Brahmins from that; they don't show them. You now have the secret of the 84 births in your intellects. How many births do you take and how many births do those of other religions take? Not everyone can take the same number of births. Those who come later will take fewer births. Only those who come at the beginning will have 84 births. Not everyone will come in the sun dynasty. There is also this calculation. This is called the *detail*. Many children forget. There are *first* and *second grades* at *school*. A *teacher's* vision will first fall on those who are *first-grade* children. Therefore, you have total enlightenment in your intellects. However, you cannot go into the *detail* of each one. The main religions are explained to you. By keeping the play of the whole *drama* in your intellects, you now understand that you have to return home. When we reach our karmateet stage, we will be worthy of going to the *golden age*. By remembering the Father, we souls will become pure and we will then also receive pure costumes. While remembering the Father, we will go to the *golden age*. You have to check your own *temperature*. The higher you go, the more the mercury of your happiness will rise. By coming down, your mercury of happiness will also come down. From satopradhan, you gradually came down until you have become completely tamopradhan. The Father is now explaining to you but, in spite of that, Maya repeatedly makes you forget. This is a war with Maya. Many are influenced by Maya. The Father says: The Lord is pleased with an honest heart. So many innocent ones with honest hearts stay in remembrance of the Father. They have promised that they will never indulge in vice. There are many obstacles created. They create so many obstacles at the exhibitions. They come with great intoxication and this is why you have to look after everything very well. The attitudes of human beings are very bad. It is the rule of people over people. Then, in the golden age, there is the *100% religious, righteous, lawful, solvent, deity Government*. You have to make a lot of effort. Many pictures also continue to be made. The pictures should be so big that people can read them from far away. These matters have to be understood and explained very well, so that people can understand that they truly were residents of heaven and that they have now become residents of hell and have to become pure again. Also explain the secrets of the *drama*: how this cycle turns and how long it takes. We were the masters of the world whereas today we have become completely poverty-stricken. There is the difference of day and night. This is also the fruit of your sins which has to be suffered. The Father has now come to make your stage karmateet. What was Bharat and what is it now? The whole world is now to be sacrificed in this war. You children now know this. The Father says: Make a lot of effort and definitely become emperors and empresses. Explain very well using the pictures. Let your intellects remember that you were so elevated and that you have now fallen so far. Many fallen ones will come to you. Those without virtues and those with stone intellects also have to be uplifted. Only when you uplift them will your name be glorified. As yet, it doesn't sit in anyone's intellect. The sound should emerge from Delhi. Your name will quickly become well known there. However, it seems that that will still take time. The Father comes and uplifts so much those who have stone intellects and are without virtue. Your name will be glorified when you uplift such people. Baba says: As yet, souls have only reached the rajo stage. You have to reach the sato stage. Baba says: Do something and show everyone. You children have to do a lot of *service*. However, while moving along, there is one bad omen or another. There are bad omens in earning an income. Maya, the cat, makes you unconscious. There is the play of Gul-bakavli (a play in which a cat and mouse interfere.) You children can understand for yourselves

who can be seated on the Father's heart-throne. There is no question of doubt about how this can be. Some ask questions as to how this is possible. Ah! you yourself can see as a detached observer. Whatever *part* is fixed in the *drama*, that is going to be enacted. Some fall off the rails of the *drama*. Those who understand everything don't fall. Why do you fall? Only that which is fixed in the *drama* happens. In Bharat, thousands have visions. What is that? Do that many souls leave their bodies and come? This whole plot of the *drama* has to be understood. There can be no doubt about this. So many have doubts and leave the study. They ruin everything for themselves. Under no circumstances should you develop doubts in your intellect. Once you have recognised the Father, can you then have doubt in Him? You children know that you go to the Purifier Father having become pure. It is remembered: The Purifier has to come to purify the impure. Those who become this will go to the pure world and become immortal. Those who don't become pure will not become immortal. You become the masters of the immortal world. The Father gives you such an elevated inheritance. He makes you so pure that you remain pure for 21 births. Sannyasis still take birth through vice. They don't become worthy of the land of immortality. Baba makes you worthy of the land of immortality. Only Baba, the Lord of Immortality, Shiva, tells you Parvatis the story of immortality. Children have come to the unlimited Baba. You have to claim your inheritance. You come here to the Ocean to be *refreshed*. You then have to go and make others similar to yourselves. So, this is also the business of you children. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Don't have doubts about anything. Watch the *drama* as a detached observer. Never spoil your *register*.
2. In order to reach your karmateet stage, make full effort to stay in remembrance. Have an honest heart and remember the Father. Check the *temperature* of your stage by yourself.

**Blessing:** May you be a constantly satisfied soul who experiences contentment on the basis of being full. Those who are constantly full are satisfied. No matter how much someone brings in front of them situations to make them discontented, fully satisfied souls will help those who make others discontent by giving them the virtue of contentment. Only such souls are merciful and, with their good wishes and pure feelings, they will try to transform those souls. This is the elevated action of spiritual, *royal* souls.

**Slogan:** Apply the *double lock* of remembrance and service and Maya will not be able to enter you.
